ARTICLE 1 - ADMINISTRATION AND GOVERNANCE
PART 1.3 - BOARD MEETINGS
SECTION 1.30 - MEETINGS, AGENDAS AND VOTING OF THE BOARD OF DIRECTORS

PURPOSE: To establish a policy for conducting meetings of the Board of Directors (“**Board**”) of the San Diego County Regional Airport Authority (“**Authority**”).

POLICY STATEMENT:

- (1) Board meetings shall be conducted by the Chair of the Board (“**Chair**”) according to Robert’s Rules of Order.
- (2) Regular meetings shall be held at least once each month. The regular meeting dates, time and location shall be set annually by Board resolution. To the maximum extent practicable, meetings of the Board shall be held on either a Monday or Thursday. Before any meeting is changed, the members of the Executive Committee shall be notified. Notice of the meetings shall be provided to the media and public as required by law.
- (3) Special meetings may be called at any time by the Chair or by a majority of the Board, by delivering personally, by U.S. mail, by facsimile or by electronic mail, written notice to each member of the Board. A written notice also shall be given to news media as required by law and in accordance with any and all policies adopted by the Board. The notices required herein must be delivered at least 24 hours before the time of the meeting as specified in the notice. The notice shall state the business to be transacted and no other business shall be considered at the special meeting. Written notice need not be provided to any member who, at or prior to the time the meeting convenes, files with the Authority’s Clerk (“**Clerk**”) a written waiver of notice.
- (4) The Board shall adopt rules or bylaws for its proceedings. All meetings of the Board shall be open and public and all persons shall be permitted to attend any meeting, except for closed sessions held pursuant to applicable California public meeting law or otherwise permitted by law. Meetings of the Board are subject to the provisions of the Ralph M. Brown Act, Gov. Code §54950 *et seq.* [P.U.C. §170010(a)(7) and §170014(a),(g)]
- (5) Closed Sessions. Closed sessions shall be held upon the order of the Chair or the affirmative vote of a majority of the Board members. Such closed sessions may be only for purposes permitted by the California public meeting law or otherwise permitted by law.
- (6) Quorum. A majority of the total voting membership of the Board shall constitute a quorum for the transaction of business. [P.U.C. §170014(b).]

(7) Approval of Agendas. The agendas for all Board meetings shall be set and approved by either the Board or the Executive Committee. All agendas must be in compliance with the Ralph M. Brown Act.

(a) Normal Request for Agenda Item. Any Board Member or the President/Chief Executive Officer (“**President/CEO**”) may request an item be included on a forthcoming Board meeting agenda. The item shall be included on the agenda (1) upon review by the Executive Committee, which may discuss and appropriately modify the requested agenda item, or (2) by direction of the Board at a prior meeting.

(b) Extraordinary Request for Agenda Item. During the interval after an Executive Committee’s last meeting and prior to the posting of the Board’s agenda for its next meeting, any Board Member or the President/CEO may request an item be added to the Board’s agenda (1) by requesting the President/CEO add the item, and (2) by submitting written notice of the request to the Executive Committee members. The item shall be added where the President/CEO finds that good cause exists, the need for Board consideration was ascertained after the Executive Committee meeting, and Board action is necessary before the Board’s following month scheduled meeting.

(c) Request to Remove and Agenda Item. During the interval after the Executive Committee’s meeting and prior to the posting of the ALUC or Board agendas for its next meeting, the President/CEO may remove items from the ALUC or Board’s agenda by submitting written notice to the Executive Committee Members. The item shall be removed where the President/CEO finds that good cause exists and the need for removal of an item was ascertained after the Executive Committee Meeting and delay in consideration of the item will not cause an impact to the operations of the Airport Authority.

(d) Intent. It is the intent of the Board and the Executive Committee to honor all requests of Board Members to add an item to an agenda. If a Board Member believes a properly submitted request has not been honored, the Board Member together with two other Members may submit a written request to the Executive Committee in which event the item shall be added to the agenda of the next Board meeting.

(8) Agendas. An agenda shall be prepared by the Clerk. Each agenda shall contain the following statement: “Please complete and submit to the Clerk a Request to Speak Form Prior to the Commencement of the Meeting.”

(9) The order of business shall be:

- (a) Call to Order;
- (b) Pledge of Allegiance;
- (c) Roll Call;
- (d) Presentations;
- (e) Reports From Board Committees, Ad Hoc Committees, and Citizen Committees and Liaisons;
- (f) Chair’s Report;
- (g) President/CEO Report;

- (h) Non-Agenda Public Comment;
 - (i) Consent Agenda. The consent agenda contains items that are routine in nature and non-controversial. Some items may be referred by a standing Board Committee or approved as part of the budget process. The matters listed under 'Consent Agenda' may be approved by one motion. Any Board Member may remove an item for separate consideration. Items so removed will be heard before the scheduled New Business Items, unless otherwise directed by the Chair:
 - (j) Public Hearings;
 - (k) Old Business;
 - (l) New Business Items. Regular items requiring Board action, arranged in a sequence that will minimize unnecessary waiting by the public and interested persons;
 - (m) Closed Session;
 - (n) Report on Closed Session;
 - (o) Non-Agenda Public Comment;
 - (p) General Counsel Report;
 - (q) Board Comment; and
 - (r) Adjournment.
- (10) The Board shall receive a staff report for each action item on the agenda. Staff reports shall classify the item, summarize the background, analyze the subject matter and state the President/CEO's recommendation. The President/CEO or the Clerk shall ensure that the Board is provided with the agenda and all supporting staff reports not later than one week preceding a regular meeting.
- (11) The Board shall act only by ordinance, resolution, or motion. [P.U.C. §170014(c)]
- (12) Voting. Except as provided below in paragraph 13 or by law, to adopt an ordinance, resolution, or motion requires both a numerical majority vote and a weighted majority vote of the total voting membership of the Board. [P.U.C. §170010]
- (a) Numerical Majority Votes. A numerical majority vote requires an affirmative vote of at least five of the voting membership of the Board.
 - (b) Weighted Majority Votes. A weighted majority requires an affirmative vote of at least 51 vote points that are allocated to the voting membership of the Board, unless the total number of vote points is expanded beyond 100 as a result of the operation of subparagraph (4). If the total number of vote points is greater than 100 as a result of the operation of subparagraph (4), a weighted majority requires an affirmative vote of at least 50 percent plus one of the total vote points. Vote points shall be allocated pursuant to subparagraph (1).

(1) There shall be a total of 100 allocated vote points for the weighted vote, except that additional vote points shall be allocated pursuant to subparagraph (4). For purposes of this paragraph, the City of San Diego, the County of San Diego, the east county cities, the north county coastal cities, the north county inland cities, and the south county cities are each a jurisdiction. The points allocated to the City of San Diego shall be divided among the three Board members appointed pursuant P.U.C. §170010(a)(1). The points shall be allocated among the three Board members by the Mayor of the City of San Diego, keeping the votes for each seat as close to equal as possible but in a manner that avoids fractional vote points. The vote points allocated to the County of San Diego shall be divided between the two Board members appointed pursuant to P.U.C. §170010(a)(2). The vote points shall be allocated among the two Board members by the chair of the San Diego County Board of Supervisors, keeping the votes for each seat as close to equal as possible but in a manner that avoids fractional vote points. Each jurisdiction shall have that number of vote points determined by the following allocation formula, except that each jurisdiction shall have at least one vote point, no jurisdiction shall have more than 40 vote points, and there shall be no fractional vote points:

(i) If any jurisdiction has 40 percent or more of the total population of the San Diego County region, 40 vote points shall be allocated to that jurisdiction and the remaining vote points shall be allocated to the remaining jurisdictions pursuant to clause (ii). If no jurisdiction has 40 percent or more of the total population of the San Diego County region, vote points shall be allocated pursuant to clause (iii).

(ii) The total population of the remaining jurisdictions shall be computed and the remaining 60 vote points allocated based upon the percentage of the total that each jurisdiction has, in the following manner:

(I) The percentage each jurisdiction bears to the total remaining population shall be multiplied by 60 to determine fractional shares.

(II) Each fraction less than one shall be rounded up to one, so that no jurisdiction has less than one vote point.

(III) Disregarding any fractional vote points and adding just the whole vote points, if the total vote points is 60, fractional vote points are dropped and the whole numbers are the vote points for each jurisdiction.

(IV) If, after disregarding the fractional vote points and adding just the whole vote points, the total vote points for the remaining jurisdictions is less than 60, the difference in vote points shall be allocated to jurisdictions in order of the highest fractions until a total of 60 vote points are allocated, excepting those jurisdictions whose vote was increased to one pursuant to subclause (II).

(V) If, after disregarding the fractional vote points and adding just the whole vote points, the total vote points for the remaining jurisdictions is more than 60, the vote points in excess of 60 shall be eliminated by subtracting vote points from jurisdictions with the lowest percentage to the total remaining population except that no jurisdiction's vote points shall be reduced to less than one.

(iii) If no jurisdiction has 40 percent or more of the total population of the San Diego County region, the total population of the region shall be computed and all 100 vote points shall be allocated based upon the percentage each jurisdiction bears to the total population of the region, in the following manner:

(I) The percentage of any jurisdiction that is less than one shall be rounded up to one, so that no jurisdiction has less than one vote point.

(II) Disregarding any fractional vote points and adding just the whole vote points, if the total vote points is 100, fractional vote points shall be dropped and the whole numbers shall be the vote points for each jurisdiction.

(III) If, after disregarding the fractional vote points and adding just the whole vote points, the total vote points for all jurisdictions is less than 100, the difference in vote points shall be allocated to jurisdictions in order of the highest fractions until a total of 100 vote points are allocated, excepting those jurisdictions whose vote was increased to one pursuant to subclause (I).

(IV) If, after disregarding the fractional vote points and adding just the whole vote points, the total vote points for all jurisdictions is more than 100, the vote points in excess of 100 shall be eliminated by subtracting vote points from jurisdictions with the lowest percentage to the total population or the region except that no jurisdiction's vote points shall be reduced to less than one.

(2) When a weighted vote is taken on any item that requires more than a majority vote of the Board, it shall also require the same supermajority percentage of the weighted vote.

(3) The allocation of vote points pursuant to this subdivision shall be made annually by the Board based upon the population calculations made by the San Diego Association of Governments ("SANDAG").

(4) Any other newly incorporated city shall be added to the jurisdiction designated by SANDAG. The Board member representing that jurisdiction shall receive one additional vote under the weighted vote procedure specified above until the next allocation of vote points pursuant to subparagraph (3), at which time the new jurisdiction shall receive votes in accordance with the formula specified in this paragraph. Until this next vote points allocation, the total number of weighted vote points may exceed 100.

- (13) Ballot Measures. Any act to submit a ballot measure to the voters at a regular or special election shall require a two-thirds majority vote, both numerically and by weighted vote, of the total voting membership of the Board. [P.U.C. §170014(e)]
- (14) Record of All Board Actions. The Board shall keep a record of all of its actions, including financial transactions. [P.U.C. §170014(f)]

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 3	-	PERSONNEL
PART 3.0	-	PERSONNEL AND EMPLOYMENT MATTERS
SECTION 3.02	-	EMPLOYER-EMPLOYEE RELATIONS POLICY

PURPOSE: This policy is intended to strengthen any existing or future merit and other methods of administering employer-employee relations through the establishment of uniform and orderly methods of communication among the San Diego County Regional Airport Authority (hereafter “**Authority**”), its employees and employee organizations.

POLICY STATEMENT:

This policy provides procedures for the orderly administration of employer-employee relations between the Authority and its employee organizations, including procedures for meeting and conferring in good faith with Exclusively Recognized Employee Organizations (as defined below) regarding matters that directly affect the wages, hours and other terms and conditions of employment of employees in Appropriate Units (as defined below) and that are not preempted by federal or state law.

This policy implements Chapter 10, Division 4, Title 1 of the Government Code of the State of California (Sections 3500, et seq.) captioned “Local Public Employee Organizations.” However, nothing contained herein shall be deemed to supersede the provisions of state law, Authority ordinances, Policies, Codes and rules which establish and regulate any merit and/or other system, or which provide for other methods of administering employer-employee relations. Moreover, nothing contained herein shall be construed to restrict any legal or inherent exclusive Authority rights with respect to matters of general legislative or managerial Policy, which include, among others, the Authority’s exclusive right to: determine the mission of its constituent departments, commissions and boards; set standards of service; determine the procedures and standards of selection for employment; direct its employees; take disciplinary action in accordance with federal and state law and applicable Authority rules and regulations; relieve its employees from duty because of lack of work or for other lawful reasons; determine the content of job classifications; subcontract and/or transfer work out of the unit; maintain the efficiency of governmental operations; determine the methods, means and personnel by which government operations are to be conducted; take all necessary actions to carry out its mission in emergencies; and exercise complete control and discretion over its organization and the technology of performing its work. The rights set forth herein shall not abrogate or in any way supersede the duty to meet and confer as established by California Government Code section 3500, et seq.

(1) Definitions.

As used in this Policy, the following terms shall have the meanings indicated:

(a) “**Appropriate Unit**” means a unit of employee classes or positions, established pursuant to Section 2.

(b) “**Authority**” means the San Diego County Regional Airport Authority, and, where appropriate herein, refers to the Authority Board acting as such or any duly authorized Authority representative as herein defined.

(c) “**Confidential Employee**” means an employee who, in the course of his or her duties, has access to confidential information relating to the Authority’s administration of employer-employee relations.

(d) “**Consult/Consultation**” means to communicate orally or in writing with all affected employee organizations, whether exclusively recognized or not, for the purpose of presenting and obtaining views or advising of proposed actions in an effort to reach a consensus; and, as distinguished from meeting and conferring in good faith regarding matters within the required scope of such meet and confer process as established by statutory and decisional law, does not involve an exchange of proposals and counterproposals with an Exclusively Recognized Employee Organization in an endeavor to reach agreement in the form of a Memorandum of Understanding, nor is it subject to Section 4.

(e) “**Day**” means calendar day unless expressly stated otherwise.

(f) “**Employee Relations Officer**” means the Executive Director/President and Chief Executive Officer or his/her duly authorized representative.

(g) “**Exclusively Recognized Employee Organization**” means an employee organization that has been formally acknowledged by the Authority as the sole employee organization representing the employees in an Appropriate Unit pursuant to Section 2, having the exclusive right to meet and confer in good faith concerning statutorily required subjects pertaining to unit employees, and thereby assuming the corresponding obligation of fairly representing such employees.

(h) “**Impasse**” means that the representatives of the Authority and an Exclusively Recognized Employee Organization have reached a point in their meeting and conferring in good faith where their differences on matters to be included in a Memorandum of Understanding, and concerning which they are required to meet and confer, remain so substantial and prolonged that further meeting and conferring would be futile.

(i) “**Management Employee**” means an employee having responsibility for formulating, administering or managing the implementation of Authority policies and programs.

(j) “**Proof of Employee Support**” means (1) an authorization card recently signed and personally dated by an employee, or (2) a verified authorization petition or petitions recently

signed and personally dated by an employee, or (3) employee dues deduction authorization, using the payroll register for the period immediately prior to the date a petition is filed hereunder, except that dues deduction authorizations for more than one employee organization for the account of any one employee shall not be considered as Proof of Employee Support for any employee organization. If an authorization petition is submitted, the petition shall clearly indicate that employees desire to be represented by the employee organization for purposes of meeting and conferring on wages, hours and other terms and conditions of employment. The only authorization which shall be considered as Proof of Employee Support hereunder shall be the authorization last signed by an employee. The words “**recently signed**” shall mean within ninety (90) days prior to the filing of a petition.

(k) “**Supervisory Employee**” means any employee having authority, in the interest of the Authority, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline other employees, or responsibly to direct them, or to adjust their grievances, or effectively to recommend such action if, in connection with the foregoing, the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent and discretionary judgment.

(2) Representation Proceedings.

(a) Filing of Recognition Petition by Employee Organization.

An employee organization which seeks to be formally acknowledged as an Exclusively Recognized Employee Organization representing the employees in an Appropriate Unit shall file a petition (“**Recognition Petition**”) with the Employee Relations Officer containing the following information and documentation:

- (i) Name and address of the employee organization.
- (ii) Names and titles of its officers.
- (iii) Names of employee organization representatives who are authorized to speak on behalf of the organization.
- (iv) A statement that the employee organization has, as one of its primary purposes, the responsibility of representing employees in their employment relations with the Authority.
- (v) A statement whether the employee organization is a chapter of, or affiliated directly or indirectly in any manner, with a local, regional, state, national or international organization, and, if so, the name and address of each such other organization.
- (vi) Certified copies of the employee organization’s constitution and bylaws.
- (vii) A designation of those persons, not exceeding two in number, and their addresses, to whom notice sent by regular United States mail will be deemed sufficient notice on the employee organization for any purpose.

(viii) A statement that the employee organization has no restriction on membership based on race, color, religion, creed, sex, national origin, age, sexual orientation, mental or physical disability or medical condition.

(ix) The job classifications or position titles of employees in the unit claimed to be appropriate and the approximate number of employees therein.

(x) A statement that the employee organization has in its possession Proof of Employee Support as herein defined to establish that a minimum of thirty percent (30%) of the employees in the unit claimed to be appropriate have designated the employee organization to represent them in their employment relations with the Authority. Such written proof shall be submitted for confirmation to the Employee Relations Officer or to a mutually agreed upon disinterested third party.

If the Proof of Employee Support shows that a majority of the employees in the Appropriate Unit have designated the petitioning employee organization to represent them, and if no other employee organization filed a challenging petition, the petitioning employee organization and the Employee Relations Officer shall request the California State Mediation and Conciliation Service, or another agreed upon neutral third party, to review the count, form, accuracy and propriety of the Proof of Employee Support. If the neutral third party makes an affirmative determination, the Employee Relations Officer shall formally acknowledge the petitioning employee organization as the Exclusive Recognized Employee Organization for the designated unit.

(xi) A request that the Employee Relations Officer formally acknowledge the petitioner as the Exclusively Recognized Employee Organization representing the employees in the unit claimed to be appropriate for the purpose of meeting and conferring in good faith.

The Recognition Petition, including the Proof of Employee Support and all accompanying documentation, shall be declared to be true, correct and complete, under penalty of perjury, by the duly authorized officer(s) of the employee organization executing it.

(b) Authority Response to Recognition Petition.

Upon receipt of the Recognition Petition, the Employee Relations Officer shall determine whether:

(i) There has been compliance with the requirements of the Recognition Petition, and

(ii) The proposed representation unit is an Appropriate Unit in accordance with Section 2(f).

If an affirmative determination is made by the Employee Relations Officer on the foregoing two matters, he/she shall so inform the petitioning employee organization within fifteen (15) working days, shall give written notice of such request for recognition to the employees in the unit and shall take no action on said request for thirty (30) days thereafter. If

either of the foregoing matters are not affirmatively determined, the Employee Relations Officer shall notify within fifteen (15) working days and offer to Consult within ten (10) working days with, such petitioning employee organization and, if such determination thereafter remains unchanged, shall inform that organization of the reasons therefore in writing. The petitioning employee organization may appeal such determination in accordance with Section 2(i).

(c) Open Period for Filing Challenging Petition

Within thirty (30) days of the date written notice was given to affected employees that a valid recognition petition for an Appropriate Unit has been filed, any other employee organization may file a competing request to be formally acknowledged as the Exclusively Recognized Employee Organization of the employees in the same or in an overlapping unit (one which corresponds with respect to some, but not all the classifications or positions set forth in the recognition petition being challenged), by filing a petition evidencing Proof of Employee Support in the unit claimed to be appropriate of at least thirty (30) percent and otherwise in the same form and manner as set forth in Section 2(a). If such challenging petition seeks establishment of an overlapping unit, the Employee Relations Officer shall call for a hearing on such overlapping petitions for the purpose of ascertaining the more Appropriate Unit, at which time the petitioning employee organizations shall be heard. Thereafter, the Employee Relations Officer shall determine the Appropriate Unit or Units in accordance with the standards in Section 2(f). The petitioning employee organizations shall have fifteen (15) days from the date notice of such unit determination is communicated to them by the Employee Relations Officer to amend their petitions to conform to such determination or to appeal such determination pursuant to Section 2(i).

(d) Election Procedure.

The Employee Relations Officer shall arrange for a secret ballot election to be conducted by a party agreed to by the Employee Relations Officer and the concerned employee organization(s), in accordance with such party's rules and procedures subject to the provisions of this Policy. All employee organizations who have duly submitted petitions which have been determined to be in conformance with this Section 2 shall be included on the ballot. The ballot shall also reserve to employees the choice of representing themselves individually in their employment relations with the Authority. Employees entitled to vote in such election shall be those persons employed in regular permanent positions within the designated Appropriate Unit who were employed during the pay period immediately prior to the date which ended at least fifteen (15) days before the date the election commences, including those who did not work during such period because of illness, vacation or other authorized leaves of absence, and who are employed by the Authority in the same unit on the date of the election. An employee organization shall be formally acknowledged as the Exclusively Recognized Employee Organization for the designated Appropriate Unit following an election or run off election if it received a numerical majority of all valid votes cast in the election. In an election involving three or more choices, where none of the choices receives a majority of the valid votes cast, a run off election shall be conducted between the two choices receiving the largest number of valid votes cast; the rules governing an initial election are applicable to a run off election.

There shall be no more than one valid election under this Policy pursuant to any petition in a 12-month period affecting the same unit.

In the event that the parties are unable to agree on a third party to conduct an election, the election shall be conducted by the California State Mediation and Conciliation Service.

Costs of conducting elections shall be borne in equal shares by the Authority and by each employee organization appearing on the ballot.

(e) Procedure for Decertification of Exclusively Recognized Employee Organization.

A decertification petition (“**Decertification Petition**”) alleging that the incumbent Exclusively Recognized Employee Organization no longer represents a majority of the employees in an established Appropriate Unit may be filed with the Employee Relations Officer at any time following the first full year of recognition, provided however, that if a Memorandum of Understanding is in effect for less than a three-year period of time, then a decertification petition may only be filed during the thirty (30) day period commencing one hundred twenty (120) days prior to the termination date of the Memorandum of Understanding then having been in effect less than three (3) years. (If the Memorandum of Understanding is in effect for a time period greater than three (3) years, then the Decertification Petition may also be filed at any time following the expiration of the three-year period.) A Decertification Petition may be filed by two or more employees or their representative, or an employee organization, and shall contain the following information and documentation declared by the duly authorized signatory under penalty of perjury to be true, correct and complete:

(i) The name, address and telephone number of the petitioner and a designated representative authorized to receive notices or requests for further information.

(ii) The name of the established Appropriate Unit and of the incumbent Exclusively Recognized Employee Organization sought to be decertified as a representative of that unit.

(iii) An allegation that the incumbent Exclusively Recognized Employee Organization no longer represents a majority of the employees in the Appropriate Unit, and any other relevant and material facts relating thereto.

(iv) Proof of Employee Support that at least thirty (30) percent of the employees in the established Appropriate Unit no longer desire to be represented by the incumbent Exclusively Recognized Employee Organization. Such proof shall be submitted for confirmation to the Employee Relations Officer or to a mutually agreed upon disinterested third party within the time limits specified in the first paragraph of this Section.

(v) An employee organization may, in satisfaction of the Decertification Petition requirements hereunder, file a Petition under this Section in the form of a Recognition Petition that evidences Proof of Employee Support of at least thirty (30) percent, that includes the allegation and information required under Section 2(e), and otherwise conforms to the requirements of Section 2(a).

The Employee Relations Officer shall initially determine whether the Recognition Petition has been filed in compliance with the applicable provisions of this Section 2. If his/her determination is in the negative, he/she shall offer to Consult thereon with the representative(s) of such Petitioning employees or employee organization and, if such determination thereafter remains unchanged, shall return such Petition to the employees or employee organization with a statement of the reasons therefore in writing. The petitioning employees or employee organization may appeal such determination in accordance with Section 2(i). If the determination of the Employee Relations Officer is in the affirmative, or if his negative determination is reversed on appeal, he/she shall give written notice of such Decertification or Recognition Petition to the incumbent Exclusively Recognized Employee Organization and to unit employees.

The Employee Relations Officer shall thereupon arrange for a secret ballot election to be held on or about fifteen (15) days after such notice to determine the wishes of unit employees as to the question of decertification and, if a Recognition Petition was duly filed hereunder, the question of representation. Such election shall be conducted in conformance with Section 2(d).

If, pursuant to Section 2(e), a different employee organization is formally acknowledged as the Exclusively Recognized Employee Organization, such organization shall be bound by all the terms and conditions of any Memorandum of Understanding then in effect for its remaining term.

(f) Policy and Standards for Determination of Appropriate Units.

The Policy objectives in determining the appropriateness of units shall be the effect of a proposed unit on (1) the efficient operations of the Authority and its compatibility with the primary responsibility of the Authority and its employees to effectively and economically serve the public, and (2) providing employees with effective representation based on recognized community of interest considerations. These Policy objectives require that the Appropriate Unit shall be the broadest feasible grouping of positions that share an identifiable community of interest. Factors to be considered shall be:

(i) Similarity of the general kinds of work performed, types of qualifications required, and the general working conditions.

(ii) History of representation in the Authority and similar employment; except however, that no unit shall be deemed to be an Appropriate Unit solely on the basis of the extent to which employees in the proposed unit have organized.

(iii) Consistency with the organizational patterns of the Authority.

(iv) Number of employees and classifications, and the effect on the administration of employer-employee relations created by the fragmentation of classifications and proliferation of units.

(v) Effect on the classification structure and impact on the stability of the employer-employee relationship of dividing a single or related classifications among two or more units.

- (vi) Effect of differing legally mandated impasse Policy procedures.

Notwithstanding the foregoing provisions of this Section, managerial, supervisory and confidential responsibilities, as defined in Section 1, are determining factors in establishing Appropriate Units hereunder, and therefore Management, Supervisory and Confidential Employees may only be included in a unit consisting solely of Management, Supervisory or Confidential Employees, respectively. Management, Supervisory and Confidential Employees may not represent any employee organization which represents other employees.

The Employee Relations Officer shall, after notice and Consultation with affected employee organizations, allocate new classifications or positions, delete eliminated classifications or positions, and retain, reallocate or delete modified classifications or positions from units in accordance with the provisions of this Section. The decision of the Employee Relations Officer shall be final to the extent the decision withstands any appeals pursuant to (Section 2(i)) herein.

- (g) Procedure for Modification of Established Appropriate Units.

Requests by employee organizations for modifications of established Appropriate Units may be considered by the Employee Relations Officer where appropriate. Such requests shall be submitted in the form of a Unit Modification Petition that shall meet the requirements set forth in Section 2(a), and shall also contain a complete statement of all relevant facts and citations in support of the proposed modified unit in terms of the policies and standards set forth in Section 2(f). The Employee Relations Officer shall process and determine the Unit Modification Petition in accordance with Section 2(b). The Employee Relations Officer's determination may be appealed as provided in Section 2(i).

The Employee Relations Officer may propose that an established unit be modified. The Employee Relations Officer shall give written notice of the proposed modification(s) to any affected employee organization and shall hold a meeting concerning the proposed modification(s), at which time all affected employee organizations shall be heard. Thereafter, the Employee Relations Officer shall determine the composition of the Appropriate Unit or Units in accordance with Section 2(f), and shall give written notice of such determination to the affected employee organizations. The Employee Relations Officer's determination may be appealed as provided in Section (2)(i). If a unit is modified pursuant to the motion of the Employee Relations Officer hereunder, employee organizations may thereafter file Recognition Petitions seeking to become the Exclusively Recognized Employee Organization for any new classification(s) pursuant to Section 2(a).

- (h) Procedure for Processing Severance Requests.

An employee organization may file a request to become the recognized employee organization of a unit alleged to be appropriate that consists of a group of employees who are already a part of a larger established unit represented by another recognized employee organization. The timing, form and processing of such request shall be as specified in Section 2(g) for modification requests.

(i) Appeals.

An employee organization aggrieved by a determination of the Employee Relations Officer regarding a Recognition Petition (Section 2(a)), Challenging Petition (Section 2(c)), Procedure for Decertification (Section 2(e)), Policy and Standards for Determination of Appropriate Units (Section 2(f)), Procedure for Modification (Section 2(g)), or Procedure for Processing Severance (Section 2(h)) may, within ten (10) days of notice thereof, submit the matter to mediation by requesting the intervention of the California State Mediation and Conciliation Service or may, in lieu thereof or thereafter, appeal such determination to the Authority Board for final decision within fifteen (15) days of notice of the Employee Relations Officer's determination or the termination of mediation, whichever is later.

If a group of employees has filed a Decertification Petition and they are aggrieved by a determination of the Employee Relations Officer regarding the processing of such petition, the employees may use the appeal process outlined above.

Appeals to the Authority Board shall be filed in writing with the Executive Director/President and Chief Executive Officer, and a copy thereof served on the Employee Relations Officer. The Authority Board shall commence to consider the matter within thirty (30) days of the filing of the appeal or such later time as is practicable. The Authority Board may, in its discretion, refer the dispute to a third-party hearing process. Any decision of the Authority Board on the use of such procedure, and/or any decision of the Authority Board determining the substance of the dispute shall be final and binding.

(3) Administration.

(a) Submission of Current Information by Recognized Employee Organizations.

All changes in the information filed with the Authority by an Exclusively Recognized Employee Organization under items (i) through (viii) of its Recognition Petition under Section 2(a) shall be submitted in writing to the Employee Relations Officer within fourteen (14) days of such change.

(b) Employee Organization Activities — Use of Authority Resources.

Access to Authority work locations and the use of Authority paid time, facilities, equipment and other resources by employee organizations and those representing them shall be authorized only to the extent provided for in Memoranda of Understanding and/or administrative procedures, shall be limited to lawful activities consistent with the provisions of this Policy that pertain directly to the employer-employee relationship and not such internal employee organization business as soliciting membership, campaigning for office, and organization meetings and elections, and shall not interfere with the efficiency, safety and security of Authority operations.

