Pursuant to California Public Utilities Code §§ 21670-21679.5, the Airport Land Use Commission ("Commission") is responsible for coordinating the airport planning of public agencies within San Diego County. The Commission has the legal responsibility to formulate airport land use compatibility plans ("ALUCPs") that will (a) provide for the orderly growth of each public airport and the areas surrounding the airport within the County and (b) safeguard the general welfare of the inhabitants within the vicinity of each airport and the public in general. Pursuant to §21670.3, the San Diego County Regional Airport Authority serves as the Commission.

This Agenda contains a brief general description of each item to be considered. The indication of a recommended action does not indicate what action (if any) may be taken. **Please note that agenda items may be taken out of order.** If comments are made to the Commission without prior notice or are not listed on the Agenda, no specific answers or responses should be expected at this meeting pursuant to State law.

Staff Reports and documentation relating to each item of business on the Agenda are on file in the Corporate & Information Governance/Authority Clerk Department and are available for public inspection.

NOTE: Pursuant to Authority Code Section 2.15, all Lobbyists shall register as an Authority Lobbyist with the Authority Clerk within ten (10) days of qualifying as a lobbyist. A qualifying lobbyist is any individual who receives \$100 or more in any calendar month to lobby any Commission Member or employee of the Authority for the purpose of influencing any action of the Authority. To obtain Lobbyist Registration Statement Forms, contact the Corporate & Information Governance/Authority Clerk Department.

PLEASE COMPLETE A "REQUEST TO SPEAK" FORM PRIOR TO THE COMMENCEMENT OF THE MEETING AND SUBMIT IT TO THE AUTHORITY CLERK. **PLEASE REVIEW THE POLICY FOR PUBLIC PARTICIPATION IN BOARD AND BOARD COMMISSION MEETINGS (PUBLIC COMMENT) LOCATED AT THE END OF THE AGENDA.**

CALL TO ORDER:

PLEDGE OF ALLEGIANCE:

ROLL CALL:

NON-AGENDA PUBLIC COMMENT:

Non-Agenda Public Comment is reserved for members of the public wishing to address the Commission on matters for which another opportunity to speak **is not provided on the Agenda**, and which is within the jurisdiction of the Commission. Please submit a completed speaker slip to the Authority Clerk. ***Each individual speaker is limited to three (3) minutes. Applicants, groups and jurisdictions referring items to the Board for action are limited to five (5) minutes.***

Note: Persons wishing to speak on specific items should reserve their comments until the specific item is taken up by the Commission.

CONSENT AGENDA (Items 1-3):

The Consent Agenda contains items that are routine in nature and non-controversial. It also contains consistency determinations that have been deemed consistent or conditionally consistent. The matters listed under 'Consent Agenda' may be approved by one motion. Any Commission Member may remove an item for separate consideration. Items so removed will be heard before the scheduled New Business items, unless otherwise directed by the Chair.

1. APPROVAL OF MINUTES:

The Airport Land Use Commission is requested to approve minutes of prior Commission meetings.

RECOMMENDATION: Approve the minutes of May 19, 2016 meeting.

COMMISSION COMMENT:

ADJOURNMENT:

Policy for Public Participation in Board, Airport Land Use Commission (ALUC), and Committee Meetings (Public Comment)

- 1) Persons wishing to address the Board, ALUC, and Committees shall complete a "Request to Speak" form prior to the initiation of the portion of the agenda containing the item to be addressed (e.g., Public Comment and General Items). Failure to complete a form shall not preclude testimony, if permission to address the Board is granted by the Chair.
- 2) The Public Comment Section at the beginning of the agenda is limited to eighteen (18) minutes and is reserved for persons wishing to address the Board, ALUC, and Committees on any matter for which another opportunity to speak is not provided on the Agenda, and on matters that are within the jurisdiction of the Board. A second Public Comment period is reserved for general public comment later in the meeting for those who could not be heard during the first Public Comment period.
- 3) Persons wishing to speak on specific items listed on the agenda will be afforded an opportunity to speak during the presentation of individual items. Persons wishing to speak on specific items should reserve their comments until the specific item is taken up by the Board, ALUC and Committees. Public comment on specific items is limited to twenty (20) minutes – ten (10) minutes for those in favor and ten (10) minutes for those in opposition of an item. Each individual speaker will be allowed three (3) minutes, and applicants and groups will be allowed five (5) minutes.
- 4) If many persons have indicated a desire to address the Board, ALUC and Committees on the same issue, then the Chair may suggest that these persons consolidate their respective testimonies. Testimony by members of the public on any item shall be limited to **three (3) minutes per individual speaker and five (5) minutes for applicants, groups and referring jurisdictions.**
- 5) Pursuant to Authority Policy 1.33 (8), recognized groups must register with the Authority Clerk prior to the meeting.
- 6) After a public hearing or the public comment portion of the meeting has been closed, no person shall address the Board, ALUC, and Committees without first obtaining permission to do so.

