#### SAN DIEGO COUNTY **REGIONAL AIRPORT AUTHORITY**

P.O. BOX 82776, SAN DIEGO, CA 92138-2776 619.400.2400 WWW.SAN.ORG

#### November 2, 2023. To Members of the Board and the Public:

We are pleased to present the Annual Comprehensive Financial Report of the San Diego County Regional Airport Authority (Airport Authority) for the fiscal years ended June 30, 2023 and 2022. The purpose of this report is to provide the Airport Authority Board of Directors (Board), the public and other interested parties with reliable information concerning the financial condition and operational results of the Airport Authority. The Airport Authority's Accounting Department prepared this report following the guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA). Responsibility for the accuracy, completeness and fairness of the presented data, including all disclosures, rests with Airport Authority management.

To the best of our knowledge and belief, this report fairly presents and fully discloses the Airport Authority's financial position, changes in financial position, results of operations and cash flows in accordance with generally accepted accounting principles (GAAP) in the United States of America.

The Airport Authority has established and maintains a comprehensive framework of internal controls to provide reasonable assurance that assets are carefully safeguarded, transactions are properly executed, and the financial statements are free from material misstatement.

The Airport Authority engaged the Certified Public Accounting firm FORVIS, LLP to perform the annual independent audit of the basic financial statements contained in this report. The auditors issued an unmodified (or clean) opinion on the Airport Authority's financial statements for the fiscal years ended June 30, 2023 and 2022.

GAAP requires that management provide a narrative overview and analysis to accompany the financial statements in the form of a Management's Discussion and Analysis (MD&A) section. This letter of transmittal should be read in conjunction with the MD&A, which can be found immediately following the report of the independent auditors in the Financial Section of this report.

#### **PROFILE OF AIRPORT AUTHORITY AND ORGANIZATIONAL STRUCTURE**

The Airport Authority began operations on January 1, 2003, as an independent agency to manage the operations of San Diego International Airport (SAN) and address the region's long-term air transportation needs.

The legislation that created the Airport Authority mandates three main responsibilities:

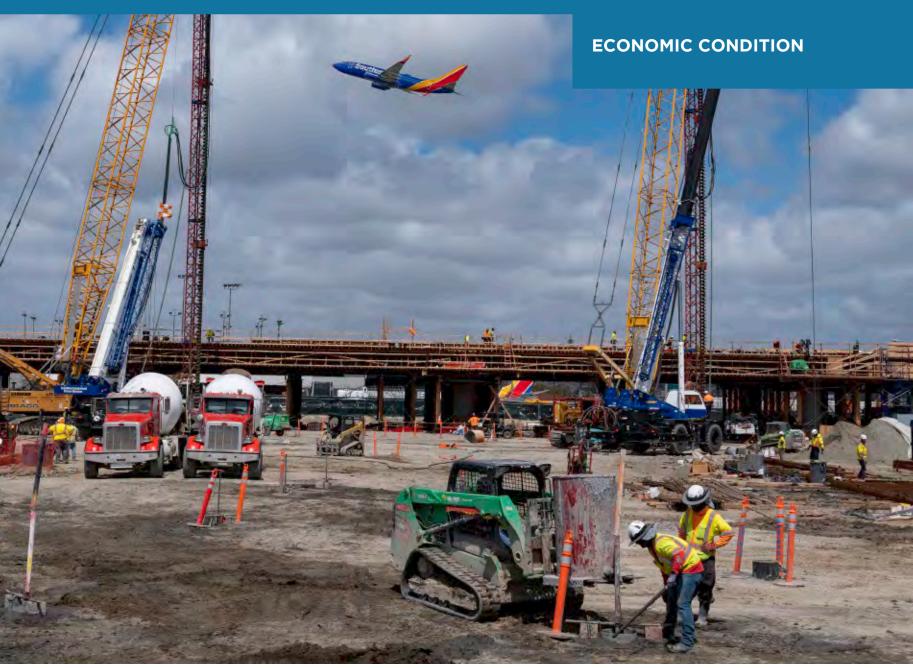

- Operate San Diego International Airport
- Plan for the future air transportation needs of the region
- Serve as the region's Airport Land Use Commission - and ensure the adoption of land use plans that protect public health and safety surrounding all 16 of the county's airports.

The Airport Authority is governed by an appointed Board of Directors of nine members representing

all areas of San Diego County and three additional members serving as non-voting, ex-officio Board members. Three Board members serve as the Executive Committee consisting of one Board member from each of the following defined jurisdictions: the City of San Diego, the County of San Diego, and one Board member from among the east county cities, south county cities, north county coastal or north county inland cities. The Board members serve three-year terms, with no limits to the number of terms a member is able to serve.

The management and operations of SAN are carried out by a staff led by the President/Chief Executive Officer, who is appointed by and reports directly to the Airport Authority Board.

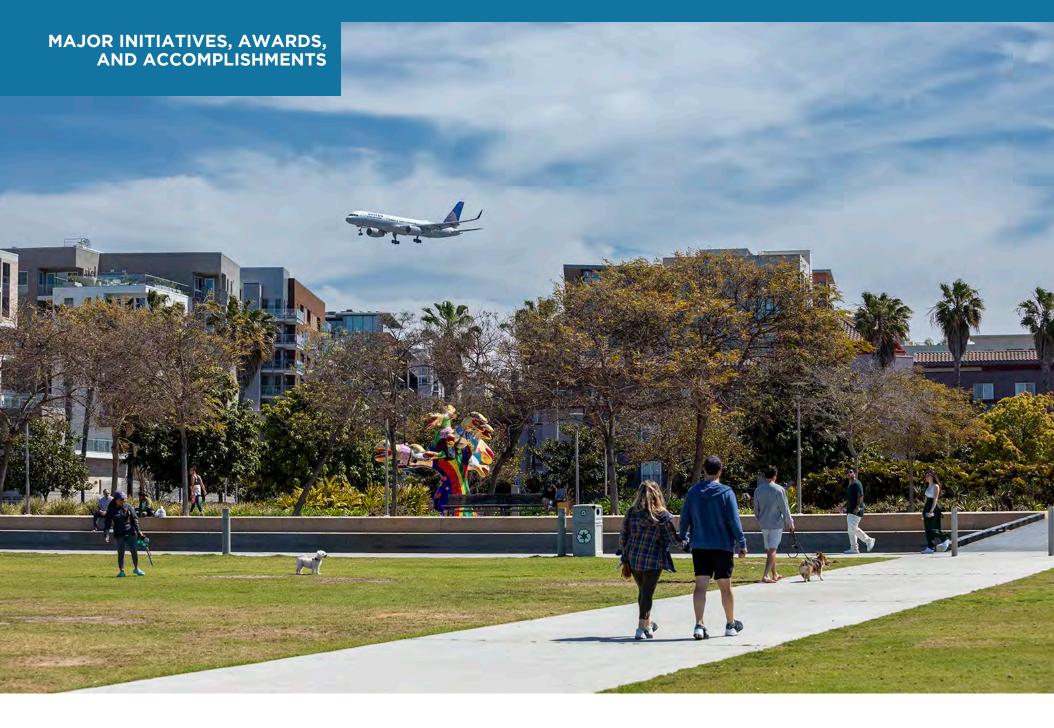

The United States Census Bureau estimates the population of San Diego County to be 3.28 million as of July 1, 2022. The county is the second largest in California, in terms of population, and the City of San Diego ranks as the second largest city in the state. The majority of the county's population is concentrated in its western portion adjacent to the ocean. The largest cities in the county are San Diego (42 percent), Chula Vista (9 percent), Oceanside (5 percent), Escondido (5 percent), Carlsbad (3 percent), and El Cajon (3 percent). The combined San Diego/Tijuana metropolitan population is estimated to be approximately 5.5 million

inhabitants. The Air Trade Area for SAN includes San Diego County as well as portions of neighboring Orange, Imperial and Riverside Counties, and Baja California. Mexico.

San Diego County's continued economic recovery since the pandemic has been solid. The US Bureau of Labor Statistics notes that the county's average unemployment rate for June 2023 was 4 percent, compared to 4.6 percent for the State of California. Fiscal year 2023 saw the continuation of strong passenger recovery from the pandemic lows of 2021 with total enplaned passengers of 11.9 million, an increase of 19 percent over fiscal year 2022. This was 96 percent of the 2019 levels. Continued recovery is forecasted to progress, although at a slower pace, and the Airport Authority is optimistic that long-term growth prospects are positive, as San Diego continues to be a desirable place to visit and do business.

#### QUIETER HOME PROGRAM COMPLETES 5,000TH HOME

Our Quieter Home Program (QHP) achieved a major milestone in December 2022 with the completion of its 5,000th home. The QHP is SAN's residential sound insulation program in which certain residences around SAN, as determined by the Federal Aviation Administration (FAA), may be eligible for sound insulation treatments to mitigate aircraft noise. The work reduces noise levels by at least five decibels inside the home.

Since its inception, the QHP has retrofitted single-family and multi-family residences, a church, and a school immediately east and west of the airport, including the neighborhoods of Bankers Hill, Point Loma, Ocean Beach, South Park, and Golden Hill, providing them with noticeable noise reduction.

and the world.

#### PROGRESS CONTINUES AS THE NEW T1 STRUCTURAL STEEL AND ROADWAY RISE OUT OF THE GROUND

The \$3.4 billion New T1 project includes a new Terminal 1, new parking structure, airside improvements as well as transportation upgrades that will make great strides towards creating an exceptional airport experience for our community

Approximately two years after breaking ground, the project is on track and has progressed significantly in 2023. The steel framework for the first phase of the new terminal building will be completed in November 2023. The first section of the new on-airport entrance roadway will open in late October 2023. Construction is also advancing on

the New T1 Parking Plaza, which will provide 5,200 spaces and will open in 2024.

When completed, members of the San Diego community, as well as those visiting, will enjoy amenities that include more gate-area seating, restaurants, and shops, as well as an expansive security-screening checkpoint with more lanes and energy-efficient upgrades throughout. The project has also set aside space for a potential future transit station being considered by regional transportation partners.

The project will continue to provide a strong economic impact to the region, contributing thousands of well-paying jobs for the region's workers during and after the completion of the venture.

#### \$200 MILLION IN FEDERAL GRANTS AWARDED FOR NEW T1 PROGRAM

The Airport Authority has received more than \$200 million in federal grants as of mid-2023 for the New T1 program. This includes funds from the Bipartisan Infrastructure Law - Airport Terminal Program.

#### WATER SAVERS AND STEWARDS

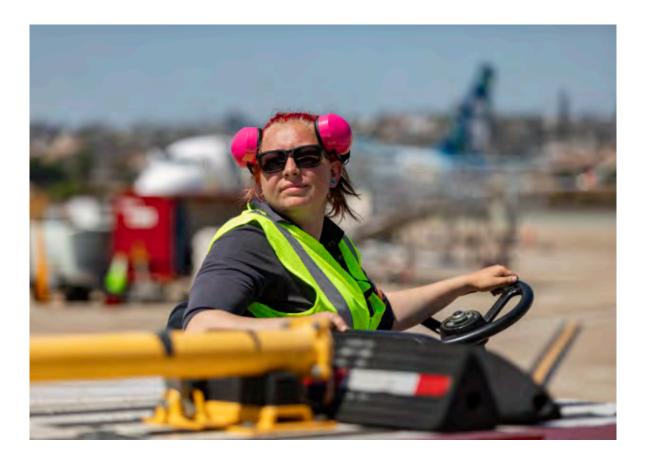

In 2022, the Airport Authority captured, treated, and reused 812,500 gallons of stormwater. This water, which would otherwise have run off into San Diego Bay, was used to heat and cool buildings at SAN, thereby reducing the amount of potable water used for this purpose.

The Stormwater Treatment System receives captured stormwater from the top of the Terminal 2 Parking Plaza and stores it in underground pipes with about 100,000 gallons of capacity. The captured water is then treated through a series of high-rate media filters and ultraviolet light, then pumped to a central utility plant for use in the cooling towers that heat, ventilate, and air condition SAN's terminals and jet bridges. Overall, the Airport Authority's Stormwater Reuse Treatment System has captured, treated, and reused more than 5 million gallons of stormwater since its inception in 2018.

#### ARRIVAL OF RENEWABLE DIESEL CONTINUES DRIVE FOR **SUSTAINABILITY**

With the arrival of renewable diesel at SAN in April 2023, the sustainable fuel will reduce emissions by up to 75 percent in airside (non-road) vehicles and equipment, such as baggage tugs, belt loaders, and firefighting vehicles. While the fuel is made from vegetable oil, animal fats and agricultural waste, it is chemically identical to fossil fuel-derived diesel, allowing it to be the primary choice without the need for modifications to storage and diesel engines.

SAN was selected as the 2023 Airports Council International – North America Environmental Achievement Award winner in the mitigation award category for this accomplishment.

#### AIRPORT AUTHORITY RECEIVES GFOA DISTINGUISHED BUDGET PRESENTATION AWARD FOR 18TH CONSECUTIVE YEAR

The Airport Authority received its eighteenth consecutive Distinguished Budget Presentation Award from the GFOA for its annual budget for the fiscal year beginning July 1, 2022. The GFOA Distinguished Budget Presentation Awards Program was established to encourage and assist state and local governments to prepare budget

documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting, and the GFOA's best practices on budgeting, and then to recognize individual governments that succeed in achieving that goal. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

#### AIRPORT AUTHORITY AWARDED ACHIEVEMENT OF EXCELLENCE IN PROCUREMENT

The Airport Authority was awarded the Achievement of Excellence in Procurement® (AEP) for 2023 from the National Procurement Institute, Inc. The award recognizes organizations that demonstrate excellence in innovation, professionalism, productivity, leadership, and e-procurement. The AEP program encourages the development of excellence as well as continued

organizational improvement to earn the award annually. This was the fourteenth consecutive year the Airport Authority earned this award.

#### AIRPORT AUTHORITY AWARDED CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The GFOA awarded the Certificate of Achievement for Excellence in Financial Reporting to the Airport Authority for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022. The Annual Report was judged by an impartial panel to meet the high standards of the program, which includes demonstrating a constructive "spirit of full disclosure" to clearly communicate its financial

story and motivate potential users and user groups to read the Annual Report. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management. The Airport Authority has received this award every year since its inception.