(c) Administrative Rules and Procedures.

The Executive Director/President and Chief Executive Officer is hereby authorized to establish such rules and procedures as appropriate to implement and administer the provisions of this Policy after Consultation with affected employee organizations.

(4) Impasse Procedures.

(a) Initiation of Impasse Procedures.

If the meet and confer process has reached Impasse as defined in Section 2 of this Policy, either party may initiate the impasse procedures by filing with the other party a written request for an impasse meeting, together with a statement of its position on all issues. An impasse meeting shall then be scheduled promptly by the Employee Relations Officer. The purpose of such meeting shall be:

(i) To review the position of the parties in a final effort to reach agreement on a memorandum of understanding; and

(ii) If the Impasse is not resolved, to discuss arrangements for the utilization of the impasse procedures provided herein.

(b) Specific Impasse Procedures.

Impasse procedures are as follows:

(i) If the parties agree to submit the dispute to mediation, and agree on the selection of a mediator, the dispute shall be submitted to mediation. All mediation proceedings shall be private. The mediator shall make no public recommendation, nor take any public position at any time concerning the issues.

(ii) If the parties fail to agree to submit the dispute to mediation or fail to agree on the selection of a mediator, or fail to resolve the dispute through mediation within fifteen (15) days after the mediator commenced meeting with the parties, the parties may agree to submit the Impasse to fact-finding.

If the parties agree on fact-finding, they may agree on the appointment of one or more fact-finders. If they fail to so agree on one or more fact-finders, a fact-finding panel of three (3) shall be appointed in the following manner: One member of the panel shall be appointed by the Employee Relations Officer, one member shall be appointed by the Exclusively Recognized Employee Organization, and those two shall name a third, who shall be the chairperson. If they are unable to agree upon a third, they shall select by agreement the third member from one or more lists of seven (7) names of individuals having fact-finding experience in the municipal sector to be provided by the California State Mediation and Conciliation Service.

The following constitute the jurisdictional and procedural requirements for fact-finding:

(i) The fact-finders shall consider and be guided by applicable federal and state laws (and Charter provisions).

(ii) Subject to the stipulations of the parties, the fact-finders shall determine and apply the following measures and criteria in arriving at their findings and recommendations:

(A) First, as relevant to the issues in dispute, the fact-finders shall compare the total compensation, hours and conditions of employment of the employees involved in the fact-finding proceeding with the total compensation, hours and conditions of employment of other employees performing similar services in public and private employment in the same and comparable communities. **“Total compensation”** shall mean all wage compensation, including but not limited to premium, incentive, minimum, standby, out-of-class and deferred pay; all paid leave time; all allowances, including but not limited to educational and uniform benefits; and employer payments for all health, welfare and pension benefits.

(B) The fact-finders shall then adjust the results of the above comparisons based on the following factors:

(1) The compensation necessary to recruit and retain qualified personnel.

(2) Maintaining compensation relationships between job classifications and positions within the Authority.

(3) The pattern of change that has occurred in the total compensation of the employees in the unit at Impasse as compared to the pattern of change in the average “consumer price index” for goods and services, and the pattern of change in wages and compensation of other wage earners.

- The fact-finder(s) shall then determine preliminary recommendations based on the comparisons as adjusted above which, however, shall be reduced as appropriate based on the financial resources of the Authority to implement them. In assessing the Authority’s financial resources, the fact-finder(s) shall be bound by the following:

- (i) Other legislatively determined and projected demands on agency resources, i.e., budgetary priorities as established by the governing body; and
- (ii) Allowance for equitable compensation increases for other employees and employee groups for the corresponding fiscal period(s); and
- (iii) Revenue projections not to exceed currently authorized tax and fee rates for the relevant fiscal year(s); and
- (iv) Assurance of sufficient and sound budgetary reserves; and

- (v) Constitutional, statutory (and charter) limitations on the level and use of revenues and expenditures.
- The fact-finders shall make written findings of fact, and advisory recommendations for the Policy of the issues in dispute, which shall be presented in terms of the criteria, adjustments, and limitations specified above. Any member of a fact-finding panel shall be accorded the right to file dissenting written findings of fact and recommendations. The fact-finder or chairperson of the fact-finding panel shall serve such findings and recommendations on the Employee Relations Officer and the designated representative of the Exclusively Recognized Employee Organization. If these parties have not resolved the impasse within ten (10) days after service of the findings and recommendations upon them, the fact-finder or the chairperson of the fact-finding panel shall make them public by submitting them to the Executive Director for consideration by the Authority Board in connection with the Board's legislative consideration of the Impasse.

If the parties did not agree on mediation or the selection of a mediator and did not agree on fact-finding, or having so agreed, the Impasse has not been resolved, then the Authority Board may take such action regarding the Impasse as it in its discretion deems appropriate as in the public interest. Any legislative action by the Authority Board on the Impasse shall be final and binding.

(c) Costs of Impasse Procedures.

The cost for the services of a mediator and fact-finder or chairperson of a fact-finding panel utilized by the parties, and other mutually incurred costs of mediation and fact-finding, shall be borne equally by the Authority and Exclusively Recognized Employee Organization. The cost for a fact-finding panel member selected by each party, and other separately incurred costs, shall be borne by such party.

(5) Miscellaneous Provisions.

(a) Construction.

This Policy shall be administered and construed as follows:

- (i) Nothing in this Policy shall be construed to deny to any person, employee, organization, the Authority, or any authorized officer, body or other representative of the Authority, the rights, powers and authority granted by federal or state law.
- (ii) This Policy shall be interpreted so as to carry out its purpose as set forth herein.
- (iii) This Policy shall be construed in a manner consistent with any and all existing federal or state laws relating to employee-employer relations.

(b) Severability.

If any provision of this Policy, or the application of such provision to any persons or circumstances, shall be held invalid, the remainder of this Policy, or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

(c) The original, itemized, detailed receipts must be provided in all reimbursement requests. Each receipt must be imprinted with the name of the business and date. All other employee reimbursement requests and corresponding payments are subject to subsequent audit by the Authority on an annual basis. If an audit determines that reimbursements have been inappropriately made, then the Authority may retroactively disallow such reimbursements and the Board member or employee will be required to reimburse the Authority for such amounts.

(10) Biannual Review of Policy. The President/CEO shall have this policy reviewed for currency, applicability, and appropriateness every two (2) years. On completion of each review, the results of the review with recommendations for revision shall be presented to the Board.

BUSINESS EXPENSES

Reimbursable Business Expenses. This section lists *business expenses* that generally are reimbursable, and sets forth the requirements and procedures for Board members and employees to obtain reimbursement for such expenses. Any expense(s) not listed in this attachment may not be authorized nor reimbursed without special pre-approval by the respective Administrator:

(a) *Meals, Entertainment and Gratuities:*

(i) *Definition of Meal, Entertainment and Gratuity Expenses.*

(1) *Meals* – expenses include the costs of food, beverages and taxes. Alcohol expenses are not reimbursable unless specifically pre-approved by the Executive Committee for all Board member requests or the President/CEO for all Authority staff requests.

(2) *Entertainment* – expenses incurred in any activity generally considered to provide socially appropriate entertainment, amusement or recreation, including the entertainment of customers or clients of the Authority at social, athletic and cultural activities or events. Entertainment expenses shall meet one of the following tests:

(a) The employee incurring the expense reasonably expects that the Authority will derive income or a business benefit then or at a future time; the employee incurring the expense actively sought to obtain that benefit at that time; business was the principal motivation for the incurrence of the expense; and the outlay was used for both the employee incurring the expense, and the third party from whom the employee expects the business benefit; or

(b) The expenditures were incurred in a clear business setting where the party being entertained would reasonably understand that the outlay was for business or for support of future business objectives; or

(c) The expense is intended to foster positive organizational relationships with civic or governmental organizations consistent with the Authority's mission and objectives. If the employee incurring the expense is also accompanied by one or more other Authority employees, the Authority also will pay for the expense for the other Authority employee(s) if the ability to meet one of the foregoing tests will be enhanced by the presence of the other Authority employee(s).

(3) *Gratuities* – expenses for gratuities in connection with meals and entertainment should be reasonable. Receipts generally are not required for the reimbursement of gratuities if such gratuities are included in the expenses for the corresponding meal or entertainment activity.

POLICY SECTION NO. 3.30

(4) *Exclusions* – Meals between Authority employees and/or Board members and meals with vendors or contractors with whom the Authority already has an existing relationship or contract (“existing vendors or contractors”) are generally not reimbursable. However, when special circumstances justify such expenses, (1) the President/CEO, as Administrator, may approve reimbursement expenses for meals between Authority employees and for meals between Authority employees and existing vendors or contractors; or (2) a member of the Executive Committee, as the Administrator, may approve reimbursement of expenses for meals between Authority employees and Board members, for meals between Board members, and for meals between Board members and existing vendors or contractors. Authority employees will be reimbursed for such business-related meals solely with other Authority employees when:

- (a) for confidentiality reasons, business must be conducted off-airport premises; or

(ii) *Requirements for Reimbursement.* Expenses for meals, entertainment and gratuities are only reimbursable if the Authority determines that these expenses are (1) actual, (2) reasonable and (3) directly related to the transaction of the Authority’s business. Such expenses only will be considered “directly related” to the transaction of the Authority’s business if the Board member or employee actively is engaged, during the meal or entertainment activity, in discussions, meetings, negotiations or other business transactions with business associate(s) for the purpose of generating revenues for the Authority or another specific business benefit such as the enhancement of the Authority’s image. Discussions, meetings, negotiations or other business transactions that only are incidental to the meal or entertainment will not meet the “directly related” test.

(iii) *Procedure to Request Reimbursement.* Board members and employees shall request reimbursement for meal, entertainment and gratuity expenses on the Business Expense Reimbursement Report for in-town or on the Travel Expense Report for out-of-town. The reimbursement request shall itemize (1) the business expense, (2) the name, title and Authority affiliation of the business associate(s) who participated in the meal or entertainment activity and (3) a description of why the business expense is directly related to the transaction of the Authority's business. SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 3	-	PERSONNEL
PART 3.3	-	REIMBURSEMENT
SECTION 3.31	-	EXECUTIVE LEVEL RELOCATION PROGRAM POLICY

PURPOSE: To establish a policy for the reimbursement of expenses related to relocation for new senior level employees of the San Diego County Regional Airport Authority (the “**Authority**”) such as the President/CEO, General Counsel, Chief Auditor, Vice President, and Director level employees.

POLICY STATEMENT:

(1) Objective. The Authority endeavors to attract, hire, and retain the best available talent to the organization. To support these efforts, the Authority strives to make a new employee’s transition to our organization as comfortable as possible. For those new employees hired from other geographic locations, relocation is a complex process and the procedures and limits described in the Authority’s proposed policy represent the normal reimbursable expenses connected with a new hire relocating from out of the area.

(2) General.

(a) This Relocation Assistance Policy provides an outline and explanation of the benefits and services that may be available to facilitate relocation. The specific components of relocation offered to each individual employee may be negotiated on a case by case basis, as directed by the respective Division head, negotiated by the Director, Human Resources, and authorized by the President/CEO, or Board in the case of a new employee in the following positions: President/CEO, General Counsel, or Chief Auditor.

(b) This policy is considered a part of the agency’s overall market competitive compensation and benefit programs and is intended to enhance the Authority’s ability to recruit and retain the talent needed to support its Mission, Vision, Values, Goals, and Objectives.

(c) The intent of this relocation assistance policy is to, as reasonably as is practicable, ease the employee’s transition into their new position by potentially assisting with moving expense(s) that will be determined, authorized and approved on a case by case basis.

(d) Reimbursement for any relocation expense that does not fall within this policy shall require the President/CEO’s approval which must be obtained before the expense is incurred.

(e) This policy covers travel authorization, reimbursement of travel expenses incurred by the new employee and their eligible dependents, living expenses enroute, shipment of household goods and personal effects, home sale, marketing, or lease expense assistance, temporary living allowance, and spousal assistance.

(f) Upon direction from the President/CEO, or designee, all relocation expenses will be negotiated, on a case by case basis, by the Director, Human Resources, or designee.

(g) Final approval for the expense will reside with the President/CEO, or designee. Consideration for each expense will be based on the position being recruited for, the scope of expense(s) being requested, and reasonable economic parameters.

(h) In the event relocation assistance has been approved and authorized for positions other than those reporting to the Board, the Board will be notified of the final cost to the Authority of such relocation services.

(i) This policy does not apply to new or relocating employees who live within a 50-mile radius of the new location.

(3) Guidelines. As approved and authorized, a relocation manager from a local agency can be secured through the Director, Human Resources, or the new employee may select an agency from a list of approved providers. The agency manager can manage the Authority's Relocation Policy services, assist the individual and their family, remain in contact throughout the move, and coordinate the efforts of the relocation team to ensure that the move goes smoothly. A relocation manager acts as an employee advocate and a resource for any information required with respect to the relocation.

(4) Conditions. As approved and authorized:

(a) The Authority may reimburse travel and relocation expenses for newly hired, full-time employees, who are relocating 50-miles or greater than the distance between their former residence and former work location.

(b) Relocation benefits are extended with the understanding that if the employee voluntarily terminates employment or is terminated for cause within 12-months of the effective date of hire, the Authority will require the individual to repay a pro rated amount of the expenses paid in connection with their relocation.

(c) The employee should read this entire document, sign the Relocation Reimbursement Agreement (Attachment A), and return it to the Human Resources Department.

(5) Relocation Benefits Summary.

(a) Approved and authorized relocation benefits must be disbursed within 1-year of the employee's effective date of hire. This includes expenses for dependents, who are not able to accompany the employee in the initial relocation. Their enroute expenses may be reimbursed at their time of travel in the Relocation Reimbursement Agreement. Examples of circumstances that would justify separate travel are as follows:

- (i) Dependent travel is delayed for reasons such as completion of school terms, sale of home, or spouse's job.
- (ii) Commercial transportation accommodations are required for a minor dependent or a physical condition.

(b) The Authority may reimburse for actual relocation expenses that are not directly billed to the organization. Original receipts are required for reimbursement. This policy provides:

- (i) Two home finding trips from the employee's place of origin of up to 5-days duration each, including round-trip airfare, car rental, lodging, meals, and incidental expenses;
 - (ii) Temporary relocation housing up to 90-days with any extension being approved by the Director, Human Resources and authorized by the President/CEO;
 - (iii) Final travel to new location that includes travel, meals, and lodging expenses en route to destination; and
 - (iv) Household goods movement (including up to 2 automobiles) and storage for up to 60 days.
- (c) Should the employee make a trip back to their place of origin to return with dependents or to complete household goods shipping, they will not be reimbursed for travel expenses for the second trip.

(6) Initiating Relocation Services.

(a) To initiate the relocation services, when approved and authorized, the Human Resources Department will notify the approved relocation manager of an employee's eligibility for participation in the Relocation Assistance Program.

(b) The relocation manager will contact the employee to review the scope of relocation services available and discuss the employee's relocation-related needs, concerns, and personal preferences.

- (c) The relocation manager will also initiate the following in a timely manner:
 - (i) Destination area counseling.
 - (ii) Send an informational relocation packet on the destination area tailored to individual needs.
 - (iii) Assign and introduce relocation specialist real estate agent(s), who will assist in purchasing a home in the San Diego area.
 - (iv) Home sale, marketing, or lease assistance service if the employee owns and plans to sell their current home. Coordinate timely tours of homes to rent or purchase in the new area, to minimize transition time, "down-time" at the employee's new job, and the need for temporary housing; and
 - (v) Sale of the employee's home at departure with the events leading to the purchase of a new home, if applicable.
- (d) After the employee's introduction to the Relocation Program, the employee will make arrangements for applicable final move travel and enroute lodging. The relocation manager will coordinate all aspects of the employee's household goods transportation and help to locate suitable temporary housing, if necessary. The relocation manager will remain in contact throughout the relocation process for quality assurance, to answer questions as they arise, and assist with any relevant issues.

(7) Destination Services.

When approved and authorized, destination services may be initiated through the relocation manager to coordinate the events surrounding the employee's move. The relocation manager will provide home finding assistance, including objective counseling to help the individual select a new community compatible with the employee's lifestyle. The relocation manager will complete a needs assessment to help determine if the employee would like to purchase or rent in the new location. The relocation manager will:

- (a) Discuss with the employee and their family any informational needs, including real estate, schools and extra-curricular activities, recreation and cultural activities, and any other related questions or concerns.
- (b) Refer the employee to real estate specialist(s), who will contact them and their family to assist in renting or purchasing a home in the new area.
- (c) Remain in contact throughout the home finding and relocation process to ensure that the employee receives responsive, quality service from destination service providers.

(d) Send a relocation packet that includes all the previously mentioned information.

(8) Home Sale, Marketing, or Lease Expense.

When approved and authorized, the Authority may assist homeowners in the sale or purchase of their homes at current fair market prices. The Authority may assist renters by protecting them, where possible, against financial loss from reasonable and unavoidable expenses or penalties due to premature lease termination.

(9) Home Sale.

(a) When approved and authorized, an employee who owns and occupies a home may be provided with two options in selling it:

(i) *Option 1*-The employee may request the services of a relocation service to assist in relocation and home sale/purchase.

(ii) *Option 2*-The employee may decide not to use such a service, but assume full responsibility for the selling transaction.

(b) To ensure that an employee can sell the residence at a current fair market price, two independent appraisals may be obtained (three, if one differs by more than 5% from the other). The two appraisals will be averaged to determine the fair market value. If the employee must sell the house for less, the Authority may pay the employee the reasonable difference between the fair market price and the selling price, subject to the approval of the Director of Human Resources or designee.

(i) In the event the employee cannot dispose of the house at the current fair market price, the Authority reserves the right to utilize the services of a home purchasing/relocation service to assist in home sale/purchase.

(ii) The Authority may pay certain actual closing and selling costs upon presentation of a closing statement. These include real estate commissions, attorneys' fees, title fees, escrow fees, points or loan placement charges you are required to pay, State transfer taxes, and similar expenses connected with the sale or exchange of employee's former home.

(iii) When an employee ends an unexpired lease on the former home, that employee may be reimbursed by the Authority for payments to the lessor for terminating the lease, attorneys' fees, real estate commissions and expenses, such as the difference between the rent paid and the rent received from an assignee or sub-lessee.

(c) If an employee receives assistance with the sale of their existing home, they are ineligible for assistance with the purchase of settlement charges in the purchase of their new home.

(10) Home Purchase or Lease Expense.

When approved and authorized, the employee may be reimbursed for customary settlement charges in the purchase of a house. These charges include, as required, attorneys' fees, escrow fees, appraisal fees, title costs, points or loan placement charges not representing the payment or prepayment of interest, and sundry expenses connected with the purchase of your new home. If an employee receives assistance with the sale of their existing home, they are ineligible for assistance with the purchase of their new home.

(11) Movement of Household Goods.

When approved and authorized, a relocation manager may initiate an employee's household goods movement services directly, selecting from an approved carrier list. These services would be provided at the expense of the Authority. The guidelines are as follows:

- (a) Household goods and effects may be moved directly from the employee's former residence to their new residence, with one pickup and one delivery per transferee.
- (b) The relocation manager and the moving company may coordinate packing, loading, and delivery dates.
- (c) Claims for damage, if applicable, will be expedited through the relocation manager.
- (d) Household goods include personal belongings for the employee and their immediate family.
- (e) Household goods exclude boats, trailers, aircraft, plants, pets, propane cylinders, firewood; hazardous/combustible items, handguns/automatic weapons/ ammunition.
- (f) *Recommendations:*
 - (i) Valuables, such as deeds, coin and stamp collections, jewelry and precious stones, should not be transported via the household goods carrier. The employee should make provisions for safe transport, since these items may not be insured through the carrier's insurance coverage policy.
 - (ii) The Authority is not liable for loss or damage to household goods or personal effects while in transit. Claims of damage or loss must be settled between the employee and the household goods carrier. The relocation manager may assist in this process. The Authority may reimburse for the cost of full-value replacement insurance procured from the

moving company, based on a maximum valuation of \$4.00 per pound. Additional insurance coverage may be obtained from the carrier at the employee's expense.

(iii) The employee should require specific itemization on the mover's inventory if you choose to have the moving company transport any antiques, fine art and unique items. An appraisal should be obtained, at the employee's expense, before the move to determine whether or not the goods are insurable.

(g) The Authority may pay 100% of the cost of temporary storage up to 60 days after goods are removed from the employee's home, if required. The Authority may also pay for the movement of household goods out of storage, additional insurance costs while in storage and any special handling requirements to accommodate the storage of goods.

(12) Completing Travel Authorization Documents.

It is the Authority's policy for the traveler to prepare a Travel Authorization/Advance Request for travel that involves any one or more of the following conditions:

Category	Reimbursement Rate
Air Travel	A one-way, economy airline ticket for each member of the family to travel to his/her new location.

PURPOSE: To establish a policy for the reimbursement of travel expenses for the members of the Board (the “**Board**”) and employees of the San Diego County Regional Airport Authority (the “**Authority**”).

POLICY STATEMENT:

(1) Objectives. The objectives of this policy are to:

(a) Comply with applicable provisions of section 170017(d) of the San Diego County Regional Airport Authority Act, as amended, which provides that Board members may be paid for actual and necessary traveling expenses incurred while on official business;

(b) Ensure that the travel expenses of Board members and employees are reasonable, cost-effective and necessary for the Authority’s business;

(c) Identify the conditions under which and the procedures by which Board members and employees may be reimbursed for authorized travel expenses;

(d) Ensure that Board members and employees are reimbursed on a timely basis for all appropriate travel expenses that they incur; and

(e) Incorporate applicable provisions of Government Code § 53232.2 – 53232.3.

(2) General Travel Reimbursement Provisions.

(a) Board members and employees may be reimbursed for actual, necessary, and reasonable travel expenses incurred in connection with a meeting on matters directly affecting the interests of the Authority when such meeting is with a member of the legislative, executive or judicial branch of the federal government, state government or local public agency; or is with an official of a business entity with whom the Authority currently has or has significant potential to be in a contractual relationship; or is demonstrably and directly related to the business of the Authority or operations of the airport. Necessary expenses are those that are helpful and appropriate for the advancement of the business interests of the Authority. The reasonableness of a particular expense shall be determined by considering all facts and circumstances associated with the expense and the potential benefit to the Authority.

(i) *Board Member and Employee Travel by Commercial Air Carrier.* When traveling by commercial air carrier on official Authority business, Board members and employees shall use government or group air travel rates when such rates are offered by a commercial air carrier. When government or group rates are not available, Board members and employees shall be reimbursed at a rate not to exceed the prevailing applicable coach rate for domestic travel and the prevailing rate for one class above the coach rate for non-domestic travel when the scheduled flight time exceeds six hours.

(ii) *Board Member and Employee Travel by Means Other Than Commercial Air Carrier.* When traveling by means other than commercial air carrier, Board members and employees may be reimbursed for the actual transportation costs except for travel by personal vehicle where reimbursement shall be at the current mileage rate as published by the Internal Revenue Service ("IRS"). In no event shall the reimbursement of transportation expenses exceed the prevailing applicable rate for coach-class air travel.

(iii) *Travel Per Diem for Board Members.* When traveling on official Authority business, Board members may be reimbursed for the actual cost of lodging, meals, and necessary incidental travel-related expenses which shall not exceed the then stated per diem rate established that year by the U.S. General Services Administration ("GSA") for destinations within the United States and the U.S. Department of State Bureau of Administration for international destinations. If the lodging is in connection with a conference or organized educational activity conducted in compliance with subdivision (c) of Government Code §54952.2, including, but not limited to, ethics training required by §53234 et seq., lodging costs shall not exceed the maximum group rate published by the conference or activity sponsor, provided that lodging at the group rate is available to the member of a legislative body at the time of booking. (iv) *Travel for Employees.* When traveling on official Authority business, employees may be reimbursed for the actual cost of necessary lodging, meals, and incidental travel-related expenses. Employees shall use available government and/or group rates for travel and lodging. Reimbursement of employees for any travel expense that does not fall within this policy shall require the approval of the President/CEO.

(c) Domestic travel for the purpose of this policy includes travel within and between the 48 continental United States.

(d) Board members and employees must submit to their respective Administrator the Out-of-Town Travel Request at least three (3) weeks prior to the anticipated travel departure date, but this advance notice period is not required if the Authority provides less than three (3) weeks' notice in requesting that a Board member or employee conduct out-of-town travel.

(e) The Travel Expense Report should be submitted to the Administrator within a reasonable amount of time, but no later than thirty (30) days after the completion of the out-of-town travel.

(f) All domestic travel advances must be cleared no later than thirty (30) days after the completion of the domestic travel, and all international travel advances must be cleared no later than forty-five (45) days after the completion of the international travel.

(g) Should a Board member or employee owe the Authority for a portion of any unused travel advance, the Board member or employee must pay to the Authority the unused portion by cash or personal check. Failure to account for travel advances within the required 30-day period may result in the suspension of privileges to obtain further advances.

(h) All reimbursement requests shall be in U.S. dollars, with sufficient supporting documentation for any corresponding currency conversion rates for expenses incurred outside of the United States.

(3) Administrator Pre-approval of Travel Requests and Approval of Reimbursement Requests. Reimbursement of travel expenses requires a responsible officer of the Authority (the "Administrator") to pre-approve the travel and to review and approve the reimbursement of travel expenses in the manner set forth in this policy.

(a) Responsibilities of Administrator. An Administrator, in authorizing a travel request or approving a request for reimbursement of incurred travel, is responsible for ensuring that each such request meets the requirements of this policy. In discharging this responsibility, the Administrator shall review the request and supporting documentation to determine whether or not the request conforms to the standards and specifications in this policy. (6) Verify that the documentation for each expense that is unusual in nature and/or amount adequately supports the reasonableness and necessity of the expense;

(7) Reject those expenses that are not consistent with this policy; and

(8) For those expenses that are approved for reimbursement, provide written certification that the Administrator, based on reasonable inquiry, believes such expenses were reasonable, necessary, and directly related to the Authority's business.

ARTICLE 4 - FINANCE AND ACCOUNTING

PART 4.1 - ACCOUNTING

SECTION 4.10 - PAST DUE AND UNCOLLECTIBLE ACCOUNTS RECEIVABLE

PURPOSE: To define the procedures to be followed when past due or accounts receivables are deemed delinquent and uncollectible by the San Diego County Regional Airport Authority (the “**Authority**”).

POLICY STATEMENT:

As a government entity, the Authority is obligated to make every effort to collect all monies to which it is rightfully entitled. The Authority shall take all appropriate and cost-effective actions to aggressively collect Accounts Receivable and minimize the need to write off debt owed the Authority. The Authority recognizes that in certain circumstances beyond the Authority’s control, debt due to the Authority may be uncollectible. Timely identification of past due Accounts Receivable and close coordination between cognizant departments is essential to minimize the need to write off uncollectible accounts.

DEFINITIONS:

- Account Receivable: A debt owed to the Authority that arises in the normal course of business dealings and not supported by negotiable paper; a claim against a debtor usually arising from sales or services rendered. Accounts Receivable include, but are not limited to, rent, concession fees, permit fees, license fees, landing fees as well as monies due for services and goods.
- Allowance of Doubtful Account: A valuation account (i.e., contra asset) that is subtracted from the trade receivable on the balance sheet.
- Bad Debt: A Past Due Account Receivable that despite best efforts by the Authority remains unsatisfied and for which there is no reasonable expectation that the underlying debt will be satisfied in whole or in part. The expense for a Bad Debt is recognized when the Account Receivable becomes doubtful which typically occurs prior to write off of the Account Receivable.
- Cognizant Department: The Department of the Authority that negotiated the agreement or contract giving rise to a particular Account Receivable.

- **Debt:** In the context of this procedure, debt refers to a sum of money due by certain and express agreement between the Authority and another party or parties. Debt may be owed the Authority by an individual or by a business entity.
- **Past Due:** Refers to an Account Receivable for which payment has not been received for more than thirty (30) days after the date on which payment is due.
- **Treasurer:** The Chief Financial Officer, Vice President – Finance and Treasurer of the Authority.
- **Write-Off:** An accounting transaction that removes an Account Receivable from the accounting books and records. Writing off the Account Receivable is for accounting purposes only and this action does not discharge the Debt. The Debt is still owed to the Authority, however, the amount has been removed from the Authority's books as a receivable.

ROLES AND RESPONSIBILITIES REGARDING OVERDUE AND UNCOLLECTIBLE ACCOUNTS:

A. Cognizant Department. The Cognizant Department is responsible for:

1. Routine management of the Authority agreement or contract which gives rise to an Account Receivable;
2. Monitoring payment schedule of Accounts Receivable;
3. When necessary, and with the advice and consent of the Authority Treasurer, negotiating settlements of Past Due Accounts Receivable; and

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 4 - FINANCE AND ACCOUNTING

PART 4.2 - INVESTMENTS

SECTION 4.20 - POLICY GUIDELINES FOR PRUDENT INVESTMENTS

PURPOSE: To establish a policy governing the investment policies and practices of the San Diego County Regional Airport Authority (the “**Authority**”), including risk management.

POLICY STATEMENT:

It is the policy of the Authority to invest public funds in a manner that will provide the highest security of the funds under management while meeting the daily cash flow demands of the Authority. The investment policies and practices of the Authority are based upon prudent money management and conform to all state and local statutes governing the investment of public funds.

This policy also addresses risk management because risk management is an integral part of managing a fixed income portfolio. To focus only on maximizing return is imprudent; therefore, policy issues will be directed to limiting the investment portfolio’s exposure to each issue and issuer of debt and criteria for establishing minimum credit requirements that firms must have in order to effect security transactions with the Authority.