Additional Meeting Information

NOTE: This information is available in alternative formats upon request. To request an Agenda in an alternative format, or to request a sign language or oral interpreter, or an Assistive Listening Device (ALD) for the meeting, please telephone the Authority Clerk's Office at (619) 400-2400 at least three (3) working days prior to the meeting to ensure availability.

For your convenience, the agenda is also available to you on our website at www.san.org.

For those planning to attend the Board meeting, parking is available in the public parking lot located directly in front of the Administration Building (formerly the Commuter Terminal). Bring your ticket to the third floor receptionist for validation.

You may also reach the Administration Building by using public transit via the San Diego Metropolitan Transit System, Route 992. The MTS bus stop at Terminal 1 is a very short walking distance from the Administration Building. ADA paratransit operations will continue to serve the Administration Building as required by Federal regulation. For MTS route, fare and paratransit information, please call the San Diego MTS at (619) 233-3004 or 511. For other Airport related ground transportation questions, please call (619) 400- 2685.

Item # 2

Resolution # 2016-0010 ALUC

Recommendation: Conditionally Consistent

**GENERAL PLAN AMENDMENT & ZONE RECLASSIFICATION TO
CONSTRUCT 260 RESIDENTIAL UNITS AND LEASABLE COMMERCIAL
SPACE AT 9850 CARROLL CANYON ROAD, CITY OF SAN DIEGO**

Description of Project: Based on plans submitted to the ALUC, the project proposes a general plan amendment and zone reclassification to change the land use designation and zoning of a property from industrial to mixed residential/commercial use to allow for the construction of 260 residential units and 144,621 square feet of commercial retail, service and dining spaces on a property of 9.28 acres. The application was deemed complete by ALUC staff on June 3, 2016.

Noise Contours: The proposed project is located within the 60-65 decibel Community Noise Equivalent Level (dB CNEL) noise contour. (See the attached map.) The ALUCP identifies commercial uses located within the 60-65 dB CNEL noise contour as compatible and residential uses as conditionally compatible with airport uses, provided that the residences are sound attenuated to 45 dB CNEL interior noise level.

Airspace Protection Surfaces: The maximum height of the proposed project structures will be 50 feet above ground level. The proposed project is in compliance with the ALUCP airspace protection surfaces because a determination of no hazard to air navigation has been issued by the Federal Aviation Administration (FAA).

Safety Zones: The proposed project is located outside all Safety Zones.

Overflight Notification Area: The proposed project is located within the overflight notification area. The ALUCP requires that an overflight notification for new residential land uses be recorded with the County Recorder or other alternative method as approved by the ALUC.

