Item No. 1

STAFF REPORT

Meeting Date: JANUARY 28, 2019

Subject:

Appointments to Board Committees, Liaison Positions, Other Representative and Alternate Positions

Recommendation:

Adopt Resolution No. 2019-0011, appointing Board Member Johanna Schiavoni as the primary member and Board Member Michael Schumacher as the alternate to the SANDAG Transportation Committee.

Background/Justification:

Public Utilities Code §132351.4(a)(2)(A) provides that a member of the Authority Board shall serve on the San Diego Association of Governments (SANDAG) transportation committee. Pursuant to Authority Policy 1.50(5)(b), the Board must appoint a representative to the SANDAG Transportation Committee.

Pursuant to California Code Regulation Section 18702.5, *Materiality Standard: Financial Interest in a Personal Financial Effect*, the Authority is required to post on its website, a F.P.P.C. Form 806 (See Exhibit A), listing all paid appointed positions on boards, committees, or commissions of a public agency, prior to the appointments being made.

Most committee terms are due to expire in February 2019. It is recommended that the Board appoint Board Member Schiavoni as the primary member and Board Member Schumacher as an alternate to the SANDAG Transportation Committee.

The responsibilities of the SANDAG Transportation Committee are as follows:

<u>SANDAG Transportation Committee</u> - The Transportation Committee advises the SANDAG Board of Directors on major policy-level matters related to transportation. This Committee assists in the preparation of the Regional Transportation Plan (RTP) and other regional transportation planning and programming efforts. It provides oversight for the major highway, transit, regional arterial, and regional bikeway projects funded under the Regional Transportation Improvement Program, including the *TransNet* Program of Projects. Areas of interest include project schedules, costs, and scope.

Fiscal Impact:

Legislation limits compensation for Board Members to \$200 per day of service, with a maximum of eight (8) days per month. Adequate funds for Board Member compensation are included in the Authority Board Department adopted FY 2019 and conceptually approved FY 2020 Operating Expense Budgets.

Third quarter GDP grew at an annualized rate of 3.4% (revised down slightly from the second estimate of 3.5%). This follows growth of 4.2% in the second quarter. Inventories and consumer spending drove growth in the third quarter, while net exports were a drag. The consensus forecast calls for GDP growth of 2.6% in the fourth quarter, 2.3% in the current quarter, and 2.6% in 2019.

Initial Claims For Unemployment

For the week ending January 5, initial jobless claims fell by 17,000 to 216,000. The 4-week moving average increased by 2,500 to 221,750. Initial jobless claims reflect strong demand for labor and are consistent with a healthy labor market.

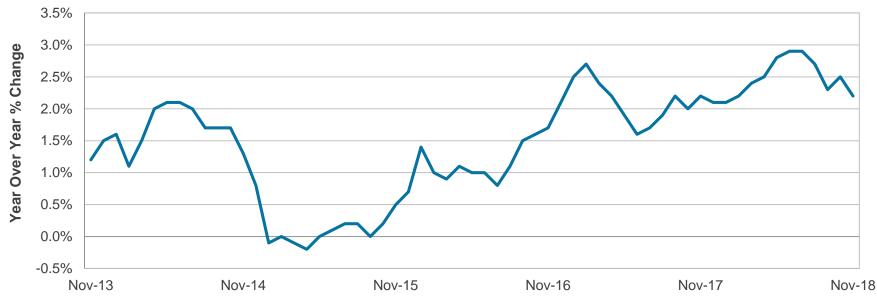

Consumer Price Index

The Consumer Price Index (CPI) was up just 2.2% year-over-year in November, versus up 2.5% year-over-year in October. Core CPI (CPI less food and energy) was also up 2.2% year-over-year in November, versus up 2.1% year-over-year in October.

Personal Income and Spending

Personal income rose by just 0.2% in November, slightly below expectations. Consumer spending increased at a solid pace, up 0.4% in the month, slightly ahead of expectations. Growth in personal income and spending appears modest.

Consumer Confidence Index

The Consumer Confidence Index remains strong but eased to 128.1 in December from 136.4 in November. Labor market strength should continue to support consumer confidence and spending trends.

Existing Home Sales

Existing home sales increased 1.9% in November to a seasonally adjusted rate of 5.320 million units. On a year-overyear basis, sales of existing homes were down 7.0% in November. Higher interest rates, following a long period of home price appreciation, is pressuring the housing market.