#### **BUDGET PROCESS AND FINANCIAL PLAN**

Annually, the Airport Authority prepares a fiveyear capital program budget, an operating budget for the upcoming fiscal year and a conceptual budget for the following fiscal year. The capital program provides for critical improvements and asset preservation. Safety, security, asset preservation, environmental remediation, terminal upgrades, airfield improvements, and efficiency enhancements are the main focus of the capital program. The budget process begins executive management collaborating with the Board to update, review and formulate the strategies

and initiatives that drive business performance. The management team engages in crossfunctional discussions to arrive at key decisions and agreements. The effort is designed to align divisional budget requirements with the Airport Authority's overall strategies and initiatives. Actual financial results are compared to the adopted budget expectations and reported to the Board's Finance Committee on a monthly basis and the full Board on a quarterly basis.

#### **FINANCIAL INFORMATION**

The Board sets policy that enables implementation of appropriate internal controls and provides oversight to ensure that the assets of the Airport Authority are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow for preparation of financial statements in conformity with GAAP. Internal controls are designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the valuation of costs and benefits requires estimates and judgments by management.

The Airport Authority derives its operating revenue from two sources: airline and non-airline revenue. Airline revenue is derived primarily from landing fees, aircraft parking fees, building rentals, common use fees and other aviation revenue. Primary sources of non-airline revenue are terminal and rental car concessions, airport parking, and ground transportation.

Non-operating revenue of the Airport Authority is comprised of Passenger Facility Charges, Customer Facility Charges, interest income, and federal grants. The Airport Authority's debt management policy was developed to ensure compliance with the master and subordinate bond indentures, which dictate the terms of the Airport Authority's outstanding debt and establishes various reserves. Funding of the required reserve balances affects the fund equity portion of the budget and ratesetting process.

The Airport Authority completed fiscal year 2023 with income from operations (before depreciation and amortization) of \$186.4 million, an increase of 12.0 percent compared to fiscal year 2022. Enplanements increased 19.2 percent, and airport operations increased 25.9 percent in fiscal year 2023 compared to fiscal year 2022. These increases were a strong reflection of the continued recovery from the COVID-19 pandemic. The accompanying Management's Discussion and Analysis provides a detailed narrative overview.

#### ACKNOWLEDGEMENTS

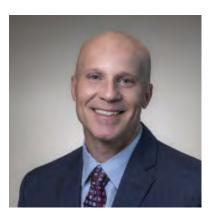

The preparation of the Annual Comprehensive Financial Report was made possible by the dedicated service and efforts of the Airport Authority's Accounting, Financial Management, Marketing and Communications staff. We wish to express our sincere appreciation for their dedication to ensure fiscal transparency and accountability and to maintain and present the Airport Authority's financial statements in conformance with the highest professional standards.

Finally, we would like to thank members of the Board for their continued leadership, guidance, and support towards the execution of our purpose to create an exceptional airport experience for the community and the world. We are committed to operating San Diego's air transportation gateways in a manner that promotes the region's prosperity and protects its quality of life.

Respectfully submitted,

#### GFOA CERTIFICATE OF ACHIEVEMENT

he Government Finance Officers Association of he United States and Canada (GFOA) awarded a certificate of Achievement for Excellence in inancial Reporting to San Diego County Regional irport Authority for its Annual Comprehensive inancial Report for the fiscal year ended June 30, 022. This was the twentieth consecutive year that he Airport Authority has achieved this prestigious ward. In order to be awarded a Certificate of achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. The report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### Independent Auditor's Report

Members of the Board of Directors San Diego County Regional Airport Authority San Diego, CA

#### **Report on the Audit of the Financial Statements**

#### Opinion

We have audited the financial statements of the San Diego County Regional Airport Authority (Airport Authority), as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Airport Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Airport Authority as of June 30, 2023 and 2022, and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Airport Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Emphasis of Matter

As discussed in Note 13 to the financial statements, in fiscal year 2023 the Airport Authority adopted Governmental Accounting Standards Board (GASB) Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements. Our opinion is not modified with respect to this matter.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Airport Authority's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension, and other postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## FORVIS, LLP

Dallas, Texas November 2, 2023

#### INDEPENDENT AUDITOR'S **REPORT - Page 2**

Members of the Board of Directors San Diego County Regional Airport Authority

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

 Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Airport Authority's internal control. Accordingly, no such opinion is expressed.

 Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

• Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Airport Authority's ability to continue as a going concern for a reasonable period of time.

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections as listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) For The Years Ended June 30, 2023 and 2022

#### INTRODUCTION

The San Diego County Regional Airport Authority (Airport Authority) was established on January 1, 2002, as an independent agency. On January 1, 2003, the operations and assets of San Diego International Airport (SDIA) transferred from the San Diego Unified Port District (District) to the Airport Authority.

The Airport Authority is a self-sustaining entity receiving most of its revenues through user fees and rents from airline and non-airline business

partners operating at SDIA. Since the Airport Authority is not funded by tax revenues, accounts are maintained in an enterprise fund on the accrual basis of accounting. Under accrual accounting, revenues are recognized as soon as they are earned, and expenses are recognized as soon as a liability is incurred, regardless of the timing of related cash inflows and outflows. Users of SDIA's facilities provide most of the revenues to operate, maintain, and acquire necessary services and facilities.

## SAN DIEGO INTERNATIONAL AIRPORT

#### **HISTORY OF OWNERSHIP**

The public policy decision to transfer responsibility for SDIA from the District to the newly created Airport Authority emanated from recommendations made by the San Diego Regional Efficiency Commission (Commission). The Commission was established to evaluate regional governance in San Diego County and report recommended improvement measures to the California State Legislature.

Because of the significant regional consequences of airport development and operations, the Commission concluded that a regional decision-making process should address the future development of airport facilities in San Diego County. In October 2001, the enabling legislation, Assembly Bill 93 (AB 93) established the composition and jurisdiction of the Airport Authority's governing body in a manner that is designed to reflect the collective interests of the entire San Diego region.

#### LEGISLATIVE BACKGROUND

AB 93 was signed into California State law in October 2001. The AB 93 Act established the Airport Authority on January 1, 2002, as a local agency of regional government with jurisdiction throughout the County of San Diego. Subsequent legislative changes to AB 93 were introduced and passed in California Senate Bill 1896 (Act). The amendment addresses several points pertaining to the transfer of aviation employees, date of transfer, property leases, property acquisition and purchase of services from the District.

On January 1, 2008, Senate Bill 10 (SB 10), the San Diego County Regional Airport Authority Reform Act, was enacted into law expanding the responsibilities of the Airport Authority. The Airport Authority is vested with five principal responsibilities:

- 1. Operation of SDIA;
- 2. Planning and operation of any future airport that could be developed as a supplement or replacement to SDIA;
- Development of comprehensive airport land 3. use plans for the airports in the county;
- 4. Serving as the region's Airport Land Use Commission; and
- 5. In accordance with SB 10, preparing a Regional Aviation Strategic Plan (completed in fiscal year 2011).

In August 2013, Assembly Bill 1058 was signed into law. This bill made minor clarifying and technical changes to the Airport Authority Act.

FINANCIAL

SECTION

#### Enplan % cha Total pa % cha Aircraft % cha Freight % cha Landeo % cha

In fiscal year 2023, the Airport Authority continued to show great improvement in the recovery from the COVID-19 pandemic, as most major activities rose to within 96 percent of the 2019 pre-pandemic levels.

## **AIRPORT ACTIVITIES** HIGHLIGHTS (2021 - 2023)

The changes in SDIA's major activities for the three years are as follows:

	FY 2023	FY 2022	FY 2021
ned passengers	11,867,569	9,953,162	4,860,931
hange from prior year	19.2%	104.8%	-47.4%
bassengers	23,560,297	19,830,645	9,701,311
hange from prior year	18.8%	104.4%	-47.4%
ft operations	219,952	190,491	130,017
hange from prior year	15.5%	46.5%	-31.8%
t and mail (in tons)	138,648	151,160	151,327
hange from prior year	-8.3%	-0.1%	-2.0%
d weight (in millions pounds)	13,869	11,764	7,780
hange from prior year	17.9%	51.2%	-35.5%

Enplaned passenger traffic continued to improve from the impact of the pandemic, with an increase of 19.2 percent over fiscal year 2022. Changes in total passengers, aircraft operations

and landed weight closely mirrored the improvement in enplanements. Whereas freight and mail continued a declining trend due to decreasing demand.

## FINANCIAL HIGHLIGHTS (2021 - 2023)

For the fiscal year ended June 30, 2023, the Airport Authority adopted GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements (GASB 94) and GASB Statement No. 96, Subscription-Based Information Technology Arrangements (GASB 96). Fiscal year 2022 has been restated for the adoption of GASB 94 and GASB 96.

## STATEMENT OF REVENUES **EXPENSES AND CHANGES** IN NET POSITION

The metric 'Changes in Net Position' is an indicator of whether the Airport Authority's overall financial condition has improved or deteriorated during the fiscal year. Net position increased 2.8 percent in

fiscal year 2022 as air travel continued to recover and had a strong increase of 13.0% in fiscal year 2023.

The following is a summary of the statements of revenues, expenses, and changes in net position (in thousands):

	FY 2023	FY 2022	FY 2021
Operating revenues	\$ 360,762	\$ 315,640	\$ 224,606
Operating expenses	(305,925)	(291,213)	(277,808)
Nonoperating revenues (expenses), net	11,987	(12,874)	43,762
Capital contributions and grants	52,287	12,958	13,932
Increase in net position	119,111	24,511	4,491
Net position, beginning of year	914,068	889,557	885,066
Net position, end of year	\$ 1,033,179	\$ 914,068	\$ 889,557

Note: Fiscal year 2022 and 2021 amounts have been restated for GASB 94 & GASB 96.

#### Airline r Landin Aircraf Buildir Other Total Concess Parking Ground Other op Total

Airline re Landin Aircraft Buildir Other Total Concessi Parking Ground Other op Total

Fiscal Year 2023 compared to 2022: Total airline revenues increased \$45.0 million, or 30.5 percent, due to a planned major maintenance fund increase per the airline operating lease agreement, combined with increased cost recovery from the airlines which is the result of higher debt service costs and an increase in recoverable operating expenses due to the increase in passengers.

Concession revenue (terminal and rental car) decreased by \$12.6 million, or 14.3 percent, due to

#### FISCAL YEAR 2023 COMPARED TO 2022:

the timing of the recognition of lease revenue per GASB 87. The decrease is partially offset by increased concessions and car rental sales due to the increase in passengers. Parking and ground transportation revenue increased \$8.3 million, or 14.6 percent, due to the increased enplanements. Ground rentals increased \$3.6 million, or 18.3 percent, due to the higher consumer price index rent increase and additions to the fuel lease from the hydrant fueling project.

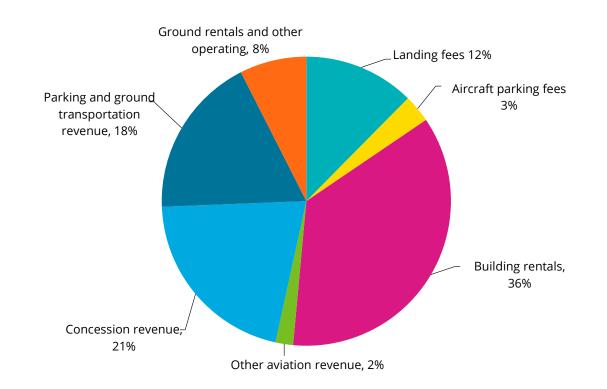

#### OPERATING REVENUES (IN THOUSANDS)

## **OPERATING REVENUES** (CONTINUED)

#### FISCAL YEAR 2022 COMPARED TO 2021:

Total airline revenues increased \$13.9 million, or 10.4 percent, reflecting the cost recovery system for the airlines which was higher in fiscal year 2022, compared to 2021. Airline building rentals were the main driver, increasing \$14.0 million, or 16.8 percent.

Concession revenue (terminal and rental car) increased by \$46.3 million, or 110.9 percent, due to increased passenger flow throughout the terminals. Parking and ground transportation revenue increased \$29.6 million, or 108.0 percent, due to the increased enplanements. Lastly, other operating revenue increased \$1.3 million, or 78.6 percent.

## **OPERATING EXPENSES** (IN THOUSANDS)

## **OPERATING EXPENSES** (CONTINUED)

FISCAL YEAR 2023 COMPARED TO 2022: Total fiscal year 2023 operating expenses increased by \$14.7 million or 5.1 percent.

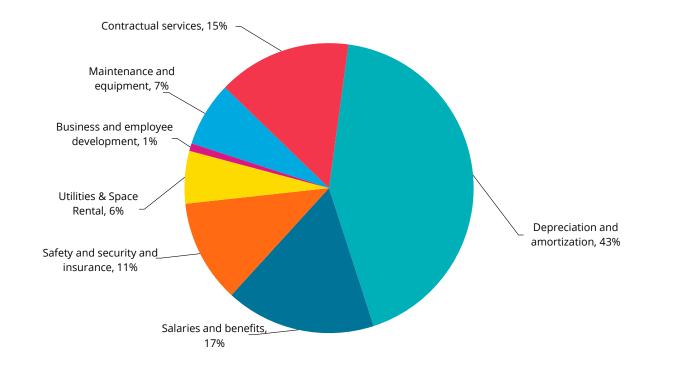

Salaries and benefits increased by \$4.9 million or 10.5 percent due to planned wage and benefit increases, higher overtime, and increased head count. Contractual services increased by \$11.1 million or 32.2 percent, primarily due to an increase in parking and shuttle operations and Rental Car Center (RCC) buses expenses due to an increase in enplanements. Utilities increased by \$3.4 million or 23.8 percent due to increased gas and electric usage and rates. Maintenance expenses increased by \$5.7 million or 52.8 percent due to an increase in annual and major maintenance.

Partially offsetting the increase in operating expenses described above, safety and security decreased by \$1.1 million or 3.4 percent because of law enforcement and guard services staff vacancies. Depreciation and amortization decreased by \$10.4 million or 7.3 percent due to disposal of assets, caused by the demolition of various fixed assets necessary for the construction of the New Terminal 1.

