Address
3225 North Harbor Dr.
San Diego, CA 92101

Facility Description and Activities

*Siemens contract expanded in August 2015 to include operation and maintenance of all baggage conveyor belts and jet bridges.

1. Siemens operates and maintains all baggage claim and conveyor belt areas.

2. Siemens maintains all jet bridges. Flagship is contracted to wash the jet bridges two times annually.

3. Siemens maintains ticket counter and bag room belt systems. 5. Training is carried out by the corporate office, based out of Dallas, TX. 6. SANCO manages the contract and compliance for Siemens and Flagship. They do not directly oversee ground activities. 7. All materials are stored indoors in locked cabinets under T2 West. 8. Some equipment and golf carts are battery operated. Batteries are charged with a portable external battery that shuts off automatically when fully charged. 9. All vehicles and equipment are maintained and washed offsite. 10. Baggage conveyor belts run through underground tunnels in T1 and T2. There is a sump pump in each tunnel that collects water that accumulates in the tunnels during rain events. 11. All airside baggage claim areas are swept once a week.

Significant Materials/Activities Potentially Exposed to Storm Water

Potential Pollutant Sources

Potential Pollutants

Equipment storage
Battery Acid

Fluid leaks
Cleaning Solutions

Trash collection
Fire Fighting Foam