(1) Scope. This investment policy applies to all the Authority’s investment activities, except for the Employees Retirement and Deferred Compensation funds, which are administered separately. In addition, in the event of a conflict between this policy and permitted investments of bond proceeds as defined by a master indenture or supplemental indenture (“**Indenture**”) associated with any Authority debt issuance, the more restrictive parameters of either Cal. Gov. Code or the Indenture will take precedence. The financial assets of all other Authority funds shall also be administered in accordance with the provisions of this policy.

(2) Objectives.

(a) Safety of Principal. Safety of principal is the Authority’s foremost objective. To accomplish this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio. Each investment transaction shall seek to ensure that capital losses are avoided, whether from issuer default, broker/dealer default or erosion of market value. The Authority shall seek to preserve principal by mitigating credit risk and market risk.

(i) Credit risk is the risk of loss due to failure of the issuer to repay an obligation and shall be mitigated by investing in only the highest quality credits and by diversifying the investment portfolio so that the failure of any one issuer would not unduly harm the Authority's cash flows.

(ii) Market risk is the risk of market value fluctuations due to overall changes in the general level of interest rates and shall be mitigated by:

(A) structuring the portfolio so that securities mature at the same time major cash outflows occur, thereby eliminating the need to sell securities prior to their maturity; and

(B) limiting the average maturity of the Authority's portfolio to three years. Furthermore, no investments will be made in any security with a maturity greater than five years unless the Board has granted its express authority to make such investment specifically or as a part of an investment program approved by the Board no less than three months prior to the investment.

It is explicitly recognized, however, that in a diversified portfolio occasional losses may be inevitable and must be considered within the context of overall investment return.

(b) Liquidity. The Authority's investment portfolio will be structured to provide sufficient liquidity to meet the operating requirements of the Authority.

(c) Return on Investment. State law requires that the objective of return on investment be subordinate to the objectives of safety and liquidity. Therefore, investment officials shall seek to achieve a return on the funds under their control throughout all economic cycles, taking into consideration the Authority's investment risk constraints and cash flow requirements.

(3) Authority to Invest Funds.

(a) Policy principles for investment of Authority funds. Monies entrusted to the Authority will be invested and actively managed pursuant to applicable California statutory limitations and the guidance and limitations set forth in the Authority's written policies. Authority for the management and investment of Authority funds rests with the Authority Board of Directors ("**Board**"). The Board promulgates the policy for investment and management of Authority funds and conducts periodic reviews to ensure compliance with policy and statutory requirements. All persons authorized to make investment decisions for the Authority are trustees of the Authority and owe the Authority a fiduciary duty. All trustees are bound by the prudent investor rule, which requires trustees in making decisions with regards to the Authority's funds to act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency.

Trustees of Authority funds are relieved of personal responsibility for an individual security's risk or market price changes where the trustees at all times were acting in accordance with written procedures and this investment policy, exercising due diligence, taking timely and appropriate action to control adverse developments, and provided timely appropriate reports to the Board regarding the adverse developments with an investment.

(b) Delegation of investment authority to Treasurer. The Board delegates the authority to invest and manage the funds of the Authority to the Authority's Treasurer. Such delegation shall be on a fiscal year basis and subject to renewal by the Board, at its option, after appropriate review of the investment record. The Board reserves the right to revoke the delegation of investment authority at its discretion. The Treasurer shall report to the board the status of Authority's investment portfolio in accordance with Sections (10)(a) and (b) of this policy. Whenever a security is sold at a loss, the Treasurer will record the loss as such in the Authority's accounting system. The Treasurer shall designate in writing an officer or employee of the Authority who shall have authority to execute or authorize execution of an investment trade on behalf of the Authority when the Treasurer is not reasonably available and circumstances require timely action.

(c) Treasurer's responsibility for investments. Investment and management of the Authority's funds shall be solely the responsibility of the Authority's Treasurer, who shall take necessary measures to be fully informed on current market conditions and market trends in general and the condition of the Authority's investment portfolio in particular. The Treasurer shall establish and periodically review for currency and adequacy a system of controls to ensure compliance with the applicable statutory requirements and the Authority's investment policies. The system of controls shall also provide for regulation of subordinate officers and employees as well as investment advisors under contract with the Authority.

(d) Execution of trades by authorized investment advisor. Where the Board has approved a contract for a registered independent investment advisor to assist the Treasurer in the discharge of investment responsibilities and where the Treasurer has approved in writing a strategy to guide the investment of Authority funds, the Treasurer may authorize the investment advisor to execute trades on behalf of the Authority to effectuate the approved investment strategy. The Treasurer shall make such delegation via a document that specifies the boundaries of the delegated authorization. The investment advisor designated to execute trades on behalf of the Authority shall be bound by this policy of the Authority and the Treasurer's written approval of the investment strategy. Authorizing the investment advisor to execute trades on behalf of the Authority does not relieve the Treasurer of responsibility for management and oversight of all investment transactions involving Authority funds. The Treasurer or designated Authority officer or employee, as provided in Section 3(b), when the Treasurer is not reasonably available and circumstances require timely action, must approve in writing all investment transactions that exceed a market value of five million dollars (\$5,000,000) prior to execution of the trade. The investment advisor shall not execute any trade through any security broker in whom the investment advisor holds an ownership interest or has a financial interest. The investment advisor shall not take possession of or act as custodian for the cash, securities or other assets. The investment advisor shall provide a written report of all trades made on behalf of the Authority to the Treasurer within twenty-four (24) hours of trade execution.

(4) Ethics and Conflicts of Interest. The Board, Authority officers or Authority employees involved in the investment process shall refrain from any activity that could conflict with proper execution of the investment program or which could impair the Authority's Treasurer's ability to make impartial investment decisions. Authority staff involved with the investment process shall disclose to the Authority's Treasurer any financial interest in financial institutions that conduct business with the Authority and they shall further disclose any personal financial and/or investment positions that could be related to the performance of the Authority's portfolio. Board members, Authority officials and Authority employees shall subordinate their personal investment transactions to those of the Authority, particularly with regard to the time of purchases and sales.

(5) Placement of Trade Execution Orders.

- (a) Whenever possible, investment transactions shall be made via a competitive process to ensure the Authority's security transactions are made on terms most favorable to the Authority. Trade execution shall be only through firms registered with the Financial Industry Regulatory Authority (FINRA) and approved by the Treasurer. To ensure security transactions are made via the most competitive process, solicitation of bids to transact a security trade shall be provided equally to all security dealers approved by the Treasurer pursuant to the section (5)(b) of this policy. This policy permits the Authority to purchase investments directly from approved issuers who require no competitive process (e.g., Local Agency Investment Fund (LAIF), the San Diego County Investment Pool (SDCIP), and Local Government Investment Pools (LGIPs).
- (b) Other than investments with depository institutions and approved pools, the Treasurer shall only execute trades with security dealers that have been approved to execute security trades on behalf of the Authority. Prior to approving a security dealer to execute security trades, the Treasurer shall determine that the dealer is fully qualified to execute security trades for the Authority. In evaluating whether a specific dealer is so qualified, the Treasurer shall evaluate, at a minimum, the dealer's security registration, financial condition, standing in the investment community, and experience with security trades of the nature to be executed on behalf of the Authority. To be qualified, all financial institutions and broker/dealers who desire to become qualified bidders for investment transactions must supply the following information on an annual basis: (1) audited financial statements; (2) proof of Financial Industry Regulatory Authority (FINRA) certification; (3) a trading resolution; (4) proof of California registration; and (5) a completed broker/dealer questionnaire.
- (c) Where the Board has approved a contract for a registered independent investment advisor to assist the Treasurer in the discharge of the investment responsibilities, the Treasurer may rely on the advisor's assurances that specific security dealers are fully qualified to execute trades on behalf of the Authority. The investment advisor shall provide such assurances in writing and shall renew the assurances based on an annual review of the financial condition and registrations of qualified bidders.

The total of all collateral for each Repurchase Agreement must equal or exceed, on the basis of market value plus accrued interest, 102% of the total dollar value of the money invested by the Authority for the term of the investment. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102% no later than the next business day. For any Repurchase Agreement with a term of more than one day, the value of the underlying securities must be reviewed on a regular basis.

Market value must be calculated each time there is a substitution of collateral.

(8) **Safekeeping of Securities.** To protect against potential losses by the collapse of individual securities dealers, all securities owned by the Authority shall be held in safekeeping

by a third person bank trust department acting as agent for the Authority under the terms of a custody agreement executed by the bank and the Authority. All securities will be received and delivered using standard delivery versus payment procedures. The only exception to the foregoing shall be: (i) LAIF; (ii) the SDCIP; (iii) LGIPs; (iv) money market mutual funds, and (v) Deposits (TCDs & PSDs), since the purchased securities are not deliverable. A record of these investments shall be held by the Treasurer.

All investment officers shall be bonded and all investment accounts subject to surprise audits performed no less than on a quarterly basis.

(9) Portfolio Limitations. Percentage limits and credit criteria are applied at the time of purchase. If a percentage-of-portfolio limitation is exceeded due to reduction in portfolio size, the affected securities may be held to maturity to avoid losses. When no loss is indicated, the Authority's Treasurer shall consider restructuring the portfolio basing the decision in part on the expected length of time the portfolio will be imbalanced. The Treasurer shall report all such imbalances in the monthly report to the Board. In the event that an investment originally purchased within policy guidelines is downgraded below the policy requirements by any one of the NRSROs, the course of action to be followed by the Treasurer will then be decided on a case-by-case basis, considering such factors as the reason for the downgrade, prognosis for recovery or further rating downgrades, and the market price of the security.

(10) Reporting Requirements.

(a) In accordance with Cal. Gov. Code §53646, on a quarterly basis, the Authority's Treasurer shall prepare in accordance with GAAP and GASB 31 a report detailing investments and investment activity and transmit same to the Executive Officer, the Internal Auditor and the Board.

Commercial paper is usually issued at a discount from par with a zero coupon. Highly-rated, or “Prime” commercial paper carries a Standard & Poor’s rating of A1 or A1+, a Moody’s rating of P1, and/or a Fitch rating of F1 or F1+.

Constant Maturity Treasury (CMT) – A calculated average released by the Federal Reserve of all Treasury yields along a specific maturity point. This calculation is frequently used as a benchmark for conservative government portfolios.

Coupon: (a) The annual rate of interest that a bond’s issuer promises to pay the bondholder on the bond’s face value; (b) A certificate attached to a bond evidencing interest due on a payment date.

Dealer: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his or her own account.

Debenture: A bond secured only by the general credit of the issuer.

Delivery versus Payment: There are two methods of delivery of securities: delivery versus payment and delivery versus receipt (also called free delivery). Delivery versus payment is delivery of securities with an exchange of money for the securities. Delivery versus receipt is delivery of securities with an exchange of a signed receipt for the securities.

Discount: The difference between the cost price of a security and its value at maturity when quoted at lower than face value. A security selling below original offering price shortly after sale also is considered to be selling at a discount.

Diversification: Dividing investment funds among a variety of securities offering independent returns.

Federal Farm Credit Bank (FFCB): The Federal Farm Credit Bank System is the oldest of the government sponsored enterprises, created by an act of Congress in 1916. Its mission is to provide a reliable and low cost source of funds to support agriculture in the United States. Unlike commercial banks, System banks do not take deposits. Instead, funds for loans are obtained through the issuance of debt securities. FFCB long-term senior debt ratings have traditionally mirrored those of the U.S. government.

Federal Home Loan Banks: Federal Home Loan Banks provide a source of low cost loan funding to U.S. banks. Within their collective membership, the FHLBank System represents the largest source of home mortgages in the United States. The System does

not provide loans directly to individuals, only to other correspondent banks. System banks do not take deposits. Instead, funds for loans are obtained through the issuance of debt securities. FHLB long-term senior debt ratings have traditionally mirrored those of the U.S. government.

Federal Home Loan Mortgage Company (FHLMC or “Freddie Mac”): The Federal Home Loan Mortgage Corporation (FHLMC), commonly referred to as “Freddie Mac”, was created in 1970 to assist its sister company, Fannie Mae, by purchasing mortgage loans in the secondary market, pooling them together, and selling them to investors in the form of mortgage-backed securities. By providing a secondary market for home loans, Freddie Mac increases the amount of money available for mortgage lending. In September 2008, Freddie was placed under Federal government conservatorship as a result of a decline in the underlying market value of the mortgage loans it held and guaranteed. Like Fannie Mae, Freddie Mac issues debt in maturity ranges from one-day to 30 years, and its long-term senior debt rating has traditionally mirrored U.S. Treasury debt due to its reliance on the U.S. government.

Federal National Mortgage Association (FNMA or “Fannie Mae”): The Federal National Mortgage Association (FNMA), commonly referred to as “Fannie Mae”, was created in 1938 during the Great Depression to provide a secondary market for mortgage loans by purchasing groups of loans from lenders and packaging them into pools of mortgage-backed securities that can then be sold to investors. To facilitate this process, Fannie Mae also issues debt in maturity ranges from one-day to 30 years. The company’s long-term senior debt rating has traditionally mirrored U.S. Treasury debt due to its reliance on the U.S. government. Although Fannie Mae had operated as a private company since 1968, it was placed under Federal government conservatorship in September 2008 as a result of a decline in the underlying market value of the mortgage loans it held and guaranteed.

Government National Mortgage Association (GNMA or “Ginnie Mae”): Long-term mortgage-backed securities backed by FHA and VA loans guaranteed by the full faith and credit of the U.S. Treasury. The term “pass-through” is often used to describe Ginnie Mae securities as principal and interest payments from the underlying homeowners are passed along to investors.

Federal Open Market Committee (FOMC): A group of Federal Reserve Officials that meet eight times per year to set U.S. monetary policy (raises and lowers interest rates). The Committee must balance its two primary and often conflicting objectives of achieving stable economic growth and keeping inflation at acceptable levels.

Fed or Federal Reserve Bank: The Central Bank of the U.S. responsible for supervising and regulating member banks, providing banking services, providing information, and setting monetary policy through the FOMC.

International Bank for Reconstruction and Development (IBRD or World Bank). The International Bank for Reconstruction and Development was created in 1944 to help Europe rebuild after World War II. Today, its purpose is to assist with reconstruction and

poverty reduction through an inclusive and sustainable globalization. The IBRD is owned and governed by its member governments. The United States is the IBRD's leading shareholder.

International Finance Corporation (IFC): The IFC is a member of the World Bank Group. Its focus is on assisting with private sector development in developing countries. The IFC is owned and governed by its member governments. The United States is the IFC's leading shareholder.

Inter-American Development Bank (IADB): The IADB was established in 1959 to provide financing and expertise for sustainable economic, social, and institutional development in Latin America and the Caribbean. The IADB is owned and governed by its member governments. The United States is the IADB's leading shareholder.

Inverse Floating Rate Note: A debt security with an interest rate stated as a fixed rate minus a variable rate index. This calculation causes the rate on the inverse floater to move in the opposite direction of general interest rates. This instrument generally performs well in a declining interest rate environment but will lose value if rates rise.

Liquidity: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value. In the money market, a security is said to be liquid if the spread between the bid and asked prices is narrow and reasonable size can be done at those quotes.

Local Government Investment Pools (LGIPs): Shares of beneficial interest issued by a joint powers authority organized pursuant to Cal. Gov. Code §6509.7. LGIPs offer a diversification alternative to LAIF and SDCIP for short-term cash management facilities.

Market Value: The price at which a security is trading and could presumably be sold.

Master Repurchase Agreement: A written contract covering all future transactions between counterparties to repurchase agreements and reverse repurchase agreements that establish each entity's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller-borrower.

Maturity: The date upon which the principal or stated value of an investment becomes due and payable.

Medium Term Notes: A class of debenture that is defined as all corporate and depository debt securities with a maximum remaining maturity of five years or less.

Money Market: The market in which short-term debt instruments (bills, commercial paper, bankers' acceptance, etc.) are issued and traded.

Nationally Recognized Statistical Rating Organization (NRSRO): A credit rating agency (CRA) that issues credit ratings that the U.S. Securities and Exchange Commission (SEC) permits other financial firms to use for certain regulatory purposes.

Negotiable Certificate of Deposit (NCD): A type of CD that is at least \$100,000 and can also be traded on a highly liquid secondary market.

Placement Service Deposit (PSD): A type of deposit that uses a deposit placement service. The placement service will allow the bank with which the investment is placed to split the initial deposit into multiple pieces that are then distributed among a network of banks, such that the full amount of the deposit is protected by the FDIC insurance of each participating bank.

Portfolio: Collection of securities held by an investor.

Primary Dealer: A group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities, broker/dealers, banks and a few unregulated firms.

Prudent Investor Standard: A legal doctrine that requires fiduciaries to make investments using the prudence, diligence, and intelligence that would be used by a prudent person in making similar investments.

Rate of Return: A standard performance measurement that considers the coupon interest a security or portfolio of securities receives, along with any realized gain or loss, along with any change in unrealized market gain or loss. Depending on market volatility, the rate of return could differ significantly from the average yield of a portfolio.

Rating Agency: Nationally recognized credit rating agency such as Fitch, Moody's or S&P.

Rating Category: A credit rating assignment by a Rating Agency shall mean (a) with respect to any long-term rating category, all ratings designated by a particular letter or combination of letters, without regard to any numerical modifier, plus or minus sign or other modifier, and (b) with respect to any short-term or commercial paper rating category, all ratings designated by a particular letter or combination of letters and taking into account any numerical modifier, but not any plus or minus sign or other modifier.

Repurchase Agreement (RP or Repo): A type of financial agreement in which an investor exchanges cash for securities with a primary dealer or bank and earns a fixed rate of interest for a specified period. At the end of the period, securities are returned in exchange for the principal amount, along with accrued interest. Dealers and banks use repo proceeds to finance their inventory positions.

Safekeeping: A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

Sec Rule 15C3-1: See Uniform Net Capital Rule.

Securities and Exchange Commission: Agency created by Congress to protect investors in securities transactions by administering securities legislation.

Strip (Bonds): Brokerage-house practice of separating a bond into its principal and interest, which are then sold as zero coupon bonds.

Time Certificate of Deposit (CD): A time deposit with a specific maturity evidenced by a certificate. Large denomination CDs are typically negotiable.

Treasurer: The Vice President of Finance/Treasurer of the Authority or the authorized designee or representative as designated by the President/Chief Executive Officer.

Treasury Bill: A non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year.

Treasury Bond: Long-term U.S. Treasury security having initial maturities of more than ten years.

Treasury Note: U.S. Treasury security having initial maturities between two and 10 years.

Uniform Net Capital Rule: Securities and Exchange Commission requirement that member firms as well as nonmember broker/dealers in securities maintain a maximum ratio of indebtedness to liquid capital of 15 to 1; also called net capital rule and net capital ratio. Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

Yield: The rate of annual income return on an investment, expressed as a percentage. (A) **Income Yield** is obtained by dividing the current dollar income by the current market price for the security. (B) **Net Yield or Yield to Maturity** is the current income yield minus any premium above par or plus any discount from par in purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 4 - FINANCE AND ACCOUNTING

PART 4.2 - INVESTMENTS

SECTION 4.21 - POLICY REGARDING THE USE AND MANAGEMENT OF DERIVATIVE PRODUCTS

(1) PURPOSE:

The purpose of this “Policy Regarding the Use and Management of Derivative Products” (the “Policy” or “Derivatives Policy”) for the San Diego County Regional Airport Authority (“SDCRAA” or the “Authority”) is to establish guidelines for the Authority to enter into and to manage various types of currently available financial contracts including interest rate swaps, options, caps, collars, floors, hedges and rate locks. These products are collectively referred to herein as “Derivatives” or “Derivative Product(s)”. Derivative Products, as contemplated in this Policy, are classified into two categories:

- a. those governed by standard International Swap Dealers Association (“ISDA”) Agreements (see “Form” herein), and
- b. those governed by other forms of agreement (“other derivatives”).

All agreements and binding obligations associated with Derivative Products must receive the formal approval of the Board prior to execution of a transaction.

Subject to Board approval, derivative products are almost exclusively governed by a “master agreement” established by the International Swap Dealers Association (“ISDA”), a generic document that governs the basic terms of the swap. It sets out the broad parameters of the transaction, including a set of definitions, general payment provisions, netting arrangements, events of default and events of early termination.

Each ISDA master agreement is accompanied by and subject to a confirmation and a schedule, which supplement and override, to the extent of any inconsistency, the master agreement. The agreements are standard forms used in the industry and are widely accepted in the marketplace. They allow market participants to trade swaps in a well-defined secondary market and reverse swaps with existing counterparties.

Other derivative forms of agreement lack this defined secondary market and will require additional Board disclosures including receipt of detailed analytic evaluation that provides a strong and compelling rationale for their use. This Policy does not contemplate the use of such products at this time.

This Derivatives Policy provides guidelines for the Vice President Finance/Treasurer, professional Finance Department staff and the Authority's Board of Directors (the "Board"), as well as the Authority's Financial Advisor and the Authority's Swap Advisor (collectively, the "Advisors") as well as all financial institutions wishing to do business with the Authority.

No Derivative Product may be executed by the Authority without the prior approval of the Board.

(2) PHILOSOPHY REGARDING THE USE OF DERIVATIVE PRODUCTS:

Derivative Products can be appropriate interest rate management tools. Properly used, they can increase the Authority's financial flexibility and provide opportunities for interest rate savings, enhanced investment yields, or reduced risk. Derivative Products should be considered in the context of the Authority's overall debt and investment management policy.

Derivative Products may be used when they achieve a specific objective consistent with the Authority's overall financial policy¹ (see "Permitted Uses" herein).

If used improperly, Derivative Products could expose the Authority to undue risk or risk for which compensation is insufficient. They should never be used for speculation (see "Prohibited Uses" herein).

The Authority may use the following products after identifying the specific financial objective to be attained and assessing the accompanying risks:

- a. **Interest Rate Swaps** – (see "Legality" herein) Immediate or forward starting floating-to-fixed rate swaps may be used to capture current market fixed interest rates or eliminate variable rate exposure. Fixed-to-floating rate swaps may be used to create additional variable interest rate exposure.
- b. **Interest Rate Caps** – Financial contracts (e.g., caps, collars, floors) may be used to limit or contain exposure to interest rate volatility.
- c. **Rate Locks** – These are most typically based on interest rate swaps and may be used to hedge an upcoming fixed rate bond issue.

The above list is representative and not all-inclusive.

¹ They may be used, for example, to lock in a current market fixed rate or create additional variable rate exposure, to produce interest rate savings or alter the pattern of debt service payments. They may also be used to cap, limit or hedge variable rate payments.

(3) SCOPE AND APPROVALS:

This Derivatives Policy shall govern the Authority's use and management of Derivative Products, describing the circumstances and methods by which they will be used, providing guidelines to be employed when they are used, and identifying the responsible parties involved in the implementation of this Policy.

While adherence to this Policy is required whenever the Authority enters into an agreement (see "Form" herein) to utilize a Derivative Product, the Authority recognizes that changes in the capital markets and in the Authority's strategic goals and tolerance for risk, and other unforeseen circumstances, may from time to time, give rise to issues or situations that are not covered by this Policy. Subject to Board approval of all agreement documents, this Policy provides the CEO/ President, and other employees designated by the President/CEO, to incorporate different and additional restrictions, as long as such restrictions are not inconsistent with this Policy. Any of the provisions and/or restrictions contained in this Policy can be modified by the Board.

Prior to entering into any transaction involving Derivatives, staff must obtain the Board's approval of the maximum notional amount, the maximum term, the average life, and all agreement documents associated with such Derivative Product. The General Counsel and Bond Counsel of the Authority shall determine whether a proposed Derivative Product complies with all applicable provisions of the Authority's Master Senior and Subordinate Indenture, any resolutions and agreements related to the Authority's outstanding debt, and whether or not the use of such Derivative Product will adversely impact the rights of any holder of the Authority's outstanding bonds or notes.

The President/ CEO, or such other employees designated by the President/CEO, will be delegated by the Board to carry out the necessary steps to enter into, monitor and administer any Derivative Product it has approved. This delegation shall be in accordance with the Board's approval and within the parameters established under this policy.

The Board will consider the array of benefits available from the use of each proposed Derivative Product, including, as appropriate: portfolio composition, debt management, mitigation of interest rate risk, lowering the cost of debt service, or expected changes in interest rates. A written analysis of the expected benefits as well as the potential risks associated with a proposed Derivative Product shall be presented to the Board as further described herein (see "Analytical Procedures").

(4) LEGALITY:

SDCRAA's authority to enter into transactions utilizing Derivative Products is based on its general contractual powers and Section 5903 of the Government Code. Its ability to pledge Authority revenues to its payment obligations with respect to such Derivative Products, specifically Interest Rate Swaps, is authorized by provisions contained in the Authority's Master Senior Lien Indenture and Subordinate Lien Indenture as described below.

Interest rate swaps are one of many Derivative Products, but are the most commonly used of all derivatives.² They are described in the Authority's Master Senior Lien Indenture, which provides for the issuance of a "Qualified Swap":

"...any Swap (a) whose Designated Debt is all or part of a particular Series of Bonds; (b) whose Swap Provider is a Qualified Swap Provider or has been a Qualified Swap Provider within the 60 day period preceding the date on which the calculation of Annual Debt Service or Aggregate Annual Debt Service is being made; (c) which has a term not greater than the term of the Designated Debt, or to a specified mandatory tender or redemption of such Designated Debt; and (d) which has been designated in writing to the Trustee by the Authority as a Qualified Swap with respect to such Bonds."

(5) PERMITTED USES:

Recognizing the effects of continual innovation in the financial markets, this Policy acknowledges that the Authority's reasons for using Derivatives may change over time.

The current uses for Derivatives may include:

- a. Managing the Authority's exposure to floating and fixed interest rates;
- b. Providing the ability to lock in long term fixed rates more quickly than is typically possible with the issuance of conventional fixed rate bonds;
- c. Managing the Authority's exposure to the risk of changes in legal and regulatory treatment of tax exempt bonds, including changes in federal marginal tax rates, or the elimination of or modifications to the Alternative Minimum Tax ("AMT");
- d. Managing the Authority's credit exposure to financial institutions and other entities through the use of offsetting swaps; and,
- e. Other applications that enable the Authority to increase income, lower costs or strengthen the Authority's balance sheet.

When an interest rate swap is being used in lieu of conventional fixed rate bonds to fix the interest cost and lock-in savings in a current, advance or forward refunding of outstanding Authority debt, as a general rule, the level of present value savings generated by the swap should *exceed* the savings hypothetically produced by a conventional bond refunding with comparable redemption provisions.

² Interest Rate Swaps are defined as arrangements whereby two parties (called "counterparties") enter into an agreement to exchange periodic interest payments based on a fixed ("notional") amount of principal. One of the counterparties typically makes payments at a fixed rate, and the other at rates that fluctuate periodically according to a predetermined published index (LIBOR or BMA). Only interest payments are exchanged.

In general, present value refunding savings generated by the use of interest rate swaps should exceed the following thresholds (compared against a conventional fixed rate issue)³:

Index	Callable (10 years at 100%)	Non-Callable
<i>Baseline:</i> <i>Conventional Bonds</i>	5%	7%
BMA	6%	8%
LIBOR	8%	10%

(6) PROHIBITED USERS:

Recognizing the effects of continual innovation in the financial markets, this Policy acknowledges that the Authority's reasons for using Derivatives may change over time.

As the use of Derivatives entails financial risks, the Authority shall enter into them only in accordance with this Policy. If used improperly, Derivative Products could expose the Authority to undue risk or risk for which compensation is insufficient.

The use of Derivative Products is prohibited under the following circumstances:

- a. When the use of Derivatives is for speculative purposes, such as potential trading gains or interest rate speculation, rather than for hedging interest rate risk in connection with the Authority's debt program;
- b. Where the Authority does not have or can not obtain sufficient liquidity to terminate an existing Derivative Product at current market values;
- c. Where there is insufficient price transparency to permit the Authority or its advisors to reasonably value the Derivative Product, for example, as a result of unusual embedded structures or terms.

(7) EFFECTIVE HEDGES:

The Authority understands that:

- a. If payments on and receipts from the Agreement are to be taken into account in computing the yield on the related bonds, the Agreement must meet the requirements for an "effective hedge" under federal tax law and generally accepted accounting principles (GAAP) (sometimes referred to as an "integrated" swap); and

³ A specific transaction that produces a lower level of savings may be entertained if warranted by special circumstances, such as: (i) a desire to restructure debt service; (ii) the inclusion of callable bonds which if not called would be wasting assets; and (iii) a relatively short remaining average life.

- b. If one of the goals of entering into the Agreement is to convert variable yield bonds into fixed yield bonds (sometimes referred to as a “super integrated swap”), then certain additional requirements must be met.

In both of these situations, the terms of the Agreement and the process for entering into the Agreement must be reviewed and approved in advance by the Board, General Counsel, Bond Counsel and Tax Counsel.

(8) FORM:

Unless otherwise approved by the Board, the Authority will use the preferred form of the International Swap Dealers Association (“ISDA”) swap documentation (the so-called “Single Currency, Single Jurisdiction” form). Any agreements (the “Agreement”) between the Authority and its counterparties will include payment, term, security, collateral, default, remedy termination and other terms, conditions and provisions as the Authority, in consultation with its General Counsel, its Advisors, and Bond Counsel deem necessary and desirable.

