Public Works

Public works refers to construction, alteration, demolition, installation, or repair work (including maintenance) done under contract and paid by public funds. Public works projects do not include those done by a public agency with its own employees.

With minor exceptions, all workers employed on public works projects must be paid the prevailing wage determined by the Director of the Department of Industrial Relations according to the type of work and location. The prevailing wage rates are usually based on rates specified in collective bargaining agreements.

The Director of DIR also makes coverage determinations, hears enforcement appeals, and oversees labor compliance programs, while the Labor Commissioner is responsible for all compliance monitoring, investigations, and enforcement.

Contractor Registration

Beginning July 1, 2014, contractors must register and meet requirements using the online application before bidding on public works contracts in California. The application also provides agencies that administer public works programs with a searchable database of qualified contractors. Application and renewal are completed online with a non-refundable fee of $300. Read the fact sheet for a complete list of requirements.

Instructions for completing the form

Project Registration

The agency awarding a contract for a public works project must notify DIR within five days by completing the PWC-100 form online. This requirement now applies to all public works projects that are subject to the prevailing wage requirements of the Labor Code, regardless of size or funding source.

For questions about Public Works
Public Works under the Labor Code

Under the California Labor Code,

“[P]ublic works means: Construction, alteration, demolition, installation, or repair work done under contract and paid for in whole or in part out of public funds, . . .” (Section 1720(a)(1))
Public Works under the Labor Code

“Except for public works projects of one thousand dollars ($1,000 or less, not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is performed...

“This section is applicable only to work performed under contract, and is not applicable to work carried out by a public agency with its own forces. This section is applicable to contracts let for maintenance work.” (Section 1771)

The new registration program applies to all public works, as defined by the Labor Code
New Public Works Contractor Registration Law

DAS PWC-100 Online Application

Welcome to the new online PWC-100 Application.

- All users will need to reset their password using the Forgot Password button on the right.

- Any data that was in the system as of 9/21/2012 is being updated.

Welcome to the PWC 100 form online application page. The PWC 100 form should be completed by the awarding body. The completion and submission of this form fulfills the required public works project award notification to both the Division of Apprenticeship Standards [Labor Code sec. 1773.3 (replacing former DAS-13 notification)] and the Division of Labor Standards Enforcement Public Works Compliance Monitoring Unit [8 Cal. Code Reg. sec. 16451(a)].

An awarding body or body awarding the contract means department, board, authority, officer or agent awarding a contract for public work. In most cases the awarding body is a unit of state or local government, such as a city, county, school district, water district, special district, or a state agency. However, in some cases the body awarding the contract may be a private entity that uses public funds for a public works construction project.