New Home Sales

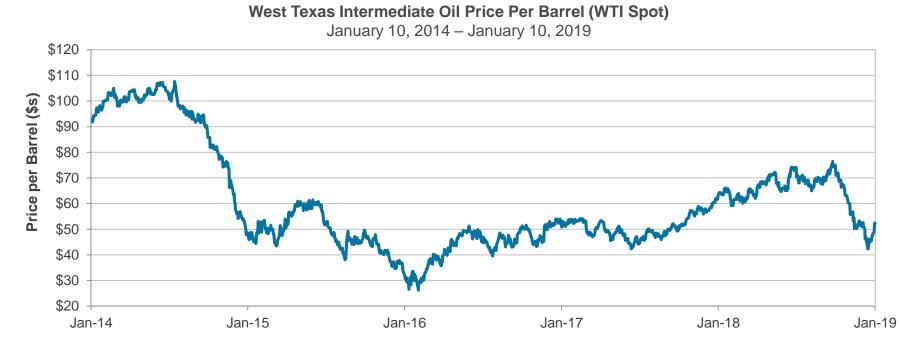

New home sales declined 8.9% in October to an annualized rate of 544,000 units, below expectations. Year-over-year, new home sales were down 12.0% in October. Median prices were also down 3.1% year-over-year. The new home sales report for November has been delayed due to the government shutdown.

U.S. New Home Sales October 2008 – October 2018

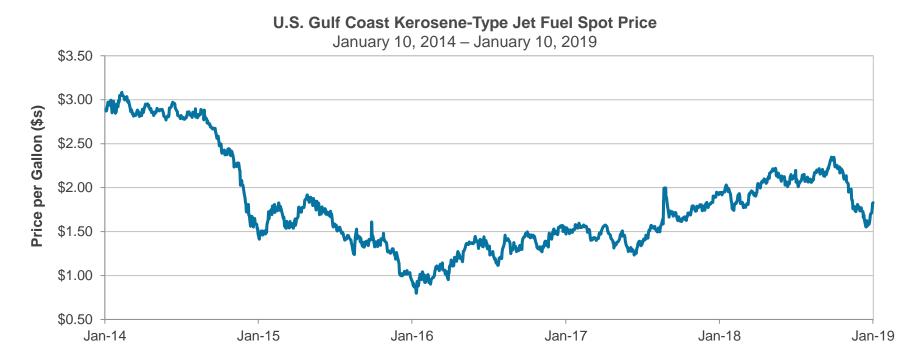

Crude Oil Prices

U.S. West Texas Intermediate (WTI) crude settled at \$52.36 per barrel on January 9, above its one month average of \$48.00 but below its one year average of \$64.64. Oil prices fell precipitously in the fourth quarter of 2018 due in part to dollar strength, concerns about slower-than-expected global demand, and rising supply. Prices have recently ticked higher on increased optimism about US-China trade talks and Saudi Arabia's plan to cut crude exports.

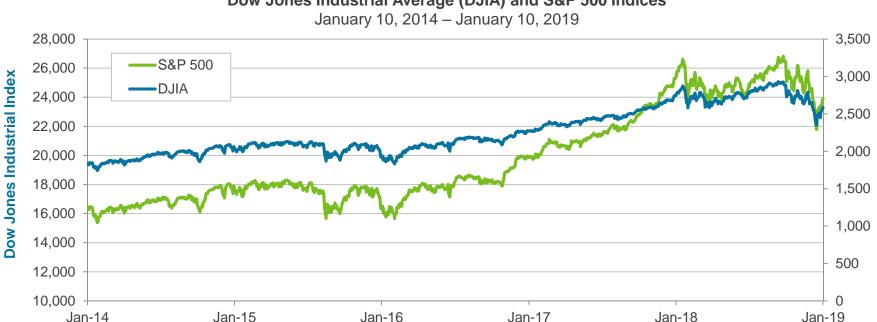

Jet Fuel Prices

Jet fuel (U.S. Gulf Coast Spot) closed at \$1.821 per gallon on January 9, which was above its one month average of \$1.680 but below its one year average of \$2.017.

U.S. Equity Markets

In 2018, the DJIA fell 5.6% and the S&P 500 index declined 6.2%. Year-to-date, the DJIA and S&P 500 indices are up 2.4% and 3.1%, respectively. The US equity markets remain volatile in light of an uncertain outlook for economic growth.

Treasury Yield History

On a year-over-year basis, Treasury yields have increased and the Treasury yield curve has flattened. In December 2018, a portion of the Treasury yield curve inverted with the yield on 5-year Treasuries falling below the yield on 2-year Treasuries. Notably, the yield on 5-year Treasuries temporarily fell below the yield on 3-month T-bills in early January. Although the yield curve hasn't completely inverted, we believe the current flatness of the curve reflects a high level of market participants' nervousness about the outlook for economic growth.