(9) ANALYTICAL PROCEDURES:

Prior to seeking the Board’s authorization to implement any proposed Derivative transaction, Finance staff and the Advisors shall undertake an identification and evaluation of the financial benefits and risks involved in the transaction and summarize them clearly and concisely for the Board. In addition, the analysis should outline any measures that will be taken to mitigate those risks (recognizing that the significance of various risks may vary from transaction to transaction) and calculate estimates of financial results under various scenarios including (but not limited to) different levels of future interest rates. The summary shall include an evaluation of the following risks, as appropriate:

Type of Risk	Description	Evaluation Methodology
Interest Rate Risk	The Authority's exposure to interest rate fluctuations while utilizing the Derivative Product.	The Authority will evaluate the historical trading levels of the index (BMA or LIBOR) and apply appropriate stress tests.
Basis Risk	The mismatch between the interest rate associated with variable rate debt and the index rate (viz., BMA or LIBOR) used to calculate the swap payment.	The Authority will review historical trading differentials between rates on variable rate instruments and the selected index.
Tax Risk	The Authority's exposure to higher interest expense, lower investment earnings, extraordinary payments, termination or other adverse consequences as a result of an actual or anticipated future change in Federal income tax law or policy.	The Authority will review "tax events" in proposed swap agreements and evaluate the financial impact of potential changes in tax law on LIBOR indexed swaps.
Counterparty Risk	The failure of the counterparty to make required payments. Multiple offsetting swaps compounds counterparty risk.	The Authority will monitor exposure levels, ratings threshold and collateralization requirements as they relate to its counterparties.
Credit Risk	The exposure of the Authority to changes in the creditworthiness of the counterparty and/or insurers or liquidity providers.	The Authority will ensure that appropriate safeguard provisions are included in the legal documentation for any Derivative Product (e.g., collateral, assignment).
Credit Ratings Risk	The potential impact of the proposed Derivative Product on the Authority's current or future credit ratings.	The Authority will err on the side of conservatism in the size, structure and term of any Derivative Products it uses to mitigate any adverse potential effects on ratings.
Cost Recovery Risk	The potential impact of an involuntary termination or other unforeseen cost on the Authority's financial operations and on airline rates and charges, to the extent that the benefits and risks of Derivative	In approving any Derivative Product, the Authority shall evaluate the expected allocation of the benefits and risks of such Derivative Product between itself and the airlines to ensure that

Variable Rate Exposure	The potential when using Derivative Products for increasing the Authority's level of variable rate debt beyond desirable internal policy limits, either through the use of conventional or forward variable rate debt instruments.	The Authority will calculate the level of variable rate debt taking into account the proposed Derivative Product, its outstanding variable rate debt and its plans for the future issuance of variable rate debt.
Termination Risk	The Authority's exposure to an involuntary termination, including the magnitude of any potential termination payment and the impact of such payment on its liquidity and credit.	The Authority will apply at least a 250 basis point stress test to existing interest rates to evaluate termination payment risk.
Amortization Risk	The mismatch of the maturity of the swap and the maturity of the underlying bonds.	The Authority will take all reasonable steps to ensure that the amortization of any derivative product is consistent with the amortization of the underlying debt.
Market Access Risk	The dependence of successful completion of a future bond issue to the financial effectiveness of the Derivative Product.	The Authority will take all reasonable steps to ensure that it will have the capability to issue debt associated with a forward delivery swap. If market conditions do not permit access, the Authority risks the premature termination of the swap and attendant payments.
Accounting Risk	The impact of the proposed Derivative Product on the Authority's financial statements and on the required accounting treatment for the proposed Derivative product.	The Authority will consult with its accountants on these issues to ensure that derivative transactions meet the "effective hedge" standard and hedge accounting applies.
Administrative Burden	The operational requirements and estimated incremental costs associated with adequately	The Chief Financial Officer and Treasurer will provide a cost/benefit estimate taking into

Liquidity Risk	The inability to maintain or renew a liquidity facility, such as a Letter of Credit, Line of Credit and/or Insurance.	The Authority will evaluate the expected availability of liquidity support for conventional and synthetic variable rate debt products.
Qualified Hedge Risk	The financial impact should the IRS or financial statement auditors determine that a swap does not qualify as a hedge under their strict standards and measures.	The Authority will receive a legal opinion that the transactions meet the IRS and GAAP standards outlined prior to execution of agreement. After issuance, the Authority will annually review the performance of the hedge to ensure continued compliance with US Treasury and accounting guidelines.

Using these elements of potential risk as a checklist, the Authority will track and evaluate its Derivative program(s) on a regular basis.

(10) GUIDELINES:

In addition, subject to the provisions contained herein, the terms of any Agreement shall reflect the following guidelines:

- a. **Downgrade provisions** triggering terminations shall in no event be worse for the Authority than those affecting the counterparty.
- b. **Governing law** for Agreements will be determined at the time of the Agreement, except that matters relating to the enforcement of the Agreement against the Authority will be governed by the laws of California.
- c. The **specified indebtedness related to Authority credit events** in any Agreement should be narrowly defined and should refer only to indebtedness of the Authority that could have a materially adverse effect on the Authority's ability to perform its obligations under the Agreement.

- d. The Authority shall have the right to **optionally terminate** an Agreement at “market”, at any time over the term of the Swap Agreement.
- e. **Termination value** should be set by utilizing a “Market Quotation Methodology, Second Method”, unless the Authority, in consultation with its Swap Advisor, deems an alternate method to be appropriate.

(11) TERM AND NOTIONAL AMOUNT:

The Authority, subject to Board approval, shall determine the appropriate term for an Agreement on a case-by-case basis. The slope of the swap curve, the marginal change in swap rates from year to year along the swap curve, and the impact that the term of the swap has on the overall exposure of the Authority shall be considered in determining the appropriate term of any Agreement. In connection with the issuance or carrying of bonds, the term of an Agreement between the Issuer and a qualified Counterparty shall not extend beyond the final maturity date of the related bonds of the Issuer, or in the case of a refunding transaction, beyond the final maturity date of the refunding bonds, or in the case of a hedging transaction for bonds expected to be issued, not later than the expected final maturity date of the proposed bonds.

The notional amount of the Agreement at no time will exceed the outstanding principal amount of the bonds being hedged.

(12) METHOD OF PROCUREMENT:

The Authority will competitively bid Derivative Products that are non-proprietary or generally available in the marketplace. No fewer than three (3) bids shall be solicited. The Authority may choose to reward a specific firm(s) for consistently providing original ideas in a timely fashion or for applying derivative products in a manner that creates additional value for the Authority by giving such firm the ability to match the lowest bid received in a competitive bidding process.

Under special circumstances and on a product by product basis, the Authority may, on the written advice of its advisors, seek the approval of the Board to negotiate the procurement of derivative products with customized or specific attributes designed on the Authority’s behalf, which attributes render the product infeasible or inappropriate for competitive bidding. The final agreements shall be subject to the approval by the Board prior to execution.

As a required condition for a negotiated transaction, the Authority shall obtain an unqualified Fair Market Value opinion regarding the pricing of such transaction from the Swap Advisor. The Authority will attempt to obtain from the Counterparty all markups and profits on the derivative transaction. The Counterparty will be required to disclose any payments to third parties including brokers, lobbyists, and consultants, if any were engaged to assist the counterparty in procuring business with the Authority.

(13) QUALIFIED COUNTERPARTIES:

Standards of creditworthiness, as measured by credit ratings issued by Moody's Investors Services, Standard & Poor's Rating Services and Fitch Investors Ratings Service (currently, the three nationally recognized rating agencies) will determine eligible Counterparties. In addition, eligible Counterparties should have demonstrated experience in successfully executing derivative transactions.

The Authority, subject to Board approval, shall enter into Agreements for Derivative Products only with counterparties with the strongest credit ratings. The Authority commits that it will only enter into Agreements for Derivative Products with Counterparties rated no lower than the double-A category by all three rating agencies. In making this determination, each counterparty must have a current rating from at least two of the three ratings agencies. Each rating must reflect the claims paying ability of the entity entering into or guaranteeing the Counterparty's performance under the proposed Agreement.

(This policy is not intended to restrict transactions which involve an upfront payment to the issuer which, in the determination of the Swap Advisor, would be unaffected by a subsequent default by the Counterparty.)

If the Counterparty's applicable rating falls below the double-A category from any one of the three rating agencies, the Counterparty shall be required to post the Collateral Requirement as described below.

An Agreement with any Counterparty whose rating falls below the single-A category from any of the three applicable rating agencies, or who ceases to have a rating from at least two of the applicable rating agencies shall be subject, at the option of Authority, to immediate termination and payment of the Counterparty Termination Value to the Authority as defined below. The Authority will seek to require, whenever possible, that terminations triggered by a Counterparty credit downgrade will occur on whichever is the most beneficial side to the Authority of the bid-offered spread, and which would allow the Authority to go back into the market to replace the downgraded party with another suitable Counterparty at minimal out-of-pocket cost to the Authority.

Notwithstanding the preceding, nothing contained herein is intended to preclude the Counterparty from securing its obligation under an Agreement with an irrevocable letter of credit (or other similar surety or guarantee) from a provider that is 1) rated by two of the three rating agencies; and 2) whose short-term ratings are at least P-I/A-I+/F-I+ and/or whose long-term ratings of at least Aa3/AA-/AA- in order to eliminate either:

- a. the requirement to post collateral in the event of an applicable rating downgrade of the Counterparty, or
- b. the Authority's right to terminate an Agreement in the event of an applicable rating downgrade of the Counterparty.

In addition, nothing herein is intended to preclude the provision of additional requirements in an individual Agreement between the Authority and a Counterparty so long as such additional requirements are not inconsistent with this Policy and reduce the Authority's risk exposure. Specifically, the Authority may seek to include additional terms in Agreements that mitigate and offset its exposure to Counterparty risk, including, without limitation:

- a. additional ratings-based collateral requirements pursuant to which the Authority may require the posting of collateral by the Counterparty, or
- b. ratings-based termination events pursuant to which the Authority may require the Counterparty to terminate an Agreement prior to its scheduled termination date.

(14) COUNTERPARTY EXPOSURE LIMITATIONS

In order to diversify the Authority's Counterparty risk and to limit the Authority's exposure to any one Counterparty, exposure limits will be established for each Counterparty based upon the relative level of risk associated with each Agreement.

Prior to entering into each new Agreement, the Advisors will establish exposure limits for each potential counterparty based upon the Authority's termination exposure risk to all existing and proposed Agreements with such counterparty under a comprehensive ranges of future interest rate, credit downgrade and other scenarios.

The Authority may not enter into any new Agreement with any Counterparty, regardless of whether or not the proposed Agreement is procured through competitive bidding or negotiation, unless the Swap Advisor provides, in advance, a detailed written evaluation using the criteria provided, of the Authority's aggregate exposure to any such Counterparty, after giving effect to the proposed Agreement, and the Authority, subject to Board approval, concluding that such level of exposure represents an acceptable and appropriate level of risk to assume.

Under no circumstances shall the sum of the notional principal amount of each outstanding and proposed Agreement with any one Counterparty exceed \$75 million.

The Swap Counterparty Exposure Limitations shall not be construed to require the termination of any portion of any outstanding Agreement between the Authority and a Counterparty.

(15) COUNTERPARTY TERMINATION VALUE

With respect to one or more outstanding Agreements with a specific Counterparty, the Counterparty Termination Value shall be computed in two steps:

- a. valuing the remaining payments due under each such Agreement utilizing a "Market Quotation Methodology, Second Method", unless the Authority, in consultation with its Financial and Swap Advisor, deems an alternate method to be appropriate; and

- b. if such aggregate valuation reflects a net present value liability from the Counterparty to the Authority, assigning the absolute value of such liability to the Counterparty Termination Value.

In the event that a credit event occurs which permits the Authority to terminate one or more Agreements with a particular Counterparty, the Authority may elect to terminate all, none or some of such Agreements and the Counterparty will be obligated to pay to the Authority an amount equal to the Counterparty Termination Value as determined with respect to the Agreements to be terminated.

(16) COLLATERAL REQUIREMENTS

Counterparties whose applicable rating or ratings trigger a collateral requirement shall post, with respect to each Agreement, Permitted Collateral equal to:

Option #1: One hundred and five percent (105%) of the Counterparty Termination Value as determined for that Agreement. Such Counterparty Termination Value must be computed using applicable prevailing market rates no less frequently than the earlier of: (a) one week since the last such valuation or (b) the date a new Agreement is executed with such Counterparty.

Option #2: One hundred and five (105%) of the Adjusted Counterparty Termination Value as determined for that Agreement. Such Adjusted Counterparty Termination Value must be computed no less frequently than the earlier of (a) three months since the last such valuation or (b) the date any new Agreement is executed with such Counterparty. The Adjusted Counterparty Termination value shall be computed using the rules provided for computing the Counterparty Termination Value except that computed termination value shall be increased by either increasing or decreasing the applicable prevailing market rates used for this evaluation by 50 basis points.

It is the intention of this Policy that the Collateral Requirement be determined separately based on the Counterparty Termination Value for each Agreement rather than on the Counterparty Termination Value for all Agreements with a particular Counterparty unless an alternative valuation methodology is explicitly negotiated between the Authority and a Counterparty and defined in each applicable Agreement, as approved by the Board.

(17) PERMITTED COLLATERAL

As part of each Agreement, the Authority shall require collateralization to secure such Agreement in the event of a downgrade event described above or other event as defined in such Agreement. Permitted collateral shall consist of US Treasury and Agency securities with maturities of five years or less. Such securities shall be marked to market on a daily basis and shall have, as of such valuation, a value not less than 105% of either the Counterparty Termination Value, or the Adjusted Counterparty Termination Value.

Permitted Collateral shall be deposited with a third party trustee, or as mutually agreed upon between the Authority and the counterparty.

As appropriate, the Authority, in consultation with its Bond Counsel and its Advisors may increase the requirements for posting collateral or provide for the substitution of other forms of credit enhancement which will allow the counterparty to satisfy the Collateral Requirement.

(18) RISK MANAGEMENT AND ONGOING MONITORING

The Authority and its Swap Advisor will evaluate the risks associated with the outstanding Agreements at least quarterly and will, as requested by the Board and at least once annually, report its findings. This evaluation will include the following information:

- a. A summary of key terms of the Agreements, notional amounts, interest rates and expiration dates, any scheduled amortized amounts and any changes to the Agreements since the last reporting period;
- b. The termination value for all outstanding Agreements;
- c. The credit ratings of each counterparty, (or parent, guarantor, and credit enhancer if applicable), and any changes in the credit rating since the last reporting period;
- d. The amount of exposure to each specific counterparty, as measured by aggregate mark-to-market value netted for offsetting transactions;
- e. Actual collateral posted or received by counterparty, as a result of requirements in the Agreements, at its fair market value;
- f. Information concerning any material event involving outstanding Agreements, including a default by a counterparty, a counterparty downgrade, or termination;
- g. An updated contingency plan to replace or fund an Authority termination payment in the event an outstanding Agreement is terminated by a counterparty; and
- h. The status of any liquidity support used in connection with an Agreement, including the remaining term and current fee.

The Authority's Financial Advisor shall identify revenue sources to fund potential Authority termination payments.

The Authority will seek to maximize the benefits and minimize the risks it carries by managing its derivative exposure as an integral part of its overall debt and investment management plan. This will entail frequent monitoring of market conditions, by the Authority and its Advisors for emergent opportunities and risks.

The Authority, along with its Advisors, shall review this Policy at least annually, and submit updates, if any, to the Board for approval.

(19) TERMINATION OF AN AGREEMENT

The methodology for determining termination values at various times and under various circumstances must be explicitly set forth in each Agreement. Prior to finalizing the terms of any Agreement:

- a. the Swap Advisor shall evaluate the economic costs and benefits of incorporating into the Agreement a provision that provides for termination payments made by the Authority to be made over time rather than at termination; and
- b. the Swap Advisor shall also provide the Authority with estimates of the potential costs of terminating such Agreement under different market and downgrade scenarios.

Each Agreement must provide the Authority with:

- a. an unconditional right to a market based optional termination. A corresponding unconditional right of optional termination may not be provided to the counterparty; and
- b. the right to terminate such Agreement upon the occurrence of a credit event as described herein (see “Qualified Counterparties”) or as provided for in such Agreement.

Any termination payment made by the Authority to a counterparty pursuant to an Agreement must be subordinate in lien to the Authority’s obligation to make debt service payments on the corresponding Designated Debt, and to any Subordinate Lien obligations of the Authority.

(20) DISCLOSURE AND FINANCIAL REPORTING

The Authority will ensure that there is full and complete disclosure of all Agreements, which are subject to approval by the Board, in its financial statements and its financing documents (Preliminary and Final Official Statements, Offering Memoranda, etc.)

With respect to its financial statements, the Issuer will adhere to guidelines for the financial reporting of Agreements, as set forth by the Government Accounting Standards Board, including GASB Technical Bulletin No. 2001-1 including additions and amendments thereto. A summary of the special risks involved with the Agreements and any potential exposure to interest rate volatility or to unusually large and rapid changes in market value shall be included in the Authority’s marketing documents.

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 4 - FINANCE AND ACCOUNTING

PART 4.4 - DEBT

SECTION 4.40 - DEBT ISSUANCE AND MANAGEMENT POLICY

PURPOSE: To establish a policy governing the debt issuance and management policies and practices of the San Diego County Regional Airport Authority (the “**Authority**”).

POLICY STATEMENT:

SECTION I. INTRODUCTION & EXECUTIVE SUMMARY

This comprehensive Debt Issuance and Management Policy (the “Policy”) contains the policies that govern existing and anticipated debt obligations. In addition, the Policy sets forth certain financial management practices in capital budgeting that will enhance the Authority’s ability to manage its outstanding debt and projected debt issuance. It is expected that the Policy will be updated from time to time to reflect changes in law and market practices.

Debt plays an important role in meeting the financial needs of the Authority since it provides the funding for the Authority to build projects today which will subsequently be repaid from future revenues. While the issuance of debt is frequently an appropriate method of financing capital projects, prudent financial management requires careful monitoring of debt issuance to ensure there is not an excessive reliance on debt and to preserve the Authority’s access to borrowed capital at competitive borrowing rates, while always maintaining sufficient liquidity. The term “debt” is used in this Policy to describe numerous types of financial obligations of the Authority which may include Bonds, Subordinate Obligations, Special Facility Obligations and other financings of the Authority.

The Authority’s debt issuance and management objectives are to:

- Manage and monitor existing debt to optimize financial structure, control costs and ensure compliance with bond financing covenants;
- Oversee the issuance of new debt in order to maintain access to capital markets and other sources of capital financing at a reasonable cost;
- Obtain and maintain the highest possible credit ratings on debt consistent with the overall objectives of the Authority;
- Explore and implement prudent debt structuring ideas when consistent with the debt issuance and management goals described herein;
- Provide the required secondary market disclosure to the rating agencies and investors;

- Comply with all federal and state laws and regulations, as well as bond indenture, federal tax and securities law post-issuance compliance, and reimbursement agreement covenants; and
- Protect the assets and funds entrusted to the Authority.

SECTION II. ROLES AND RESPONSIBILITIES

The roles and responsibilities of key parties in administering, monitoring, and ensuring on-going compliance with this Policy include:

- 1) Board: The Authority is governed by an appointed board of nine members who represent all areas of San Diego County and three *ex-officio* members. The Board approves all bond issuances as well as the policies and guidelines pursuant to which debt is incurred and issued.
- 2) President/CEO and Vice President, Finance and Asset Management/Treasurer: The Vice President, Finance and Asset Management/Treasurer, under the direction of the President/CEO, is (i) responsible for developing, evaluating, implementing and monitoring the financing plan and debt strategies for the Authority in compliance with this policy, subject to Board approvals; (ii) in charge of federal tax and securities law post-issuance compliance with respect to all debt obligations; (iii) responsible for implementing and ensuring compliance with internal control procedures to ensure proceeds of the Authority's debt obligations are directed to the intended use; and (iv) responsible for timely submitting to the California Debt and Investment Advisory Commission any annual debt report required under California Government Code Section 8855(k).
- 3) Registered Municipal Advisor: The Authority has chosen to deliver a Notice of Representation by Registered Municipal Advisor pursuant to SEC Rule 17 CFR Section 240.15Bal – 1(d)(3)(vi)(B) dated August 27, 2014 to notify investment banking firms that the Authority has retained a financial advisor and, among other things, will rely on advice of the financial advisor for recommendations on the issuance of municipal securities provided by investment banking firms. The Authority may amend or modify this notice from time to time.
- 4) Financial Professionals: All financial professionals performing services for the Authority's debt programs, such as its financial advisor, bond counsel, disclosure counsel, investment advisor and underwriters, must comply with the policies and procedures set forth herein.

SECTION III. CAPITAL IMPROVEMENTS AND FINANCIAL PLANNING

The Authority maintains a financing plan and model which projects the available sources and uses of funds and verifies the Authority's financial ability to deliver current and planned programs and services. The impact of the funding sources, particularly debt, on future commitments is a relevant consideration of this Policy. The financing plan is based on a set of assumptions developed through detailed collection and analysis of historical and forecasted data concerning revenues and expenses, economic forecasts and trend projections. The main sources of revenues include airline rates and charges, parking and concession revenues, and lease revenues. Additionally, Passenger

Facility Charges (PFCs), Customer Facility Charges (CFCs), and federal grants-in-aid are included as a funding source for certain eligible projects.

The Authority's annual operating budget will ensure that sufficient resources are provided from current revenues to: 1) finance the current fiscal year's requirements for ongoing operating and maintenance needs; 2) provide reserves for periodic replacement and renewal; 3) fund the annual requirements of the maintenance, operating and other reserves; and 4) meet any debt service coverage requirements.

Both the capital plan and the financing plan shall be updated periodically as part of the budget process. It is the goal of the Authority to adopt its capital plan on a rolling five year forward basis. Both plans will comply with the Policy, paying particular attention to all relevant target debt affordability indicators.

SECTION IV. DEBT TARGETS

The President/CEO and the Vice President, Finance and Asset Management/Treasurer will recommend to the Board the amount, term and type of debt needed to meet the Authority's short-term and long-term financing requirements. In such determinations, issues of debt capacity, amortization period and impact on rates and charges will be considered, guided by the use of target debt capacity indicators for measuring the affordability of additional borrowing.

The following are the target debt affordability indicators for the Authority. The Authority will regularly review and may re-evaluate certain targets from time to time as long-term master plan requirements may be defined.

1) Rate Covenants

The Authority has covenanted in the Master Indenture to comply with the senior lien Rate Covenant, as summarized below:

Bonds – Under the Master Indenture, the Authority has covenanted that it will establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the Airport System so that Net Revenues, which are generally defined as Revenues less Operation and Maintenance Expenses for a given period, in each Fiscal Year will be at least equal to 125% of the aggregate annual debt service for all Bonds.

“Bonds” are generally defined by the Master Indenture to mean any debt obligation of the Authority including bonds, notes, bond anticipation notes, commercial paper notes and other instruments creating an indebtedness of the Authority, and obligations incurred through lease or installment purchase agreements, other agreements, certificates of participation, and bank repayment obligations. The term “Bonds” does not include Subordinate Obligations (which is defined hereinafter).

The Authority has covenanted in the Master Subordinate Indenture to comply with the subordinate lien Rate Covenant, as summarized below:

Subordinate Obligations – Under the Master Subordinate Indenture, the Authority has covenanted that it will establish, fix, prescribe and collect rates, tolls, fees, rentals and

charges in connection with the Airport System so that Subordinate Net Revenues (which are generally defined as Revenues less Operation and Maintenance Expenses less senior lien Bond debt service and reserve funding requirement for a given period) in each Fiscal Year will be at least equal to 110% of the Aggregate Annual Debt Service for all Subordinate Obligations for such Fiscal Year (excluding the principal amount of Commercial Paper reissued during the Fiscal Year).

“Subordinate Obligations” shall mean any debt obligation of the Authority issued under the Master Subordinate Indenture and are generally defined to mean a subordinate lien debt obligation including bonds, notes, bond anticipation notes, commercial paper notes and other instruments creating an indebtedness of the Authority, and obligations incurred through lease or installment purchase agreements or other agreements or certificates of participation therein and bank repayment obligations.

2) Additional Bonds Test and Additional Subordinate Obligations Test

In order to issue additional parity debt under the Master Indenture, the Authority must comply with one of the two prongs of the Additional Bonds Test, as summarized below:

(A) The Net Revenues for the last audited Fiscal Year or for any 12 consecutive months out of the most recent 18 consecutive months immediately preceding the date of issuance of the proposed Series of Bonds were at least equal to 125% of the sum of the Maximum Aggregate Annual Debt Service due and payable with respect to all Outstanding Bonds and the proposed Bonds to be issued for such applicable period; or

(B) Obtain a certificate prepared by a Consultant showing that the forecasted Net Revenues are expected to be at least 125% of the Aggregate Annual Debt Service due and payable with respect to all Outstanding Bonds and the proposed Bonds to be issued for each year of the forecast period.

In order to issue additional parity debt under the Master Subordinate Indenture, the Authority must comply with one of the two prongs of the Additional Subordinate Obligations Test, as summarized below:

(C) The Subordinate Net Revenues for the last audited Fiscal Year or for any 12 consecutive months out of the most recent 18 consecutive months immediately preceding the date of issuance of the proposed Series of Subordinate Obligations were at least equal to 110% of the sum of the Maximum Aggregate Annual Debt Service due and payable with respect to all Outstanding Subordinate Obligations and the proposed Subordinate Obligations to be issued for such applicable period; or

(D) Obtain a certificate prepared by a Consultant showing that the forecasted Subordinate Net Revenues are expected to be at least 110% of the Aggregate Annual Debt Service due and payable with respect to all Outstanding Subordinate Obligations and the proposed Subordinate Obligations to be issued for each year of the forecast period.

3) Annual Debt Service Coverage Targets

The Authority has established debt service coverage targets for its Bonds and Subordinate Obligations in order to maintain adequate financial margins to accommodate unexpected events given the volatile nature of the aviation industry, preserve financial capacity for future funding needs, and maintain strong credit ratings.

The current minimum Debt Service Coverage targets are:

Bonds: 1.75x (for senior lien bonds)

Aggregate Debt Service:

- 1.50x, based upon Net Revenues divided by Aggregate Annual Debt Service on Bonds and Subordinate Obligations (for total debt service)
- 1.20x, based upon an alternative “revenue method” calculation utilized by rating agencies where PFCs are added to Net Revenues (rather than deducted from Debt Service) with the sum divided by Aggregate Annual Debt Service for Bonds and Subordinate Obligations

These debt service coverage targets will be reviewed at least annually by the Authority and its financial advisor to determine appropriate adjustments that may be necessary. As the Authority advances the definition and scope of the planned Airport Development Program, the Authority anticipates potential revisions to the coverage targets.

4) Airline Costs Per Enplaned Passenger Target

The Authority will compare its airline costs per enplaned passenger (“CPE”) with available sources of data, including the rating agencies’ median reports and a selected peer group of airports. Due to the different ways that airports set airline rates and charges, it is recognized that comparisons between airports can be misleading.

The Authority will regularly review and monitor CPE and seek to maintain a competitive rate. As the Authority advances the definition and scope of the planned Airport Development Program, the Authority anticipates potential revisions to these leverage targets.

5) Debt Per Enplaned Passenger Target

The Authority will compare its debt per enplaned passenger with available sources of data, including the rating agencies’ median reports and a selected peer group of airports. Due to the different ways that airports finance their capital facilities, this measure is only one indicator of debt affordability.

The Authority has established a debt (excluding special facility financing) per enplaned passenger goal of no more than \$150.

The Authority will regularly review and update this metric from time to time as may be necessary.

6) Liquidity Target

Recognizing the inherently volatile nature of the aviation industry, the Authority will maintain prudent unrestricted reserves as a backstop to be able to fund its obligations if unforeseen events occur. The level of unrestricted reserves will be evaluated at least annually, as part of the Authority's budgeting and capital planning process.

The Authority's unrestricted reserves target (defined as the sum of unrestricted cash and investments, unrestricted cash designated for capital projects, unrestricted long-term investments, the O&M Reserve, and O&M Subaccount Reserve and the Renewal and Replacement Reserve) shall be at least 500 days of budgeted operating and maintenance expenses for the current fiscal year.

7) Credit Ratings Target

The Authority will seek to obtain the highest possible credit ratings on its debt, consistent with meeting the operational and long-term development needs of the Airport. The Authority will maintain ratings from at least two of the leading rating agencies for its Senior Lien Airport Revenue Bonds and at a minimum seek to maintain a rating in the highest category of "A" (e.g. A1, A+).

SECTION V. TYPES OF FINANCING – DESCRIPTION AND APPROACH

1) Bonds and Subordinate Obligations of the Authority

In general, issuing senior lien debt under the Authority's Master Indenture will achieve the lowest borrowing costs compared to other forms of borrowing. Under the Master Indenture, senior lien debt is defined as "Bonds". Under the Master Subordinate Indenture, subordinate lien debt is defined as "Subordinate Obligations".

Proceeds of the Authority's Bonds and Subordinate Obligations may be used for any legally permitted purposes.

Bonds issued for the Airport are limited obligations of the Authority payable solely from and secured by a pledge of Net Revenues generated by the Airport. Subordinate Obligations issued for the Airport are limited obligations of the Authority payable solely from and secured by a pledge of Subordinate Net Revenues generated by the Airport.

Revenues generally include all revenues, income, receipts, and money derived from the ownership and operation of the Airport and all gifts, grants, reimbursements, or payments received from governmental units or public agencies, which are not restricted by law or the payor to application for a particular purpose other than payment of bonds. Among other things, Revenues specifically exclude:

- (A) Passenger Facility Charges (PFCs)

- (B) Released Revenues, which are an identifiable portion of Revenues that have been excluded from Revenues after meeting certain requirements defined in the Master Indenture
- (C) State and/or federal Grants
- (D) Rental car Customer Facility Charges (CFCs)

2) PFC-Supported Bonds and Subordinate Obligations

The Authority leverages PFCs to support investment in Airport infrastructure and facilities. In order to do this, the Authority may make an irrevocable pledge of PFCs to pay eligible debt service for purposes of compliance with the Additional Bonds Test. The Authority may also deposit additional PFC amounts each year to the debt service fund. The Authority will not include PFCs in estimates of future revenues pledged to support Annual Debt Service unless approval for their imposition has been obtained or is expected to be obtained from the FAA.