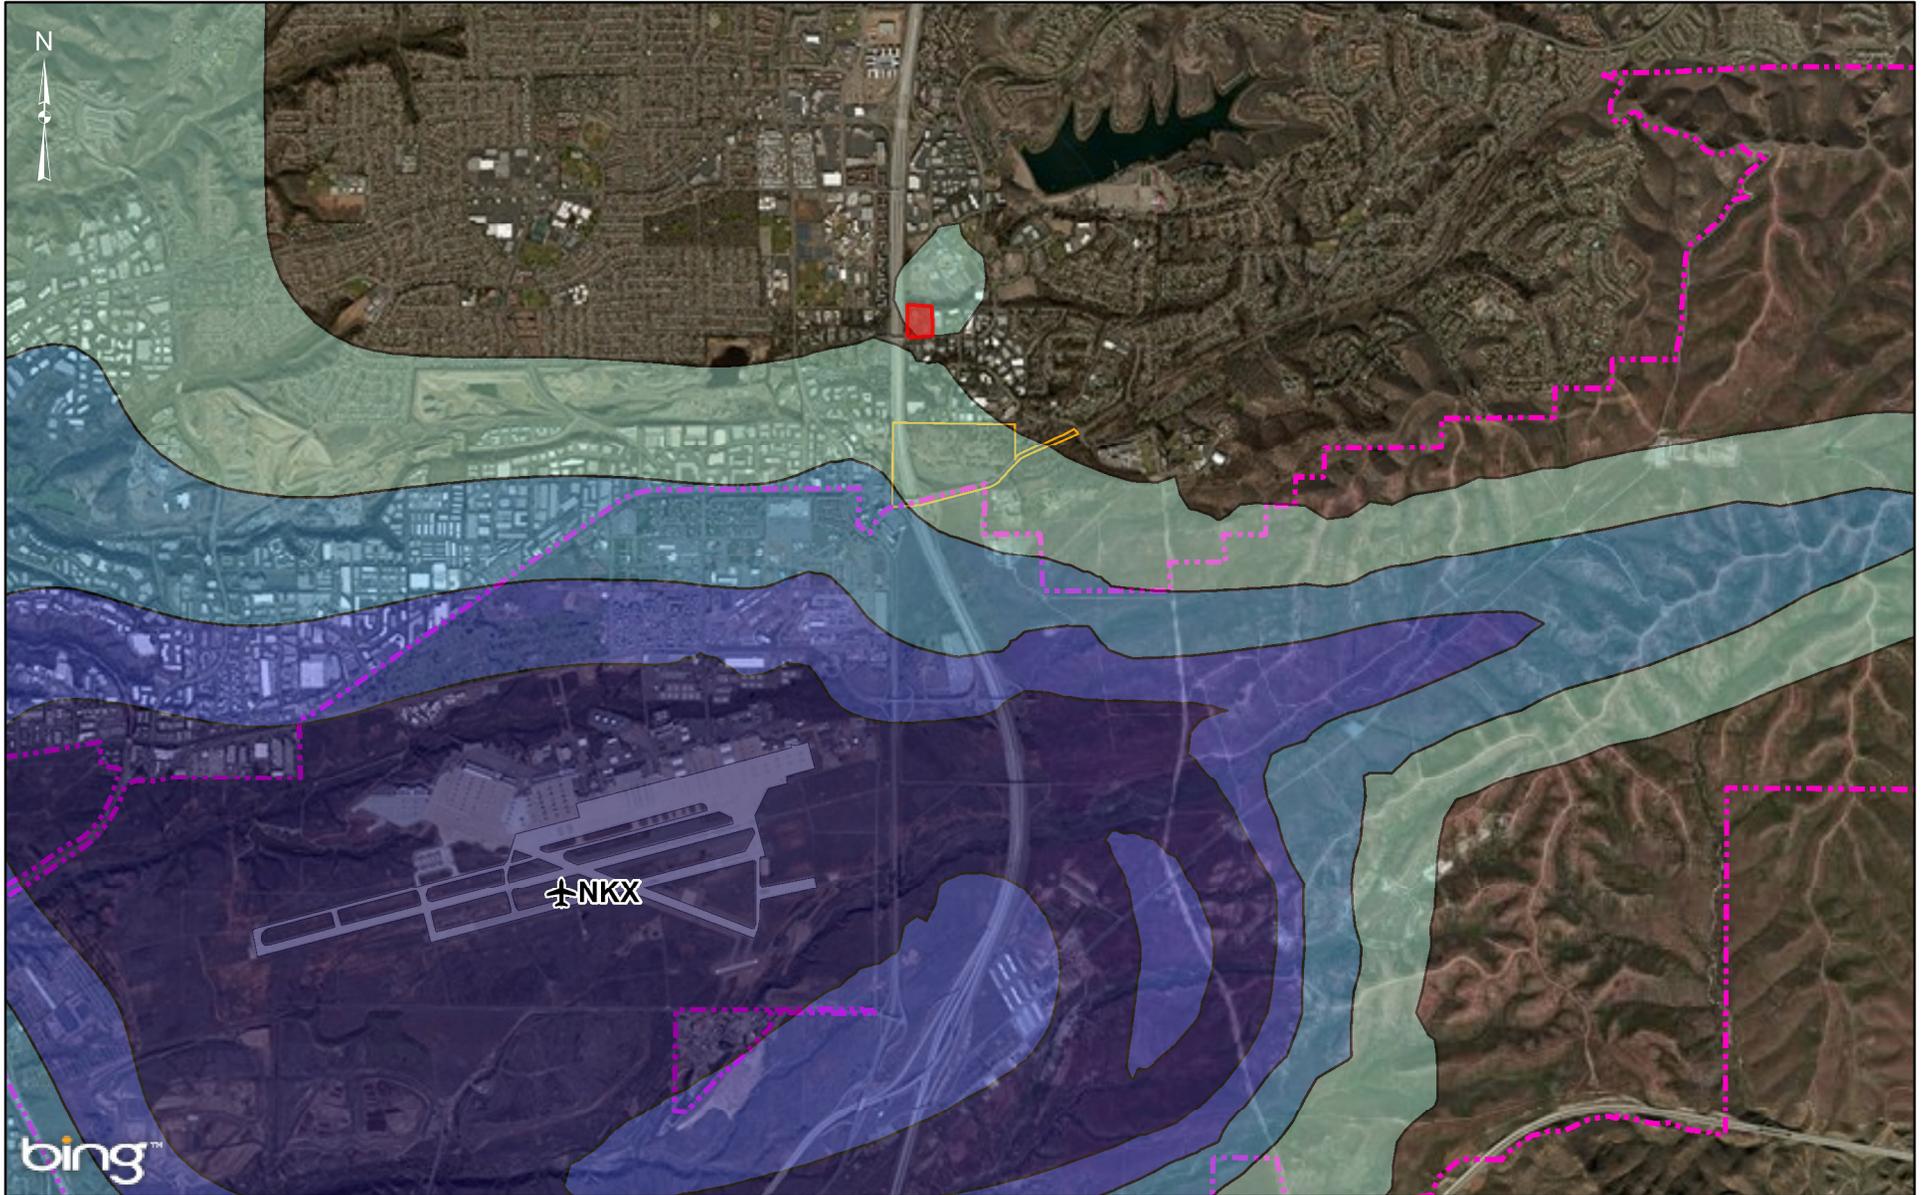

Interests Disclosure: The property is owned by Horizon Property LLC, whose members are disclosed as Thomas & Jane Sudberry, Colton & Cynthia Sudberry, Marco & Chelsea Sessa, Richard & Kristen Simons, and Charles & Deirdre Todd. The architect is MVE+Partners of Irvine. The civil engineer is Pasco Laret Suiter & Associates of Solana Beach. The landscape architect is Groundlevel Landscape Architecture of San Diego. The fire safety consultant is Firesafe Planning Solutions of San Clemente.

Recommendation: Based on review of the materials submitted in connection with the proposed project and the policies in the MCAS Miramar ALUCP, staff recommends that the ALUC make the determination that the project is conditionally consistent with the MCAS Miramar ALUCP.

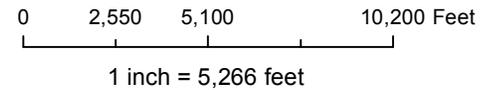

Conditions: 1) Sound attenuation to an interior noise level of 45 dB CNEL.
2) Recordation of an overflight notification with the County Recorder or other alternative method as approved by the ALUC.

RESOLUTION NO. 2016-0010 ALUC

A RESOLUTION OF THE AIRPORT LAND USE COMMISSION FOR SAN DIEGO COUNTY MAKING A DETERMINATION THAT THE PROPOSED PROJECT: GENERAL PLAN AMENDMENT & ZONE RECLASSIFICATION TO CONSTRUCT 260 RESIDENTIAL UNITS AND LEASABLE COMMERCIAL SPACE AT 9850 CARROLL CANYON ROAD, CITY OF SAN DIEGO, IS CONDITIONALLY CONSISTENT WITH THE MARINE CORPS AIR STATION MIRAMAR AIRPORT LAND USE COMPATIBILITY PLAN

WHEREAS, the Board of the San Diego County Regional Airport Authority, acting in its capacity as the Airport Land Use Commission (ALUC) for San Diego County, pursuant to §21670.3 of the California Public Utilities Code, was requested by the City of San Diego to determine the consistency of a proposed project: General Plan Amendment & Zone Reclassification to Construct 260 Residential Units and Leasable Commercial Space at 9850 Carroll Canyon Road, City of San Diego, which is located within the Airport Influence Area (AIA) for the Marine Corps Air Station (MCAS) Miramar Airport Land Use Compatibility Plan (ALUCP), originally adopted in 2008 and amended in 2010 and 2011; and