#### FISCAL YEAR 2022 COMPARED TO 2021:

Total fiscal year 2022 operating expenses increased by \$13.4 million or 4.8 percent. Contractual services increased by \$9.5 million or 38.1 percent, primarily due to an increase in parking and shuttle operations and Rental Car Center (RCC) buses expenses due to increase in enplanements. Utilities increased by \$2.5 million or 21 percent due to increased gas and electric usage and rates. Maintenance expenses increased by \$1.6 million, or 18.0 percent, due to an increase in annual and major maintenance. Business Development increased by \$1.6 million or 753.4 percent due to an increase in marketing and advertising costs.

Partially offsetting the increase in operating expenses described above, salaries and benefits, decreased by \$6.5 million or 12.4 percent, primarily due to a \$5.1 million decrease in retirement expense caused by investment gains on the pension and OPEB plan assets.

is \$9.00 per day, up to five days for rental car transactions that originate at the Rental Car Center. For car rental transactions of non-RCC tenants, the CFC rate is \$3.41 per day, up to five days for rental car transactions.

Federal Relief Grants included the American *Rescue Plan Act* (ARPA) funds received from the federal government. ARPA was signed into law on March 11, 2021, and included \$8 billion in funds to be awarded as economic assistance to eligible U.S. airports to prevent, prepare for, and respond to the coronavirus disease pandemic. On August 10, 2021, the Airport Authority was

#### NONOPERATING REVENUES (EXPENSES) (IN THOUSANDS)

## NONOPERATING REVENUES (EXPENSES) (CONTINUED)

which awards grants for certain eligible Airport Authority expenditures. The \$2.1 million of expenses represents the authority's cost, net of the grant funds utilized in FY23. From inception through the end of fiscal year 2023, the Airport Authority has spent \$283.5 million and received reimbursement for \$231.3 million.

**Other Interest** includes interest earned on lease receivables and notes receivable. For June 30, 2023, and 2022 other interest income was \$11.1 million and \$11.9 million, respectively.

**Investment income (loss)** is derived from interest earned by the Airport Authority on investments and includes unrealized gain (loss) on investments. For June 30, 2023, and 2022 Investment income was a gain of \$50.9 million and a loss of \$48.9 million, respectively.

Interest expense includes interest paid and accrued on bonds, variable debt, and leases. For June 30, 2023, and 2022 interest expense was \$127.5 million and \$109.7 million, respectively. The increase is due to a full year of interest on the 2021 bonds that were issued in December 2021 to fund construction of the New Terminal 1.

Other nonoperating income (expense) includes proceeds and expenses for legal settlements, gain (loss) on the sale of assets and other miscellaneous revenue and expenses..

#### Fiscal year 2023 compared to 2022:

Nonoperating revenues (net) increased by \$24.9 million or 193.1 percent. The increases in PFCs and CFCs are due to an increase in enplaned passengers. PFCs increased by \$6.4 million or 15.7 percent, and CFCs increased by \$4.0 million or 13.3 percent. Investment income increased by \$99.8 million or 204.1 percent. The increase is due to the movement of unrealized gain/loss on investments of \$72.9 million as the increase in market yields moderated significantly resulting in an unrealized gain in fiscal year 2023 of \$11.7 million compared to an unrealized loss of \$61.3 million in fiscal year 2022. Increased interest rates and higher investment balances accounted for the \$26.8 million of additional interest revenue in fiscal year

2023. Other nonoperating income (expenses) decreased by \$11.7 million or 87.6 percent, as there was no fixed asset disposal loss reported this year.

#### Fiscal year 2022 compared to 2021:

Nonoperating revenues (net) decreased by \$56.6 million or 129.4 percent. The increases in PFCs and CFCs are due to an increase in enplaned passengers. PFCs increased by \$18.3 million or 82.7 percent, and CFCs increased by \$14.6 million or 92.5 percent. Investment income (loss) decreased by \$51.4 million or 2,059.3 percent. The decrease is due to an unrealized loss on investments of \$61.3 million as market yields increased significantly decreasing the market value of fixed rate securities held by the Authority. The unrealized loss was offset partially by increased interest earnings due to higher yields and larger investment balances. Other nonoperating income (expenses) decreased by \$12.6 million or 1,789.0 percent, due to the loss on fixed asset disposals, caused by the demolition of various fixed assets necessary for the construction of the New Terminal 1.

Federa

Federal

The statements of net position present the financial position of the Airport Authority as of a period in time. The statements include all assets, deferred outflows, liabilities, deferred inflows, and net position of the Airport Authority. A summary

#### ASSETS, LIABILITIES AND NET **POSITION (CONTINUED)**

As of June 30, 2023, the Airport Authority's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$1,033.2 million. This reflects a \$119.1 million or 13.0 percent increase in net position from June 30, 2022. The Airport Authority uses capital and lease assets to provide services to its passengers and other users of SDIA; consequently, these assets cannot be sold or otherwise liquidated. Although the Airport Authority's investment in its capital and lease assets is reported net of related debt, the

funds required to repay this debt must be provided annually from operations. The unrestricted net position of \$472.3 million as of June 30, 2023, may be used to meet any of the Airport Authority's ongoing obligations. As of June 30, 2023, 2022, and 2021, management has designated unrestricted funds in the amount of \$16.0 million, \$16.2 million, and \$22.5 million, respectively, for capital contract commitments funded by Airport Authority cash, earthquake self-insurance, and operating contingency.

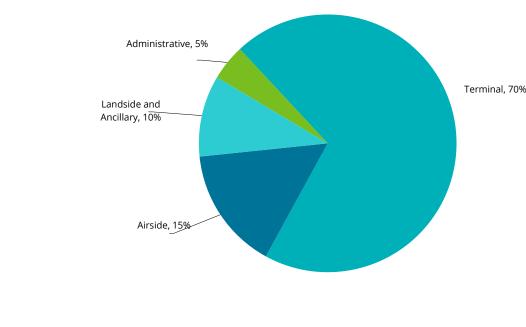

#### CAPITAL PROGRAM The Capital Program is a rolling five-year program

that provides critical improvements and asset additions. The program includes capital projects that address federal security requirements, airfield security and refurbishment, environmental remediation, terminal upgrades, and landside development. Funding sources for the projects include the Federal Aviation Administration's Airport Improvement Program, Transportation Security Agency grants, Passenger Facility Charges,

**Capital Program Projects by Type** 

Customer Facility Charges, airport operating revenues, airport revenue bonds, special facility bonds, and short-term borrowing using revolving lines of credit.

The current Capital Program, which includes projects through 2027, consists of \$595.0 million for airside projects, \$379.5 million for landside and ancillary projects, \$2.7 billion for terminal projects, which includes the replacement of Terminal 1, and \$174.1 million for administrative projects.

Additional information of the Airport Authority's capital and lease assets can be found in Note 5 of the financial statements

# 2014 Bonds.

On August 3, 2017, the Airport Authority issued \$291.2 million of Series A and B Subordinate Airport Revenue Bonds (Series 2017 Bonds). The Series 2017 Bonds were issued to finance certain capital improvements at SDIA including the Parking Plaza and the FIS facility, fund a portion of the interest accruing on the subordinate Series 2017 Bonds, refund \$32.6 million of the Airport Authority's

On February 19, 2014, the Airport Authority issued \$305.3 million of Series A and B Senior Special Facilities Revenue Bonds (Series 2014 Bonds). The Series 2014 Bonds were issued to finance a portion of the costs of the development and construction of a consolidated rental car facility and related improvements at SDIA, fund a portion of the interest on the Series 2014 Bonds, fund deposits to the senior reserve fund, the rolling coverage fund and pay the costs of issuance of the Series

The Series 2014 A Bonds were structured as taxexempt non-AMT term bonds that bear interest at 5.0 percent. The Series 2014 B Bonds were structured as federally taxable bonds that bear interest at rates ranging from 2.5 percent to 5.6 percent and mature in fiscal years 2019 to 2045. Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$15.2 million and \$15.6 million, respectively, including accrued interest of \$7.6 million and \$7.8 million, respectively. The principal balance on the Series 2014 Bonds as of June 30, 2023, and 2022 was \$275.7 million and \$282 million, respectively.

The Series 2014 Bonds are special limited obligations of the Airport Authority, payable solely from and secured by a pledge of the Trust Estate, which includes, among other things, Customer Facility Charges collected from the rental car companies operating at the Airport and remitted to the Trustee. No revenues of the Airport Authority other than the Customer Facility Charges and the Bond Funding Supplemental Consideration (as defined in the Indenture), are pledged to the payment of the Series 2014 Bonds.

outstanding variable rate debt, which was issued during 2017, fund the subordinate reserve fund and pay the cost of issuance of the subordinate Series 2017 Bonds. The Series 2017 Bonds are structured as serial and term bonds that bear interest at rates ranging from 4.0 percent to 5.0 percent and mature in fiscal years 2019 to 2048. The bonds were issued at a premium of \$48.4 million, which is being amortized over the life of the bonds. Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$13.3 million and \$13.6 million, respectively, including accrued interest of \$6.7 million and \$6.8 million, respectively. The principal balance on the Series 2017 Bonds as of June 30, 2023, and 2022 was \$266.6 million and \$271.9 million, respectively.

On December 11, 2019, the Airport Authority issued \$338.8 million of Series A Subordinate Airport Revenue and Revenue Refunding Bonds and \$124.9 million of Series B Subordinate Airport Revenue Bonds (Series 2019 Bonds). The Series 2019 Bonds were issued to finance certain capital improvements at SDIA including a new facilities maintenance building and storm water capture and reuse projects, fund a portion of the interest accruing on the Series 2019 Bonds, refund \$34.3 million of the Airport Authority's outstanding variable rate debt, fund the Series 2010C Escrow account to refund the 2010C bonds, fund the subordinate reserve fund, and pay the costs of issuance of the Series 2017 Bonds. The Series 2019 Bonds are structured as serial and term bonds that bear interest at rates ranging from 4.0 percent to 5.0 percent and mature in fiscal years 2021 to 2050. The bonds were issued at a premium of \$96.9 million, which is being amortized over the life of the bonds. Interest on the Series 2019 Bonds is payable semiannually on January 1 and July 1 of each year. Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$21.9 million and \$22.1 million, respectively, including accrued interest of \$10.9 million and \$11.1 million, respectively. The principal balance on the Series 2019 Bonds as of June 30, 2023, and 2022 was \$454.6 million and \$459 million, respectively.

#### CAPITAL FINANCING AND DEBT MANAGEMENT

## CAPITAL FINANCING AND DEBT MANAGEMENT (CONTINUED)

The Airport Authority issued \$241.6 million of Series A, B and C Subordinate Airport Revenue Refunding Bonds (Series 2020 Bonds). The Authority entered into a Forward Delivery Purchase Contract on December 11, 2019, and delivered the Series 2020 Bonds Proceeds on April 8, 2020. Proceeds from the sale of the Series 2020 Bonds were used to fund the Series 2010 A and B Bonds escrow accounts to refund the 2010 A/B bonds and pay the costs of issuance of the Series 2020 Bonds. The Series 2020 Bonds are structured as serial bonds that bear interest rates of 5.0 percent and mature in fiscal years 2021 to 2041. The bonds were issued at a premium of \$49.4 million, which is being amortized over the life of the bonds. Interest on the Series 2020 Bonds is payable semiannually on January 1 and July 1 of each year. Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$10.6 million and \$11.5 million, respectively, including accrued interest of \$5.4 million and \$5.8 million, respectively. The principal balance on the Series 2020 Bonds as of June 30, 2023, and 2022 was \$212.5 million and \$227.0 million, respectively.

On December 8, 2021, the Airport Authority issued \$1,941.7 million of Series A, B and C Subordinate Airport Revenue Bonds (Series 2021 Bonds). The Series 2021 Bonds were issued to finance The New Terminal 1 development at SDIA, fund a portion of the interest accruing on the Series 2021 Bonds, fund the subordinate reserve fund, pay the costs of issuance of the Series 2021 Bonds and to refund the 2013 Series A and B bonds. The Series 2021 A and B Bonds are structured as serial and term bonds that bear interest at rates ranging from 4.0 percent to 5.0 percent and mature in fiscal years 2027 to 2057 and were issued at a premium of \$332.4 million, which is being amortized over the life of the bonds. The Series 2021 C Bonds are federally Taxable Bonds and are structured as serial and term bonds that bear interest at rates ranging from 0.5 percent to 3.1 percent and mature in fiscal years 2023 to 2037. Interest on the Series 2021 Bonds is payable semiannually on January 1 and July 1 of each year. Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$82.0

million and \$46.3 million, respectively, including accrued interest of \$41.0 million and \$46.3 million. respectively. The principal balance on the Series 2021 Bonds as of June 30, 2023, and 2022 was \$1,932.0 million and \$1,941.7 million, respectively.

Interest expense on the Series 2014, 2017, 2019, 2020 and 2021 Bonds for fiscal years ended June 30, 2023, and June 30, 2022, of \$143.1 million and \$116.3 million, respectively, was offset by bond premium amortization of \$26.7 million in fiscal year 2023 and \$21.6 million in fiscal year 2022.

The Airport Authority leases properties from various third parties and use that space to conduct its operations, the terms of which expire 2024 through 2072. The measurement of the lease payable is based on the present value of lease payments expected to be paid during the lease term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any lease incentives payable to the lessee. Incremental Borrowing Rates of 1.1 percent to 3.8 percent were used by the Airport Authority to measure lease payables. Liabilities recorded under lease contracts during the years ended June 30, 2023, and 2022, were \$228.9 million and \$232.4 million, respectively.

On July 19, 2021, The Airport Authority and Bank of America agreed to a Revolving Credit Agreement. The Airport Authority is authorized to issue up to \$200.0 million in Subordinate Revolving Obligations. The revolving credit agreement is for a term of three years. At the end of fiscal years 2023 and 2022, the Airport Authority had \$80.1 million in aggregate principal of Subordinate Revolving Obligations outstanding. These obligations were used to finance the New Terminal 1. Obligations incurred under the Revolving Credit Agreement are payable solely from and secured by a pledge of "Subordinate Net Revenues." Subordinate Net Revenues are generally defined as all revenues and other cash receipts of the Airport Authority's

Airport operations remaining after Senior Lien payments have been deposited by the Trustee in accordance with the Senior Lien Trust Indenture.

Additional information of the Airport Authority's long-term debt can be found in Note 6 to the financial statements.

The SDIA's PFC program was established in 1994, and currently authorizes the imposition of a \$4.50 fee on enplaning passengers. There are currently four active applications which provide the Airport

Authority to impose and use PFC revenue through May 1, 2040.

