Vernon Evans, Vice President, Finance/Treasurer provided a presentation, which included background, taxicab service availability improvement actions, results of taxicab inventory increases and program improvements. He also presented information regarding taxicab passenger wait times.

MIKE MCDADE, SAN DIEGO, expressed concern regarding late night taxicab service, noting that there is little communication between the taxicabs and the Airport's Customer Service Representatives (CSRs), and the need for additional cameras in the hold lots. He also expressed concern about the trip fee and the future increase to \$1.

TONY HUESO, SAN DIEGO, stated that taxicab driver training does not address key issues, such as a language barrier. He requested assistance with having the trip fee placed on the meter.

KAMRAN HAMIDI, SAN DIEGO, submitted correspondence that proposed the taxi hold lot be relocated to reduce the passenger wait times.

In response to Board Member Robinson regarding the process to place the taxicab trip fee on the meter, Breton Lobner, General Counsel stated that MTS and the City of San Diego have not approved the trip fee being added to the meter. He stated that he continues to work closely with the San Diego City Attorney.