WHEREAS, the plans submitted to the ALUC for the proposed project indicate that it would involve a general plan amendment and zone reclassification to change the land use designation and zoning of a property from industrial to mixed residential/commercial use to allow for the construction of 260 residential units and leasable commercial space; and

WHEREAS, the proposed project would be located within the 60-65 decibel (dB) Community Noise Equivalent Level (CNEL) noise contour, and the ALUCP identifies commercial uses located within the 60-65dB CNEL noise contour as compatible and residential uses as conditionally compatible with airport uses, provided that the residences are sound attenuated to 45 dB CNEL interior noise level; and

WHEREAS, the proposed project is in compliance with the ALUCP airspace protection surfaces because a determination of no hazard to air navigation has been issued by the Federal Aviation Administration (FAA); and

WHEREAS, the proposed project is located outside all Safety Zones; and

WHEREAS, the proposed project is located within the overflight notification area, and the ALUCP requires recordation of an overflight notification with the County Recorder for new residential land uses or other alternative method as approved by the ALUC; and

WHEREAS, the ALUC has considered the information provided by staff, including information in the staff report and other relevant material regarding the project; and

WHEREAS, the ALUC has provided an opportunity for the City of San Diego, the U.S. Marine Corps, and interested members of the public to present information regarding this matter.

NOW, THEREFORE, BE IT RESOLVED that the ALUC determines that the proposed project: General Plan Amendment & Zone Reclassification to Construct 260 Residential Units and Leasable Commercial Space at 9850 Carroll Canyon Road, City of San Diego, is conditionally consistent with the MCAS Miramar ALUCP, which was originally adopted in 2008 and amended in 2010 and 2011, based upon the following facts and findings:

- (1) The proposed project involves a general plan amendment and zone reclassification to change the land use designation and zoning of a property from industrial to mixed residential/commercial use to allow for the construction of 260 residential units and leasable commercial space.
- (2) The proposed project is located within the 60-65 dB CNEL noise contour. The ALUCP identifies commercial uses located within the 60-65 dB CNEL noise contour as compatible and residential uses as conditionally compatible with airport uses, provided that the residences are sound attenuated to 45 dB CNEL interior noise level. Therefore, as a condition of project approval, the residences must be sound attenuated to 45 dB CNEL interior noise level.
- (3) The proposed project is in compliance with the ALUCP airspace protection surfaces because a determination of no hazard to air navigation has been issued by the FAA.
- (4) The proposed project is located outside all Safety Zones.

- (5) The proposed project is located within the overflight notification area. The ALUCP requires recordation of an overflight notification with the County Recorder for new residential land uses or other alternative method as approved by the ALUC. Therefore, as a condition of project approval, an overflight notification shall be recorded with the County Recorder on each property containing a residential unit or other alternative method as approved by the ALUC.
- (6) Therefore, if the proposed project contains the above-required conditions, the proposed project would be consistent with the MCAS Miramar ALUCP.

BE IT FURTHER RESOLVED that the ALUC finds this determination is not a "project" as defined by the California Environmental Quality Act (CEQA), Cal. Pub. Res. Code §21065, and is not a "development" as defined by the California Coastal Act, Cal. Pub. Res. Code §30106.

SAN DIEGO INTERNATIONAL AIRPORT (SDIA)
AIRPORT LAND USE COMPATIBILITY PLAN (ALUCP)

Item # 3

Resolution # 2016-0011 ALUC

Recommendation: Conditionally Consistent

CONSTRUCTION OF A DETACHED RESIDENTIAL UNIT AT 2320 ETIWANDA STREET, CITY OF SAN DIEGO

Description of Project: Based on plans submitted to the ALUC, the project proposes the construction of a detached, two-story, residential unit on a property of 6,750 square feet with an existing dwelling unit. The application was deemed complete by ALUC staff on June 3, 2016.

Noise Contours: The proposed project is located within the 65-70 decibel Community Noise Equivalent Level (dB CNEL) noise contour. (See the attached map.) The ALUCP identifies residential uses located within the 65-70 dB CNEL noise contour as conditionally compatible with airport uses, provided that the residences are sound attenuated to 45 dB CNEL interior noise level. The ALUCP requires that an aviation easement for aircraft noise and height be recorded with the County Recorder.

