NEW BUSINESS:

- 15. DISCUSSION AND POSSIBLE ACTION ON INDEMNIFYING THE METROPOLITAN TRANSIT AUTHORITY (MTS) ET AL RE: AIRPORT TAXICAB TRIP FEES:**
Breton Lobner, General Counsel, provided an overview of the taxicab trip fee issue. He stated that the taxicab trip fee is a user fee charged to recover actual costs to taxicabs for operating at the airport, and that all other commercial ground transportation providers pay the airport some type of fee as well. He reported that the Board requested staff to investigate placing the fee on the taxicab meter so that passengers would pay the fee instead of the driver. He stated that the Metropolitan Transit Authority (MTS) requested that the Airport Authority indemnify both MTS and the City of San Diego to place the trip fee on the meter. He distributed a proposed Indemnity Agreement to the Board during the discussion of the item.

GORDON CHURCHILL, SAN DIEGO, spoke in favor of the Indemnity Agreement and imposing the trip fee on the passengers.

In response to Board Member Hubbs regarding why the fee is not imposed on the permit holders, Mr. Lobner explained that the permit is between the Authority and the vehicle owner, and the driver is licensed and permitted separately. He stated that staff was imposing a cost recovery system on taxi and shuttle operators so that the expenses are shared.

Board Member Young arrived to the dais at 10:10 a.m.

RECOMMENDATION: None.

ACTION: Moved by Board Member Panknin and seconded by Board Member Smisek to authorize the President/CEO to execute the Indemnity Agreement between the Authority, the City of San Diego, and the San Diego Metropolitan Transit System (MTS), should they agree to a similar authorization, and to the extent that it is in form and substance, substantially the same as it is presented today. Motion carried by the following vote: YES – Cox, Desmond, Gleason, Panknin, Robinson, Smisek, Young; NO – Boland, Hubbs; ABSENT – None. (Weighted Vote Points: YES – 75; NO – 25; ABSENT – 0)

She stated that staff will begin meeting with taxi and shuttle representatives and intend to have the items completed within the next 60 days.

Board Member Panknin stated that eliminating the front of the line privileges would be doing a disservice to those who purchase the vehicles. He stated that since the front of the line privileges were suspended, the Authority should consider extending the time allotted for front of the line privileges so that the drivers can realize the benefits.

Board Member Boland concurred, stating that not many benefit from the front of the line privilege and it should be eliminated.

Board Member Cox agreed that front of the line privileges should be eliminated, but stated that staff needs to come back to the Board with other alternatives, and to focus on giving other financial incentives to encourage conversion to hybrid vehicles.

Board Member Hubbs concurred that front of the line privileges should be eliminated, but stated that a monetary incentive should be provided instead.

Board Member Young stated that front of the line should be eliminated.

Board Member Desmond stated that owners that bought hybrid vehicles under the front of the line incentive need to be made whole. He stated that the Authority should consider a concession.

Board Member Robinson stated that front of the line privileges should be decreased but not eliminated. He stated that front of the line privileges should be allowed once a day and a new incentive program should be in place before they are removed completely.

Board Member Cox suggested that staff report back to the Board on additional concerns of those who purchased hybrid vehicles.

Board Member Panknin spoke in favor of suspending the vehicle age requirement for one year.

Chair Gleason stated that he would like to see other options for vehicle conversion incentives, and encouraged staff to continue working on solutions regarding the vehicle age requirement.
