San Diego County Regional Airport Authority

Investment Report As of May 31, 2011

Presented by:

Vernon D. Evans, CPA

Vice-President-Finance/Treasurer and CFO

June 27, 2011

This report is prepared for the San Diego County Regional Airport Authority (the "Authority") in accordance with California Government Code Section 53646, which states that "the treasurer or chief fiscal officer may render a quarterly report to the chief executive officer, the internal auditor, and the legislative body of the local agency within 30 days following the end of the quarter covered by the report."

The investment report and investment portfolio are in compliance with California Government Code Section 53646 and the Authority's approved Investment Policy. All investment transactions made in the Authority's portfolio during this period were made on behalf of the Authority. Sufficient liquidity and anticipated revenue are available to meet expenditure requirements for the next six months.

San Diego County Regional Airport Authority

Analysis of CalTrust Funds as Potential Investment Options for Authority Funds

Presented by:

Vernon D. Evans, CPA

Vice President-Finance/Treasurer and CFO

Analysis of CalTrust Funds for Investment

- CalTrust is a Joint Powers Authority established for the purpose of pooling and investing local agency funds.
- A Board of Trustees made up of experienced investment officers and policy-makers administers the investment program.

CalTrust Heritage Money Market Fund Analysis

The CalTrust Heritage Money Market Fund has \$50 billion in assets and has attained the highest credit rating (AAA/Aaa) by two of the three largest nationally recognized rating services. Therefore, CalTrust is an allowable investment under section 6(m) of the Authority's Investment Policy.

- The Authority's current money market fund (HighMark) is a sweep account currently tied to our Union Bank custodial account and cannot be replaced with the CalTrust Heritage Money Market Fund.
- Another use of the CalTrust Heritage Money Market Fund could be as a possible alternative for the Authority's demand deposit accounts.
- The Fund typically yields 16 BP compared to our collateralized demand deposits that yield 45 – 60 BP.

CalTrust Heritage Money Market Fund

Recommendation

- Finance does not recommend investing in the Heritage Money Market Account at this time.

CalTrust Heritage Short-Term Fund

Analysis

The CalTrust Short-Term Fund was formed in 2005. The Fund has \$397 million in assets and has attained a credit rating of Aaf/S1+.

- As of April 2011, the Fund is primarily composed of:
 - Agencies (51%)
 - US Corporate Securities (29%)
 - Municipals (7%)
 - Pass-through mortgage-backed securities (7%)
 - Commercial paper (4%)
- Possible alternative to the Local Agency Investment Fund (LAIF) and the San Diego County Investment Pool (SDCIP).
- Over an 11 month history, the Fund averages a yield that is approximately 9 BP higher than LAIF but 13 BP lower than SDCIP.

CalTrust Heritage Short-Term Fund Analysis

- The Short-Term Fund, at \$397 million in assets, is significantly smaller than LAIF's \$24 billion fund and SDCIP's \$7 billion fund.
- The Fund is a variable net asset value investment. This means that there is principle risk should the net-asset-value per share decline.
- CalTrust's investment policy is less restrictive than the Authority's in several instances. A few examples are:
 - The Authority allows 15% of the portfolio to be comprised of Medium Term Notes while CalTrust allows 30%
 - The Authority requires an A+ rating for Repurchase Agreements. CalTrust does not have a rating requirement.

CalTrust Heritage Short-Term Fund

Summary of Pros & Cons

- **Pros**

- Approximately 9 BP yield advantage over LAIF
- Similar liquidity to our existing pools (1 day liquidity)
- Provides diversification to our existing pool holdings

- **Cons**

- The Short-Term Fund, at \$397 million, is much smaller than the Authority Investment Policy's \$1 Billion asset requirement for LGIPs
- The Fund's Aaf/S1+ credit rating is less than the Authority Investment Policy's AAA requirement for LGIPs
- As a net asset value fund, should interest rates rise, the price-per-share of the fund would fall. There is some risk to the principle investment should the price-per-share decline.
- To be eligible for investment, the Fund will need to be designated as a specific authorized investment in the Authority's Investment Policy.

CalTrust Heritage Short-Term Fund Recommendation

- The CalTrust Short-Term Fund has been reviewed by First Southwest Asset Management, the Authority's investment advisor. In their recommendation to the Authority, they state that the Fund is relatively low risk but that they would prefer to monitor the fund and wait until a future date to place an investment.