Airspace Protection Surfaces: The height of the proposed project structure will be 25 feet above ground level. The proposed project is located outside the SDIA Threshold Siting Surface (TSS). The proposed project is in compliance with the ALUCP airspace protection surfaces because the project sponsor has certified that notice of construction is not required to the Federal Aviation Administration (FAA) because the project is located within an urbanized area, is substantially shielded by existing structures or natural terrain, and cannot reasonably have an adverse effect on air navigation.

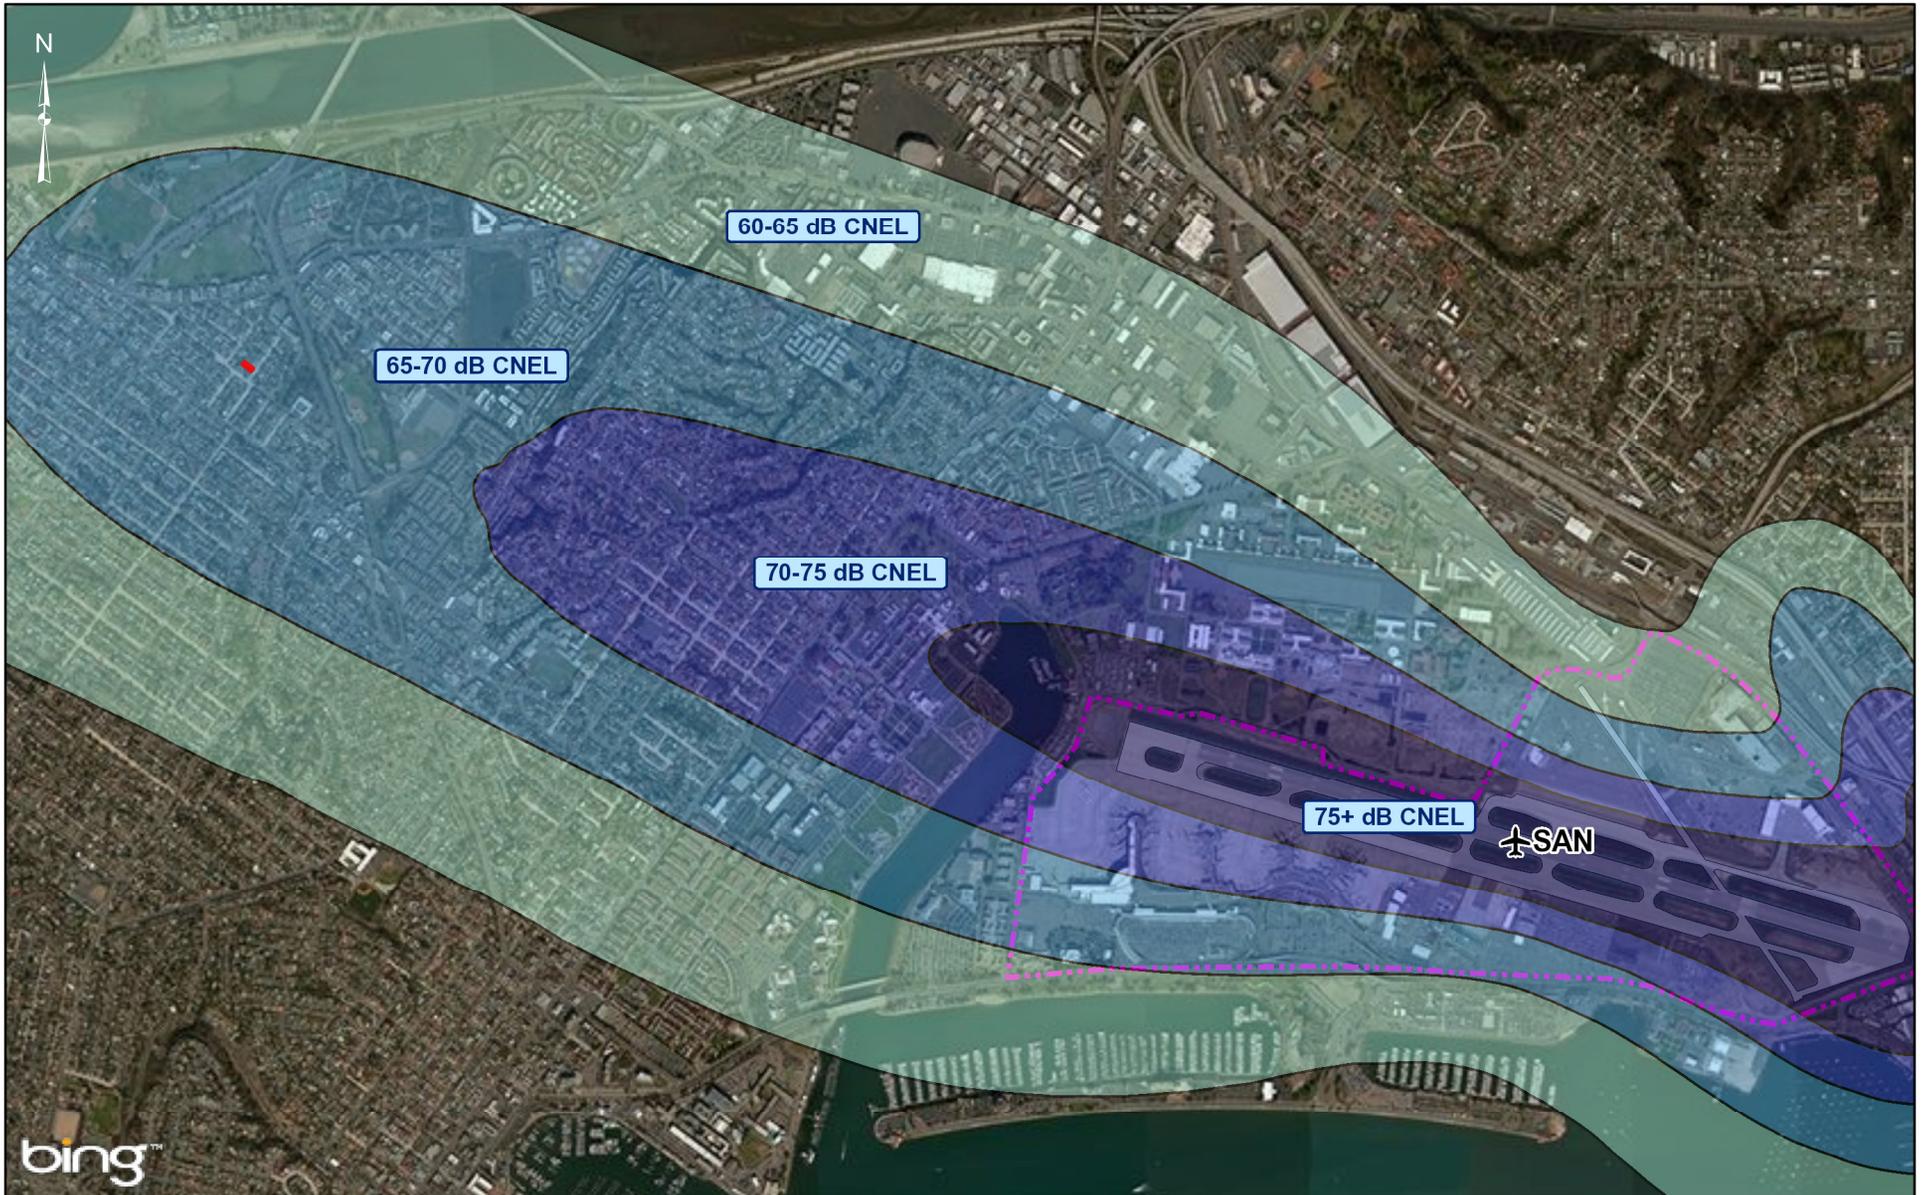

Safety Zones: The proposed project is located outside all Safety Zones.

Overflight Notification Area: The proposed project is located within the overflight notification area. The ALUCP requires that an overflight notification for new residential land uses be recorded with the County Recorder. However, in instances when an aviation easement is required, no additional overflight notification is required.

Interests Disclosure: The property is owned by Alex Mercado and Brandy Lucy of San Diego. The architect is Steven Lombardi of San Diego. The surveyor is Vincent Januszewski of Chula Vista.

Recommendation: Based on review of the materials submitted in connection with the proposed project and the policies in the SDIA ALUCP, staff recommends that the ALUC make the determination that the project is conditionally consistent with the SDIA ALUCP.