FAA entitlement and discretionary grants are awarded on a federal fiscal year running October 1 through September 30. The Airport Authority has received approximately \$89.3 million in grant awards for the federal fiscal year ended September 30, 2023, as compared to \$83.4 million for 2022. Grant awards are recognized as nonoperating revenue or capital contributions as eligible expenses are incurred.

## CAPITAL FINANCING AND DEBT MANAGEMENT (CONTINUED)

#### This financial report is designed to provide a general overview of the Airport Authority's finances. Questions concerning any of the information provided in this report or request for additional information should be addressed in writing to the San Diego County Regional Airport

Authority Accounting Department, P.O. Box 82776, San Diego, CA 92138. The Accounting Department can also be reached at (619) 400-2806. A copy of the financial report is available at www.san.org

Senate Bill 10 (SB 10), the San Diego County Regional Airport Authority Reform Act, was effective January 1, 2008. Responsibilities of the Airport Authority include, among other things, the operation, maintenance, development, management, and regulation of SDIA and its facilities. In addition, the Airport Authority has the responsibility to plan or to expand the existing SDIA. Under one of the requirements of SB 10, the Airport Authority completed a Regional Aviation Strategic Plan and the Airport Authority prepared and adopted an Airport Multimodal Accessibility Plan. In addition, the Airport Authority acts as the Airport Land Use Commission within San Diego County.

In accordance with the Codification of Governmental Accounting and Financial Reporting Standards, the basic financial statements should include all organizations, agencies, boards, commissions, and authorities for which the Airport Authority is financially accountable. The Airport Authority has also considered all other potential organizations for which the nature and significance of their relationships with the Airport Authority are such that exclusion would cause the Airport Authority's financial statements to be misleading or

#### **NOTES TO FINANCIAL STATEMENTS**

#### **REPORTING ENTITY:**

The San Diego County Regional Airport Authority (the Airport Authority), an autonomous public agency, was established in accordance with, Assembly Bill 93 (2001), as modified by Senate Bill 1896 (2002), which together comprise the San Diego County Regional Airport Authority Act (the Act). The Act required, among other things, the transfer of the assets and operations of the San Diego International Airport (SDIA) from the San Diego Unified Port District (the District) to the Airport Authority. Effective January 1, 2003 (inception), the District transferred all airport operations and certain related assets and liabilities to the Airport Authority, pursuant to the Act and the Memorandum of Understanding (MOU) dated as of January 1, 2002, between the Airport Authority and the District, which implemented the Act.

incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. Based on these criteria, there are no other organizations or agencies which should be included in these basic financial statements.

The Airport Authority is governed by a ninemember, appointed Board of Directors (Board), representing all areas of San Diego County and three additional members serving as non-voting, ex-officio Board members. Three Board members are appointed by the Mayor of the City of San Diego (the City). Two Board members are appointed by the San Diego County Board of Supervisors. The remaining four Board members are each appointed by the mayors of the following defined jurisdictions: the east county cities, south county cities, north coastal area cities and north county inland cities. The Board members serve three-year terms in accordance with California SB 10.

#### **MEASUREMENT FOCUS AND BASIS OF** ACCOUNTING:

The accounting policies of the Airport Authority conform to accounting principles generally accepted in the United States of America applicable to state and local government agencies, and as such, the Airport Authority is accounted for as a proprietary fund. The basic financial statements presented are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. This measurement focus emphasizes the determination of the change in Airport Authority net position.

#### USE OF ESTIMATES:

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources, as well as the

#### NOTE 1.

## NATURE OF ORGANIZATION & SUMMARY OF SIGNIFICANT **ACCOUNTING POLICIES**

disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **CASH AND CASH EQUIVALENTS:**

For purposes of the statements of cash flows, cash and cash equivalents includes unrestricted (including designated) cash on hand, demand deposits, and investment securities with original maturities of three months or less from the date of acquisition.

#### **INVESTMENTS:**

Investments in the state and county investment pools are recorded at net asset value and money market mutual funds and non-negotiable certificates of deposit are recorded at amortized cost. All other investments are stated at fair value based on quoted market prices.

#### **TENANT RECEIVABLES:**

Tenant receivables are carried at the original invoice amount for fixed-rent tenants and at estimated invoice amount for concession (variable) tenants, less an estimate made for doubtful receivables for both fixed-rent and concession tenants. Management determines the allowance for doubtful accounts by evaluating individual tenant receivables and considering a tenant's financial condition and credit history and current economic conditions. Tenant receivables are written off when deemed uncollectible. Recoveries of tenant receivables previously written off are recorded when received.

#### NOTE 1. FEDERAL GRANTS:

## NATURE OF ORGANIZATION & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Outlays for airport capital improvements and certain airport nonoperating expenses, primarily those relating to the Airport Authority's Quieter Home Program, are subject to reimbursement from federal grant programs. Funding provided from government grants is considered earned as the related approved capital outlays or expenses are incurred. Costs claimed for reimbursement are subject to audit and acceptance by the granting agency.

#### AIRPORT IMPROVEMENT PROGRAM (AIP):

grants are authorized and disbursed by the FAA under the Airway Improvement Act of 1982, as amended, which provides funding for airport planning and development projects at airports included in the National Plan of Integrated Airport Systems. As such, the AIP grants must be used to pay for the allowable costs of approved projects. As of June 30, 2023, and 2022, the Airport Authority recovered \$52.3 million and \$13.0 million, respectively, for approved capital projects; and \$19.0 million and \$14.4 million, respectively, for the Quieter Home Program.

#### ARPA:

*The American Rescue Plan Act of 2021* (ARPA) was signed into law on March 11, 2021 and includes \$8 billion in funds to be awarded as economic assistance to eligible U.S. airports to prevent, prepare for, and respond to the coronavirus disease pandemic. To distribute these funds, the FAA has established the Airport Rescue Grants to make grants to all airports that are part of the national airport system, including all commercial service airports, all reliever airports, and some public-owned general aviation airports. The Airport Authority was awarded \$78.8 million on August 10, 2021. For the fiscal year ended June 30, 2022, the Airport Authority drew and expended \$78.8 million.

#### **Passenger facility charges (PFC):**

The PFC program is authorized by the Aviation Safety and Capacity Expansion Act of 1990 (the Expansion Act). In accordance with the Expansion Act, the Airport Authority's AIP Passenger Entitlement Apportionment is reduced by certain percentages, dependent upon the level of PFC received by the Airport Authority.

In accordance with the program, PFC revenue must be used to pay allowable costs for approved capital projects, contribute to the Airport Authority's noise mitigation (Quieter Home Program), or to repay debt service issued to build eligible capital projects. As of June 30, 2023, and 2022, accrued PFC receivables totaled \$7.0 million and \$4.2 million respectively, and there were \$105.6 million and \$61.4 million PFC amounts collected but not yet applied for approved capital projects as of June 30, 2023, and 2022, respectively.

On May 20, 2003, the FAA approved an increase in the Airport Authority's PFC charge per enplaned passenger from \$3.00 to \$4.50, beginning August 2003. Currently, there are four active applications that allow the Airport Authority to impose and use \$1.2 billion in PFC revenue through April 2040.

The latest application was approved by the FAA in February 2019 (as amended in August 2020) providing collection authority with a charge effective date through April 2040. In accordance with the Aviation Investment Reform Act (AIR-21), airports imposing a \$4.50 collection level are required to reduce AIP Passenger Entitlement Apportionment to 75 percent.

#### Customer facility charges (CFC):

The Airport Authority received approval in May 2009 from the State of California under Section 1936 of the California Civil Code to impose a \$10.00 CFC per contract on rental cars at SDIA.

In accordance with the program, the CFC revenue must be used to pay allowable costs for approved capital projects and operate the related ground transportation system. The current CFC rate, which has been in effect since January 1, 2017, is \$9.00 per day for a maximum of five days. As of June 30, 2023, and 2022, accrued CFC receivables totaled

\$3.2 million and \$2.9 million, respectively. CFC amounts collected, including interest, but not yet applied for approved capital projects as of June 30, 2023, and 2022, were \$25.1 million, and \$25.0 million, respectively.

#### Deferred Outflows/Inflows of Resources:

In addition to assets and liabilities, the statement of net position may report a separate section for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to future periods and deferred inflows of resources represent an acquisition of net assets that applies to future periods, and as such will not be recognized as flows of resources (expenses/ revenues) until then.

• Employer Contributions – Pensions and OPEB– These contributions are those made after the measurement date through the fiscal year end (July 1st – June 30th) resulting in a cash outlay not yet recognized under GASB 68 or GASB 75. This amount is deferred and recognized in the following fiscal year. This item is presented as a deferred outflow of resources.

Investment difference – Pensions and OPEB - These amounts represent the difference in projected and actual earnings on pension/ OPEB plan assets. These differences are deferred and amortized over a closed five-year period. This item can be presented as both a deferred outflow and deferred inflow of resources and is combined annually as a single net unamortized balance.

• Experience difference – Pensions and OPEB - These amounts represent the difference in expected and actual pension/OPEB experience. These differences are deferred and recognized over the estimated average remaining lives of all members determined as of the beginning of the measurement period. This item can be presented as both a deferred outflow and deferred inflow of

resources but may not be shown net if there are unamortized balances for categories.

Assumption changes – Pensions and OPEB - These amounts represent the difference resulting from a change in assumptions used to measure the underlying net pension/OPEB liability/asset. These differences are deferred and recognized over the estimated average remaining lives of all members determined as of the beginning of the measurement period. This item can be presented as both a deferred outflow and deferred inflow of resources but may not be shown net if there are unamortized balances for categories.

Debt Refunding - These amounts represent the gain or loss from the refunding of debt. These differences are deferred and recognized as interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter. This item can be presented as both a deferred outflow and deferred inflow of resources but may not be shown net if there are unamortized balances for categories.

Leases – Represents the initial value of lease receivable under GASB 87 and GASB 94 systematically reduced and recognized as lease revenue over the term of the lease.

#### CAPITAL, LEASE, AND SUBSCRIPTION ASSETS:

Capital assets are recorded at cost, except for capital assets contributed by third parties, which are recorded at acquisition value as of the date of acquisition. The Airport Authority capitalizes incremental overhead costs associated with the construction of capital assets. Capital assets are defined by the Airport Authority as assets with an initial, individual cost of more than \$5,000 and an initial useful life of one year or greater.

Lease and subscription based technology assets are initially recorded as the sum of 1) the amount of the initial measurement of the lease or subscription liability, 2) lease for subscription

#### NOTE 1.

## NATURE OF ORGANIZATION & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

payments made at or before the commencement of the lease term, less any lease incentives received from the vendor at or before the commencement of the term, 3) initial direct costs that are ancillary charges necessary to place the asset into service. Lease and subscription assets are amortized on a straight-line basis over the shorter of the lease term or useful life of the underlying asset.

The Airport Authority recognizes lessee-financed improvements as capital assets based upon the asset's estimated value at the time the asset reverts to the Airport Authority.

#### NOTF 1.

## NATURE OF ORGANIZATION & SUMMARY OF SIGNIFICANT **ACCOUNTING POLICIES** (CONTINUED)

	Useful Life
Asset Category	(Years)
Land improvements	30-40
Runways, roadways and parking lots	
Lighting, security and minor improvements	3-10
Airfield and parking lots and improvements	12-25
Drainage systems, gas lines, pedestrian bridges	30
Roadways, bridges and infrastructure	40-50
Buildings and structures	
Passenger loading bridges, security systems, general upgrades and remodels	3-10
Baggage handling systems, HVAC, structural improvements, fuel and storage facility	12-20
Buildings and smart curb improvements	25-50
Machinery and equipment	
Vehicles and emergency vehicles	3-15
Office furniture and equipment	3-10
Communication and electronic systems	3-20
Works of art	15-30

Depreciation is computed by use of the straight-line method over the following estimated useful lives:

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are expensed as incurred. Major outlays for capital assets and improvements are capitalized as construction in progress as projects are constructed. The Airport Authority no longer capitalizes interest due to the adoption of GASB 89, Accounting for Interest Cost Incurred before the End of a *Construction Period* that eliminated the requirement to capitalize interest.

**CAPITAL ASSET IMPAIRMENT:** The Airport Authority's capital assets include property, equipment, and infrastructure assets. A capital asset is considered impaired if both the decline in service utility of the capital asset is large in magnitude and the event or change in circumstances is outside the normal life cycle of the capital asset. The Airport Authority evaluates prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. Common indicators of impairment include evidence of physical damage where restoration efforts are needed to restore service utility, enactment or approval of laws or regulations setting standards that the capital asset would not be able to meet,

technological development or evidence of obsolescence, a change in the manner or expected duration of use of a capital asset or construction stoppage. The Airport Authority reports the effects of capital asset impairments in its financial statements when they occur and accounts for insurance recoveries in the same manner. The Airport Authority's management has determined that no impairments of capital assets currently exist.

**RETENTIONS PAYABLE:** The Airport Authority enters into construction contracts that may include retention provisions such that a certain percentage of the contract amount is held for payment until completion of the contract and acceptance by the Airport Authority. The Airport Authority's policy is to record the retention payable only after completion of the work and acceptance of the contractor invoices have occurred. Retentions payable on completed contracts are included with accounts payable on the accompanying statements of net position. Amounts related to unpaid retentions on uncompleted contracts are included in accrued liabilities.

**COMPENSATED ABSENCES:** All employees of the Airport Authority earn annual leave that is paid upon termination or retirement. Annual leave is accrued at current rates of compensation and based on assumptions concerning the probability that certain employees will become eligible to receive these benefits in the future.

#### BOND DISCOUNTS, PREMIUMS, AND ISSUANCE

**COSTS:** Bond discounts and premiums are deferred and amortized over the term of the respective bonds using the effective interest method. Bond issuance costs are expensed as incurred.

#### AIRPORT AUTHORITY NET POSITION: Net

investment in capital assets consists of capital and lease assets, net of accumulated depreciation and amortization, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net investment in capital assets includes unspent debt proceeds.

Restricted net position represents amounts that are appropriated or legally segregated for a specific

Operating Insurance Capital p Total desi

purpose. The Airport Authority's net position is reported as restricted when there are limitations imposed on its use, either through the enabling

legislation adopted by the Airport Authority or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

Unrestricted net position as of June 30, 2023, and 2022 includes designations of net position that represent tentative management plans that are subject to change, consisting of:

	2023	2022
ng contingency	\$ 2,000,000	\$ 2,000,000
e contingency	13,839,942	13,121,946
projects and other commitments	 163,794	1,068,502
signated net position	\$ 16,003,736	\$ 16,190,448

When both restricted and unrestricted resources are available for use, it is the Airport Authority's policy to use restricted resources first and then unrestricted resources as they are needed.

