Board Member Boland noted that while it is important to reduce expenses, he suggested that funding for employee training and development not be cut.

Chair Gleason suggested that at the June Board meeting, the Board should consider increasing the taxi trip fee from 50% to 100%.

Board Member Hubbs requested to receive metrics on the unfrozen position in the Procurement department and the costs associated with them. He also requested an overview of the increased workload used to justify all new positions.

Chair Gleason noted that it would be helpful to receive an explanation from staff on why the positions are needed for the Board's clarification.

In response to Board Member Hubbs regarding why additional staff is needed now, Ms. Bowens stated that there appears to be some confusion between the operating budget, the Green Build and the Capital part of the budget. She stated that the positions associated with the Green Build are not part of the operating budget. She further stated that the Authority is bringing in employees who are maintaining our facilities and that it is more cost effective to bring in additional staff rather than pay overtime to existing staff.

Board Member Hubbs requested a chart that lists the increases in business development costs.

Chair Gleason stated that the Board needs a briefing on all promotional activities and expenses that will be scheduled in relation to the Green Build. He requested that staff provide a very short explanation of what promotional expenses are in the 2013 budget.

Chair Gleason requested that staff provide a report of Harbor Police expenses for last year and the proposed expenses in the budget to see the percentage of the increase.

Board Member Desmond left the dais at 3:00 p.m.

Board Member Hubbs requested a copy of the study regarding achieving a balance between bringing in consultants versus hiring staff in regards to program management.

Ms. Bowens stated that this issue will be calendared for a future agenda.
