Facility Description and Activities

**SkyWest is contracted to fly planes for Delta. Skywest does not hold lease space; however, they land airplanes at the San Diego Airport.

1. WFS handles cargo for Delta as a subtenant.
2. UNIFI is Delta's subtenant for GSE maintenance. UNIFI operates the GSE maintenance shop located at the Airline Support Building (ASB). UNIFI performs vehicle and GSE maintenance for Delta. Maintenance is only performed inside the GSE maintenance shop at the ASB, none is performed on the ramp. In addition to maintenance, UNIFI provides ground handling and baggage services.
3. Ground support equipment, cargo containers, dollies, and other items are stored behind the ASB, west RON, and North Ramp.
4. Delta's own technicians perform aircraft maintenance at the gates.
5. Vehicles and GSE are washed at the Authority wash rack.
6. Spill kits are located at, or in close proximity to, every gate with a larger cart on west ramp.
7. Delta/UNIFI each performs regular inspections of vehicles/GSE and aircraft during fueling operations.
8. All fueling is performed by Menzies.
9. Flushing of potable water lines is not performed.
10. Hazardous wastes are collected by Univar Solutions (formerly Nexeo Solutions LLC), who does liquid waste recycling.
11. Tenant has a Corporate Storm Water Pollution Prevention Plan, a Hazardous Waste Emergency Plan, a Hazardous Waste Management Plan, and a FOD Plan.
12. Delta operates out of gates 35-38, 46, 47, and ASB/Cargo #3 and #6. Delta also operates at shared gates 45 and 48 (~1 flight per day).
13. A Hazardous Materials locker is in a roll up cage outside at Gate 47.