#### **REVENUE AND EXPENSE RECOGNITION:**

Revenues from airlines, concessionaires, lessees, and parking are reported as operating revenues. Operating expenses include the cost of administering the airport system, including depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses or capital contributions and grants.

should any of these major airlines discontinue operations and should the Airport Authority be unable to replace those airlines with similar activity. The level of operations is determined based upon the relative share of enplaned passengers.

The five largest airlines in terms of enplaned passengers are as follows:

	2023	2022
Southwest Airlines	35.3%	34.1%
Alaska Airlines	16.4%	17.5%
United Airlines	12.3%	13.1%
Delta Airlines	12.2%	12.4%
American Airlines	10.8%	12.4%

#### NOTE 1

NATURE OF ORGANIZATION & SUMMARY OF SIGNIFICANT **ACCOUNTING POLICIES** (CONTINUED)

#### **CONCENTRATIONS:**

A significant portion of the Airport Authority's earnings and revenues are directly or indirectly attributed to the activity of a number of major airlines. The Airport Authority's earnings and revenues could be materially and adversely affected

#### NOTE 1.

## NATURE OF ORGANIZATION & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **DEFINED BENEFIT PENSION PLAN:**

The Airport Authority has a single-employer defined benefit pension plan (Plan) administered through San Diego City Employee Retirement System (SDCERS). For purposes of measuring the net pension liability (asset), deferred outflows of resources, and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Additionally, the Airport Authority has a singleemployer defined benefit preservation of benefit pension plan administered through SDCERS. For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **OTHER POSTEMPLOYMENT BENEFIT PLAN:**

The Airport Authority provides an agent multipleemployer defined benefit postemployment benefit plan (the OPEB Plan). The OPEB Plan funds are managed by California Public Employees Retirement System (CalPERS) under the California Employer's Retiree Benefit Trust (CERBT) fund. For purposes of measuring the net OPEB liability (asset), deferred outflows of resources, and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the OPEB Plan and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments (including refunds of employee contributions) are

recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### ACCOUNTING PRONOUNCEMENTS ADOPTED:

The Airport Authority has adopted and implemented the following GASB statements during the year ended June 30, 2023:

GASB Statement No. 91, Conduit Debt Obligations, effective for the Airport Authority's year ending June 30, 2023.

GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Arrangements, effective for the Airport Authority's year ending June 30, 2023. Details of the restated balances are provided in Note 13.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements, effective for the Airport Authority's year ending June 30, 2023. Details of the restated balances are provided in Note 13.

#### ACCOUNTING PRONOUNCEMENTS ISSUED BUT NOT YET ADOPTED:

GASB has issued several pronouncements that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the Airport Authority:

GASB Statement No. 100, Accounting Changes and Error Corrections, effective for the Airport Authority's year ending June 30, 2024.

GASB Statement No. 101, Compensated Absences, effective for the Airport Authority's year ending June 30, 2025.

#### **RECLASSIFICATIONS:**

Certain reclassifications have been made to the 2022 financial statements to conform to the 2023 presentation. The reclassifications had no effect on the changes in net position.

#### SUMMARY OF CASH, CASH EQUIVALENTS AND INVESTMENTS: NOTE 2.

Cash, cash equivalents and investments are reported in the accompanying statements of net position

#### INVESTMENTS AUTHORIZED BY DEBT AGREEMENTS:

Investments held by the bond trustee are governed by the provisions of the debt agreement, in addition to the general provisions of the California Government Code and the Airport Authority's investment policy. The table below identifies the investment types that are authorized for investments held by the bond trustee,

according to the Master Trust Indenture. In the event of a conflict between the Airport Authority's investment policy and permitted investments associated with any Airport Authority debt issuance, the debt agreement shall control. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk and concentration of credit risk.

Deposit accounts	None	N/A	None	None

Any other investment which is a permitted investment of the Authority in accordance with the laws of the State. \*Investment requires collateralization

The primary objective of the Airport Authority's investment policy is to invest public funds in a manner that will provide the highest security of the funds under management while meeting the daily cash flow demands of the Airport Authority. Assets of the Airport Authority that are not bond proceeds, which are invested in securities as permitted in the bond indenture, are described in the preceding table. In addition, there are various credit criteria as defined in the Airport Authority's investment policy as depicted in the previous section entitled "Investments authorized in accordance with California Government Code Section 53601 and under the provisions of the Airport Authority's investment policy."

**INVESTMENTS HELD BY TRUSTEE:** 

The Airport Authority has monies held by trustees

pledged for the security and payment of certain debt instruments, the payment of bond interest during construction and the payment of capital project costs.

#### **DISCLOSURES RELATED TO INTEREST RATE RISK:**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, investments with longer maturities have greater fair value sensitivity to changes in market interest rates. One of the ways the Airport Authority manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities. These staggered maturities also provide consistent cash flow and fulfill liquidity needs for operations. The Airport Authority monitors interest rate risk inherent in its

portfolio by measuring the segmented time distribution of its portfolio. The Airport Authority has no specific limitations with respect to this metric.

#### **CUSTODIAL CREDIT RISK (DEPOSITS):**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Airport Authority maintains deposits at several institutions in order to minimize custodial credit risk. These deposits are collateralized by various instruments such as U.S. government securities (guaranteed) or U.S. agency securities (government sponsored). California Government Code requires that a financial institution secure deposits made by a state or local government by pledging securities in an undivided collateral pool held by a depository regulated under state law. The fair value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure Airport Authority deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured deposits.

Insurance through the Federal Deposit Insurance Corporation (FDIC) may be applicable to the first \$250,000 of institutional deposit accounts, with

any balance above this amount covered by the collateralization requirement. Certificates of deposit held by the Airport Authority's third-party custodians are fully insured by the FDIC, as the individual amounts do not exceed the FDICinsured limits or are collateralized in accordance with the California Government Code.

#### **CUSTODIAL CREDIT RISK (INVESTMENTS):**

Custodial credit risk for investments is the risk that the Airport Authority will not be able to recover the value of its investments in the event of a counterparty failure. The Airport Authority uses third-party banks' custody and safekeeping services for its registered investment securities. Securities are held in custody at third-party banks registered in the name of the Airport Authority and are segregated from securities owned by those institutions or held in custody by those institutions.

#### **DISCLOSURES RELATED TO CREDIT RISK:**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of an investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. California Government Code Section 53601 (as referenced previously in this note) limits the types of investment instruments that may be purchased by the Airport Authority.

#### NOTE 2.

#### CASH, CASH EQUIVALENTS & INVESTMENTS (CONTINUED)

NOTE 2. The maturity ranges and credit ratings for the Airport Authority's investment securities as of June 30 are presented in the following tables:

The investment policy of the Airport Authority contains no limitations on the amount that can be invested by any one issuer beyond that stated in the table provided earlier in this note. The Airport Authority requires a diversified investment portfolio to avoid risk of losses resulting from an over-concentration of assets in a specific maturity, issuer, or class of securities. The Airport Authority had no concentrations of credit risk at June 30, 2023, and 2022.

The Airport Authority's investment policy does not allow investments in foreign securities.

#### **CONCENTRATION OF CREDIT RISK:**

#### FOREIGN CURRENCY RISK:

#### FAIR VALUE OF ASSETS:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- **Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active;

or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

#### NOTE 2. RECURRING MEASUREMENTS

#### CASH, CASH EQUIVALENTS & INVESTMENTS (CONTINUED)

The following table presents the fair value measurements of assets recognized in the accompanying financial statements measured at the fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2023 and 2022:

Various other leasing arrangements are in place for Airport Authority owned buildings, ground, and support spaces. Payments for these leases are generally based on total square footage being leased and an established rate, with periodic increases based on the Consumer Price Index.

#### LEASE RECEIVABLE

The Airport Authority leases a portion of its property to various third parties who use the space to conduct their operations on the Airport grounds, the terms of which expire 2024 through 2046. The measurement of the lease receivable is based on the present value of lease payments expected to be received during the lease term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any lease incentives payable to the lessee. A number of leases have a maximum possible term of 12 months (or less), including options to extend, regardless of their probability of being exercised. Those payments are recognized as inflows of resources based on the payment provisions of the lease contracts and are therefore excluded from the schedule in this section.

Concession lease receivables for space within the terminals are typically based on the minimum annual guarantee plus a minimum 3 percent annual escalation, less rent holidays. As of June 30, 2023, there are 62 terminal food services and retail concession locations open.

The Airport Authority's CFC revenues and Bonds funded construction of the Rental Car Center facility (RCC), which was completed and placed in service on January 20, 2016. The RCC facility sits on 24.85 acres of land and houses all the major and many small operator rental car tenants. The land rent leases for the RCC commenced on the opening date of the facility and are non-cancellable. Once the Bonds are repaid or defeased, in addition to land rent, the rental car operators will also pay facility rent.

Short-term lease payments are recognized as inflows of resources based on the payment provisions of the lease contract and are therefore not included in the lease receivable balances below.

The Airport Authority is party to a lease-leaseback transaction with the Port of San Diego. The lessor and lessee transactions have been netted in accordance with GASB 87, therefore the resulting balance is not included in the lease receivable figure below.

The Airport Authority reports leases receivable with a carrying amount of \$168.0 million and \$193.3 million as of June 30, 2023, and 2022, respectively, and a deferred inflow of resources in the amount of \$147.9 million and \$168.1 million as of June 30, 2023, and 2022, respectively, related to these agreements. The deferred inflow of resources will be recognized as revenue over the terms of the agreements.

Revenue recognized under lease contracts during the years ended June 30, 2023, and 2022, was \$25.7 million and \$23.7 million, respectively, which includes both lease revenue and interest. The Airport recognized lease revenue of \$13.4 million and \$7.8 million, for the years ended June 30, 2023, and 2022, respectively, for variable payments not previously included in the measurement of the lease receivable.

#### NOTE 3.

## **LEASES & PUBLIC-PRIVATE** PARTNERSHIPS

NOTE 3. The following is a schedule by year of minimum payments to be received under the Airport Authority's leases that are included in the measurement of the lease receivable as of June 30, 2023:

LEASES & PUBLIC-PRIVATE	Years Ending June 30,	Principal	Interest	Total
PARTNERSHIPS(CONTINUED)	2024	\$ 21,579,230	\$ 4,940,854	\$ 26,520,084
	2025	12,684,623	4,406,985	17,091,608
	2026	11,804,674	4,167,455	15,972,129
	2027	10,934,570	3,931,931	14,866,501
	2028	8,373,048	3,747,767	12,120,815
	2029 - 2033	29,180,673	16,255,267	45,435,940
	2034 - 2038	24,521,597	11,757,652	36,279,249
	2039 - 2043	28,828,387	6,742,530	35,570,917
	2044 - 2046	20,132,977	1,209,573	21,342,550
	Total	\$ 168,039,779	\$ 57,160,014	\$ 225,199,793

#### **REGULATED LEASES**

The Airport Authority leases a portion of its property to air carriers and other aeronautical users, whose leases meet the definition of a regulated lease as defined in GASB 87, and therefore are only subject to the disclosure requirements. The terms of the regulated leases expire 2024 through 2033.

Certain capital assets, such as loading bridges, airfield, and building space are leased to airlines as part of the Airport Authority's Airline Operating Lease Agreement (AOLA). On July 1, 2019, the Airport Authority entered into the current ten-year AOLA with passenger airlines and cargo carriers operating at SDIA. The AOLAs cover the use of and rate-setting mechanisms for the airfield and terminal facilities at SDIA. Under the terms of the AOLA, landing fees and aircraft parking fees are calculated based on a residual rate-setting methodology, in which all costs of the facility and services are recovered from the airlines, and the airlines assume the financial risk. Terminal rental rates are based on a compensatory rate-setting methodology, in which the airlines each pay for only the actual cost of facilities and services they use; financial risk and control is assumed by the airport. The AOLA also includes signatory and non-

signatory rate structures. Air Carriers that signed a non-signatory agreement are charged a 120 percent premium on all signatory rates, fees, and charges, except for the Federal Inspection Services fee, which all airlines pay the same rate for use of the immigration and customs facilities. Signatory carriers are required to pay a minimum amount each year (\$500,000 for passenger carriers, and \$250,000 for cargo carriers). The agreement has no provisions that grant the airlines direct approval rights over capital projects, with the limited exception of certain transportation projects that exceed a \$350 million threshold, as defined in the AOLA. It also allows flexibility to meet the demands of changing airline activity and to accommodate new entrant carriers. Terms of the new agreement financially support execution of the New Terminal 1, formerly referred to as the Airport Development Program. The Airport Authority does provide for preferential or exclusive use of certain assets to air carriers. As of June 30, 2023, 45 of the 59 terminal and cargo aircraft parking positions were subject to preferential use and 99,070 square feet of the 443,194 square feet of airline designated space was subject to exclusive use. As of June 30, 2022, 45 of the 60 terminal and cargo aircraft parking positions were subject to preferential use and 97,350 square feet of the 437,071 square feet of airline designated space was subject to exclusive use.

The Airline Support Building (ASB) is an Airport Authority facility leased by carriers to process belly cargo. A portion of the lease payments increase annually based on CPI. Substantially all buildings and improvements in these leases are for the exclusive use of the four airline tenants.

The Airport Authority recognized fixed revenue under regulated lease contracts of \$10.6 million and \$18.5 million for the fiscal years ended June 30, 2023, and 2022, respectively. Variable lease revenue not previously included in the future minimum payments under its regulated leases were \$182.5 million and \$141.0 million, for the years ended June 30, 2023, and 2022, respectively.

The following is a schedule by year of expected future minimum payments to be received under the Airports regulated leases as of June 30, 2023:

Years Ending June 30,	Total Future
2024	\$ 8,738,494
2025	8,999,654
2026	9,270,656
2027	9,551,937
2028	9,843,950
2029 - 2033	15,665,422
Total	\$ 62,070,113

#### PUBLIC-PRIVATE AND PUBLIC-**PUBLIC PARTNERSHIPS**

The Airport Authority has entered into various public-private partnership arrangements that meet the definition of a service concession arrangement in which the operators will operate and maintain the Airport Authority's assets for terms of which expire 2024 through 2050. At the end of the arrangements, operations will be transferred to the Airport Authority. The measurement of the related public-private partnership (PPP) receivable is based on the present value of future payments expected to be received during the PPP term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any PPP incentives payable to the operator.