U.S. Treasury Yield Curve

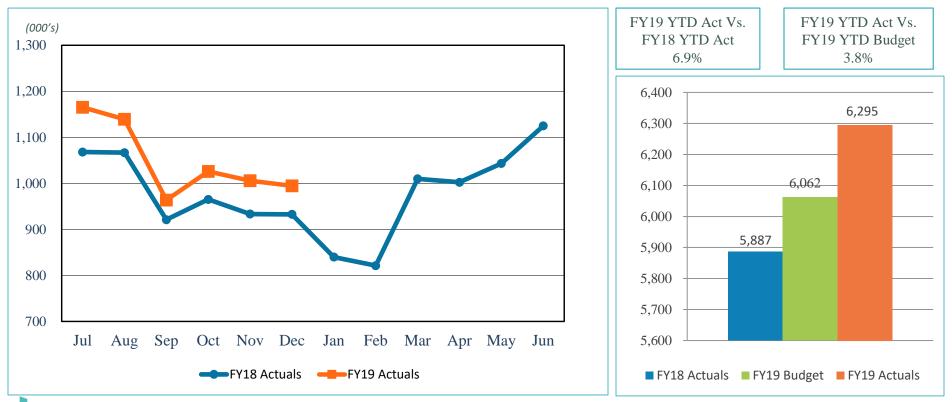

Year-over-year, the spread between 2-year and 10-year Treasuries has compressed to about 16 basis points from about 59 basis points at this time last year. The Fed has raised the fed funds target rate by 175 basis points since March 15, 2017 (most recently in December 2018), which has fueled an increase in short-term rates. Meanwhile, low inflation expectations and concerns about global economic growth have kept downward pressure on long-term rates.

Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. Fixed income investments are subject to interest, credit and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.

FINANCE COMMITTEE

Meeting Date: JANUARY 28, 2019

Subject:

AUTHORIZE THE PRESIDENT/CEO TO NEGOTIATE AND AMEND A LETTER OF CREDIT AND REIMBURSEMENT AGREEMENT WITH US BANK, NA TO SUPPORT THE AUTHORITY'S BONDING AND CONTRACT FINANCING ASSISTANCE PROGRAM

Recommendation:

Forward to the Board with a recommendation for approval.

Background/Justification:

The Authority's Procurement & Small Business Development Department manages the Bonding and Contract Financing Assistance Program (Program). The purpose of this Program is to assist contractors, wishing to do business with the Authority, who are having difficulty in obtaining required surety bonds. As part of the Program the Authority utilizes a Standby Letter of Credit Facility (SBLCF) to allow the issuance of individual Standby Letters of Credit (LOC) to sureties and lenders. LOC's are issued on behalf of small business contractors to support their participation in SDCRAA contracts. To minimize credit risk the Authority conducts a rigorous process to evaluate and educate the contractors whom wish to utilize the Program and provides a framework to ensure they have the tools to be successful. Authority Staff will also monitor the projects as they proceed. As part of the Program staff also work with sureties and lenders to ensure underwriting criteria adequately protects Authority resources.

The existing SBLCF that supports the Program is provided by US Bank and will expire on February 28, 2019. The Program is authorized to issue up to \$4,000,000 of LOCs at any one time in amounts not to exceed \$750,000, for a maximum term of 12 months, but can be renewed on an annual basis. The LOC's are secured with a cash collateral deposit held by the bank.

The costs to maintain and operate the SBLCF include an issuing fee of 0.85% of the face value of the LOC and a non-utilized fee of 0.60%. All-in-costs are expected to average \$30,000 per year; however these costs will be offset by the interest income generated from the collateral account.

The SBLCF was last Bid in FY16 and a three year contract was agreed with US Bank. The Authority would like to seek Board approval to renew the current agreement, on the same terms for a further 3 years (Attachment A). The SBLCF can then be re-bid along with the commercial banking contract which is due to expire in April of 2020. It is considered by staff that more favorable terms can be negotiated if the SBLCF is bid in conjunction with the commercial banking agreement.

Fiscal Impact:

Adequate funding for the SBLCF is included in the adopted FY 2019 and conceptually approved FY 2020 Operating Expense Budgets within the Outside Services line item. Expenses impacting future budget years not yet adopted/approved by the board will be included in future year budget requests.

