Meeting Date: July 10, 2025

### Report of Determinations of Consistency with Airport Land Use Compatibility Plans

Pursuant to Airport Authority Policy 8.30 and acting in its delegated capacity as the Airport Land Use Commission (ALUC) for San Diego County, Airport Authority staff has issued the following consistency determinations per their respective Airport Land Use Compatibility Plans (ALUCPs). Authority Policy 8.30(3)(f)(2) states that any determination made by Authority staff in its delegated capacity shall be placed on the ALUC agenda for the next available meeting and shall be considered final if no further action is taken by the ALUC.

#### Gillespie Field ALUCP:

##### **Construction of 285 Residential Units at Park Center Drive and Cottonwood Avenue, City of Santee**

Deemed Complete and Conditionally Consistent on June 3, 2025

Description of Project: The project involves the construction of 285 residential units on a property of 22.15 acres.

Noise Contours: The proposed project lies outside the 60 decibel Community Noise Equivalent Level (dB CNEL) noise exposure contour. The ALUCP identifies residential uses located outside the 60 dB CNEL noise contour as compatible with airport uses.

Airspace Protection Surfaces: The maximum height of the proposed project structures will be approximately 387 feet above mean sea level (38 feet above ground level). The maximum height of the proposed temporary construction crane will be 508 feet above mean sea level (160 feet above ground level). The proposed project is in compliance with the ALUCP airspace protection surfaces because determinations of no hazard to air navigation have been issued by the Federal Aviation Administration (FAA).

Safety Zones: The proposed project is partially located within Safety Zone 6. The ALUCP identifies residential uses located within Safety Zone 6 as compatible with airport uses.

Overflight Notification: The proposed project is located within the overflight notification area. The ALUCP requires that a means of overflight notification be provided for new residential land uses. Therefore, as a condition of project approval, a means of overflight notification must be provided for the residential unit.

The developer is City Ventures of Irvine, whose contact is disclosed as Micheal You. The architect is KTG Architecture and Planning of Irvine.