Signature Flight Support is the exclusive lessee of the Fixed Base Operator (FBO) leasehold at SDIA, with their lease expiring April 30, 2049. Ground rent at the FBO increases annually based on the Consumer Price Index (CPI) but cannot drop below the base rent escalation. Substantially all buildings and improvements in this lease are for exclusive use of this tenant and transfer to the Airport Authority at the end of the agreement.

SAN Fuel Company, LLC has a 30-year lease agreement to operate and maintain the fuel facilities at SDIA, which expires May 31, 2050. In addition, the agreement provides for the construction of fuel storage tanks, airlines fueling operations facility (AFO) and a hydrant fuel system for Terminals 1 and 2. Construction of the fuel storage tanks and AFO were completed in fiscal year 2023. The hydrant fuel system will be completed and placed into service upon the completion of the New Terminal 1. All assets constructed are owned by the Airport Authority. Payments for the ground portion of this lease increase every five years, starting in 2025, based on CPI. Substantially all buildings and improvements in this lease are for the exclusive use of this tenant.

The Airport Authority reports partnership leases receivable with a carrying amount of \$138.5 million and \$138.2 million as of June 30, 2023, and 2022, respectively, and a deferred inflow of resources in the amount of \$225.8 million and \$195.5 million as of June 30, 2023, and 2022, respectively, related to these agreements. The deferred inflow of resources will be recognized as revenue over the terms of the agreements. Revenue recognized under the PPP arrangements during fiscal years ended June 30, 2023, and 2022, was \$10.1 million and \$9.0 million, respectively, which includes both PPP revenue and interest.

NOTE 3.

## **LEASES & PUBLIC-PRIVATE** PARTNERSHIPS (CONTINUED)

The following is a schedule by year of minimum payments to be received under the Airport Authority's Public-Private Partnerships that are included in the measurement of the lease receivable as of June 30, 2023:

Years Ending June 30,	Principal		Interest		Total
2024	\$ 3,281,883	\$	4,877,678	\$	8,159,561
2025	3,400,613		4,758,949		8,159,562
2026	3,523,638		4,635,924		8,159,562
2027	3,651,113		4,508,449		8,159,562
2028	3,783,200		4,376,362		8,159,562
2029 - 2033	21,070,741		19,727,069		40,797,810
2034 - 2038	25,168,076		15,629,734		40,797,810
2039 - 2043	30,062,163		10,735,647		40,797,810
2044 - 2048	35,907,935	4,889,875			40,797,810
2049 - 2050	8,693,602		212,949		8,906,551
Total	\$ 138,542,964	\$	74,352,636	\$	212,895,600

## NOTE RECEIVABLE

NOTE 4. As part of the transfer of airport operations from the District to the Airport Authority, and pursuant to the associated MOU, the District issued a \$50.0 million unsecured promissory note to the Airport Authority. According to an agreement with the District that commenced on January 1, 2006, the note will be amortized over 25 years, maturing on December 31, 2030. The note is subordinate to all bond indebtedness of the District and carried a rate of 5.5 percent per annum through October 31, 2021. An amendment to that agreement reduced the rate to 3.6 percent per annum, effective November 1, 2021, reducing the monthly per annum through June 30, 2026. At June 30, 2023, payment. At June 30, 2023, and 2022, the balance

of the note receivable was \$22.3 million and \$24.8 million, respectively.

As part of the contracts to lease space in the Airline Support Building (ASB), tenants were given the option to issue a note receivable to the Airport Authority in order to fund tenant improvements to their space. Four airlines and one non-airline tenant exercised this option and issued notes for a combined total of \$13.4 million commencing July 1, 2021, for a period of 5 years carrying the estimated thirty-year revenue bond index rate of 2.5 percent the balance of the notes receivable was \$7.1 million.

The required principal payments owed from the District and ASB notes receivable for the fiscal years ending June 30 are as follows:

Years Ending June 30,	ASB	District	Total
2024	\$ 2,292,350	\$ 2,634,469	\$ 4,926,819
2025	2,360,158	2,731,707	5,091,866
2026	2,429,662	2,832,535	5,262,197
2027	-	2,937,084	2,937,084
2028	-	3,045,492	3,045,492
2029 - 2031		8,114,638	8,114,638
Total	\$ 7,082,170	\$ 22,295,923	\$ 29,378,094

## **CAPITAL & LEASE ASSETS**

NOTE 5. Depreciation expense for the years ended June 30, 2023 and June 30, 2022 amounted to \$131.6 million and \$142.0 million, respectively. While the additions to accumulated depreciation balance as of June 30, 2023 and June 30, 2022, was

\$133.2 million and \$143.6 million, respectively. The variance is due to GASB 87 adjustments to accumulated depreciation for CIP projects.

The Airport Authority issued \$291.2 million of Series A and B Subordinate Airport Revenue Bonds (Series 2017 Bonds) on August 3, 2017. The Series 2017 Bonds were issued to finance certain capital improvements at SDIA including the Parking Plaza and the FIS facility, fund a portion of the interest accruing on the Series 2017 Bonds, refund \$32.6 million of the Airport Authority's outstanding variable rate debt, fund the subordinate reserve fund and pay the costs of issuance of the Series 2017 Bonds. The Series 2017 Bonds are structured as serial and term bonds that bear interest at

Years E 2024

2025 2026 2027 2028 2029-2034-2039-

#### SUBORDINATE LIEN SERIES 2017, 2019, 2020 AND 2021 BONDS:

rates ranging from 4.0 percent to 5.0 percent and **NOTE 6**. mature in fiscal years 2019 to 2048. The bonds were issued at a premium of \$48.4 million which is being amortized over the life of the bonds. Interest on the Series 2017 Bonds is payable semiannually on January 1 and July 1 of each year.

Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$13.3 million and \$13.6 million, respectively, including accrued interest of \$6.7 million and \$6.8 million, respectively. The principal balance on the Series 2017 Bonds as of June 30, 2023, and 2022 was \$266.6 million and \$271.9 million, respectively.

## LONG-TERM LIABILITIES (CONTINUED)

#### LONG-TERM LIABILITIES (CONTINUED)

NOTE 6. The Airport Authority issued \$338.8 million of Series A Subordinate Airport Revenue and Revenue Refunding Bonds and \$124.9 million of Series B Subordinate Airport Revenue Bonds on December 11, 2019 (Series 2019 Bonds). The Series 2019 Bonds were issued to finance certain capital improvements at SDIA including a new facilities maintenance building and storm water capture and reuse projects, fund a portion of the interest accruing on the Series 2019 Bonds, refund \$34.3 million of the Airport Authority's outstanding variable rate debt, fund the Series 2010C Escrow account, fund the subordinate reserve fund, and pay the costs of issuance of the Series 2019 Bonds. The Series 2019 Bonds are structured as serial and term bonds

that bear interest at rates ranging from 4.0 percent to 5.0 percent and mature in fiscal years 2021 to 2050. The bonds were issued at a premium of \$96.9 million which is being amortized over the life of the bonds. Interest on the Series 2019 Bonds is payable semiannually on January 1 and July 1 of each year.

Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$21.9 million and \$22.1 million, respectively, including accrued interest of \$10.9 million and \$11.1 million, respectively. The principal balance on the Series 2019 Bonds as of June 30, 2023, and 2022 was \$454.6 million and \$459.0 million, respectively.

The required debt service payments for the Series 2019 Bonds for the fiscal years ending June 30: are as follows:

Years Ending June 30,	Principal		Interest		Total
2024	\$	6,095,000	\$ 21,899,100	\$	27,994,100
2025		6,400,000	21,594,350		27,994,350
2026		5,615,000	21,274,350		26,889,350

	\$	454,585,000	\$ 343,531,800	\$	798,116,800

The Airport Authority issued \$241.6 million of Series A, B and C Subordinate Airport Revenue Refunding Bonds (Series 2020 Bonds). The Airport Authority entered into a Forward Delivery Purchase Contract on December 11, 2019, and delivered the Series 2020 Bonds Proceeds on April 8, 2020. Proceeds from the sale of the Series 2020 Bonds were used to fund the Series 2010 A and B bonds escrow accounts and pay the costs of issuance of the Series 2020 Bonds. The Series 2020 Bonds are structured as serial bonds that bear interest rates of 5.0 percent and mature in fiscal years 2021 to

2041. The bonds were issued at a premium of \$49.4 million, which is being amortized over the life of the bonds. Interest on the Series 2020 Bonds is payable semiannually on January 1 and July 1 of each year.

Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$10.6 million and \$11.5 million, respectively, including accrued interest of \$5.4 million and \$5.8 million, respectively. The principal balance on the Series 2020 Bonds as of June 30, 2023, and 2022 was \$212.5 million and \$227.0 million, respectively.

#### The Airport Authority issued \$1,941.7 million of Series A, B and C Subordinate Airport Revenue and Revenue Refunding Bonds (Series 2021 Bonds). The Series 2021 Bonds were issued to finance certain capital improvements at SDIA including construction of the New Terminal 1, fund a portion of the interest accruing on the 2021 Bonds, fund the Series 2013 Escrow account, fund the subordinate reserve fund, and pay the costs of issuance of the Series 2021 Bonds. The Series 2021A and B Bonds are structured as serial bonds that bear interest rates ranging from 4.0 percent to 5.0 percent and mature in fiscal years 2027 to 2057. The Series A and B bonds were issued at a premium of \$332.4 million, which is being

amortized over the life of the bonds. The Series 2021 C Bonds are federally Taxable Bonds and are structured as serial and term bonds that bear interest at rates ranging from 0.5 percent to 3.1 percent and mature in fiscal years 2023 to 2037. Interest on the Series 2021ABC Bonds is payable semiannually on January 1 and July 1 of each year.

Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$82 million and \$46.3 million, respectively, including accrued interest of \$41 million and \$46.3 million, respectively. The principal balance on the Series 2021 Bonds as of June 30, 2023, and 2022 was \$1,932 million and \$1,941.7 million, respectively.

#### NOTE 6.

## LONG-TERM LIABILITIES (CONTINUED)

## LONG-TERM LIABILITIES (CONTINUED)

NOTE 6. The subordinate Series Bonds are special obligations of the Airport Authority, payable solely from and secured by (a) a pledge of subordinate net revenues, which include certain income and revenue received by the Airport Authority from the operation of the airport system, less all amounts that are required to pay the operation and maintenance expenses of the airport system and all amounts necessary to pay debt service on and fund the reserves for the senior bonds; and (b) certain funds and accounts held by the subordinate trustee under the subordinate indenture. The subordinate Series Bonds were issued with a pledge of and lien on subordinate net revenues.

> As subordinate lien bonds, the Series 2017, 2019, 2020 and 2021 Bonds require that charges for services be set each fiscal year at rates sufficient to produce pledged revenues at least 110 percent times the subordinate debt service for that year. In addition, the subordinate Bonds require the Airport Authority to maintain a reserve account with the bond trustee. On June 30, 2023, and 2022, the amount held by the trustee was \$1,477.6 million and \$2,120.6 million, respectively, which included the July 1 payment, a debt service reserve fund, construction fund, and a capitalized interest fund. The public ratings of the Subordinate Series Bonds as of June 30, 2023, are A/A2/A+ by Standard & Poor's, Moody's Investors Service and Fitch Ratings.

#### SENIOR LIEN SPECIAL FACILITIES REVENUE BONDS, SERIES 2014:

On February 19, 2014, the Airport Authority issued \$305.3 million of Series A and B Senior Special Facilities Revenue Bonds (Series 2014 Bonds). The Series 2014 Bonds were issued to finance a portion of the costs of the development and construction of a consolidated rental car facility and related improvements at SDIA, fund a portion of the interest accruing on the Series 2014 Bonds, fund deposits to the senior reserve fund and pay the costs of issuance of the Series 2014 Bonds.

The Series 2014 A Bonds were structured as tax-exempt and non-AMT term bonds that bear

interest at 5.0 percent. The Series 2014 B Bonds were structured as federally taxable bonds that bear interest at rates ranging from 2.5 percent to 5.6 percent. The bonds were issued at a premium of \$0.6 million, which is amortized over the life of the bonds. Interest on the Series 2014 Bonds is payable semiannually on January 1 and July 1 of each year.

Interest for the fiscal years ended June 30, 2023, and 2022 amounted to \$15.2 million and \$15.6 million, respectively, including accrued interest of \$7.6 million and \$7.8 million, respectively. The principal balance on the Series 2014 Bonds as of June 30, 2023, and 2022 was \$275.7 million and \$282 million, respectively.

The Series 2014 Bonds are special limited obligations of the Airport Authority, payable solely from and secured by a pledge of the Trust Estate, which includes, among other things, customer facility charges collected from the rental car companies operating at the Airport and remitted to the Trustee. No revenues of the Airport Authority other than the customer facility charges and the Bond Funding Supplemental Consideration (as defined in the bond indenture), are pledged to the payment of the Series 2014 Bonds.

The Series 2014 Bonds require the Airport Authority to maintain a debt service reserve account with the bond trustee and to reserve certain additional amounts in the Airport Authority's net position, as shown previously in the notes. For the fiscal years ended June 30, 2023, and 2022, the amount held by the trustee was \$58.2 million and \$55.1 million, respectively, which included the July 1 payment, the debt service reserve fund, the renewal and replace fund, and the rolling coverage fund.

The public ratings of the Senior Series Special Facility 2014 Bonds as of June 30, 2023, are BBB+/A3 by Standard & Poor's and Moody's Investors Service.

Interest expense on the Series 2013, 2014 2017, 2019, 2020 and 2021 Bonds for fiscal years ended June 30, 2023, and June 30, 2022, of \$143.1 million and \$116.3 million, respectively, was offset by bond premium amortization of \$26.7 million in fiscal year 2023 and \$21.6 million in fiscal year 2022.