3) Special Facility Financings

Special Facilities Obligations may be issued by the Authority to finance capital projects and must be secured by a defined revenue stream derived from or relating to discrete facilities such as cargo terminals or maintenance facilities. Such facilities may be leased to one or more tenants.

The Authority may designate facilities at the Airport as Special Facilities and the revenues therefrom as Special Facilities Revenue if such facilities or revenues meet the following tests from the Master Indenture:

(A) The estimated Special Facilities Revenue pledged to the payment of Special Facilities Obligations relating to the Special Facility will be at least sufficient to pay the principal of and interest on such Special Facility Obligations as and when the same become due and payable, all costs of operating and maintaining such Special Facility not paid for by the operator thereof or by a party other than the Authority and all sinking fund, reserve or other payments required by the resolution authorizing the Special Facility Obligations as the same become due; and

(B) With respect to the designation of any separately identifiable existing Airport Facilities or Airport Facility as a “Special Facility” or “Special Facilities,” the estimated Net Revenues, calculated without including the new Special Facilities Revenue and without including any operation and maintenance expenses of the Special Facility as Operation and Maintenance Expenses of the Airport System, will be sufficient so that the Authority will be in compliance with the Rate Covenant; and

(C) No Event of Default then exists under the Indenture

If a facility meets these tests, the Special Facilities Revenues will not be Revenues for the period during which any Special Facilities Obligations are outstanding.

Special Facilities Obligations are limited obligations of the Authority to be repaid solely by Special Facilities Revenues derived from or relating to a discrete facility and are not secured by a lien on Revenues or PFC Revenues. Bonds and Subordinate Obligations are not secured by Special Facilities Revenues.

Special Facilities Obligations may be used in lieu of issuance of Bonds or Subordinate Obligations for financing of discrete airport facilities or airport projects that have an independent revenue stream.

The Authority may permit tenants to undertake Special Facilities Obligations under the following specified terms and conditions:

(A) The financing must comply with the Master Indenture limitations on this type of financing;

(B) A pledge of leasehold mortgage or security interest in the underlying asset may be granted to the trustee or Bondholders in certain circumstances, taking into account any value the Airport receives from the tenant in return;

(C) Terms of bonds will be consistent with the standard terms and the provisions of the Airport's leasing policies;

(D) The Airport will not enhance the creditworthiness of Special Facilities Obligations (for example, through the granting of a re-letting provision), unless the Authority determines it is in the best interests of the Airport, taking into account any value the Airport receives from the tenant in return;

(E) The Special Facilities Obligations are amortized over a period that does not exceed the lesser of: (a) 40 years; or (b) the useful life of the facility (80% of the useful life of the facility for projects that are considered to be "private activities" under federal tax regulations, if tax-exempt financing is used). "Bullet" maturities may be considered if they do not exceed the lesser of: (a) the useful life of the facility; or (b) 25 years, and are amortized on a straight line basis for purposes of calculating amortized cost (see below);

(F) The Authority reserves the right to acquire the facility at its amortized cost and the right to require notices exercising early call redemption provisions for the Special Facilities Obligations;

(G) Any refinancing of assets financed with Special Facilities Obligations will not be permitted without the consent of the Board;

(H) The tenant will reimburse the Authority for all of its costs associated with the Special Facilities Obligations;

(I) The Authority may assess an annual fee for Special Facilities Obligations;

(J) Bond Counsel(s) for the Authority will review all Disclosure documents and prepare the financing documents;

(K) The tenant will satisfy Continuing Disclosure and arbitrage rebate requirements and will provide the Authority with indemnities covering any exposure the Authority may have arising from the financing;

(L) The proposed facility must be compatible with Airport System land and capital use plans; and

(M) The Authority may establish minimum threshold Credit Ratings for airlines and other parties wishing to participate in Special Facilities Obligation financed projects. These threshold Credit Ratings will be reviewed by the Authority from time to time.

4) Bond Anticipation Notes (“BANs”) and Grant Anticipation Notes (“GANs”)

Bond Anticipation Notes (“BANs”) are short-term debt instruments that will be repaid with proceeds of an upcoming bond issue.

Grant Anticipation Notes (“GANs”) are short-term instruments that will be repaid from expected future Federal AIP and TSA grants or other Federal or State grants accepted by the Authority. The FAA and TSA may issue Letters of Intent (“LOI”) to the Authority indicating their intent, although not their commitment, to fund “long term, high priority capacity projects” on a multi-year basis as appropriations become available. Once an LOI is in hand, notes may be issued that are secured by the grants anticipated to be received from the FAA and/or TSA. However, there typically must be an ancillary source of repayment for the notes in the event grant funding is ultimately not received.

The Authority may use BANs proceeds to finance projects that would be otherwise financed by an upcoming bond issue. The Authority may use GANs proceeds to finance projects permitted by the grants anticipated to be received by the Authority.

Notes may be considered Balloon Indebtedness under the Master Indenture, which specifies that, for purposes of calculating the Aggregate Annual Debt Service of Balloon Indebtedness, such Bonds shall be assumed to be amortized in substantially equal annual amounts for principal and interest over a period of 30 years at an interest rate quoted in The Bond Buyer 25 Revenue Bond Index, or such successor or replacement index, or if that index is no longer published, another similar index selected by the Authority. If the Authority fails to select a replacement index, the rate shall be the rate determined by a Consultant to be a reasonable market rate for fixed-rate Bonds of a corresponding term issued under the Master Indenture. Issuance of BANs and GANs should not occur in amounts or result in amortization that would result in the failure by the Authority of its ability to satisfy its rate covenants and the debt coverage goals contained in this Policy.

5) Capital Appreciation Bonds and Zero Coupon Bonds

The Authority will not issue capital appreciation bonds or zero coupon bonds unless the Authority has determined, quantified and demonstrated that there is a significant benefit over traditional structures.

In the event that the Authority issues capital appreciations bonds or zero coupon bonds, proceeds of such bonds may be used for any legally permitted purposes.

6) Commercial Paper

Commercial Paper is a short-term obligation with maturities ranging from 1 to 270 days. The payment when due of principal and interest on each series of the Notes also is secured by separate irrevocable, direct-pay letters of credit.

The Authority may refinance, refund or purchase outstanding Commercial Paper by issuing new Commercial Paper, by issuing Bonds, or by using available Authority funds.

For purposes of calculating Aggregate Annual Debt Service for a Commercial Paper Program, the principal and interest shall be calculated as if the entire Authorized Amount of such Commercial Paper Program were to be amortized over a term of 35 years commencing in the year in which such Commercial Paper Program is implemented and with substantially level Annual Debt Service payments. The interest rate used for such computation shall be that rate quoted in The Bond Buyer 25 Revenue Bond Index, or such successor or replacement index, for the last week of the month preceding the date of calculation as published by The Bond Buyer, or if that index is no longer published, another similar index selected by the Authority, or if the Authority fails to select a replacement index, that rate determined by a Consultant to be a reasonable market rate for fixed rate Subordinate Obligations of a corresponding term issued under the Indenture on the date of such calculation, with no credit enhancement and taking into consideration whether such Subordinate Obligations bear interest which is or is not excluded from gross income for federal income tax purposes.

Any outstanding Commercial Paper anticipated to be paid off and not reissued within the current fiscal year shall be excluded from any calculations of variable rate exposure for internal debt management purposes.

The Authority may issue Commercial Paper as sources of interim financing for capital projects. Before issuing such Commercial Paper notes, the take out of such Commercial Paper must be anticipated in the financing plan and determined to be feasible and advantageous by the Authority.

7) Floating Rate Notes and Revolving Credit Facilities

Floating Rate Notes (FRNs), including Revolving Credit Facilities, are notes that have a variable coupon, equal to a money market reference rate, such as SIFMA (Securities Industry and Financial Markets Association) or LIBOR (the London Interbank Offered Rate), plus a spread. The spread is a rate that remains constant. At the beginning of each coupon period, the coupon is calculated by taking the fixing of the reference rate

for that day and adding the spread. Because the coupon resets based on a short-term index, the issuer is exposed to rising interest rates unless it has swapped the debt to a fixed rate. However, unlike variable rate demand obligations or Commercial Paper, FRNs are not supported by a bank liquidity facility, and therefore do not pose short-range liquidity/refinancing risk to the issuer.

The Authority may issue FRNs as a source of interim financing for capital projects. Before issuing such FRNs, the take out of such notes must be anticipated in the financing plan and determined to be feasible and advantageous by the Authority.

8) Equipment Leases

Equipment leases are basically loans pursuant to which the lender buys and owns certain equipment (e.g., jet bridges, baggage systems, flight and baggage information display systems) and then "rents" it to the Authority at a flat monthly rate for a specified number of months. At the end of the lease, the Authority may purchase the equipment for its fair market value (or a fixed or predetermined amount), continue leasing, lease new equipment or return the equipment. The Authority may explore equipment leases as a financing vehicle and alternative to debt if the terms and conditions of the lease (including the interest rate charged) are more favorable.

9) Installment Payment Agreement

The Authority may also finance certain facilities under an agreement with a third-party whereby the third-party funds the investment in the facility and the Authority agrees to pay the third party as rental/payment for the use and occupancy of the facility specific installment payments. The installment payments would be made from the Authority's available funds after payment of all Operation and Maintenance Expenses, all funds necessary to pay debt service on and to fund the reserves for the Authority's Outstanding Senior and Subordinate Debt Obligations and amounts necessary to fund the Authority's Operation and Maintenance Reserve Subaccount and Renewal and Replacement Subaccount in accordance with the Master Trust Indenture.

10) Direct Loans

The Authority may also enter into a direct loan with a financial institution to meet certain of its financing needs. A direct loan is made directly with a financial institution and may be a fixed or variable product. The Authority may use direct loans as interim or permanent financing for capital projects or to refinance outstanding debt.

SECTION VI. FEATURES OF LONG-TERM DEBT

The Vice President, Finance and Asset Management/Treasurer will recommend to the Board the structure and term of long-term debt according to the general policies described below.

1) Selection of Final Maturity and Amortization of Principal

The final maturity of borrowings should not exceed, and preferably be less than, the projected economic life of the improvements that are financed or such shorter period as required by Federal tax law, if tax-exempt debt has been used.

2) Use of Capitalized Interest

The Vice President, Finance and Asset Management/Treasurer will evaluate whether or not to capitalize the early years' interest cost in a bond issue by taking into account the impact this action would have on the size of the bond issue, future Annual Debt Service requirements, accounting treatments and budgetary impacts.

3) Tax Status

The Vice President, Finance and Asset Management/Treasurer will evaluate whether or not to issue taxable bonds in lieu of bonds that are subject to the Alternative Minimum Tax (AMT) for certain maturities for private activity financing needs. In some market conditions, the cost for taxable debt may be less than the cost for AMT bonds for certain maturities.

4) Sizing of Debt Service Reserve Funds

Except in limited circumstances, the Master Indenture and the Master Subordinate Indenture require either the funding of a common Debt Service Reserve Fund in an amount sufficient to satisfy the reserve requirement for all existing and proposed Bonds or Subordinate Obligations under the respective master indenture participating in such master reserve fund, or the funding of a Debt Service Reserve Fund in an amount sufficient to satisfy the reserve requirement for only the proposed issue. With each issuance of Bonds or Subordinate Obligations, the Vice President, Finance and Asset Management/Treasurer will compare the costs of funding required increases to the reserve requirement from bond proceeds with the costs of satisfying the reserve requirement through the use of a reserve fund surety. The potential effect on credit ratings will also be considered when comparing reserve requirement funding alternatives.

5) Selection of Redemption Provisions

Redemption provisions will be established on a case-by-case basis, taking into consideration market conditions and the results of a call option analysis prior to the time of sale.

The issuance of non-callable Bonds or Subordinate Obligations should be considered only in special circumstances based upon the specific transaction. Because the issuance of non-callable debt may restrict future financial flexibility, cost will not be the sole determinant in the decision to issue non-callable bonds. The preference of the Authority is to issue debt with standard redemption provisions.

6) Use of Discount Bonds

Prior to issuing Bonds or Subordinate Obligations at a dollar price less than 97.0% of par, the Vice President, Finance and Asset Management/Treasurer will request from the financial advisor an analysis of the reduced option value resulting from the assignment of a lower interest coupon. The Authority will consider issuing the discount debt, where permissible under tax law, if the present value debt service savings provided by the lower interest coupon is greater than the reduction in call option value. Other benefits such as the participation of new investors will be an additional consideration.

7) Use of Premium Bonds

Prior to issuing Bonds at a dollar price greater than par, the Vice President, Finance and Asset Management/Treasurer will request from the Authority's financial advisor a brief cost/benefit analysis of the interest saved using premium debt versus other possible pricing structures.

8) Minimum Criteria for Debt Financing Equipment Items

The Authority will not issue long-term debt to finance individual items of equipment with a useful life less than five (5) years, except under a master lease program.

SECTION VII. REFUNDING OPPORTUNITIES

The Vice President, Finance and Asset Management/Treasurer and the Authority's financial advisor will monitor refunding opportunities for all outstanding debt obligations on a periodic basis applying established criteria in determining when to issue refunding bonds for debt service savings.

(It is acknowledged that refunding issues may be executed for reasons beyond economic purposes, such as to restructure debt service, to change the type of debt instruments being used, or to retire a bond issue and indenture in order to remove undesirable covenants.) The refunding criteria will include a comparison of expected present value savings with the option value of the existing callable bonds. Generally, the Authority will pursue refunding opportunities if the expected net present value savings provide sufficient compensation for the exercise of the optional redemption provision. Recommendations as to the sufficiency of the net present value savings will be provided by the Authority's financial advisor.

An Advance Refunding involves refunding tax-exempt bonds more than 90 days in advance of the bond's first optional redemption date. Currently, only Governmental Purpose tax-exempt bonds (as that term is defined in the Internal Revenue Code) may be advance refunded. An Advance Refunding is an important debt management tool for the Authority. Advance Refundings are commonly used to achieve interest cost savings, to remove or change burdensome bond covenants or to restructure future debt service payments. For bonds issued after December 31, 1985, only one Advance Refunding of Governmental Purpose tax-exempt bonds may occur under Federal tax law and thus the Authority must carefully evaluate the appropriateness of Advance Refunding when an opportunity arises. A current refunding involves issuing refunding bonds no earlier than ninety (90) days prior to the bond's optional redemption date. Federal tax law does not limit the number of current refundings of any bond.

The Authority will anticipate the potential for Advance Refundings when issuing new debt. Careful attention will be given to pricing considerations that will affect future Advance Refunding flexibility such as optional redemption provisions and interest characteristics.

The following considerations apply when the Authority considers refunding opportunities:

1) Monitor Potential Savings:

The Vice President, Finance and Asset Management/Treasurer, with the assistance of the Authority's financial advisor, will monitor on an ongoing basis potential savings available by refinancing outstanding debt of the Authority. Savings will be analyzed on a present value basis by using a percentage of the refunded par amount. All costs and benefits of the refinancing will be taken into account.

2) Target Savings Amounts:

A present value analysis must be prepared to identify the economic effect of any proposed refunding. To proceed with a refinancing for economic savings, the Authority will evaluate the net present value savings as a percentage of the refunded par amount relative to the time to the first call date of the bonds and the maturity date of the bonds, using the following guidelines:

<i>Years from the date of first call to Maturity Date of the Bonds</i>	Years to the first Call Date		
	After the First Call Date to Up to 1 Year Before	1 to 3 Years Before the First Call Date	More than 3 Years Before the First Call Date
0-5 Years	0.5%	1.0%	2.0%
6-10 Years	1.0%	2.5%	4.0%
11-20 Years	3.0%	4.0%	5.0%

3) Other Considerations:

Some refundings may be executed for other than economic purposes, such as to restructure debt, to change the type of debt instrument, or to retire a bond issue and indenture for more desirable covenants. In addition, if the benefits outweigh the costs and the refunding opportunity would otherwise be lost, the Authority may proceed with a refunding that has economic benefit but does not meet the criteria stated above in the "Target Savings Amount" paragraph above.

4) Non-Traditional Refundings:

Refundings executed with non-traditional structures such as swaps, require a full analysis of the benefits and risks, and may require higher economic benefits.

SECTION VIII. ISSUANCE OF VARIABLE RATE DEBT

Variable Rate Debt typically is issued for a term of up to 30 years, although the interest rate on this debt instrument is reset daily, weekly, monthly or less commonly, periodically.

The Authority recognizes that variable rate securities are a useful debt management tool that traditionally has had lower interest rate costs than fixed rate debt. The Authority's current goal is to maintain a debt program which may include both fixed and variable rate debt, as well as Commercial Paper.

1) Purposes of Variable Rate Debt

The Vice President, Finance and Asset Management/Treasurer may recommend that variable rate securities be issued for the following purposes:

(A) Interim Financing Tool

The Authority may consider issuing Variable Rate Debt in connection with its major debt-financed capital projects, especially when interest rates associated with a fixed rate, long term borrowing far exceed the interest rates that can be earned on the construction and capitalized interest funds (resulting in a significant amount of negative arbitrage). Because Variable Rate Debt can be retired or redeemed without penalty, these instruments may better suit circumstances where a refunding or restructuring of a potential debt issue is likely for any reason, (for example, if a change in use of the facility to be funded may reasonably be anticipated, or if grant or another source of funds may be obtained to substitute for bond funding).

Certain variable rate products—most notably, Commercial Paper—can be issued incrementally as funds are needed to finance current construction, and can reduce the long-term cost of construction financing.

(B) Statement of Net Position Management Tool

The maintenance of Variable Rate Indebtedness and Commercial Paper liabilities at a level that takes into consideration the amount of short-term assets maintained by the Authority prudently reduces the Authority's risk of exposure to changes in interest rates. Since the Authority invests its free cash balances in short term instruments, it is exposed to interest rate fluctuations at the short end of the yield curve. Conversely, a large portion of its liabilities are in the form of long term, fixed-rated debt. When interest rates fall, the Authority's assets earn less, while its liabilities are fixed. Offsetting this exposure by better matching the variability of earnings on its assets with variable, rather than fixed, rate liabilities serve as a hedge against interest rate risk and reduces the overall cost of funds.

(C) Diversify Investor Base to Lower Costs

Typically, variable rate debt is sold to a different segment of investors than long-term fixed rate bonds. By tapping short-term investors, an issuer broadens and diversifies its investor base. By becoming a familiar and

respected credit among short-term investors, the Authority will be in a better position to gain access to these buyers at those times when it is less advantageous to borrow in the fixed-rate market.

(D) Management of Negative Arbitrage

Issuing debt in a variable rate mode reduces or at times may even eliminate negative arbitrage in Construction, Capitalized Interest and Debt Service Reserve Funds. (See “A” above)

2) Criteria for Use of Variable Rate Debt

The Authority’s net variable rate debt composition (defined as variable rate debt less unrestricted cash reserves) excluding interim financings (defined as financings the Authority intends to take out with permanent long term financings) will not exceed the greater of 15% of total debt or \$100 million.

Statement of Net Position Risk Mitigation - In determining the appropriate amount of variable rate debt to be issued for risk mitigation purposes, the following factors should be taken into account, and analyzed on the basis of the funds that will be repaying the debt:

- (i) The historic average of cash balances analyzed over the course of several prior fiscal years.
- (ii) Projected cash balances based on known demands on the given fund.
- (iii) Any basis risk, such as differences in the performance or average life of the Authority’s investment vehicle (e.g., swaps, as discussed in Section IX) and the variable rate debt instrument.

3) Diversification of Remarketing Agents and Counterparties

In selecting remarketing agents for variable rate debt, the Authority will seek to choose a diversity of remarketing agents to better foster competition. For similar reasons, the Authority will seek to diversify its counterparties when selecting institutions to provide liquidity or credit enhancement for Airport variable rate debt.

4) Budgeting

The Vice President, Finance and Asset Management/Treasurer will determine the appropriate method for budgeting the interest cost of variable rate debt by considering historic interest rates, projected interest rates and the effect of risk mitigation products such as interest rate swaps or caps.

5) **Monitoring and Reporting**

The Vice President, Finance and Asset Management/Treasurer will monitor the performance of actual interest rates on variable rate debt and periodically report the results. Reports will be prepared in accordance with Generally Accepted Accounting Principles (GAAP) and with rules promulgated by the General Accounting Standards Board (GASB). With the assistance of its financial advisor, the Vice President, Finance and Asset Management/Treasurer will regularly review the performance of the individual remarketing agents in relation to other remarketing agents, similar programs and market indices.

SECTION IX. DERIVATIVES

The Authority has adopted and will maintain a separate policy for derivatives (Policy 4.21 “Policy Regarding the Use and Management of Derivative Products”).

SECTION X – METHOD FOR SALE OF DEBT

There are two methods of issuing debt obligations: a Competitive Sale and a Negotiated Sale. In a Competitive Sale, Underwriters submit sealed bids, and the Underwriter or Underwriting Syndicate with the lowest True Interest Cost (TIC) is awarded the sale. In a Negotiated Sale, the Underwriter or Underwriting Syndicate is selected through a Request for Proposal (RFP) process. The interest rate and Underwriter’s fee are negotiated prior to the sale, based on market conditions.

It is usually not feasible to issue bonds through a Competitive Sale for certain types of financings, such as Variable Rate Debt, Commercial Paper and specialized financings like Special Facility Revenue Bonds. Further, there are factors (e.g., flexibility as to timing and the mix of the underwriting syndicate) that support the use of a Negotiated Sale. Still, a competitive process should be used to choose the appropriate Underwriter and financing team to ensure the most qualified firms are used for a specific financing. The current policy of the Authority establishes a preference for Negotiated Sales of its Bonds.

Role of Underwriters in Negotiated Sale

The Authority expects its underwriters to: 1) participate in a valuable and significant way with respect to the structuring and pricing of each debt issue and sales performance; 2) cooperate fully with other financing team members in a way that provides the maximum benefit to the Authority; and 3) attend meetings, when requested, related to the issuance of debt.

The book running senior manager, in conjunction with the financial advisor, is responsible for developing a time and responsibility schedule that will allow for the timely and successful completion of the financing. The book running senior manager is responsible for communicating the Authority’s plan of finance and timing to the other managing Underwriters in the syndicate.

Underwriter Selection in Negotiated Sale

The Authority may select Underwriters for an individual financing or to serve as part of a pre-qualified pool of Underwriters available for appointment for anticipated financings. In either case, the Authority would conduct a competitive selection process, which should include:

- Developing an RFP that meets the financial and policy goals of the Authority.
- Meeting the Authority procurement requirements.
- Circulating the RFP to a wide range of Underwriters (e.g. national and regional firms, DBE and majority firms, and firms that specialize in certain types of debt).
- Diligently evaluating the Underwriters' proposals received in response to the RFP.
- Conducting follow-up interviews with any or all of the proposing firms (optional).
- Selecting candidates to be recommended for appointment to an individual financing or to an Underwriter pool.

Should the Board appoint underwriters to a pre-qualified pool after an RFP process, the Vice President, Finance and Asset Management/Treasurer may recommend such firms for appointment to specific financings, without a subsequent RFP process.

SECTION XI. INVESTMENT OF BOND PROCEEDS

The Authority shall invest proceeds generated through the issuance of debt in compliance with the terms of eligible investments under the relevant bond indenture and related bond documents; its Investment Policy; and applicable state laws.

SECTION XII. COMPLIANCE WITH FEDERAL TAX LAW AND MARKET DISCLOSURE OBLIGATIONS

1) Compliance with Federal Tax Law

The Vice President, Finance and Asset Management/Treasurer shall establish a system of record keeping and reporting to meet the arbitrage rebate compliance requirements of the Federal tax code and ensure compliance with other Federal tax regulations and post-issue compliance as required by Bond Counsel at the time of issuance of the debt. This effort shall include tracking expenditures of bond proceeds to ensure such expenditures comply with federal tax law requirements, tracking investment earnings on proceeds, retention of a rebate consultant to prepare and calculate rebate payments in compliance with tax law and remitting any earnings subject to rebate to the Federal government in a timely manner in order to preserve the tax-exempt status of the Authority's outstanding debt issues that have been issued on a tax-exempt basis.

The Authority will comply with all covenants contained in tax certificates.

Trustee banks have been appointed for the Authority's outstanding debt. The trustees shall perform all functions and duties required under the terms and conditions set forth

in the respective bond indentures and trust agreements, including maintaining records of fund balances and investments.

2) Initial Disclosure

The Authority acknowledges its responsibilities under the securities laws to avoid material misstatements and omissions in offering documents used in the marketing of Authority debt. The Vice President, Finance and Asset Management/Treasurer shall manage and coordinate the disclosure documentation preparation process and shall establish a system of procedures to ensure the preparation of appropriate disclosure documentation when required, with assistance from the Authority's General Counsel and the Authority's Bond and/or Disclosure Counsel. When necessary, the Vice President, Finance and Asset Management/Treasurer shall provide training covering new developments and disclosure responsibilities to staff members.

3) Continuing Disclosure

To assist Underwriters to comply with Securities and Exchange Commission ("SEC") Rule 15c2-12, the Authority has entered into and expects in the future to enter into additional Continuing Disclosure Undertakings. The Authority is required to provide 1) Annual Reports, containing the Authority's audited financial statements as well as updates of operating and financial data included in the Authority's offering documents, and 2) notices of certain enumerated events.

i) Notice of the occurrence of any of the following events shall be given, or caused to be given by the Authority, with respect to any bonds, not later than ten business days after the occurrence of the event:

- (A) Principal and interest payment delinquencies;
- (B) Unscheduled draws on the Debt Service Reserve Funds reflecting financial difficulties;
- (C) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (D) Substitution of credit or liquidity providers, or their failure to perform;
- (E) Adverse tax opinions with respect to the tax status of any bonds or the issuance by the Internal Revenue Service of proposed or final determination of taxability or of a Notice of Proposed Issue (IRS Form 5701 TEB) with respect to any bonds;
- (F) Tender offers;
- (G) Defeasances;
- (H) Rating changes; or

- (I) Bankruptcy, insolvency, receivership or similar event of the obligated person:

Note: for the purposes of the event identified in subparagraph (I), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governmental body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

- (J) Any applicable revision to rule 15c2-12 adopted by the SEC.

ii) Notice of the occurrence of any of the following events with respect to any bonds, if material, shall be given, or caused to be given by the Authority, not later than ten business days after the occurrence of the event:

- (A) Unless described in paragraph 3(i)(E), adverse tax opinions or other material notices or determinations by the Internal Revenue Service with respect to the tax status of any bonds or other material events affecting the tax status of any bonds;

- (B) Modifications to rights of the owners of any bonds;

- (C) Optional, unscheduled or contingent bond calls;

- (D) Release, substitution or sale of property securing repayment of any bonds;

- (E) Non-payment related defaults;

- (F) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms; or

- (G) Appointment of a successor or additional trustee or the change of name of a trustee;

- (H) Any applicable revision to rule 15c2-12 adopted by the SEC.

SECTION XIII. RATINGS AGENCIES AND INVESTOR RELATIONS

The Vice President, Finance and Asset Management/Treasurer shall be responsible for implementing and managing the Authority's Credit Rating agency relationship. The Authority recognizes the importance of immediate and timely Disclosure of relevant financial and program

information concerning its debt programs to the rating agencies and pursuant to its continuing disclosure undertakings. This effort shall include periodic meetings with the rating agencies and shall provide the rating agencies with the Authority's annual budget projections, financial statements and other relevant information.

The Vice President, Finance and Asset Management/Treasurer shall be responsible for implementing and managing the Authority's investor relations program including the maintenance and periodic updating of the financial information provided on the Authority's web site. The Authority shall attempt to promptly respond to any reasonable inquiry from an institutional or retail investor concerning information generally available to the investing public.

SECTION XIV. AMENDMENTS TO DEBT ISSUANCE AND MANAGEMENT POLICY

The Policy codifies and explains the guidelines and the policies that govern existing and anticipated debt obligations of the Authority. In addition, the Policy sets forth certain financial management practices in capital budgeting that will enhance the Authority's ability to manage its projected debt issuance. The Policy will require changes and modifications over time. The Vice President, Finance and Asset Management/Treasurer shall be responsible for ensuring the policy is current and will review the Policy annually, at a minimum. In the event that changes to the Policy are necessary, the Vice President, Finance and Asset Management/Treasurer shall propose such changes to the CEO. Upon CEO approval, the proposed amended Policy will be submitted to the Board requesting approval.

GLOSSARY (PROVIDED FOR INFORMATIONAL PURPOSES ONLY)

Additional Bonds Test: The earnings test which must be satisfied under the provisions of a revenue bond contract before bonds of an additional issue having the same lien on a pledged revenue source can be issued. Typically, the test required that historical or future estimated pledged revenues exceed total debt service (existing and proposed) by a certain ratio. The test provides protection to investors that the bond issuer will not issue additional parity bonds without providing ample security to the investors in the previous financing(s).

Advance Refunding: A refunding that occurs more than 90 days in advance of the first optional redemption date. Under current IRS regulations, Governmental Purpose tax-exempt bonds issued after December 31, 1985 are permitted only one advance refunding. Additionally, certain private activity bonds may not be advance refunded.

Airline Costs per Enplaned Passenger (“CPE”): A comparative statistic used to demonstrate the affordability of airline operations at an airport. CPE is often used in the process of determining the credit quality of an issue. It is typically calculated as total passenger airline revenue divided by the number of enplaned passengers in any fiscal year.

Airport Revenue Bonds: Airport Revenue Bonds (also known as General Airport Revenue Bonds, or “GARBs”) are bonds issued pursuant to the terms of a trust indenture or ordinance which are secured either by a pledge of gross or net airport revenues.

