# **SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY**

## **Aviation & Commercial Business Department**

### **Request To Modify Base Building Conditions**

Per the requirements of the Concession Development Manual (CDM) all Tenants must submit a request in writing for any modification to the base building and/or the base building systems provided by the Authority. The following Base Building Modification (BBM) form shall be filled out and signed by the Tenant's representative and submitted to the Tenant Improvement Project Coordinator for review and approval by the Authority. Modifications to the Base Building are not allowed without an approved BBM form fully executed by the Authority.

The Authority will review the request and will render, at its sole discretion, a decision in writing to the Tenant. Should the Authority authorize the Tenant's request the Tenant shall proceed with the work at Tenant's expense under Authority oversight and supervision. The Authority reserves the right to require modifications to the Base Building or Base Building systems to be performed by a Base Building contractor at Tenant's expense.

If the Authority incurs direct or indirect costs associated with the Tenant's request for a change to the Base Building, the Tenant shall compensate the Authority.

### **Minor Modification**

Tenants requiring only a minor modification(s) shall provide a description of the modification(s) along with adequate documentation to allow an understanding of the desired modification(s). The Authority will review the information to determine cost and/or schedule impacts to the Terminal Development Program or the Capital Improvement Project impacted by the request.

### **Complex Modification**

Tenants requiring a more complex modification(s) shall provide a detailed description of the modification(s) along with drawings and supporting documentation necessary to fully understand and evaluate the proposed modification(s). The Authority will review the information to determine cost and/or schedule impacts to the Terminal Development Program or the Capital Improvement Project impacted by the request.