#### SUBORDINATE SHORT-TERM DEBT PROGRAM:

On July 19, 2021, The Airport Authority and Bank of America entered into a Revolving Credit Agreement. The Airport Authority is authorized to issue up to \$200.0 million in Subordinate Revolving Obligations. The revolving credit agreement is for a term of three years. At the end of fiscal years 2023 and 2022, the Airport Authority had \$80.1 million in aggregate principal of Subordinate Revolving Obligations outstanding. These obligations were used to finance the New Terminal 1. Obligations incurred under the Revolving Credit Agreement

are payable solely from and secured by a pledge of "Subordinate Net Revenues." Subordinate Net Revenues are generally defined as all revenues and other cash receipts of the Airport Authority's Airport operations remaining after Senior Lien payments have been deposited by the Trustee in accordance with the Senior Lien Trust Indenture.

#### LINE OF CREDIT:

In fiscal year 2022, the Airport Authority maintained a \$2.0 million line of credit held with US Bank, which is collateralized with a Treasury bond. This line is utilized to issue letters of credit to surety companies who are partnering with the Airport Authority to provide bonding assistance to contractors accepted into the bonding assistance program at the Airport Authority. As of June 30, 2023, and June 30, 2022, nothing had been drawn on the line of credit and there are no outstanding letters of credit.

	\$	80,100,000	\$	121,900,000	\$	80,100,000	\$	121,900,000

#### **EVENT OF DEFAULT:** NOTE 6.

## LONG-TERM LIABILITIES (CONTINUED)

In the event of default of all general airport revenue bonds issued by the Airport Authority, acceleration is not a remedy. For the Letter of Credit and Reimbursement Agreement, an event of default could result in either an acceleration or an interest rate increase of 3.0 to 7.0 percent in addition to the base rate. Other than this, there are no significant finance-related consequences in the event of default on other debt instruments. The Airport Authority's Letter of Credit and Reimbursement Agreement is collateralized with a \$2.2 million Treasury bond. Excluding general

airport revenue bonds, special facility bonds, and leases, no other assets have been pledged or collateralized for any other debt instruments. General Airport revenue bonds are secured by a pledge of Net Revenues which are generally defined as all revenues and other cash receipts of the Airport Authority's operations less amounts required to pay for operations and maintenance expenses of the airport (net revenues do not include cash received from PFCs, CFCs or Federal Grants). The special facility bonds are secured by a pledge of the Trust Estate.

The Airport Authority leases properties from the District and smaller third parties and uses that space to conduct its operations, the terms of which expire 2024 through 2072. The measurement of the lease payable is based on the present value of lease payments expected to be paid during the lease term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any lease incentives payable to the lessee.

#### **NOTE PAYABLE**

#### **RECEIVING DISTRIBUTION CENTER LEASE:**

The Airport Authority entered into an installment purchase agreement for a receiving and distribution center (RDC) in fiscal year 2013. This agreement has been determined to be a note

payable and requires monthly lease payments of \$73.1 thousand. The Airport Authority will become the owner of the RDC at the conclusion of the 20year installment purchase agreement.

The following is a schedule of future lease payments applicable to the RDC installment purchase agreement, and the net present value of the future lease payments on June 30, 2023:

Years Ending June 30,	Amount			
2024	\$ 877,298			
2025	877,298			
2026	877,298			
2027	877,298			
2028-2032	4,386,489			
2032	365,541			
Total Lease Payments	 8,261,221			
Less amount representing interest	(2,736,678)			
Present value of future lease payments	\$ 5,524,543			

The Airport Authority entered Subscription-Based Information Technology Arrangement (SBITA) that allows the Airport Authority the right to use and control a vendor's software, alone or in combination with other assets, the terms of which expire 2024 through 2025. The measurement of the subscription liabilities is based on the present value of lease payments expected to be paid during the subscription term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, and residual value guarantee payments that are fixed in substance.

#### LEASE LIABILITIES

Deferred inflows of resources		26,976,052		282,242		27,258,294

### **PLAN DESCRIPTION:**

The Airport Authority's single-employer defined benefit pension plan (Plan), administered by SDCERS, provides service retirement, disability benefits, death benefits and survivor benefits to Plan members and beneficiaries. SDCERS is a multi-employer public employee retirement system that acts as a common investment and administrative agent for three separate singleemployer defined benefit pension plans for the City, the District, and Airport Authority.

From January 1, 2003, through June 30, 2007, SDCERS administered a qualified employer defined benefit plan for the City, the District and Airport Authority. However, as of July 1, 2007, the City, the District, and the Airport Authority plans were separated into independent, gualified, singleemployer governmental defined benefit plans, and trusts. The assets of the three separate plans and trusts were pooled in the SDCERS Group Trust, which was established as of July 1, 2007. SDCERS invests and administers the Group Trust as a common investment fund and accounts separately for the proportional interest of each plan and trust that participates in the Group Trust.

SDCERS is governed by a 13-member Board, responsible for the administration of retirement benefits for the City, the District, and the Airport Authority and for overseeing the investment portfolio of the retirement system's trust fund. The Board is comprised of seven appointed members, four active members, one retired member, and one ex-officio member.

Preservation of

SDCERS acts as a common, independent investment and administrative agent for the City, the District and the Airport Authority, whose plans cover all eligible employees. In a defined benefit plan, pension benefits are actuarially determined by a member's age at retirement, number of years of service credit and final compensation, typically based on the highest salary earned over a one-year or three-year period. Airport Authority members who are participants under the California Public Employees' Pension Reform Act (PEPRA) are subject to pensionable compensation caps.

The San Diego City Charter Section 144 and San Diego Municipal Code Sections 24.0100 et seq. assign the authority to establish and amend the benefit provisions of the plans that participate

The Airport Authority provides monthly payments for the life of the member, with 50 percent continuance to the eligible spouse or registered-domestic partner upon the member's death. If there is no eligible spouse, the member may receive either a lump sum payment equal to the accumulated surviving spouse contributions or an actuarially equivalent annuity. Members may also choose to receive a reduced lifetime monthly benefit and, upon death, leave more than 50 percent to their spouse or registered

in SDCERS to the SDCERS Board. The Airport Authority contributes to the Federal Social Security Program. The SDCERS Board issues a publicly available financial report that includes financial statements and required supplementary information for SDCERS. The financial report may be found on the San Diego City Employees' Retirement System website at www.sdcers.org.

### **BENEFITS PROVIDED:**

The Airport Authority provides retirement, disability, and death benefits. There are two types of participants, the classic participants and the PEPRA participants. A classic participant means any member who is not a PEPRA participant. A PEPRA participant is any member hired on or after January 1, 2013, who has never been a member of a public retirement system or who had a break in service of more than six months before their Airport Authority hire date.

The classic participant retirement benefit is calculated by using monthly salary amounts based on the highest continuous twenty-six bi-weekly pay periods divided by 12. The eligibility of the classic participants begins at age 62 with five years of service, or age 55 with 20 years of service.

The PEPRA participant's benefit is calculated by using monthly salary amounts based on the highest thirty-six consecutive months divided by 36. Base salary cannot exceed 100 percent of the Social Security contribution and benefit base, indexed to the CPI-U. The eligibility of the PEPRA participants begins at age 52 with five years of service.

domestic partner, or to provide a continuance to a non-spouse.

Employees with ten years of continuous service are eligible to receive non-industrial disability and employees with no service requirement can receive industrial disability.

The death benefit for non-industrial death before the employee is eligible to retire is a refund of the employee contributions, with interest plus one month's salary for each completed year of service to a maximum of six months' salary. A non-industrial death benefit after the employee is eligible to retire from service is 50 percent of earned benefit payable to eligible surviving spouse, domestic partner, or dependent child under 21 years of age. The industrial death benefit is 50 percent of the final average compensation preceding death, payable to eligible surviving spouse, domestic partner, or dependent child under 21 years of age.

As of the measurement dates June 30, 2022, and June 30, 2021, Plan membership was as follows:

### Active employees

Inactive employees entitled to but not yet receiving benefits Inactive employees or beneficiaries currently receiving benefits Total

### CONTRIBUTIONS:

SDCERS uses actuarial developed methods and assumptions to determine what level of contributions are required to achieve and maintain an appropriate funded status for the Plan. The actuarial process uses a funding method that attempts to create a pattern of contributions that is both stable and predictable. The actual employer and member contribution rates in effect each year are based upon actuarial valuations performed by an independent actuary and adopted by the SDCERS Board annually.

The actuarial valuation is completed as of June 30, of each year. Once accepted by the SDCERS Board,

### NOTE 7.

# DEFINED BENEFIT PLAN (CONTINUED)

-	378	385
	182	163
	162	145
	722	693

# DEFINED BENEFIT PLAN (CONTINUED)

**NOTE 7.** the approved rates for the Airport Authority apply to the fiscal year beginning 12 months after the valuation date. For June 30, 2023, the actuarially determined contribution rates for plan sponsors and members were developed in the June 30, 2022, actuarial valuation.

> The funding objective of SDCERS is to fully fund the plan's actuarially accrued liability with contributions, which over time will remain as a level percent of payroll for the Airport Authority. Under this approach, the contribution rate is based on the normal cost rate and an amortization of any unfunded actuarial liability.

For the years ended June 30, 2023, and 2022, employees contributed \$3.3 million and \$3.0 million, respectively, and the Airport Authority contributed \$7.7 million and \$9.1 million, respectively, to the Plan. Under the Plan, the Airport Authority pays a portion of the classic

participant's contribution, referred to as the "off-set." The offset is equal to 7.0 percent or 8.5 percent of the general classic members' base compensation and 9.6 percent of the executive classic members' base compensation. These contributions are included in the employee contribution. There is no offset for PEPRA participants.

### **NET PENSION LIABILITY (ASSET):**

The Airport Authority's net pension liability (asset) as of June 30, 2023, is measured as the total pension liability, less the pension plan's fiduciary net position. The total pension liability as of June 30, 2023, is measured as of June 30, 2022. The annual valuation used is as of June 30, 2021, rolled forward to June 30, 2022, using standard update procedures. A summary of the principal assumptions and methods used to determine the net pension liability (asset) follow.

### **ACTUARIAL ASSUMPTIONS:**

The total pension liability in the June 30, 2022, and June 30, 2021, actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

	lune 30, 2022	June 30, 2021
	Julie 30, 2022	June 30, 2021
Valuation date	June 30, 2021	June 30, 2020
Measurement date	June 30, 2022	June 30, 2021
Actarial cost method	Entry-age normal funding method	Entry-age normal funding method
Asset valuation method	Expected value with smoothing	Expected value with smoothing
Actuarial assumptions:		
Investment rate of return <sup>(1)</sup>	6.50%	6.50%
Inflation Rate	3.05%	3.05%
Interest Credited to Member Contributions	6.50%	6.50%

### Asset Cla

Domesti Internati Global e Domesti Return-S Real esta Private e Opportu

### **DISCOUNT RATE:**

For the June 30, 2022, and June 30, 2021, actuarial valuations, the discount rates used to measure the total pension liability was 6.5 percent. Based on plan funding expectations, no actuarial projection of cash flows was made as the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability (asset).

The long-term expected rate of return estimates for equity and fixed income are developed using a geometric (long-term compounded) building block approach: 1) expected returns based on observable information in the equity and fixed income markets and consensus estimates for major economic and capital market inputs, such as earnings and inflation, and 2) where necessary, judgment-based modifications are made to these inputs. Return assumptions for other assets classes are based on historical returns, current market characteristics, and professional judgements from SDCERS general investment consultant specialist research teams.

Best estimates of geometric long-term real rates and nominal rates of return for each major asset class are summarized below:

lass	Target Allocation	Long-term Expected Real Rates of Return	Long-term Expected Nominal Rates of Return
tic equity	19.0%	4.9%	7.5%
tional equity	12.0%	5.5%	8.0%
equity	8.0%	5.3%	7.8%
tic fixed income	22.0%	1.0%	3.5%
-Seeking Fixed Income	5.0%	4.4%	6.9%
tate	11.0%	3.2%	5.7%
equity and infrastructure	13.0%	7.5%	10.1%
unity fund	10.0%	4.6%	7.1%
	100.0%		

NOTE 7.

# DEFINED BENEFIT PLAN (CONTINUED)

The deferred outflows of resources, at June 30, 2023, and June 30, 2022, resulting from Airport Authority contributions subsequent to the measurement date and prior to year-end will be recognized as a reduction of the net pension liability in fiscal year 2024, and an increase to the net pension asset in fiscal year 2023.

Other amounts reported as deferred outflows/inflows of resources related to the plan at June 30, 2023, will be recognized in pension expense as follows:

Years ended June	30,	
2024	\$	382,007
2025		(179,075)
2026		(4,339,581)
2027		4,315,751
	\$	179,102

### NOTE 8.

### **PRESERVATION OF BENEFITS TRUST PLAN**

### **PRESERVATION OF BENEFITS TRUST PLAN (POB) DESCRIPTION:**

The Airport Authority's single-employer defined benefit pension plan established as the preservation of benefits and trust plan (POB), administered by SDCERS, provides benefits to POB members and beneficiaries. The POB was established on January 1, 2003, for the purpose of providing benefits to POB members in excess of San Diego City Charter, Code Section 415(b) limitations. Information regarding SDCERS is included in Note 7.

The San Diego City Charter Section 144 and San Diego Municipal Code Sections 24.1601 et seq. assign the authority to establish and amend the benefit provisions of the plans that participate in SDCERS to the SDCERS Board.

### **BENEFITS PROVIDED:**

Retirement benefits are provided to POB members with retirement benefits in excess of Code Section 415(b) who have participated in in the Plan since establishment of the POB. Participation ends for a portion of a plan year in which the retirement benefit of a retiree or beneficiary is not limited by Code Section 415(b) or when all benefit obligations to the retiree or beneficiary have been satisfied. Benefit payments are equal to the amount of retirement income that would have been payable, less the amount payable by the Plan. Benefit payments for the years ended June 30, 2023, and June 30, 2022, were \$20.6 thousand and \$52.4 thousand, respectively. The POB is unfunded and provides benefits on an annual basis as determined by SDCERS.

As of the measurement dates of June 30, 2022, and 2021, Plan membership was as follows:

	2022
Active employees	
Inactive employees or beneficiaries currently receiving benefits	
Total	

### **TOTAL PENSION LIABILITY:**

The Airport Authority's total pension liability as of June 30, 2023, and June 30, 2022, was \$1.6 million and \$2.4 million, respectively. The pension liability as of June 30, 2023, is measured as of June 30,

2022, using an annual actuarial valuation as of June 30, 2021, rolled forward to June 30, 2022, using standard update procedures. A summary of the principal assumptions and methods used to determine the net pension liability follow.