Authority Strategies:

This item supports one or more of the Authority Strategies, as follows:

🛛 Community	Customer	Employee	Financial	Operations
Strategy	Strategy	Strategy	Strategy	Strategy

Environmental Review:

- A. CEQA: This Board action is not a project that would have a significant effect on the environment as defined by the California Environmental Quality Act ("CEQA"), as amended. 14 Cal. Code Regs. §15378. This Board action is not a "project" subject to CEQA. Cal. Pub. Res. Code §21065.
- B. California Coastal Act Review: This Board action is not a "development" as defined by the California Coastal Act. Cal. Pub. Res. Code §30106.

Application of Inclusionary Policies:

The Authority has the following inclusionary programs/policies: a Disadvantaged Business Enterprise (DBE) Program, an Airport Concession Disadvantaged Business Enterprise (ACDBE) Program, Policy 5.12 and Policy 5.14. These programs/policies are intended to promote the inclusion of small, local, service disabled veteran owned, historically underrepresented businesses and other business enterprises, on all contracts. Only one of the programs/policies named above can be used in any single contracting opportunity.

This contract does not utilize federal funds and provides limited opportunities for subcontractor participation; therefore; at the option of the Authority, Policy 5.12 was applied to promote the participation of qualified small businesses. Policy 5.12 provides a preference of up to five percent (5%) to small businesses in the award of selected Authority contracts. When bid price is the primary selection criteria, the maximum amount of the preference cannot exceed \$100,000. The preference is only applied in measuring the bid. The final contract award is based on the amount of the original bid. In accordance to Policy 5.12, the recommended firm, US Bank, received 0% small business preference.

Kim Becken Japan 11/07- 11/11/18

GOAL: Leverage long-term connectivity with the Japanese market in order to create new business opportunities in the defense, life sciences, and robotics industries, and continue to position the San Diego region as a global innovation hub. Core delegation will be comprised of approximately 30 of the region's senior officials, executives, and academic leadership.

WHY: Japan is San Diego County's top source of foreign direct investment, accounting for nearly 12,000 local jobs across 407 firms. Since Japan Airlines began its non-stop, daily service from the San Diego Airport to Tokyo's Narita Airport in 2012, both San Diego and Japan have come to enjoy economic success and an influx of visitors, all who've added to the prosperity of both regions. Anchored by largescale investments by multinationals like Kyocera and Takeda, San Diego's ties to Japan have been deepened in recent years by the opening of Biocom and UCSD offices in Tokyo, Kyoto University's establishment of a liaison office in San Diego, and new flows of capital, firms, and exports in high tech industries. New advancements in robotics, AI, biotech and defense on both sides of the Pacific are creating new opportunities for partnerships between San Diego and one of its most important markets.

Subject: Request for an additional Travel Expense

Hi April,

I am traveling to a the Aviation Issues Conference next week and realized I did not get approval for a rental car. I believe the process to request approval outside a formal request to the Board is to make the request directly to the Chair and then report it on my travel expenses when I return. Typically I don't get a car but in this case, the cost of the taxi or shuttle is \$54. One way or a total of \$108. The car will be a bit more for the 6 days I am there, but I am hoping to get approval to rent the car and seek reimbursement for the amount equivalent to the taxi/shuttle fare and pay for the balance personally. I expect that I will be attending dinners with airlines and tenants off site and the vehicle will be helpful given the location of the hotel.

With your permission I will submit this request and your response to the Board along with my travel statement at the end of the trip.

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

EXECUTIVE COMMITTEE

Meeting Date: JANUARY 28, 2019

Subject:

Review Proposed Amendments to Authority Codes and Policies

Recommendation:

Review proposed amendments, provide possible direction to staff, and forward to the Board with a recommendation for approval.

Background/Justification:

The Authority Codes and Policies were initially adopted by the Interim Authority Board on September 20, 2002. Since 2003, the year the San Diego County Regional Airport Authority ("Authority) was formed and began operating San Diego International Airport ("Airport") and acting as the Airport Land Use Commission, there has not been a comprehensive and thorough review of the Authority's Codes and Policies.

Staff initiated a review of the codes and policies in order to ensure that they reflect the current operations of the Airport and Authority, and are accurate and consistent with applicable Federal, State and local laws and regulations. Amending the codes will also provide alignment with Airport Rules and Regulations.

In order to perform a thorough review, departments and stakeholders responsible for compliance with the requirements of individual codes and policies conducted a thorough review and recommended revisions, an Executive Project Team consisting of Two Vice Presidents was created to review all proposed amendments and the General Counsel's Office reviewed all proposed amendments.

Staff will be presenting additional amendments to the Executive Committee for review at upcoming Executive Committee meetings prior to forwarding them to the Board for approval. We anticipate that it will take approximately 2 more workshops for the Committee to complete its review of all proposed amendments.
