## Airport Authority hosts open houses for Regional Aviation Strategic Plan

SAN DIEGO – September 1, 2010 – The San Diego County Regional Airport Authority invites the public to a series of open houses to learn more about the Regional Aviation Strategic Plan.

The Airport Authority is developing the Regional Aviation Strategic Plan (RASP) as a result of Senate Bill 10, authored by Senator Christine Kehoe, and has been working closely with the San Diego Association of Governments (SANDAG) and the City and County of San Diego Airports.

The goal of the RASP is to identify potential opportunities to improve the performance of the regional airport system in San Diego County to ensure maximum efficiency and utilization. The decision whether or not to implement the findings of the RASP is the responsibility of each airport owner/operator, primarily the City and County of San Diego.

Upcoming open houses and locations:

- |                     |                |                                                                                                                                |