The deferred outflows of resources, at June 30, 2023, and June 30, 2022, resulting from Airport Authority contributions subsequent to the measurement date and prior to year-end will be recognized as a reduction of the net pension liability in fiscal years 2024 and 2023, respectively.

Amounts reported as deferred outflows/inflows of resources related to the plan will be recognized in pension expense as follows:

ears ended June	30,	
2023	\$	(92,524)
2024		(118,693)
2025		(239,522)
2026		-
	\$	(450,739)

The Airport Authority offers its employees a deferred compensation plan, which was created in accordance with Internal Revenue Code (IRC) Section 457. The Plan, which is available to all full-time Airport Authority employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, total disability, death, or unforeseeable emergency.

The plan is administered by the Airport Authority and contracted to an unrelated financial institution. Under the terms of an IRC Section

457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts held by the financial institution, until paid or made available to the employees or beneficiaries, are held in trust for employees.

Employee assets to be held in the IRC Section 457 plans are not the property of the Airport Authority and are not subject to the claims of the Airport Authority's general creditors. Accordingly, employee assets are not reflected in the Airport Authority's financial statements.

### NOTE 9.

# EMPLOYEES' DEFERRED COMPENSATION PLAN

### **NOTE 10.**

# OTHER POSTEMPLOYMENT BENEFITS

The Airport Authority provides an agent multipleemployer defined benefit postemployment benefit plan (the OPEB Plan). The OPEB Plan provides post-retirement medical, dental, vision and life insurance benefits for nonunion employees hired prior to May 1, 2006, and union employees hired prior to October 1, 2008. The employees are eligible for these benefits if they retire from active employment after age 55 with 20 years of service or age 62 with five years of service.

### PLAN DESCRIPTION:

As of May 8, 2009, the Board approved entering into an agreement with the California Employer's Retiree Benefit Trust (CERBT) fund. This is managed by California Public Employees Retirement System (CalPERS). CalPERS administers pension and health benefits for over two million California public employees, retirees, and their families. CalPERS was founded in 1932 and is the largest public pension fund in the United States. As of June 30, 2022, CalPERS managed \$440 billion in assets for more than 2,890 California employers. In 1988 and 2007, enabling statutes and regulations were enacted which permitted CalPERS to form the CERBT fund, an irrevocable Section 115 Trust, for the purpose of receiving employer contributions that will prefund health and other postemployment benefit costs for retirees and

their beneficiaries. Financial statements for CERBT may be obtained from CalPERS at P.O. Box 942709, Sacramento, CA 94229-2709.

### **FUNDING POLICY:**

CERBT requires a valuation of the liabilities and annual costs for benefits by an approved actuarial consulting firm. It is the Airport Authority's intent to budget and prefund the actuarially determined contributions (ADCs). As of May 9, 2009, the agreement with CERBT was approved. The retirees' contribution rate was raised from 5 percent to 10 percent of plan costs for single coverage and the entire cost of vision benefits, lowering the OPEB liabilities of the Airport Authority. Annually, the Airport Authority's goal is to fund 100 percent of the actuarially calculated ADC for its OPEB. In previous years, the Airport Authority has made contributions above the annual ADC which has resulted in a net OPEB asset. During the fiscal years ended June 30, 2023, and 2022, the Airport Authority's contributions were \$1.0 million and \$1.0 million, respectively.

A measurement date of June 30, 2022, and 2021, was used for the June 30, 2023, and June 30, 2022 OPEB assets and expenses. The information that follows was determined as of a valuation date of June 30, 2022, and June 30, 2021, respectively.

Membership in the OPEB by membership class at June 30, 2022, and 2021, is as follows:

	2022	2021
Active employees	101	1
Inactive employees entitled to but not receiving benefits	-	-
Inactive employees or beneficiaries currently receiving benefits	120

### DISCOUNT RATE:

The discount rate used to measure the net OPEB liability (asset) at June 30, 2023, and June 30, 2022, was 5.25 percent. Based on those assumptions, the OPEB Plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB Plan investments was applied to all periods of projected benefit payments to determine the net OPEB liability.

### **CHANGES IN THE NET OPEB LIABILITY (ASSET):**

Changes in the total OPEB liability, plan fiduciary net position, and the net OPEB asset through the year ended June 30, 2023, were as follows:

	Increase (Decrease)						
		Total OPEB	Net	Net OPEB Liability/			
		Liability		Position		(Asset)	
Balances as of June 30, 2022	\$	29,372,019	\$	33,729,495	\$	(4,357,476)	
Changes for the year:							
Service cost		570,006		-		570,006	
Interest on total OPEB liability		1,546,979		-		1,546,979

### NOTE 10. OPEB EXPENSE AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

**RELATED TO THE OPEB:** For the years ended June 30, 2023, and 2022, the Airport Authority recognized OPEB expense (income), as measured in accordance with GASB 75, of \$0.9 million and (\$0.2) million, respectively, and reported deferred inflows of resources and deferred outflows of resources related to the OPEB from the following sources:

For June 30, 2023	Deferred Outflows of Resources					
Net difference between projected and actual earnings	\$	2,917,281	\$	-		
Net difference between expected and actual experience		-		1,580,826		
Changes in assumptions		1,958,025		72,921		
Employer contributions made subsequent to						
June 30, 2022 measurement date		1,002,148		-		
Total	\$	5,877,454	\$	1,653,747		

For June 30, 2022	De	eferred Outflows of Resources	C	Deferred Inflows of Resources
Net difference between projected and actual earnings	\$	-	\$	1,793,923
Net difference between expected and actual experience		-		2,669,705
Changes in assumptions		3,301,280		437,533
Employer contributions made subsequent to				
June 30, 2021 measurement date		951,488		-
Total	\$	4,252,768	\$	4,901,161

The deferred outflows of resources at June 30, 2023, and June 30, 2022, related to OPEB resulting from Airport Authority contributions subsequent the measurement date and prior to year-end will be recognized as a reduction to the net OPEB liability in fiscal years 2024 and 2023, respectively.

Amounts reported as deferred outflows of resources and deferred inflows of resources at June 30, 2023, related to the OPEB will be recognized in OPEB expense as follows:

ears ended June 30,	
2024	\$ 888,373
2025	780,340
2026	473,166
2027	1,079,680
	\$ 3,221,559

The Airport Authority has a comprehensive Risk Act. As of June 30, 2023, and 2022, the Airport Management Program comprised of commercial Authority has designated \$13.8 million and \$13.1 insurance, self-insurance, loss mitigation/ million, respectively, from its net position, as an prevention, loss control, and claims administration. insurance contingency. The Airport Authority's coverage includes a variety of retentions or deductibles. A \$2.0 million reserve has been established

### COMMERCIALLY ISSUED INSURANCE:

• The Airport Authority maintains a minimum of \$500 million in limits for general liability insurance.

• The Airport Authority maintains a property insurance policy with minimum limits of \$750 million providing all risk and flood coverage for physical assets.

• The Airport Authority also maintains policies for workers' compensation, commercial auto, fiduciary liability, privacy and network security, crime, and public entity and employment practices liability, among others.

### SELF-INSURANCE:

Due to the exorbitant cost of earthquake insurance, the Airport Authority self-insures for losses due to earthquake damage. Effective July 1 2007, the Airport Authority removed the purchase of commercial earthquake insurance from the Risk Management Program and increased reliance on the laws designed to assist public entities through the Federal Emergency Management Agency and the California Disaster Assistance

within unrestricted net position by the Airport Authority's management to respond to uninsured and underinsured catastrophic losses. This fund is maintained pursuant to Board action only; there is no requirement that it be maintained.

### LOSS PREVENTION:

The Airport Authority has an active loss prevention program, staffed by a full-time risk manager, one risk analyst, a safety manager and two safety analysts. In addition, third party loss control engineers conduct safety surveys on an annual basis. Employees receive regular safety training and claims are monitored using a claims information system.

During fiscal year 2023, there were no significant reductions in insurance coverage from the prior year. For each of the past three fiscal years, settlements have not exceeded insurance coverage.

During fiscal year 2022, there were no significant reductions in insurance coverage from the prior year. For each of the past three fiscal years, settlements have not exceeded insurance coverage.

## **NOTE 11.**

### **RISK MANAGEMENT**

### NOTE 12. COMMITMENTS:

## COMMITMENTS AND CONTINGENCIES

As of June 30, 2023 and 2022, the Airport Authority had significant commitments for capital expenditures and other matters as described below:

The Airport Authority has funds which have been classified as noncurrent assets, primarily for the unpaid contractual portion of capital projects that are currently in progress and will not be funded by grants or additional debt but will be funded through Airport Authority cash. These amounts are for the estimated cost of capital projects that have been authorized by the Board for construction planning to proceed and for the contractual costs of upgrading certain major equipment. June 30, 2023 and 2022, these funds totaled approximately \$99.0 million and \$50.4 million, respectively, and are classified on the accompanying statements of net position as cash and investments designated for specific capital projects and other commitments.

As part of the MOU, services provided by the District Harbor Police are required to be purchased by the Airport Authority as long as SDIA continues to operate at the current location. At the time of the transfer, the Airport Authority entered into a Master Services Agreement, a Police Services Agreement and a Communications Services Agreement with the District, which described the services that the Airport Authority could purchase and the manner of calculating the payments for such services. The largest amount that became payable under any of these agreements is under the Police Services Agreement, which is for Harbor Police services. The District provides monthly billings to the Airport Authority, with payment generally due 30 days after the date of the invoice, and provision of appropriate supporting documentation. During the years ended June 30, 2023, and 2022, the Airport Authority expensed \$20.5 million and \$21.9 million respectively for these services.

In fiscal year 2019, the Board approved \$38.0

million contract with Ace Parking Management Inc., for parking management services. As of June 30, 2023, \$26.6 million has been spent and the contract is scheduled for completion in fiscal year 2024.

In fiscal year 2019, the Board approved \$46.8 million contract with Ace Parking Management Inc., for airport shuttle services. As of June 30, 2023, \$23.3 million has been spent for shuttle services and the contract was completed in fiscal year 2023.

In fiscal year 2023, the Board approved \$70.0 million contract with Ace Parking III, LLC for airport shuttle services. As of June 30, 2023, \$5.4 million has been spent for shuttle services and the contract is scheduled for completion in fiscal year 2027.

In fiscal year 2015, the Board approved a \$29.0 million contract with SP Plus Corporation to transport rental car companies' customers between the Rental Car Center facility and the terminals. The contract scope also includes the operation, management, and maintenance of the shuttle vehicles. In fiscal years 2016-2022, the Board approved an additional \$28.0 million. As of June 30, 2023, \$53.7 million had been spent and the contract was completed in fiscal year 2023.

In fiscal year 2022, the Board approved a \$103.0 million contract with SP Plus Corporation to transport rental car companies' customers between the Rental Car Center facility and the terminals. The contract scope also includes the operation, management, and maintenance of the shuttle vehicles. As of June 30, 2023, \$7.8 million had been spent and the contract is scheduled for completion in fiscal year 2027.

In fiscal year 2019, the Board approved a \$19.5 million contract with AECOM Technical Services, Inc. for on call program management, staffing support and consulting services. In fiscal year 2020, the board approved additional \$134.8 million. As of June 30, 2023, \$78.9 million has

year 2024.

In fiscal year 2020, the Board approved a \$35.0 million contract with Jacobs Engineering Group, Inc. to provide Airside-Landside Engineering consulting services. As of June 30, 2023, \$26.5 million had been spent and the contract is scheduled for completion in fiscal year 2025.

In fiscal year 2022, the Board approved a 19.4 million contract with SOLPAC Construction Inc. dba Soltek Pacific Construction to construct Solid and Liquid waste facilities. In fiscal year 2023, the board approved additional \$0.4 million. As of June 30, 2023, \$14.3 million had been spent and the contract is scheduled for completion in early fiscal year 2024.

been spent and the contract is scheduled for completion in fiscal year 2024.

In fiscal year 2021, the Board approved a \$16.2 million contract with Granite Construction Company for the construction of the West Refueler Loading Facility and the West Solid Waste Facility. In fiscal year 2022, the board approved additional \$1.0 million. As of June 30, 2023, \$15.1 million had been spent and the contract was completed in fiscal year 2023.

In fiscal year 2021, the Board approved an \$80 million contract with Turner-Flatiron, A Joint Venture for the design-build of terminal and roadways. In fiscal year 2022, the Board approved additional \$2.5 billion. As of June 30, 2023, \$684.7 million had been spent and the contract is scheduled for completion in early fiscal year 2028.

In fiscal year 2021 the Board approved a \$97.6 million contract with Sundt Construction for the design-build administration building. As of June 30, 2023, \$66.5 million had been spent and the contract is scheduled for completion in fiscal

### **CONTINGENCIES:**

As of June 30, 2023, the Airport Authority is subject to various contingencies including, but not limited to, contingencies arising from matters as described below:

The Airport Authority has leases and operating agreements with various tenants. These agreements typically include provisions requiring the tenants/operators to indemnify the Airport Authority for any damage to property or losses to the Airport Authority as a result of the tenant's operations. Also, the leases and operating agreements typically require the Airport Authority to be named as an additional insured under certain insurance policies of the tenants/ operators. The Airport Authority also tenders these claims to its own insurers once they become asserted claims. When these types of claims are asserted against the Airport Authority, the Airport Authority not only vigorously opposes them but also vigorously seeks contribution and/ or indemnity from all tenants/operators involved, from the tenants'/operators' insurers and from its own insurers. The Airport Authority's legal counsel cannot predict the net exposure to the Airport Authority with respect to these matters, or the probability or remoteness of any outcome.

The Airport Authority invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risks and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net position.

### **NOTE 12.**

# COMMITMENTS AND CONTINGENCIES (CONTINUED)

## CHANGE IN ACCOUNTING PRINCIPLE

NOTE 13. For the fiscal year ended June 30, 2023, the Airport Authority implemented GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Arrangements and GASB Statement No. 96, Subscription-Based Information Technology Arrangements. As required when presenting prior period comparative statements, the financial statements of the fiscal year ended June 30, 2022, have been retrospectively restated. The effects of the restatement are as follows:

		As Previously				As Previously	
Statement of Net Position	2022 as restated	Reported	Effect of Change	Statement of Cash Flows	2022 as restated	Reported	Effect of Change