Alternative Minimum Tax: Other than for certain private activity bonds issued during the AMT “waiver” period authorized by the American Recovery and Reinvestment Act of 2009 (“ARRA”), interest on tax-exempt private activity bonds issued after August 7, 1986 (other than bonds for 501(c)(3) organizations and refundings of pre-August 8, 1986 bonds) is generally subject to the Alternative Minimum Tax (“AMT”) as a specific item of tax preference. ARRA exempted new money and certain refundings of private activity bonds issued in 2009 and 2010 from the AMT penalty.

Amortization: The process of paying the principal amount of an issue of securities by periodic payments either directly to holders of the securities or to a sinking fund for the benefit of security holders.

Arbitrage: With respect to the issuance of municipal securities, arbitrage usually refers to the difference between the interest paid on tax-exempt bonds and the interest earned by investing the proceeds of the bonds in higher-yielding taxable securities. Federal income tax laws generally restrict the ability to earn arbitrage in connection with tax-exempt bonds.

Arbitrage Rebate: A payment made by an issuer to the federal government in connection with an issue of tax-exempt bonds. The payment represents the amount, if any, of arbitrage earnings on bond proceeds and certain other related funds, except for earnings that are not required to be rebated under limited exemptions provided under the Internal Revenue Code. An issuer generally is required to calculate, once every five years during the life of its bonds, whether or not an arbitrage rebate payment must be made.

Balloon Maturity: A bond structure wherein the principal amount becomes due and payable on one date, generally at the end of the bond term.

Basis Point: Yields on bonds are usually quoted in increments of basis points. One basis point is equal to 1/100 of one (1%) percent. For example, the difference between 6.00% and 6.50% is 50 basis points.

Bond Counsel: A law firm retained by the bond issuer to give a legal opinion that the bond issuer is authorized to issue proposed securities, the bond issuer has met all legal requirements necessary for issuance, and interest on the proposed securities will be exempt from federal income taxation and, where applicable, from state and local taxation. Usually, bond counsel will prepare authorizing resolutions and ordinances, trust indentures and other bond documents with the exception of the Official Statement.

Bondholder: The owner of a municipal bond whose name is noted on the bond register.

Bond Insurance: Insurance which provides an additional guarantee of the timely payment of principal and interest of either an entire bond issue or specified maturities. In exchange for payment of the bond insurance premium, a higher credit rating (the rating of the insurer) is assigned to the insured bonds and a lower cost of funds may be attained.

Bond Purchase Agreement: The contract between the Syndicate and the bond issuer setting forth the final terms, prices and conditions upon which the Syndicate will purchase a new issue.

Book Running Senior Manager: The managing underwriter that controls the book of orders for the transaction and is primarily responsible for the successful execution of the transaction.

Broker-Dealer: A securities firm engaged in both buying and selling securities on behalf of customers and also buying and selling securities on behalf of its own account.

Build America Bonds (“BABs”): Taxable municipal bonds that carry special tax credits and federal subsidies for either the bond issuer or the bondholder. The most widely used version was authorized under the American Recovery and Reinvestment Act (“ARRA”) that allowed BABs to be issued in 2009 and 2010 with a 35% of interest subsidy (subsequently reduced under the federal sequestration program) to the issuer received as direct payments from the federal government. The proceeds of BABs authorized under ARRA could only be used to fund non-private activity, governmental purposes.

Bullet Maturity: See Balloon Maturity.

Callable Bond: A bond where the bond issuer is permitted to redeem it before the stated maturity date at a specified price by giving notice of redemption in the manner specified in the bond document.

Capital Appreciation Bond: A municipal security on which the investment return on an initial principal amount is reinvested at a stated compounded rate until maturity, at which time the investor receives a single payment (the “maturity value”) representing both the initial principal amount and the total investment return. It differs from a Zero Coupon Bond in that only the initial principal amount is counted against an issuer’s statutory debt limit, rather than the total par value at maturity.

Capitalized Interest: A portion of the proceeds of an issue which is set-aside to pay interest on the bonds for a specified period of time. Interest is commonly capitalized during the construction period of a revenue-producing project.

Commercial Paper: Short-term (1 to 270 days) promissory notes usually issued to provide for interim financing of projects through the construction period and backed by a letter or line of credit from a commercial bank. Following the completion of the projects, principal and interest due on commercial paper is often redeemed through the issuance of long-term refunding bonds.

Competitive Sale: The sale of a new issue of bonds by an issuer through a bidding process where underwriters are awarded the bonds on the basis of offering the lowest cost of funds for the issuer usually as measured on a true interest cost (TIC) basis. The bid parameters for the public sale are established in the notice of sale or notice inviting bids.

Credit Enhancement: The use of the credit of an entity other than the issuer to provide additional security in a bond or note financing. This term typically is used in the context of bond insurance, letters of credit and other similar facilities.

Credit Ratings: Evaluations of the credit quality of bonds made by independent ratings services such as Moody's Investors Service, Standard & Poor's Ratings Group, Fitch and Kroll. Credit ratings are intended to measure the probability of timely repayment of principal and interest on municipal securities. Credit ratings are assigned before issuance of the bonds and are periodically reviewed or may be amended to reflect changes in the issuer's credit position. Bonds with investment grade ratings are assigned credit ratings between Baa3/BBB- and Aaa/AAA.

Current Refunding: A current refunding involves refunding bonds within 90 days of the bonds first optional redemption. Federal tax law does not limit the number of current refundings of any tax-exempt bond.

Customer Facility Charge (CFC): A fee imposed by a car rental company upon a car rental customer arriving at the airport and renting a vehicle from an on-airport or off-airport car rental company serving the airport. The CFC is collected by the car rental company generally for use by the airport in funding rental car facility-related projects or debt associated with such projects.

Debt Ratios: Comparative statistics showing the relationship between a bond issuer's outstanding debt and factors affecting repayment. Such ratios are often used in the process of determining the credit quality of an issue. Examples of debt ratios applied to airport bonds include: debt/revenues/costs per enplaned passenger, debt service coverage ratio, utilization per gate, operating ratio and net takedown.

Debt Service: The amount due for repayment of interest and principal on outstanding debt, including required contributions to a sinking fund for term bonds. Debt service may be computed on a bond year, fiscal year or calendar year basis.

Debt Service Coverage: The ratio of Net Revenues annually available to pay debt service on bonds to the annual debt service requirement. This ratio is one indicator of the credit quality of a bond issue. For example, a coverage ratio of "1.50x" means that for every \$1.00 of annual debt service, the bond issuer has \$1.50 of annual net revenues.

Debt Service Reserve Fund: The fund in which moneys are placed which may be used to pay debt service if Net Revenues are insufficient to satisfy the debt service requirements. The size of this fund is generally established by the reserve requirement, which is generally equal to the lesser of: (i) 10% of new issue par, (ii) maximum annual debt service (debt service is amount due on existing and proposed debt for a common debt service reserve fund), and (iii) 125% of average annual debt service (debt service is amount due on existing and proposed debt for a common debt service reserve fund).

Debt Service Reserve Fund Surety Policy: A debt service reserve fund insurance policy provided by a highly-rated municipal bond insurer or a letter of credit provided by a highly-rated commercial bank which guarantees the funding of the reserve requirement.

Defeasance: Bonds for which the payment of debt service has been assured through the structuring of a portfolio of government securities, the principal and interest on which will be sufficient to pay debt service on the outstanding bonds. The rights and interest of the bondholders and of their lien on pledged revenues is terminated in accordance with the bond documents through a defeasance. Defeasance usually occurs through the issuance of refunding bonds.

Disclosure: From the perspective of the bond issuer, it is taken to mean the dissemination of accurate and complete information material to an existing or proposed bond issuance which an investor is likely to consider important in making an investment decision. The material facts pertinent to a new bond offering are disclosed in the Official Statement.

Disclosure Counsel: A law firm retained by the bond issuer to prepare the Official Statement and provide a 10b-5 opinion.

Discount Bond: A bond sold for less than its face value as a result of the yield exceeding the coupon rate.

Financial Advisor: A consultant who advises the bond issuer on matters such as bond structure, timing, marketing, pricing, documentation and credit ratings. The consultant may also provide non-bond related advice relating to capital planning and investment management.

Fixed Rate Debt: Securities with an interest rate that is established for the life of the securities.

Forward Refunding: A Forward Refunding is an agreement, usually between an issuer and the underwriter, whereby the issuer agrees to issue bonds on a specified future date and an underwriter agrees to purchase such bonds on such date. The proceeds of such bonds, when issued, are generally used to refund the issuer's outstanding bonds.

Group Net Order: An order for bonds submitted by a Syndicate member in which the takedown is distributed to Syndicate members according to their respective liability shares in the issue.

Institutional Order: An order for bonds placed by a bank, pension fund, mutual fund, trust or insurance company, investment bank, hedge fund or similar financial institution.

Interest Rate Risk: The risk associated with changes in general interest rate levels or Yield Curves (see Yield Curves below).

Letter of Credit: A commitment usually made by a commercial bank to honor demands for timely payment of debt service upon compliance with pre-established conditions and/or the occurrence of certain events specified in the agreement between the bank and the issuer of the debt. Letters of credit are often issued as additional sources of security for issues of notes, commercial paper or bonds, with the bank issuing the letter of credit committing to pay debt service on the bonds. Debt issued with a letter of credit may be assigned the credit rating (short- and/or long-term) of the letter of credit provider. Letters of credit may also provide liquidity support for such debt issues.

Master Indenture: The Trust Indenture that governs all the senior lien bond obligations of the issuer.

Master Subordinate Indenture: The Trust Indenture that governs all the subordinate lien bond obligations of the issuer.

Member Order: An order submitted by a syndicate member at the takedown price.

Negotiated Sale: The sale of a new issue of bonds by an issuer through an agreement with an underwriter or underwriting Syndicate selected by the issuer. Bonds are generally sold on a negotiated basis when market conditions, issue structure or issue credit quality indicate that a competitive sale would result in higher borrowing costs for the issuer.

Net Designated Order: An order submitted by a syndicate member on behalf of a buyer on which all or a portion of the takedown is to be credited to certain members of the syndicate. The buyer directs the percentage of the total designation each member will receive in accordance with the terms of the underwriting syndicate.

Official Statement: A document published by the bond issuer, and often prepared by Disclosure Counsel, which discloses material information on a new bond issue including the purpose of the issue, source of repayment, bond covenants as well as financial, economic, demographic and legal characteristics of the bond issuer. The Official Statement is used by investors to determine the credit quality of the bond issue. An Official Statement is deemed preliminary prior to the determination of the interest rates on the bond issue.

Parity Bonds: Two or more subsequent issues of bonds which have the same priority of claim or lien against pledged revenues.

Passenger Facility Charge (PFC): A fee, in amounts up to \$4.50, assessed to enplaned passengers at commercial airports controlled by public agencies. Airports use these fees to fund FAA-approved projects that enhance safety, security, or capacity; reduce noise; or increase air carrier competition. Federal law limits use of PFC funds strictly to the above categories.

Premium Bond: A bond sold for greater than its face value as a result of the coupon rate exceeding the yield.

Redemption Provisions: Terms set out in the bond documents which give the bond issuer the right or requirement to redeem or “call” all or a portion of an outstanding issue of bonds prior to their stated dates of maturity at a specified price.

Remarketing Agent: A broker-dealer responsible for reselling to new investors securities (such as variable rate demand obligations and other tender option bonds) that have been tendered for purchase by their owner. The remarketing agent also typically is responsible for resetting the interest rate for a variable rate issue and also may act as tender agent.

Retail Order: An order for bonds placed by an individual or, as determined by the bond issuer, a retail order may also include an order placed by a bank trust department or an investment advisor for an individual.

Secondary Market Disclosure: Disclosure of information relating to outstanding municipal securities made following the end of the underwriting period by or on behalf of the issuer of the securities.

Securities and Exchange Commission (SEC): The Federal agency responsible for supervising and regulating the securities industry. In general, municipal securities are exempt from the SEC's registration and reporting requirements. Brokers and dealers in municipal securities, however, are subject to SEC regulation and oversight. The SEC also has responsibility for the approval of Municipal Securities Rulemaking Board (MSRB) rules, and has jurisdiction, pursuant to SEC Rule 10b-5, over fraud in the sale of municipal securities.

SEC Rule 15(c)2-12: A regulation of the SEC which requires underwriters participating in primary offerings of municipal securities of \$1,000,000 or more (i) to obtain, review, and distribute to investors copies of the issuer's disclosure documents; (ii) to obtain and review a copy of an Official Statement deemed final by an issuer of the securities, except for the omission of specified information; (iii) to make available upon request, in non-competitively bid offerings, the most recent preliminary official statement, if any; (iv) to contract with an issuer of the securities, or its agent, to receive, within specified time periods, sufficient copies of the issuer's final official statement, both to comply with this rule and any rules of the Municipal Securities Rulemaking Board; and (v) to provide, for a specified period of time, copies of final Official Statements to any potential customer upon request. The rule contains exemptions for underwriters participating in certain offerings of municipal securities issued in large denominations that are sold to no more than 35 sophisticated investors, have short-term maturities, or have short-term tender or put features. The release also modifies, in limited respects, a previously published interpretation of the legal obligations of municipal securities underwriters.

Senior Lien Bonds: Bonds which have a prior claim against pledged revenues.

Serial Bonds: Bonds of an issue in which principal is amortized in successive years without interruption.

Subordinate Lien Bonds: Bonds which have a subordinate, or junior, claim against pledged revenues.

Special Facility Obligations: The issuance of bonds by a governmental entity to finance a project with repayment secured by a defined revenue stream derived from or relating to the use of the completed project.

Syndicate: A group of underwriters formed to purchase and re-offer a bond issuer's bonds for sale to the public. The syndicate is organized for the purposes of sharing the risks of underwriting the issue, obtaining sufficient capital to purchase a bond issue and for broader distribution of the issue to the general public. Each syndicate member has a share in the liability of the issue.

Takedown: The total discount at which members of syndicates buy bonds from an issuer.

Tax Events Risk: Risk to the issuer of variable rate bonds created by either a change in the taxable equivalent yield of comparable investments or loss of tax-exempt status. For an issuer of variable rate bonds, a reduction in federal income tax rates would increase interest costs. Re-classification of outstanding variable rate bonds as taxable would also increase interest costs.

Term Bonds: Bonds comprising a large part of the issue which come due in a single maturity. The bond issuer usually makes periodic payments into a sinking fund for mandatory redemption of term bonds before maturity or for payment at maturity.

True Interest Cost: The rate, compounded semi-annually, necessary to discount the amounts payable on the respective principal and interest payment dates to the purchase price received on the closing date of the bond issue.

Trust Indenture: A contract between a bond issuer and a trustee, for the benefit of bondholders. The trustee administers the funds specified in the indenture and implements the remedies provided in case of default.

Underwriter: A dealer which purchases a new issue of bonds for resale either by negotiation with the issuer or by award on the basis of a competitive bid.

Underwriter's Counsel: A law firm retained by the Underwriter to represent their interests in connection with the negotiated purchase of a new issue of bonds. The firm's duties may include review of all bond documents, preparation of the agreement among Underwriters and negotiation of the bond purchase contract between the Underwriter and the bond issuer.

Underwriter's Gross Spread: In a negotiated sale, the difference between the price the Underwriter pays the bond issuer and the original reoffering price to the public; includes the management fee, expenses, and sales commissions (takedown and concession).

Variable Rate Debt: Securities with an interest rate that changes at intervals according to an index or formula, or is periodically (daily, weekly or monthly) reset at the market clearing rate. Variable rate debt is also known as "floating rate debt".

Yield Curve: Refers to the graphical or tabular representation of interest rates across different maturities. The presentation often starts with the shortest-term rates and extends towards longer maturities. It reflects the market's views about implied inflation/deflation, liquidity, economic and financial activity, and other market forces.

Zero Coupon Bond: An original issue discount bond on which no periodic interest payments are made but which is issued at a deep discount from par, accreting (at the rate represented by the offering yield at issuance) to its full value at maturity.

POLICIES

ARTICLE 5 - CONTRACTING AND DEBARMENT
PART 5.0 - CONTRACTING AND PURCHASING
SECTION 5.01 - PROCUREMENT OF SERVICE AND CONSULTING
AGREEMENTS AND THE PURCHASE OF SUPPLIES,
MATERIALS AND EQUIPMENT

PURPOSE: To establish a policy governing the procurement of service and consulting agreements and the purchase of supplies, materials and equipment for the San Diego County Regional Airport Authority (the “**Authority**”).

POLICY STATEMENT:

In the procurement of service and consulting agreements and the purchase of supplies, materials and equipment, the Authority’s Executive Director or his or her designee (the “**Executive Director**”) shall be responsible for following all procedures required by (1) the Authority, (2) the San Diego County Regional Airport Authority Act, as amended from time to time, and (3) other applicable federal, state and local laws.

(1) Service and Consulting Agreements.

(a) Minor Service Agreements of \$50,000 or Less. Subject to federal requirements, when the expenditure is \$50,000 or less, a competitive RFP or RFQ process is not required. The issuing department will evaluate potential candidates and recommend the final candidate to the Executive Director. The Executive Director shall award the agreement based on the issuing department’s recommendation and inform the Authority’s Board of Directors (the “**Board**”) at its next meeting.

(b) Intermediate Service Agreements of \$50,001 through \$100,000. When the expenditure is between \$50,001 and \$100,000, an agreement shall be awarded after the Authority has completed its evaluation process, including the completion of a competitive RFP or RFQ process, subject to federal requirements. The issuing department will evaluate and recommend the final candidate to the Executive Director. The Executive Director shall award the agreement based on the issuing department’s recommendation and inform the Board at its next meeting.

(c) Major Service Agreements Over \$100,000. When the expenditure exceeds \$100,000, an agreement shall be awarded after the Authority has completed its evaluation process, including, subject to federal requirements: (i) the completion of a competitive RFP or RFQ process; (ii) the holding of an information exchange meeting with potential candidates; and (iii) the advertisement of the services sought under the RFP or RFQ. An evaluation committee selected by the Authority then shall interview potential candidates. The evaluation committee and the issuing department shall recommend the top three ranking candidates to the Executive

Director for selection via a final report. The Executive Director shall award the agreement based on the final report and inform the Board at its next meeting.

(d) Certain Professional Services Agreements. In accordance with Section 4526 of the California Government Code and the procedures described above in this Paragraph 1 (and subject to federal requirements), the Authority shall follow an RFQ process to obtain the professional services of private architectural, landscape architectural, engineering, environmental, land surveying or construction project management firms on the basis of demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required.

(2) Purchasing of Supplies, Materials and Equipment. When supplies, materials or equipment are to be purchased, the Executive Director shall proceed as follows:

(a) For purchases between \$5,000 and \$50,000, the Executive Director shall secure competitive quotations. The contract shall be awarded to the person whose quotation the Executive Director determines to be in the best interests of the Authority, taking into account: (i) the person's qualifications, fitness, capacity and experience; (ii) factors relating to the public interest; and (iii) such other factors as the Executive Director reasonably deems appropriate and in the best interests of the Authority.

(b) When the estimated expenditure for any one purchase is in excess of \$50,000, but does not exceed \$100,000, informal written bids shall be solicited from appropriate suppliers. The call for informal bids shall specify a time period within which bids will be received. All bids received shall be considered together at the expiration of this period. The contract shall be awarded to the bidder whose bid the Executive Director determines to be in the best interests of the Authority, taking into account: (i) the bidder's qualifications, fitness, capacity and experience; (ii) factors relating to the public interest; and (iii) such other factors as the Executive Director reasonably deems appropriate and in the best interests of the Authority.

(c) When the estimated expenditure for any one purchase exceeds \$100,000, the Executive Director shall publish a notice inviting sealed bids. Such notice shall specify a time period within which bids shall be received, which shall be not less than ten days after publication of such notice. All bids received shall be considered together at the expiration of this period. The contract shall be awarded to the bidder whose bid the Executive Director determines to be in the best interests of the Authority, taking into account: (i) the bidder's qualifications, fitness, capacity and experience; (ii) factors relating to the public interest; and (iii) such other factors as the Executive Director reasonably deems appropriate and in the best interests of the Authority. Purchases that exceed \$100,000 shall be reported to the Board at its next meeting.

(3) Change Orders.

(a) The Executive Director is authorized to negotiate and execute any change order without Board action for any agreement or contract originally awarded following the informal procedures described above in Paragraph 1(a), 1(b), 2(a) or 2(b); provided, however, that the Board's approval shall be required for any change order that causes the aggregate amount of the

relevant agreement or contract (*i.e.*, the original agreement or contract amount plus the amount of the change order) to be \$110,000 or greater.

(b) In addition, for any agreement or contract originally awarded following the procedures described above in Paragraph 1(c) or 2(c), the Executive Director is authorized to negotiate and execute any change order without Board action for:

(i) Agreements or contracts awarded for less than or equal to \$1,000,000, in an amount not to exceed 10% of the original agreement or contract award, and extending time for completion for a period not to exceed 90 days;

(ii) Agreements or contracts awarded for more than \$1,000,000, but less than or equal to \$5,000,000, in an amount not to exceed 6% of the original agreement or contract award, and extending time for completion for a period not to exceed 90 days; and

(iii) Agreements or contracts awarded for more than \$5,000,000, in an amount not to exceed 4% of the original agreement or contract award, and extending time for completion for a period not to exceed 90 days.

Notwithstanding the foregoing, with respect to any agreement or contract originally awarded following the procedures described above in Paragraph 1(c) or 2(c), any change order that exceeds the budget approved by the Board for the relevant expenditure shall be presented to the Board for action.

(c) The Executive Director shall notify the Board at its next meeting of any change orders approved by the Executive Director.

(d) The Executive Director may, at his or her sole discretion, bring any change order before the Board for action.

(4) Execution of Contracts. The Executive Director shall execute all service and consulting agreements and contracts for the purchase of supplies, materials and equipment, except where otherwise provided by law.

(5) Emergency Purchases.

(a) Notwithstanding any other provisions of this policy, the Executive Director may make or authorize others to make emergency procurements if: (i) there exists a threat to public health, welfare or safety; or (ii) a situation exists that makes compliance with the procurement process contrary to the public interest. Emergency procurements shall be made with such competition as the Executive Director deems appropriate under the circumstances.

(b) A written determination of the basis for the emergency and for the award of the particular contract shall be included in the contract file.

Emergency procurements authorized by the Executive Director that exceed \$100,000 shall be reported to the Board at its next meeting.

(6) Sole Source Procurement. A contract may be awarded without complying with the otherwise applicable competitive procedures under this policy when the Executive Director determines in writing that: (a) there is only one known source for the required supply, service or item; or (b) one source is the only practical way to respond to overriding circumstances that make compliance with the otherwise applicable competitive procedures under this policy not in the best interests of the Authority.

(7) Specifications.

(a) Pursuant to Section 3400 of the California Public Contract Code, the Authority shall not draft RFPs, RFQs or specifications for bids (i) in a manner that limits the RFP or RFQ process or bidding, directly or indirectly, to any one specific concern, or (ii) calling for a designated material, product or service by specific brand or trade name unless the specification lists at least two brands or trade names of comparable quality or utility and is followed by the words “or equal” so that respondents may furnish any equal material, product or service. The Authority shall, if aware of an equal product manufactured in California, name that product in the specification. In those cases involving a unique or novel product application required to be used in the public interest, or where only one brand or trade name is known to the Authority, it may list only one. Specifications shall provide a period of time prior to or after, or prior to and after, the award of the agreement or contract for submission of data substantiating a request for a substitution of “an equal” item. If no time period is specified, data may be submitted any time within 35 days after the award of the agreement or contract.

(b) Paragraph 7(a) shall not be applicable if the Authority makes a finding that is described in the RFP, RFQ or invitation for bids that a particular material, product or service is designated by specific brand or trade name for either of the following purposes: (i) in order that a field test or experiment may be made to determine the product’s suitability for future use; or (ii) in order to match other products in use on a particular public improvement either completed or in the course of completion.

(8) Disadvantaged Business Enterprises. The Authority’s procurement of service and consulting agreements and contracts for the purchase of supplies, materials and equipment shall be consistent with the Federal Aviation Administration’s policies relating to the participation of disadvantaged business enterprises.

(9) Indemnification. The Executive Director shall determine the appropriate indemnification provisions to include in service and consulting agreements and contracts for the purchase of supplies, materials and equipment.

(10) Insurance Requirement. The Executive Director shall determine the appropriate insurance provisions to include in service and consulting agreements and contracts for the purchase of supplies, materials and equipment.

(11) Compliance with all Applicable Laws. In any situation where compliance with this policy will place the Authority in conflict with any applicable provisions of state or federal law, the Authority shall comply with such provisions, notwithstanding this policy.

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 5	- CONTRACTING AND DEBARMENT
PART 5.0	- CONTRACTING AND PURCHASING
SECTION 5.02	- PROCUREMENT OF CONTRACTS FOR PUBLIC PROJECTS

PURPOSE: To establish a policy governing the procurement of contracts for Public Projects (as defined below) for the San Diego County Regional Airport Authority (the “**Authority**”).

POLICY STATEMENT:

In the procurement of contracts for Public Projects (as defined below), the Authority’s Executive Director or his or her designee (the “**Executive Director**”) shall be responsible for following all procedures required by (1) the Authority, (2) the San Diego County Regional Airport Authority Act, as amended from time to time, and (3) other applicable federal, state and local laws.

This policy relates to the Authority’s procurement of contracts for Public Projects (as defined below). See Section 5.01 for the Authority’s policy relating to the procurement of service and consulting agreements and the purchase of supplies, materials and equipment.

This policy is designed to provide for increased economy in procurement activities and to enable the Authority to maximize the purchasing value of Authority funds by fostering effective broad-based competition while ensuring fair and equitable treatment of all persons who deal with Authority procurement.

Fair and equitable treatment includes (but is not limited to): fair and equitable contractor selection processes, utilization of prevailing wages, Disadvantaged Business Enterprise goals for federally funded work, opportunities for small business, proper employment of apprentices, equal employment opportunities, payment bonds and safe and healthful working conditions on all contracts executed by the Authority.

(1) Awarding of Contracts for Public Projects.

(a) The following terms shall have the below-specified meanings:

(i) “**Public Project**” means (a) construction, reconstruction, erection, alteration, renovation, improvement, demolition or repair work involving any publicly owned, leased or operated Facility; and (b) painting or repainting of any such Facility.

(ii) “**Facility**” means any plant, building, structure, ground facility, utility system, real property, streets and highways or other public work improvement.

(iii) **“Maintenance Work”** means (a) routine, recurring, and usual work for the preservation or protection of any publicly owned or publicly operated Facility for its intended purposes; (b) minor repainting; (c) recarpeting; (d) resurfacing of streets and highways at less than one inch; or (e) landscape maintenance, including mowing, watering, trimming, pruning, planting, replacement of plants, and servicing of irrigation and sprinkler systems.

(iv) **“Fee-producing infrastructure project”** or **“fee-producing infrastructure facility”** means the operation of the infrastructure project or facility will be paid for by the persons or entities benefited by or utilizing the project or facility.

(v) **“Design-Build (D-B)”** is a project delivery method under which one entity performs both architecture/engineering and construction under a single contract. Design-build procurements will use a qualifications based selection (QBS) process, or a QBS with a competitive design and price proposal.

(vi) **“Construction Manager at Risk (CMAR)”** is a project delivery method under which the contractor is selected using a QBS and works with the architect/engineer providing pre-construction services during design, and then constructs the project under a negotiated Guaranteed Maximum Price (GMP) or fixed price.

(vii) **“Multiple Award Task Order Contracting (MATOC)”** is a project delivery method under which the contractor is contracted for using a QBS and there is a multiple award to two or more contractors. The contractors will competitively compete for small projects, or negotiate a GMP or fixed price. Projects implementation under a MATOC type contract can utilize the D-B-B, A+B, D-B or CMAR project delivery approaches.

(viii) **“Design-Bid-Build”** is a project delivery method under which the architecture/engineering is contracted for separately from the contractor. The contractor is selected based upon being the lowest responsive and responsible bidder. A+B contracting is a variation of this system.

(ix) **“A+B”** is a project delivery method under which the contractor is selected based on a combination of weighted factors that include both cost and schedule components.

(x) **“Qualifications Based Selection (QBS)”** is a process where the contractor, or design-build team, is selected based upon the attributes of that entity which is judged, or reviewed, to determine conformity to predetermined standards and requirements that are determined to be in the best interest of the Authority.

(xi) **“Guaranteed Maximum Price (GMP)”** is a sum established in an agreement between the Authority and a Design-Build Team, or a Construction Manager at Risk as the maximum cost of performing specified work on the basis of cost of labor and materials plus overhead expenses and profit.

(b) Public Projects of \$25,000 or less may be performed by Authority employees, by negotiated contract or by purchase order.

(c) When the contract amount for a Public Project is more than \$25,000 but less than or equal to \$100,000, the Authority shall follow the informal procedures set forth below:

(i) The Authority shall create and maintain a list of qualified contractors identified by categories of work.

(ii) All contractors on the list maintained by the Authority for the category of work being bid, and/or such construction trade journals as are determined by the Executive Director (which may include one or more of the trade journals specified for San Diego County by the California Uniform Cost Accounting Commission pursuant to Section 22036 of the California Public Contract Code), shall be mailed a notice inviting informal bids unless the product or service is proprietary.

(iii) The mailing of notices to contractors and construction trade journals must be completed not less than 10 calendar days before bids are due.

(iv) The notice inviting informal bids shall: (a) describe the Public Project in general terms; (b) describe how to obtain more detailed information about the Public Project; and (c) state the time and place for the submission of bids.

(v) After the time for submission of bids has expired, the Executive Director may award the contract to the bidder whose bid the Executive Director determines to be in the best interests of the Authority, taking into account: (a) the bidder's qualifications, fitness, capacity and experience; (b) factors relating to the public interest; and (c) such other factors as the Executive Director reasonably deems appropriate and in the best interests of the Authority.