Conditions: 1) Sound attenuation to an interior noise level of 45 dB CNEL.
2) Recordation of an avigation easement with the County Recorder.

RESOLUTION NO. 2016-0011 ALUC

A RESOLUTION OF THE AIRPORT LAND USE COMMISSION FOR SAN DIEGO COUNTY MAKING A DETERMINATION THAT THE PROPOSED PROJECT: CONSTRUCTION OF A DETACHED RESIDENTIAL UNIT AT 2320 ETWANDA STREET, CITY OF SAN DIEGO, IS CONDITIONALLY CONSISTENT WITH THE SAN DIEGO INTERNATIONAL AIRPORT - AIRPORT LAND USE COMPATIBILITY PLAN

WHEREAS, the Board of the San Diego County Regional Airport Authority, acting in its capacity as the Airport Land Use Commission (ALUC) for San Diego County, pursuant to §21670.3 of the California Public Utilities Code, was requested by the City of San Diego to determine the consistency of a proposed project: Construction of a Detached Residential Unit at 2320 Etiwanda Street, City of San Diego, which is located within the Airport Influence Area (AIA) for the San Diego International Airport (SDIA) Airport Land Use Compatibility Plan (ALUCP), adopted and amended in 2014; and

WHEREAS, the plans submitted to the ALUC for the proposed project indicate that it would involve the construction of a detached residential unit; and

WHEREAS, the proposed project would be located within the 65-70 decibel (dB) Community Noise Equivalent Level (CNEL) noise contour, and the ALUCP identifies residential uses located within the 65-70 dB CNEL noise contour as conditionally compatible with airport uses, provided that the residences are sound attenuated to 45 dB CNEL interior noise level and that an avigation easement is recorded with the County Recorder; and

WHEREAS, the proposed project is located outside the SDIA Threshold Siting Surface (TSS) height restrictions and would be compatible with the ALUCP airspace protection surfaces because the project sponsor has certified that notice of construction is not required to the Federal Aviation Administration (FAA); and

WHEREAS, the proposed project is located outside all Safety Zones; and

WHEREAS, the proposed project is located within the overflight notification area, and the ALUCP requires recordation of an overflight notification with the County Recorder for new residential land uses or other alternative method as approved by the ALUC, but does not require an additional overflight notification where an avigation easement is required; and

WHEREAS, the ALUC has considered the information provided by staff, including information in the staff report and other relevant material regarding the project; and

WHEREAS, the ALUC has provided an opportunity for the City of San Diego and interested members of the public to present information regarding this matter;

NOW, THEREFORE, BE IT RESOLVED that the ALUC determines that the proposed project: Construction of a Detached Residential Unit at 2320 Etiwanda Street, City of San Diego, is conditionally consistent with the SDIA ALUCP, which was adopted and amended in 2014, based upon the following facts and findings:

- (1) The proposed project involves the construction of a detached residential unit.
- (2) The proposed project is located within the 65-70 dB CNEL noise contour. The ALUCP identifies residential uses located within the 65-70 dB CNEL noise contour as compatible with airport uses, provided that the residences are sound attenuated to 45 dB CNEL interior noise level and that an aviation easement is recorded with the County Recorder. Therefore, as a condition of project approval, the residence must be sound attenuated to 45 dB CNEL interior noise level and an aviation easement must be recorded with the County Recorder.
- (3) The proposed project is located outside the TSS. The proposed project is in compliance with the ALUCP airspace protection surfaces because the project sponsor has certified that notice of construction is not required to the FAA because the project is located within an urbanized area, is substantially shielded by existing structures or natural terrain, and cannot reasonably have an adverse effect on air navigation.
- (4) The proposed project is located outside all Safety Zones.
- (5) The proposed project is located within the overflight notification area. The ALUCP requires recordation of an overflight notification with the County Recorder for new residential land uses or other alternative method as approved by the ALUC, but does not require an additional overflight notification where an aviation easement is required.
- (6) Therefore, if the proposed project contains the above-required conditions, the proposed project would be consistent with the SDIA ALUCP.

BE IT FURTHER RESOLVED that the ALUC finds this determination is not a “project” as defined by the California Environmental Quality Act (CEQA), Cal. Pub. Res. Code §21065, and is not a “development” as defined by the California Coastal Act, Cal. Pub. Res. Code §30106.
