SAN DIEGO COUNTY
REGIONAL AIRPORT AUTHORITY
Airport Land Use Commission
STAFF REPORT

Item No.

4

Meeting Date: **NOVEMBER 3, 2011**

Subject:

Status Update on the Development of the San Diego International Airport-Airport Land Use Compatibility Plan

Recommendation:

Receive the report.

Background/Justification:

ALUC staff is more than half-way through with the public outreach component of the SDIA ALUCP update. Below is a list of Steering Committee meetings and Public Workshops that have been held to date:

- January 25, 2011- Public Workshop/Kick-Off
- February 23, 2011- SDIA Environs
- March 9, 2011- Overflight
- April 28, 2011- Noise Steering Committee and Public Workshop
- June 16, 2011- Airspace
- July 21, 2011- Airspace, Part 2
- September 29, 2011- Safety, Part 1

On September 29, 2011, an SDIA Steering Committee meeting was held on the first component of the safety compatibility discussion, focusing on potential safety zones around SDIA. The draft safety matrix and policies will be covered at the next meeting scheduled for November 10, 2011. This schedule is dependent upon Caltrans approving an update to the California Airport Land Use Planning Handbook. Policy direction on the safety compatibility factor will be sought from the ALUC at a subsequent meeting.

The following scheduled meetings remain:

- *November 10, 2011- Safety Part 2*
- *December 8, 2011- Wrap-Up*

The focus of the Wrap-Up meeting will be to cover the Airport Influence Area as well as policies that don't specifically fit under the four compatibility factors of noise, safety, airspace, and overflight.

All information regarding the Steering Committee meetings and materials can be found at www.san.org/alucp.

The draft SDIA ALUCP and associated environmental documentation is expected to be complete in 2013.

Fiscal Impact:

The SDIA ALUCP update program is funded through the FY12 Airport Planning operating budget.