(vi) If all bids received are in excess of \$100,000, then the Executive Director may award the contract to a bidder whose bid is under \$110,000, if any, taking into account the factors listed above in Paragraph 1(c)(v). If no bid is under \$110,000, then all bids shall be rejected and the Authority's cost estimate shall be reviewed to determine its reasonableness. If necessary, the cost estimate shall be revised and the project rebid using the procedures appropriate for the revised cost estimate.

(vii) The Executive Director shall notify the Authority's Board of Directors (the **"Board"**) at its next meeting of any contracts awarded using the foregoing informal procedures.

(d) When the contract amount for a Public Project is more than \$100,000, the Authority shall follow the formal bidding procedures set forth below:

(i) The Board shall adopt plans and specifications and working details for the Public Project.

(ii) The Authority may pre-qualify a select bidders' list of contractors for a single project if the Executive Director determines this to be in the best interests of the Authority.

(iii) Notice of the Public Project shall be published in a newspaper of general circulation, printed and distributed within the jurisdiction of the Authority at least 14 calendar days prior to opening of bids.

(iv) Notice inviting formal bids also shall be mailed to such construction trade journals as are determined by the Executive Director (which may include one or more of the trade journals specified for San Diego County by the California Uniform Cost Accounting Commission pursuant to Section 22036 of the California Public Contract Code), at least 30 calendar days prior to the bid opening date.

(v) After the time for submission of bids has expired, the Board may award the contract to the bidder whose bid the Board determines to be in the best interests of the Authority, taking into account: (a) the bidder's qualifications, fitness, capacity and experience; (b) factors relating to the public interest; (c) consideration of schedule and price where time has a financial impact (A+B bidding) and (d) such other factors as the Board reasonably deems appropriate and in the best interests of the Authority.

(e) Notwithstanding the requirements set forth above in this Paragraph 1, and subject to federal requirements, the Authority may follow a competitive RFP or RFQ process for design-build, construction manager at risk, multiple award task order form of contracts. After the time for submission of proposals or qualifications has expired, the Executive Director may award the contract to the person or firm whose proposal or response the Executive Director determines to be in the best interests of the Authority, taking into account: (i) the person's or firm's qualifications, fitness, capacity and experience; (ii) factors relating to the public interest; and (iii) such other factors as the Board reasonably deems appropriate and in the best interests of the Authority; provided, however, that the Board, instead of the Executive Director, shall award design-build, construction manager at risk, multiple award task order form of contracts when the contract amount or task/job order is more than \$100,000.

(2) If deemed appropriate and in the best interest of the Authority, the Authority may utilize private investment capital to study, plan, design, construct, develop, finance, maintain, rebuild, improve, repair, or operate, or any combination thereof, fee-producing infrastructure facilities in accordance with Government Code Section 5956-5956.10.

(3) Federally-Funded Contracts. Notwithstanding any provision in this policy to the contrary, the Authority shall comply with all federal requirements applicable to federally-funded Public Projects, including, without limitation, any terms and conditions that the Federal Aviation Administration (the “FAA”) requires as a condition to the Authority’s receipt of federal funds in connection with the FAA’s Airport Improvement Program.

(4) Change Orders.

(a) The Executive Director is authorized to negotiate and execute any change order without Board action for any contract for a Public Project originally awarded following the informal procedures described above in Paragraph 1(b) or 1(c); provided, however, that the Board’s approval shall be required for any change order that causes the aggregate amount of the relevant contract (*i.e.*, the original contract amount plus the amount of the change order) to be \$110,000 or greater.

(b) In addition, for any contract for a Public Project originally awarded following the procedures described above in Paragraph 1(d) or 1(e), the Executive Director is authorized to negotiate and execute any change order without Board action for:

(i) Contracts awarded for less than or equal to \$1,000,000, in an amount not to exceed 10% of the original contract award, and extending time for completion for a period not to exceed 90 days;

(ii) Contracts awarded for more than \$1,000,000, but less than or equal to \$5,000,000, in an amount not to exceed 6% of the original contract award, and extending time for completion for a period not to exceed 90 days; and

(iii) Contracts awarded for more than \$5,000,000, in an amount not to exceed 4% of the original contract award, and extending time for completion for a period not to exceed 90 days.

Notwithstanding the foregoing, with respect to any contract originally awarded following the procedures described above in Paragraph 1(d) or 1(e), any change order that exceeds the budget approved by the Board for the relevant Public Project shall be presented to the Board for action.

(c) The Executive Director shall notify the Board at its next meeting of any change orders approved by the Executive Director.

(d) The Executive Director may, at his or her sole discretion, bring any change order before the Board for action.

(5) Execution of Contracts. The Executive Director shall execute all contracts for Public Projects, except where otherwise provided by law.

(6) Acceptance and Notice of Completion. Upon the completion of a contract for a Public Project, the Executive Director may execute and record the “Acceptance and Notice of Completion,” in accordance with applicable law.

(7) Emergency Purchases.

(a) Notwithstanding any other provisions of this policy, the Executive Director may make or authorize others to make emergency procurements if: (i) there exists a threat to public health, welfare or safety; or (ii) a situation exists that makes compliance with the procurement process contrary to the public interest. Emergency procurements shall be made with such competition as the Executive Director deems appropriate under the circumstances.

(b) A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file.

(c) Emergency procurements authorized by the Executive Director that exceed \$100,000 shall be reported to the Board at its next meeting.

(8) Sole Source Procurement. A contract for a Public Project may be awarded without complying with the otherwise applicable competitive procedures under this policy when the Executive Director determines in writing that: (a) there is only one known source for the required supply, service, item or construction; or (b) one source is the only practical way to respond to overriding circumstances that make compliance with the otherwise applicable competitive procedures under this policy not in the best interests of the Authority.

(9) Specifications.

(a) Pursuant to Section 3400 of the California Public Contract Code, the Authority shall not draft RFPs, RFQs or specifications for bids (i) in a manner that limits the RFP or RFQ process or bidding, directly or indirectly, to any one specific concern, or (ii) calling for a designated material, product or service by specific brand or trade name unless the specification lists at least two brands or trade names of comparable quality or utility and is followed by the words “or equal” so that respondents may furnish any equal material, product or service. The Authority shall, if aware of an equal product manufactured in California, name that product in the specification. In those cases involving a unique or novel product application required to be used in the public interest, or where only one brand or trade name is known to the Authority, it may list only one. Specifications shall provide a period of time prior to or after, or prior to and after, the award of the contract for submission of data substantiating a request for a substitution of “an equal” item. If no time period is specified, data may be submitted any time within 35 days after the award of the contract.

(b) Paragraph 8(a) shall not be applicable if the Authority makes a finding that is described in the RFP, RFQ or invitation for bids that a particular material, product or service is designated by specific brand or trade name for either of the following purposes: (i) in order that a field test or experiment may be made to determine the product’s suitability for future use; or (ii) in order to match other products in use on a particular public improvement either completed or in the course of completion.

(10) Disadvantaged Business Enterprises. The Authority's procurement of contracts for Public Projects shall be consistent with the FAA's policies relating to the participation of disadvantaged business enterprises.

(11) Performance and Payment Bonds. Performance and payment bonds or equivalent acceptable security shall be required at the discretion of the Executive Director, or to the extent required by applicable law (including, without limitation, Section 3247 *et seq.* of the California Civil Code).

(a) Bond Must be Delivered Prior to Issuing Contract Document. If required, a performance and payment bond satisfactory to the Authority, executed by a surety company authorized to do business in California or otherwise secured in a manner satisfactory to the Authority, shall be presented to the Authority prior to issuance of a contract document that authorizes the work (i.e. construction).

(b) Substitutes for Bonds Acceptable. Except as required by applicable law (including, without limitation, Section 3248 of the California Civil Code), in lieu of a performance and payment bond, the Authority may accept cash, money order, certified check, cashier's check or irrevocable letter of credit. Such alternate form of security shall be for the same purpose and shall be subject to the same conditions as a performance and payment bond.

(c) Reduction of Bond Amount. The Executive Director may reduce the amount of performance and payment bonds required on a specific contract, except as required by applicable law. Disclosure of the reduction shall be present in the notice inviting bids.

(d) Authority to Require Additional Bonds. Nothing in this section shall be construed to limit the authority of the Executive Director to require a performance bond or other security in addition to those bonds, or in circumstances other than to those specified in this policy.

(12) Indemnification. The Executive Director shall determine the appropriate indemnification provisions to include in contracts for Public Projects.

(13) Insurance Requirement. The Executive Director shall determine the appropriate insurance provisions to include in contracts for Public Projects.

(14) Compliance with all Applicable Laws. In any situation where compliance with this policy will place the Authority in conflict with any applicable provisions of state or federal law, the Authority shall comply with such provisions, notwithstanding this policy.

SECTION 5.04 - COOPERATIVE PURCHASING

PURPOSE: To permit the Authority to use the competitively awarded purchasing contracts of other public agencies for the acquisition of supplies, materials, equipment, information technology, or services, including public projects. The use of this alternative contracting method provides the Authority with the ability to reduce the cost of purchasing supplies, materials, equipment, information technology and services by pooling the purchasing power of more than one public agency or by avoiding the expenses of conducting its own individual competitive process.

POLICY STATEMENT:

(1) The San Diego County Regional Airport Authority Act (Public Utilities Code Section 170040) states that the Authority “may contract with any department or agency of the United States, with any state or local governmental agency, or with any person upon whose terms and conditions that the Authority finds are in its best interests.” Government Code Section 6500 *et seq.*, provides that public agencies by agreement may jointly exercise any power common to the contracting parties, even though one or more of the parties may be located outside the State of California.

(2) The procurement of supplies, materials, equipment, information technology or services is governed by Policy Section 5.01. The procurement of public projects is governed by Policy Section 5.02. In some instances, however, the Authority shall be allowed to enter into a cooperative procurement arrangement, joint powers agreement or other agreement to purchase supplies, materials, equipment, information technology or services, including public projects as long as a competitive selection process was used by the other public agency to secure the underlying contract for the supplies, materials, equipment, information technology or services.

(3) In accordance with Public Utilities Code Section 170040 and Government Code Section 6500 *et seq.*, the Authority is hereby authorized to use cooperative procurement arrangements, joint powers agreements or other agreements for the purpose of combining resources to increase efficiency or reduce administrative expenses in the purchase of supplies, materials, equipment, information technology or services.

Policy Section No. 5.04

- (4) The Authority may participate in cooperative procurement arrangements, joint powers agreements or other agreements with one or more other public bodies, or agencies of the United States for the purchase of supplies, materials, equipment, information technology or services if: (1) a public competitive selection process was used to secure the underlying contracts for goods, supplies, equipment, information technology or services with the lead public agency; (2) the Authority has identified a need for the supplies, materials, equipment, information technology or services; (3) a copy of the agreement or other written proof is security by the Authority reflecting that a public competitive process was used; and (4) it is determined to be in the best interest of the Authority to use the alternative contracting method described herein.

PART 5.1 - EQUAL OPPORTUNITY

SECTION 5.10 - COMPLIANCE WITH EQUAL EMPLOYMENT OPPORTUNITY AND NONDISCRIMINATION POLICY

PURPOSE: To establish a formal policy statement of the Board of Directors (the “**Board**”) of the San Diego County Regional Airport Authority (the “**Authority**”) to ensure that contractors and lessees adhere to: Title VII of the Civil Rights Act of 1964, as amended; the Civil Rights Act of 1991; the California Fair Employment and Housing Act; and any other applicable federal, state and local law or regulation relating to equal employment opportunity and nondiscrimination, including any such law, regulation and policy hereinafter enacted.

POLICY STATEMENT:

It is the policy of the Authority that all contractors and lessees interested in conducting business with the Authority shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, ancestry, physical or mental disability, veteran status, medical condition, marital status, age (40 years and older), sexual orientation, pregnancy or other non-job related criteria and shall take action to assure applicants are employed and that employees are treated during employment, without regard to race, color, religion, sex, national origin, ancestry, physical or mental disability, veteran status, medical condition, marital status, age (40 years and older), sexual orientation, pregnancy or other non-job related criteria.

The Authority shall require all prospective contractors and lessees to complete and file with the Authority an Equal Employment Opportunity and Nondiscrimination Program and Statement of Compliance for the promotion of equal employment opportunities and nondiscrimination.

Further, the Authority believes that diversity in the workforce provides a variety of perspectives, promotes the exchange of ideas and provides an ability to respond to a diverse community. This statement is provided to reaffirm the Authority’s commitment to equal employment opportunity and nondiscrimination and to require its contractors and lessees to ensure that all employment actions shall be administered in a manner to further the principle of equal employment opportunity and nondiscrimination.

PROVISIONS:

(1) The Board hereby declares that from the effective date of this policy, there shall be included in contract and lease documents covering services or lands under the control of the Authority, a provision requiring the contractor or lessee to formulate and file with the Authority

an Equal Employment Opportunity and Nondiscrimination Program and Statement of Compliance for the promotion of equal employment opportunities and nondiscrimination. The contract or lease provision shall be included in all new, renewed and substantially amended contracts or leases. A sublessee who is the prime operator on leased premises shall be considered the lessee for the purposes and provisions of this policy.

(2) The contract or lease provision incorporating the Equal Employment Opportunity and Nondiscrimination Program and Statement of Compliance requirement shall provide that the Authority may, upon reasonable notice and at reasonable times, have access to employment records so that the effectiveness of the Equal Employment Opportunity and Nondiscrimination Program may be evaluated. Contractor or lessee shall further be required to file the Equal Employment Opportunity and Nondiscrimination Program and Statement of Compliance annually with the Authority for approval and make such progress reports as required by the Authority.

(3) Prior to final Board action on a new, renewed or a substantially amended contract or lease, contractor or lessee shall file with the Authority an Equal Employment Opportunity and Nondiscrimination Program and Statement of Compliance for review and approval.

(4) Currently exempt from the requirements of this policy are:

(a) Any lessee granted a lease for a term of five years or less;

(b) Any lessee with an average annual employment operating from the premises of 50 or less employees; provided, however, that said policy shall be applicable at any time said annual employment level exceeds 50 employees; and

(c) Any contractor or lessee who is subject to a federally mandated affirmative action program for employees, provided such contractor or lessee shall annually certify to the Authority that it is subject to such a program, and, upon request of the Authority, shall furnish evidence thereof.

(5) This policy shall be reviewed and updated annually and when required by law.

ARTICLE 5 - CONTRACTING AND DEBARMENT

PART 5.1 - EQUAL OPPORTUNITY

SECTION 5.11 - EQUAL OPPORTUNITY CONTRACTING POLICY

PURPOSE: To promulgate a formal policy statement of the Board of Directors (the “**Board**”) of the San Diego County Regional Airport Authority (the “**Authority**”) to ensure that all businesses, including Disadvantaged Business Enterprises (“**DBEs**”), shall have the maximum opportunity to participate in the performance of all Authority and Department of Transportation (“**DOT**”) assisted contracts and leasing opportunities.

POLICY STATEMENT:

(1) Definitions: DBEs are for-profit, small business concerns that are at least 51% owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51% of the stock is owned by one or more such individuals; and whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

Socially and economically disadvantaged individuals means any individual who is a citizen or lawfully admitted permanent resident of the United States and who is:

(a) Any individual found to be socially and economically disadvantaged on a case-by-case basis;

(b) Any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged:

- (i) Black Americans;
- (ii) Hispanic Americans;
- (iii) Native Americans;
- (iv) Asian-Pacific Americans;
- (v) Subcontinent Asian Americans;
- (vi) Women; and/or

(vii) Any additional groups whose members are designated as socially and economically disadvantaged by the Small Business Administration.

- (2) It is the policy of the Authority that all businesses, including those that meet the definition of socially and economically disadvantaged, as defined in 49 Code of Federal Regulations (“**CFR**”) Part 26, be provided equal access to participate in the performance of all Authority and in DOT-assisted contract and leasing opportunities.
- (3) The Authority further has committed to take all necessary and reasonable steps to increase its utilization of DBEs to the extent feasible and legally permissible. It is also the Authority’s policy to prohibit discrimination against any person because of race, color, religion, sex, national origin, ancestry, physical or mental disability, veteran status, medical condition, marital status, age (40 years and older), sexual orientation, pregnancy or other non-job related criteria, in the award or performance of Authority and DOT-assisted contracts or leases.
- (4) The Authority will create a level playing field on which DBEs can compete fairly for Authority and DOT-assisted contracts and ensure that the DBE program is narrowly tailored in accordance with applicable law. The Authority will strive to ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are permitted to participate as DBEs. This policy will help remove barriers to the participation of DBEs in Authority and DOT-assisted contracts and assist in the development of firms to compete successfully in the marketplace outside the DBE program.
- (5) The Authority will take such action as may be necessary to ensure that, to the maximum extent practicable, at least 10% of all businesses at the airport(s) under the Authority’s control that sell food, beverages, printed materials or other consumer products to the public, are small business concerns (as defined by the U.S. Secretary of Transportation by regulation), owned and controlled by socially and economically disadvantaged individuals.
- (6) The Director of Small Business Development shall be designated as the DBE Liaison Officer (DBELO) and shall have unimpeded access to the President/CEO of the Authority regarding DBE matters. The DBELO shall be responsible for implementation of the Authority’s DBE program and ensuring that the Authority’s employees, agents, lessees and contractors adhere to the provisions of the DBE program. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by the Authority.
- (7) This policy shall be reviewed and updated annually and when required by law.

ARTICLE 5 - CONTRACTING AND DEBARMENT
PART 5.1 - EQUAL OPPORTUNITY
SECTION 5.12 - PREFERENCE TO SMALL BUSINESSES

PURPOSE: To establish a policy allowing a preference to small businesses in the award of construction and non-construction contracts for the San Diego County Regional Airport Authority (the “**Authority**”).

POLICY STATEMENT:

In the procurement of contracts, the Authority’s President/Chief Executive Officer or his or her designee (the “**President/CEO**”) shall be responsible for following all procedures required by (1) the Authority, (2) the San Diego County Regional Airport Authority Act, as amended from time to time, and (3) other applicable federal, state, and local laws.

(1) Applications and Definitions.

(a) This policy relates to the Authority’s procurement of service and consulting agreements and the purchase of supplies, materials and equipment as defined in Article 5, Part 5.0, Section 5.01, and procurement of contracts for public projects as defined in Article 5, Part 5.0, Section 5.02 on a selected basis.

(b) In the event policy 5.14 is implemented in the procurement of service and consulting agreements and the purchase of supplies, materials and equipment, sections (2), (3), (4) and (6) of this policy will not apply.

(c) For the purpose of this policy, a small business shall be a firm that (1) is enrolled in the Authority’s Bonding and Contract Financing Assistance Program which requires verification by staff that the firm meets Small Business Administration (SBA) size standards, or (2) a business concern that is certified as a disadvantaged business enterprise (DBE) by the California Unified Certification Program, or (3) possesses valid certification issued by an agency, approved by the Authority, that verifies the firm is within the SBA size standards, or (4) is an airport concessionaire that provides evidence that its business size is within standards established under 49 CFR Part 23, Section 23.33.

(2) Objectives. The objectives of this policy are to:

(a) Establish principles and practices to facilitate a small business preference program that will provide full disclosure and transparency of the Authority’s commitment, and

(b) Provide a preference of up to five percent (5%) to small businesses in the award of selected Authority contracts.

(3) Preference for Procurement When Bid Price is Primary Selection Criteria. As provided under Policy Section 5.01 and Policy Section 5.02, the contractor is selected based on being the lowest responsive and responsible bidder. In the event of a contract award where the pricing is primary selection criteria, the following shall apply:

POLICY SECTION NO. 5.12

(a) The bid amount of the lowest responsive and responsible bidder that is not a small business shall be multiplied by five percent (5%). The resulting five percent (5%) amount shall be considered as the small business preference.

(b) The lowest responsive and responsible bidder that is a small business shall have their bid adjusted by subtracting the amount of the small business preference from the small business's original bid. The adjusted bid is used in determining the award of contract. If the small business's adjusted bid is lower than the lowest non-small business bid amount, the contract shall be awarded to the small business.

(c) The maximum amount of the adjustment cannot exceed \$200,000.

(d) The final contract award should be in the amount of the original bid.

(4) Preference for Procurement on Qualification Based Selection Criteria. When a contractor is selected based on a scoring matrix that includes multiple criteria, points can be included for being a small business provided that the maximum points allowed for being a small business do not exceed five percent (5%) of the total allowable points used in the recommendation.

(5) Preference for Bonding and Contract Financing Program ("**Program**"). The Authority may allow an additional preference in a bid under this policy for a Public Project only when all of the following are present:

(a) The bidder is a participating small business contractor formally enrolled in the Authority's Program, and

(b) The bidder is the apparent low bidder for the Public Project contract, or the bidder will be the successful bidder under one of the scenarios listed above, and

(c) The amount of the additional preference does not exceed five percent (5%) of the contract price, and

(d) The total amount of the additional preference allowed bidder is only administrative costs incurred or to be incurred under the Program and are solely related to the specific bid under consideration by the Authority, and

(e) As a result of the additional preference extended under this policy, the bidder's contract bid amount is not altered or increased.

(6) When applicable, the combined preference for sections (3) and (5) above shall not exceed 5% or \$200,000, whichever is less.

(3) Methodology Used to Establish Small Business, Local Business, and/or Service Disabled Veteran Owned Small Business Goals.

- (a) Small Business Goal – A small business goal shall be established by the following methodology:
 - i. The Trade Assessment categories needed to fulfill the scope of work will be developed based on the contract owner’s estimate.
 - ii. A Trade Assessment Scope Percentage (Scope%) will be calculated by taking the estimated value of the scope to be performed in each specific Trade Assessment category divided by the total estimated value of the contract.

POLICY SECTION NO. 5.14

- iii. A Trade Assessment Availability Percentage (Availability%) will be calculated by taking the total number of registered businesses within the Authority's vendor management system that (1) meet the Small Business criteria as defined by Policy 5.14; and (2) are capable to perform the specific Trade Assessment category. This number is divided by the total number of businesses in the same specific Trade Assessment categories from the same source.
- iv. A weighted goal percentage is calculated by multiplying the Trade Assessment Scope% by the Trade Assessment Availability% for each applicable Trade Assessment category. Each Trade Assessment category is added up which will result in the applicable goal.
- v. The total small business goal cannot exceed fifty percent (50%) for each contract.
- vi. The Trade Assessment Availability% can be calculated in advance provided that the Trade Assessment Availability% used is not older than 24 months.

(b) Local Business Goal – A local business goal shall be established by the following methodology:

- i. Identify the Trade Assessment categories needed to fulfill the scope of work.
- ii. A Trade Assessment Scope Percentage (Scope%) will be calculated by taking the estimated value of the scope to be performed in each specific Trade Assessment category divided by the total estimated value of the contract.
- iii. A Trade Assessment Availability Percentage (Availability%) will be calculated by taking the total number of registered businesses within the Authority's vendor management system that (1) meet the Local Business criteria as defined by Policy 5.14; and (2) are capable to perform the specific Trade Assessment category. This number is divided by the total number of businesses in the same Trade Assessment categories from the Authority's vendor management system.
- iv. A weighted goal percentage is calculated by multiplying the Trade Assessment Scope% by the Trade Assessment Availability% for each applicable Trade Assessment category. Then each Trade Assessment category is added up which will result in the applicable goal.
- v. The total local business goal cannot exceed sixty percent (60%) for each contract.
- vi. The Trade Assessment Availability% can be calculated in advance provided that the Trade Assessment Availability% used is not older than 24 months.

(c) A Service Disabled Veteran Owned Small Business (SDVOSB) Goal – A SDVOSB goal shall be established at three percent (3%).

- (4) Goal Application When Price is Primary Selection Criteria for public projects or purchase of supplies, materials or equipment.

POLICY SECTION NO. 5.14

- (a) A Small Business participation goal will be established for each identified project based on the methodology set forth in section (3) above. For those bids that meet or exceed the established goal, a price preference equal to three percent (3%) shall be awarded. For those businesses that have some participation, but do not meet the goal, a partial preference point will be provided for every full third of the goal achieved.
- (b) A Local Business participation goal will be established for each identified project based on the methodology set forth in Section (3) above. For those bids that meet or exceed the established goal, a price preference equal to two percent (2%) shall be awarded. For those businesses that have some participation, but do not meet the goal, a single preference point will be provided if bid exceeds one-half of the goal. However, there will be no preference points awarded if the Authority's overall Local Business participation is at a level above sixty percent (60%) of current contract participation excluding those contracts that utilize federal funds and The Green Build terminal expansion project. A Local Business participation goal shall only be applied to contracts in excess of twenty-five thousand dollars (\$25,000).
- (c) A Service Disabled Veteran Owned Small Business (SDVOSB) participation goal of three percent (3%) shall be established for each identified project. For those bids that meet or exceed the 3% goal, a price preference equal to two percent (2%) shall be awarded. For those businesses that have at least 1% participation, but less than the 3% goal, a single preference point will be provided.
- (d) Partial goal achievement will be determined by dividing the goal percentage by the available preference points. All goals shall be expressed in whole percentage numbers and rounding for partial goals shall always be up to the next whole percentage number. (EXAMPLE: Goal is 32% and there are three preference points available $31\% \div 3 = 10.33\%$ shall be rounded up to 11%)
- (e) The maximum allowable combined participation preference shall not exceed seven percent (7%) or a combined price preference of \$200,000 on any single bid.
- (f) The bid amount of the lowest responsive and responsible bidder (low bidder) shall be multiplied by the combined percentage points attributed to the eligible preferences identified in (4)(a), (4)(b), & (4)(c) above, for each responsive and responsible bidder (bidder). This will result in a unique bid adjustment amount specific to each bidder. (For example, a bidder that meets two of the three criteria for a combined preference of 5% will be awarded the contract if their bid price is within 5% or less of the lowest bid). The corresponding bid adjustment amount will be subtracted from each bidders' original bid price, including the low bidder, to create the adjusted bid price. The adjusted bid price is used in determining the award of contract.
- (g) The final contract award shall be in the amount set forth in the original bid.

(5) Goal Application for Qualification Based Selection Criteria.

- (a) A Small Business participation goal will be established for each identified project based on the methodology set forth in section (3) above. For those submittals that meet or exceed the established goal, a scoring preference equal to three percent (3%) of the total available points shall be awarded as part of the overall scoring matrix used in determining selection. For those submittals that have some participation, but do not meet the goal, a partial points can be awarded provided it is limited to one point for every full third of the goal achieved.
- (b) A Local Business participation goal will be established for each identified project based on the methodology set forth in section (3) above. For those submittals that meet or exceed the established goal, a scoring preference equal to two percent (2%) of the total available points shall be awarded as part of the overall scoring matrix used in determining selection. For those submittals that have some participation, but do not meet the goal, one (1) point will be awarded provided submittal achieves one-half of the goal. A local goal is not permitted in awarding airport concessions under Federal regulations as long as the airport is recipient of federal grant monies.
- (c) A SDVOSB participation goal of three percent (3%) will be established for each identified project. For those submittals that meet or exceed the established goal, a scoring preference equal to two percent (2%) of the total available points shall be awarded as part of the overall scoring matrix used in determining selection. For those businesses that have at least 1% participation, but less than the 3% goal, a single preference point will be provided.
- (d) Partial goal achievement will be determined by dividing the goal percentage by the available preference points. All goals shall be expressed in whole percentage numbers and rounding for partial goals shall always be up to the next whole percentage number. (EXAMPLE: Goal is 32% and there are three preference points available $32\% \div 3 = 10.66\%$ shall be rounded up to 11%)
- (e) The points awarded shall not exceed seven percent (7%) of the total allowable points used in the overall recommendation.
- (f) The use of the preference points shall be applied to determine which proposers will be interviewed for final consideration. Preference points will not be used in the final ranking.
- (g) The Prime Contractor must provide a distinct and clearly defined portion of work for all subcontractors whose participation is submitted in response to the corresponding goal. Any substitution in performance of said work without the Authority's prior written consent may be grounds for contract termination, at which time the Authority may negotiate a new contract to the next highest ranked proposer without need to re-compete, provided there is no less than 50% of the contract term remaining.

(6) Exemptions.

- (a) Federally funded projects require conformance with grant assurance requirements as established pursuant to 49 CFR Part 18.36.
- (b) Concession contracts pursuant to 49 CFR Part 23 prohibit the use of local participation in the award of contracts.
- (c) This Policy shall not apply if it conflicts with applicable federal, state or local laws or regulations.

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 5 - CONTRACTING AND DEBARMENT

PART 5.1 - EQUAL OPPORTUNITY

SECTION 5.15 - EQUAL BENEFITS FOR SPOUSES AND DOMESTIC PARTNERS

PURPOSE: To promulgate a formal policy statement of the San Diego County Regional Airport Authority (the “Authority”) to ensure that contractors and lessees provide equal benefits between employees with spouses and employees with domestic partners, and between dependents and family members of spouses and dependents and family members of domestic partners.

POLICY STATEMENT:

(1) It is the policy of the Authority that all contractors and lessees who conduct business with the Authority shall not discriminate against any employee or applicant for employment because of sexual orientation (see Authority Policy § 5.10). Discrimination in the provision of employee benefits between employees with domestic partners and employees with spouses results in unequal pay for equal work. It is the Authority’s intent, through the contracting policies outlined in this Policy, to assure that those companies wanting to do business with the Authority will equalize the total compensation between similarly situated employees with spouses and with domestic partners. The provisions of this Policy are designed to ensure that the Authority’s contractors and lessees will maintain a competitive advantage in recruiting and retaining capable employees, thereby improving the quality of the goods and services the Authority and its customers receive.

(2) Definitions:

(a) **“Benefits”** means any plan, program or policy provided or offered by a Contractor to its employees as part of the employer’s total compensation package. This includes, but is not limited to, the following types of benefits: bereavement leave; family medical leave; health benefits; disability, life, and other types of insurance; membership or membership discounts; moving expenses; vacation; travel benefits; and any other plans, policies or benefits given to employees, provided that it does not include benefits to the extent that the application of the requirements of this Policy to such benefits may be preempted by federal or state law.

