Facility Description and Activities

1. DHL has one cargo plane (767 plane) that comes in in the AM.
2. DHL trucks come on site (through the WA St. entrance) to pick up cargo and take it back to off site facility for sorting.
3. WFS Cargo, which was previously IAS (vendor to DHL) unloads the plane and does all ground handling. CAS purchased IAS within FY16. The airport has contracts with WFS (previously CAS/IAS) under the name IAS, which is why it may still be on some current paperwork. WFS (previously CAS) does not lease space.
4. GDX also has 2 trucks that come on site to pick up cargo. Other vendors who drop off containers are Letter Ride, CEVA, and FasTrucking.
5. Plane is loaded in the PM with material from incoming trucks.
6. Atlas Air (vendor) does maintenance on the DHL plane on the ramp.
7. DHL ground service equipment is maintained and contracted through Signature/LGSTX. Equipment is taken to Signature if maintenance is required.
8. No washing of any equipment is performed on the ramp.
9. Signature fuel the DHL plane and ground service equipment.
10. Bathroom for the DHL portable lavatory is serviced by Diamond Environmental.
11. There is one DHL office trailer on site.
12. There are two self contained Diamond port-o-potties on site for DHL employees.
13. There are 2 conex containers on the ramp where maintenance supplies and equipment are stored. This belongs to Atlas Air.
14. Hazardous wastes are stored in clamshells outside.
15. All ground service equipment are parked on the ramp by the trailers.
16. DHL employees do safety training which includes spill response procedures.
17. Spill kit and supplies are located indoors in room at DHL trailer.
18. No aircraft lavatory services occur at SAN. All DHL aircrafts get serviced at PHX.

Significant Materials/Activities Potentially Exposed to Storm WaterPotential Pollutant Sources

Cargo handling
Equipment storage
Fluid leaks
Fuel spills, Fuel transfer
Material loading/unloading
Outdoor waste storage
Tank fuel transfer
Trash collection

Potential Pollutants

Cleaning Solutions
Degreasers (Citrus based)
Food Waste
Fuel
Fuel (Jet)
Hydraulic Fluids
Lavatory Chemicals
Lavatory Wastes
Oil & Grease

Individual Tenant Summary From Appendix E

Paints
