SUBJECT: Updated Passenger Survey
Data, Remote Terminal - Catchment Area
Review

LOCATION: Women in Aviation Conference Room

NEXT MEETING DATE: October 2009

ITEM	SUMMARY	TASKED	DUE DATE	STATUS
	INSERT NEW MINUTES HERE			
	JW presented and discussed the 2009 to 2010 Airport Transit Plan - Phase II Work Plan. She discussed detail about upcoming tasks from the project.			
	AC - Does the term "employees" mean all Airport employees?			
	JW/BC said that the term "employees" does mean all (Authority and Tenants) Airport employees.			
	DR stated that an organized transit coordinator group could be created to address transit connectivity with various locations where a Flyaway type of bus service could be implemented for multiple locations or stops.			
	TG - Will there be a transit coordinator for all airport employees?			
	BC said that there is already a transit coordinator for all Airport Authority employees that issues passes and arranges payroll deductions for employees to pay for monthly transit passes.			
	JW presented information regarding the recently completed Passenger Survey.			
	TG - Is the 45%/55% for business travelers and non-business travelers consistent with historic data at the airport?			
	BC/JW - Yes, that split is consistent with historic data.			
	AC - Can you confirm that 92 of the approximately 8,000 passengers surveyed used public transit to get to the Airport?			
	JW - Yes, 92 of the approximately 8,000 passengers surveyed used public transit to get to the Airport.			
	DR stated that curb-side trips at the airport produce more vehicle traffic than other types of trips.			
	MT- Does slide #22 include all the origin and destination (O&D) passengers at the Airport?

PROJECT TITLE: AMP Transit/Roadway Plan

SUBJECT: Updated Passenger Survey
Data, Remote Terminal - Catchment Area
Review

LOCATION: Women in Aviation Conference Room

NEXT MEETING DATE: October 2009

ITEM	SUMMARY	TASKED	DUE DATE	STATUS
	JW - Yes, slide #22 does include all O&D passengers at the Airport.			
	DC presented maps and data for the Passenger Survey results.			
	MK stated that the coastal corridor (I-5) as shown in the maps should be probably more dense than indicated and should be darker in color according to the map legend.			
	JW discussed potential passenger catchment areas for any proposed remote terminals. She also indicated that this should also be examined in relationship to the OTTC Express Bus. She said that an employee matrix would be created. This would help to identify information for upcoming tasks associated with establishing passenger catchment areas. She also initiated a discussion about potential funding sources for Airport Transit Plan - Phase recommendations.			
	AC asked about the status of the Airport Master Plan EIR traffic mitigation measures.			
	TA said that the Airport Master Plan EIR traffic mitigation measures are being reviewed by a third party. The specifics of the review include implementation and the estimated costs associated with each measure.			
	BC closed the meeting and reminded Committee Members that the next meeting is scheduled for 9/16/09.			

These meeting minutes reflect the writers understanding of the meeting. If your understanding is different than that stated above, please contact the writer within 3 working days.