(b) **“Contract”** means an agreement the value of which is equal to or exceeds fifty thousand dollars (\$50,000). It includes, but is not limited to, agreements for work or services to or for the Authority, for public works or improvements to be performed, agreements for the purchase of goods, equipment, materials, or supplies. Contract also includes any lease or license entered into by the Authority.

- (c) **“Contractor”** means any person, firm, partnership, corporation, joint venture, or any combination of these, or any governmental entity acting in its proprietary capacity, that enters into a Contract with the Authority. The term does not include Subcontractors.
- (d) **“Domestic Partner(s)”** means any two adults in a relationship pursuant to the requirements for filing as domestic partners under California Family Code § 297 and who have registered as domestic partners with a governmental entity pursuant to state or local law authorizing this registration.
- (e) **“Equal Benefits”** means the equality of benefits between employees with Spouses and employees with Domestic Partners, between Spouses of employees and Domestic Partners of employees, and between dependents and family members of Spouses and dependents and family members of Domestic Partners.
- (f) **“Policy”** means Authority Policy § 5.15 as amended.
- (g) **“Spouse(s)”** means any two adults, of the same or different sex, whose marriage is recognized under the laws of the State of California.
- (h) **“Subcontractor”** means any person, firm, partnership, corporation, joint venture, or any combination of these, or any governmental entity acting in its proprietary capacity, that assists the Contractor in performing or fulfilling the terms of a Contract. Subcontractors are not subject to the requirements of this Policy unless they otherwise have a Contract directly with the Authority.

(3) Equal Benefits Requirements

(a) The Authority shall not execute any Contract with any Contractor that discriminates in the provision of Benefits between employees with Spouses and employees with Domestic Partners, between Spouses of employees and Domestic Partners of employees, and between dependents and family members of Spouses and dependents and family members of Domestic Partners. For the avoidance of doubt, benefits will be provided equally to Spouses and Domestic Partners of employees regardless of gender, and also equally to all Domestic Partners as compared to Spouses.

(b) A Contractor must permit access to, and upon request, must provide certified copies of all of its records pertaining to its Benefits policies and its employment policies and practices to the Authority, for the purpose of investigation or to ascertain compliance with this Policy.

(c) A Contractor must not set up or use its contracting entity for the purpose of evading the requirements imposed by this Policy.

(d) A Contractor shall not be deemed to be engaging in discrimination in the provision of Benefits when:

(i) The actual cost of providing a certain benefit for the Domestic Partner of an employee exceeds that of providing it for the Spouse of an employee, or the Contractor's actual cost of providing a certain benefit for the Spouse of an employee exceeds that of providing it for the Domestic Partner of an employee, and the Contractor conditions providing such benefit upon the employee agreeing to pay the excess cost;

(ii) The implementation of policies ending discrimination in benefits is delayed following the first award of an Authority Contract:

(1) Until the first effective date after the first open enrollment process following the date the Contract with the Authority is executed, provided that the Contractor submits evidence of reasonable efforts to end discrimination in benefits. This delay may not exceed two (2) years from the date the Contract with the Authority is executed and only applies to benefits for which an open enrollment process is applicable.

(2) Until administrative steps can be taken to incorporate nondiscrimination in benefits in the Contractor's infrastructure. The time allotted for these administrative steps shall apply only to those benefits for which administrative steps are necessary and may not exceed three (3) months. An extension of this time may be granted by the Authority President/CEO upon written request of a Contractor, setting forth the reasons that additional time is required.

(3) Until the expiration of a Contractor's current collective bargaining agreement(s) where all of the following conditions have been met:

(a) The provision of Benefits is governed by one or more collective bargaining agreements; and

(b) The Contractor takes all reasonable measures to end discrimination in Benefits by either requesting that the union(s) involved agree to re-open the agreement(s) in order for the Contractor to take whatever steps are necessary to end discrimination in Benefits or by ending discrimination in Benefits without reopening the collective bargaining agreement(s); and

(c) In the event the Contractor cannot end discrimination in Benefits despite taking all reasonable measures to do so, the Contractor provides a cash equivalent to eligible employees for whom Benefits are not available. Unless otherwise authorized in writing by the Authority President/CEO, this cash equivalent payment must begin at the time the union(s) refuse to allow the collective bargaining agreements to be reopened, or in any case no longer than three (3) months from the date the Contract with the Authority was executed. This cash equivalent payment shall not be required where it is prohibited by federal or state law.

(4) **Other Options for Compliance** – Provided that the Contractor does not discriminate in the provision of Benefits, a Contractor may also comply with this Policy in the following ways:

(a) A Contractor may provide an employee with the cash equivalent only if the Authority President/CEO determines that either:

(i) The Contractor has made a reasonable, yet unsuccessful effort to provide Equal Benefits; or

(ii) Under the circumstances, it would be unreasonable to require the Contractor to provide Benefits to the Domestic Partner (or Spouse, if applicable).

(b) Provide Benefits neither to employees' Spouses nor to employees' Domestic Partners.

(5) Applicability

(a) Unless otherwise exempt, a Contractor is subject to and shall comply with all applicable provisions of this Policy when entering into a Contract with the Authority that equals or exceeds fifty thousand dollars (\$50,000).

(b) The requirements of this Policy shall only apply to a Contractor's operations that occur:

(i) In the County of San Diego;

(ii) On real property located outside the County of San Diego if the property is owned by the Authority, or the Authority has a right to occupy the property, and if the Contractor's presence at or on the property is connected to a Contract with the Authority; and

(iii) Elsewhere in the United States where work related to an Authority Contract is being performed.

(6) Mandatory Contract Provisions Pertaining to Equal Benefits

(a) Unless otherwise exempt, every Contract shall contain language that obligates Contractor to comply with the applicable provisions of this Policy.

(7) Non-applicability, Exceptions, and Waivers – The Authority President/CEO may waive compliance with this Policy under the following circumstances:

(a) The Contract is for the use of Authority property, and there is only one prospective Contractor willing to enter into the Contract.

(b) The Contract is for needed goods, services, construction of a public work or improvement, or interest in or right to use real property that is available only from a single

prospective Contractor, and that prospective Contractor is otherwise qualified and acceptable to the Authority.

(c) The Contract is necessary to respond to an emergency that endangers the public health or safety.

(d) The Contract is awarded as a sole source procurement under Authority Policy § 5.01(6).

(e) The General Counsel certifies in writing that the contract involves specialize litigation requirements such that it would be in the best interests of the Authority to waive the requirements of this Policy.

(f) The Contract is: (i) with a public entity; (ii) for goods, services, construction of a public work or improvement, or interest in or right to use real property; and (iii) that is either not available from another source, or is necessary to serve a substantial public interest.

(g) The requirements of this Policy will violate, or are inconsistent with the terms of a grant, subvention or agreement with a public agency or the instruction of an authorized representative of a public agency with respect to any grant, subvention or agreement.

(h) The Contract is for goods, services, or a project that is essential to the Authority and there are no qualified prospective Contractors who comply with this Policy.

(i) The Contract involves bulk, cooperative, or joint purchasing arrangements.

(j) The Contract involves:

(1) The investment of trust moneys or agreements related to the management of trust assets;

(2) Authority money invested in U.S. government securities or under pre-existing investment agreements; or

(3) The investment of Authority money where the Authority President/CEO finds that:

(a) No person, entity or financial institution doing business in the County of San Diego that is in compliance with this Policy is capable of performing the desired transaction(s); or

(b) The Authority will incur a financial loss which, in the opinion of the Authority President/CEO or his/her designee, would violate his/her fiduciary duties.

(k) The Authority President/CEO determines that it is in the best interest of the Authority to waive the requirements of this Policy and the Contract is reported to the Authority's Board of Directors at the Board meeting following the execution of the Contract.

(l) Nothing in this subsection shall limit the right of the Authority's Board of Directors to waive the requirements of this Policy.

(8) **Consistency with Federal Law** – The provisions of this Policy do not apply where the application of these provisions would violate or be inconsistent with the laws, rules or regulations of federal or state law, or where the application would violate or be inconsistent with the terms or conditions of a grant or contract with the United States of America, the State of California, or the instruction of an authorized representative of any of these agencies with respect to any grant or Contract.

(9) **Effective Date** – The requirements of this Policy shall not apply to Contracts executed or bid packages advertised and made available to the public before April 1, 2015.

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 6 - REAL PROPERTY MANAGEMENT

PART 6.0 - LEASES

SECTION 6.01 - LEASING POLICY

PURPOSE: To establish general policies and practices relating to the negotiation of new leases, consent to subleases, assignment of existing leases and amendment of existing leases by the San Diego County Regional Airport Authority (the “**Authority**”).

POLICY STATEMENT:

(1) Negotiation of New Leases.

(a) Leasing Authority. The Authority’s Executive Director or his or her designee (the “**Executive Director**”) shall bring all proposed occupancy permits and grants of privileges and franchises exceeding five years in duration to the Authority’s Board of Directors (the “**Board**”) for approval. Subsequent to approval by the Board, the Executive Director shall enter into and execute on behalf of the Authority all such occupancy permits and grants of privileges and franchises.

The Executive Director may enter into and execute occupancy permits and grants of privileges and franchises not exceeding five years in duration without first bringing the agreements, occupancy permits and grants of privileges and franchises to the Board for approval. The Executive Director shall inform the Board on a regularly scheduled basis of all such agreements, permits and grants entered into and executed on behalf of the Authority without the prior approval of the Board.

(b) Leasing Policy. The Authority shall seek market value when leasing or renting real property and shall reflect market terms and conditions in lease agreements. Although the Authority shall seek market value when leasing or renting real property, in certain cases rent discounts and/or other concessions may be warranted. The Authority shall grant rent discounts and/or other concessions only after consideration of the value of the rent discount or other concession, including, without limitation, the Authority’s participation in development expenses, relative to the market value of the lease.

The Authority shall grant leases of real property on a competitive basis to the prospective tenant that in the opinion of the Authority: (1) proposes a development or utilization that fulfills Authority land use and development criteria for the property; (2) demonstrates an economically feasible program that will produce a market value rental return to the Authority over the term of the lease; and (3) possesses the financial capacity and managerial ability to develop and maintain the property at its highest and best use over the term of the lease.

Authority leases shall reflect percentage rents for land uses that are typically paid on a percentage rent basis and shall reflect flat rents for land uses that are typically paid on a flat rent basis. Percentage rents shall be expressed in terms of a percentage rental rate for gross revenue derived from an identified land use versus a minimum fixed rent for the land and improvements leased or rented. Flat rents shall be expressed in terms of fixed rent for the land and improvements leased or rented. Both percentage rent tenants and flat rent tenants shall be responsible for all expenses associated with development and operation of the premises by the tenant.

Authority leases that reflect percentage rents shall provide for periodic adjustment of minimum rent based on the relative change in the Consumer Price Index and for periodic review of percentage rent and minimum rent based on a current market value. The Executive Director shall determine whether a third party appraisal is necessary to determine such market value.

Authority leases shall provide for arbitration in the event the Authority and the tenant cannot agree on the rent for a rental period. In accordance with applicable sections of the *California Code of Civil Procedure*, three arbiters shall conduct the arbitration. The Authority and the tenant shall each appoint an arbiter. The two arbiters appointed by the Authority and the tenant shall appoint the third arbiter. The three arbiters must be qualified real estate appraisers that are licensed to practice within the state of California.

Authority leases shall reflect a length of term commensurate with the time reasonably required for amortization of the capital investment or reinvestment to be made in the premises by the tenant as a condition of the lease.

The Authority's leases shall, at the option of the Authority, require removal by the tenant of all improvements to the premises attributable to any capital investment or reinvestment in the premises by the tenant upon the terms and conditions set forth by the Executive Director.

(2) Consent to Sublease.

(a) Subleasing Authority. The Executive Director shall bring all proposed subleases exceeding five years in duration to the Board for its prior consent. Subsequent to the Board's prior consent, the Executive Director shall have the authority to consent to all such subleases on behalf of the Authority.

The Executive Director may consent to subleases not exceeding five years in duration without first bringing the subleases to the Board for its prior consent. The Executive Director shall inform the Board on a regularly scheduled basis of all such subleases consented to on behalf of the Authority without the prior consent of the Board.

(b) Subleasing Policy. The Authority shall consent to subleases of real property provided the sublease incorporates and acknowledges the preeminent unsubordinated control of the Authority and, in the opinion of the Authority, the sublessee: (1) proposes a development or utilization that fulfills Authority land use and development criteria for the property; (2) demonstrates an economically feasible program that will produce a market value rental return to the Authority over the term of the sublease; and (3) possesses the financial capacity and managerial ability to develop and maintain the property at its highest and best use over the term of the sublease.

The Authority shall oppose subleases of real property when the sublessor, through the proposed sublease, will profit not on its investment or operation, but on the value of the real property leased from the Authority. Such circumstances arise when the contract rental value of the sublease premises is less than the market rental value of the sublease premises for the duration of the sublease. In such circumstances, the Authority shall not consent to the sublease unless it receives for its consent an amount equal to the difference between the market rental value of the sublease premises for the duration of the sublease and the contract rental value of the sublease premises for the duration of the sublease.

(3) Assignment of Existing Leases.

(a) Lease Assignment Authority. The Executive Director shall bring all proposed assignments of leasehold interests with a remaining term exceeding five years in duration to the Board for its prior consent. Subsequent to approval by the Board, the Executive Director shall consent to all such assignments on behalf of the Authority.

The Executive Director may consent to assignments of leasehold interests with remaining term not exceeding five years in duration without first bringing the assignments to the Board for its prior consent. The Executive Director shall inform the Board on a regularly scheduled basis of all such assignments consented to on behalf of the Authority without the prior consent of the Board.

(b) Lease Assignment Policy. The Authority shall consent to assignment of leasehold interests provided, in the opinion of the Authority, the assignee: (i) proposes a development or utilization that fulfills Authority land use and development criteria for the property; (ii) demonstrates an economically feasible program that will produce a market value rental return to the Authority over the remaining term of the lease; and (iii) possesses the financial capacity and managerial ability to develop and maintain the property at its highest and best use over the remaining term of the lease.

The Authority shall oppose assignments of leasehold interests when the assignor, through the proposed assignment, will profit not on its investment or operation, but on the value of the real property leased from the Authority. Such circumstances arise when the contract rental value of the lease premises is less than the market rental value of the lease premises for the remaining term of the lease. In such circumstances, the Authority shall not consent to the assignment unless it receives for its consent an amount equal to the difference between the market rental value of the lease premises for the remaining term of the lease and the contract rental value of the lease premises for the remaining term of the lease.

In the event the Authority, the assignor and the assignee cannot agree on the market rental value of the lease premises, the Authority shall consent to the assignment and the market rental value of the lease premises shall be referred to arbitration, provided all conditions to such consent set forth in the lease or provided by law have been satisfied. And, in addition, the Authority and assignee agree to pay their respective costs associated with the arbitration.

(4) Amendment of Existing Leases.

(a) Lease Amendment Authority. The Executive Director shall bring all proposed amendments to leases with a remaining term exceeding five years in duration to the Board for

approval. Subsequent to approval by the Board, the Executive Director shall enter into and execute on behalf of the Authority all such amendments.

The Executive Director may enter into and execute on behalf of the Authority amendments to leases with remaining term not exceeding five years in duration without first bringing the amendments to the Board for approval. The Executive Director shall inform the Board on a regularly scheduled basis of all such amendments on behalf of the Authority without the prior approval of the Board.

(b) Lease Amendment Policy. The Authority shall grant amendments to leases of real property provided, in the opinion of the Authority, the lessee: (i) proposes a development or utilization that fulfills Authority land use and development criteria for the property; (ii) demonstrates an economically feasible program that will produce a market value rental return to the Authority over the remaining term of the lease; and (iii) possesses the financial capacity and managerial ability to develop and maintain the property at its highest and best use over the remaining term of the lease.

The Authority shall oppose amendments to leases of real property when the lessee, through the amended lease, will profit not on its investment or operation, but on the value of the real property leased from the Authority. Such circumstances arise when the contract rental value of the lease premises under the Authority's lease is less than the market rental value of the lease premises for the remaining term of the lease. In such circumstances, the Authority shall not grant the amendment unless it receives for its consent an amount equal to the difference between the market rental value of the lease premises for the remaining term of the lease and the contract rental value of the lease premises under the Authority's lease for the remaining term of the lease.

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 8	- GENERAL OPERATIONS
PART 8.3	- STRATEGY AND PLANNING
SECTION 8.30	- AIRPORT LAND USE COMMISSION

PURPOSE: To implement the legislative directive for the Authority to: (i) coordinate the airport planning of public agencies within the County of San Diego, California (the “**County**”); and (ii) prepare, adopt, and update an “Airport Land Use Compatibility Plan” (as more fully defined in Appendix A, “**ALUCP**”) for each public-use and military airport in the County by engaging in a public collaborative planning process.

POLICY STATEMENT:

(1) General Provisions.

(a) Defined Terms. All capitalized terms not otherwise defined in the body of this policy shall have the corresponding meanings set forth in Appendix A.

(b) Authority. The San Diego County Regional Airport Authority (the “**Authority**”), is acting in its capacity as the Airport Land Use Commission (“**ALUC**”) for the County, as provided by §21670.3 of the California Public Utilities Code (“**P.U.C.**”). The Authority has adopted this policy in recognition of its governmental obligations under the laws of the State of California, which designate the Authority as the proper Local Agency in the County to protect public health, safety and welfare by ensuring the orderly expansion of Airports and the adoption of land use measures that minimize the public’s exposure to excessive noise and safety hazards within areas around public airports, to the extent that these areas are not already devoted to incompatible uses consistent with P.U.C. §21670.3.

(c) Powers and Duties. The Authority has the following powers and duties, subject to the limitations upon its jurisdiction as set forth in P.U.C. §21676:

(i) To assist Local Agencies in ensuring compatible land uses in the vicinity of all new Airports and in the vicinity of existing Airports to the extent that the land in the vicinity of those Airports is not already devoted to incompatible uses;

(ii) To coordinate planning at the state, regional and local levels, so as to provide for the orderly development of air transportation, while at the same time protecting the public health, safety and welfare;

(iii) To prepare and adopt an ALUCP for each airport in the County, pursuant to the requirements of P.U.C. §21670.3 and §21675. Any ALUCP developed pursuant to §21675 and adopted pursuant to §21675.1 by the San Diego Association of Governments shall remain in effect until the Authority adopts a new ALUCP for the respective airport; and

(iv) To review the plans, regulations and other actions of Local Agencies and Airport Operators pursuant to the requirements of P.U.C. §21670.3 and §21676.

(d) Conflicts of Interest. Any member of the Authority's Board (the "**Board**") shall temporarily disqualify himself or herself from participating in the review or adoption of a proposal or ALUCP, if there is a conflict of interest pursuant to P.U.C. §21672, other applicable state law, and/or a violation or potential violation of the Authority's Conflicts of Interest Code.

(e) Schedule of Fees. The Authority may establish a schedule of fees necessary to comply with Article 3.5 of Division 9 of the P.U.C. Those fees shall be charged to the proponents of actions, regulations or permits and shall not exceed the estimated reasonable cost of providing the service. The fees shall be imposed pursuant to Gov. Code §66016. The Authority may not charge fees for actions in connection with any Airport that does not have an adopted ALUCP.

(f) Amendments, Termination or Suspension. This policy may be amended, terminated or suspended only by official and duly noticed action of the Board. The Board may, in its sole and exclusive exercise of its full legislative discretion, amend, terminate, or suspend this policy at any time.

(g) Partial Invalidity. In the event that any court of competent jurisdiction determines that any portion or provision of this policy is invalid, illegal or unenforceable, or temporarily enjoins enforcement or application of any portion or provision of this policy, all other provisions of this policy shall remain enforceable and in effect unless and until revoked, suspended or modified by the Authority.

(h) No Waiver or Creation of Implied Policy of Enforcement. Neither any (i) failure of the Authority to take any act or action in strict enforcement of this policy, inadvertent or otherwise, nor (ii) affirmative waiver of enforcement of this policy by the Authority in a specific instance after consideration of special requests or circumstances, shall be deemed to constitute the establishment of any express or implied policy of the Authority in the enforcement or non-enforcement of this policy, and shall not be relied upon by any person in making any determination, or taking any action, in violation of any provision of this policy.

(2) Airport Land Use Compatibility Plan.

(a) Purpose of Airport Land Use Compatibility Plan. The ALUCP is the fundamental tool used by the Authority in fulfilling its purpose of promoting Airport land use compatibility. Specifically, compatibility plans have two purposes: (i) to provide for the orderly growth of each Airport and the area surrounding each Airport within the jurisdiction of the Authority; and (ii) to safeguard the general welfare of the inhabitants within the vicinity of each Airport within the jurisdiction of the Authority and the public in general.

(b) Preparation of Airport Land Use Compatibility Plan. The Authority shall be responsible for the preparation of an ALUCP for each Airport within the County. The ALUCP shall provide for the orderly growth of each Airport and the area surrounding each Airport within the Authority's jurisdiction, and shall provide policies to safeguard the general welfare of the inhabitants within the vicinity of each Airport and the public in general, as required by P.U.C. §21675. The ALUCP that is adopted by the Authority shall include and shall be based on a long-range Master Plan or an Airport Layout Plan, where available, that reflects the anticipated growth of such Airport during at least the next twenty (20) years. In preparing an ALUCP, the Authority may develop height restrictions on buildings, specify use of land and determine building standards, including soundproofing adjacent to Airports within the planning area. The ALUCP also may identify where additions or changes to local jurisdictions' general and specific plans will be necessary. The ALUCP also should include a clear statement of compatibility criteria and Authority review procedures.

The Authority shall also include within the ALUCP the area within the jurisdiction of the Authority surrounding any military Airport for all of the purposes identified above. The ALUCP provisions shall be consistent with the safety and noise standards in the Air Installation Compatible Use Zone ("AICUZ") prepared for that military Airport. The Authority does not have, however, any jurisdiction or authority over the territory or operations of any military Airport.

The Authority shall submit to the Division of Aeronautics of the California Department of Transportation one (1) copy of the ALUCP and each amendment to the ALUCP.

(c) Amendments to Airport Land Use Compatibility Plan. The ALUCP shall be reviewed as often as necessary in order to accomplish its purposes, but shall not be amended more than once in any calendar year. For an ALUCP that pertains to more than one Airport in the County, this limitation allows separate amendments for the portion dealing with each individual Airport. Any policies applicable to all Airports in the Authority's jurisdiction shall be amended only once during a calendar year. Coordination with local jurisdictions shall be conducted prior to the approval of any ALUCP amendments.

A periodic review of the ALUCP shall be conducted in order to keep the ALUCP up to date with changes in state laws, local land uses, Airport development and activity, and current concepts for achieving noise and safety compatibility.

(d) Adoption of Airport Land Use Compatibility Plan and Amendments. The ALUCP and any amendments shall be approved and adopted by the Authority, and shall constitute the Authority's recommendation to the Local Agency for compatible land uses within the Airport Influence Area. Prior to adopting each ALUCP or amendment, the Authority shall engage in a public collaborative planning process and hold a public hearing consistent with this policy. [P.U.C. §21670.3(b)]

(3) Authority Review of Local Actions.

(a) Overview. One of the fundamental responsibilities of the Authority is the review of Local Agencies' land use plans, Airport plans and certain other land use projects and actions for compliance with the criteria and policies set forth in the applicable ALUCP. The process that the Authority shall follow for this review process depends upon the following three (3) factors: (i) the type of local action involved; (ii) whether a compatibility plan exists for the Airport; and (iii) what action the Local Agency has taken with regard to making its general plan consistent with the Authority's ALUCP.

(b) Authority Review Requirements. Local Agencies must refer certain actions to the Authority for review. Referral of other local actions, primarily individual development projects, is required in some instances, but voluntary in others.

(i) Actions For Which Authority Review Is Mandatory.

(A) General Plans and Specific Plans. Any proposal by a Local Agency to adopt a general plan or specific plan shall be referred to the Authority for review, if the boundaries of the plan are within the Airport Influence Area of an Airport, irrespective of whether an ALUCP has been adopted for the Airport. If an ALUCP has not been adopted, then the Airport Influence Area is defined to mean the study area for such plan or the land within two (2) miles of the Airport boundary pursuant to P.U.C. §21675.1(b). Amendments to such plans also shall be referred to the Authority, if the change affects locations within an Airport Influence Area. In such instances, referral shall take place prior to the Local Agency's action to adopt or amend the plan consistent with the requirements of P.U.C. §21676(b).

The requirement for submittal of general plans and specific plans exists regardless of whether a proposal is initiated by the Local Agency to adopt or amend a general or specific plan or whether a proposal is initiated based upon the requirement for the Local Agency's plans to be reviewed for consistency with an ALUCP that is newly adopted or amended by the Authority. California Gov. Code §65302.3 requires Local Agencies to either amend their general plans and any affected specific plan to be consistent with the Authority's ALUCP within one-hundred eighty (180) days of when the Authority adopted or amended its ALUCP, or take the steps necessary to overrule the Authority.

(B) Ordinances and Regulations. Authority review of Local Agency proposals to adopt or amend Zoning, building, and other land use ordinances and regulations shall be required in instances where those ordinances and regulations have implications for Airport land use noise or safety compatibility pursuant to the requirements of P.U.C. §21676(b).

(C) Airport Plans. The Authority shall require a mandatory review of Airport Master Plans, construction plans for new Airports and Airport expansion plans (including the construction of a new runway, the extension or realignment of an existing runway and the acquisition of Runway Protection Zones or any interest in land for purposes of safety) for consistency with the adopted ALUCP for that Airport pursuant to the requirements of P.U.C. §21676(c), §21661.5 and §21664.5, respectively.

(ii) Other Actions Subject to Authority Review.

(A) Individual Land Use Development Projects. The Authority shall require a mandatory review of all actions, regulations and permits involving the vicinity of an Airport within the Authority's jurisdiction under the following circumstances: (i) prior to the Authority adoption of an ALUCP for an Airport; and (ii) when a Local Agency has neither revised its general plan or specific plan to be consistent with the Authority's ALUCP nor overruled the Authority with regard to the ALUCP pursuant to the requirements of P.U.C. §21675.1(b) and §21676.5(a).

The Authority requests that, even when the Authority has adopted an ALUCP for an Airport and the Local Agency has revised its general plan or specific plan to be consistent with the Authority's ALUCP, the Local Agency continue to submit major land use actions for review, including, but not limited to, large developments where site design and other factors, such as building height, have potential compatibility implications, even when the overall development may be acceptable. The Authority's project review on these types of non-mandatory project submittals shall be advisory in nature.

(B) Ministerial Permits. Ministerial permits which have implications for airport land use compatibility factors shall be subject to Authority review in the same manner as discretionary projects.

(C) CEQA Documents. The Authority is not a Responsible Agency for the purposes of the California Environmental Quality Act ("CEQA") and therefore is not legally required to respond to a CEQA document. The Authority's sole responsibility is to make a compatibility determination regarding the project that is the subject of the Environmental Documentation. However, the Authority has the right and authority to provide comments to the Lead Agency to help ensure the highest level of compatibility.

(c) Information Required for Project Reviews. Requests by Local Agencies to the Authority for project review shall be submitted in writing. Requests shall state fully and fairly the reason for the referral and shall include the names, addresses and telephone numbers of all applicants, project location and assessor's parcel number, a detailed project description, site plans, maps, heights of buildings, any Environmental Documentation and any other material necessary to fully understand the matter for which a project review is being requested. Applicants must include this information on the form entitled "Application for ALUC Determination of Consistency," available at the Authority's offices. The Authority reserves its right to request additional information and documents regarding any project submittal.

In addition to the material required to be submitted, the Authority may require the submittal to include the appropriate fees associated with the request for project review. These fees shall not exceed the estimated cost of providing service and shall be consistent with any Schedule of Fees established by the Authority pursuant to this policy.

(d) Determination Requirements. The Authority shall respond to a Local Agency with respect to a mandatory project submittal within sixty (60) days of referral pursuant to the requirements of P.U.C. §21675.2(a) and §21676(d). This response period does not begin until such time as all information necessary for accomplishment of the project review has been submitted to the Authority and the Authority has deemed the application complete.

(e) Authority Project Review and Determination Process. The Authority shall review applications for compliance with the criteria and policies set forth in the applicable ALUCP. The Authority may consider its own interpretive guidelines and past precedents. After review, the Authority's staff shall place the matter on the Board's agenda for the earliest possible Board meeting if the project does not qualify for staff review. An application shall receive a public hearing prior to any determination by the Authority that the project application is inconsistent with the applicable ALUCP and notice of the public hearing shall be provided to the referring agency.

The Authority may determine that a project application is inconsistent with the criteria and policies of the applicable ALUCP by taking the following steps: (i) the holding of a public hearing; and (ii) the making of specific factual findings that the action proposed is inconsistent with the criteria and policies of the applicable ALUCP. If the Authority makes a finding that the project application is inconsistent with the applicable ALUCP, the referring agency shall be notified.

(f) Authorization for Staff Review. The Authority's President/Chief Executive Officer or his or her designee (the "President/CEO") is authorized to determine the consistency of proposed actions referred to the Authority by Local Agencies in the following circumstances: (i) where the proposed actions are determined to be consistent or conditionally consistent with the ALUCP; or (ii) where the Local Agency submittal was voluntary. Staff review of consistency determinations shall be made consistent with the determination deadlines specified in this policy. Any determination of consistency made pursuant to this section shall be placed on the information calendar on the Board's agenda for the next available meeting.

(g) Reconsideration Criteria for Determinations of Consistency. An applicant may request that the Authority reconsider its previous action on an application. The request for reconsideration shall be made within thirty (30) days of the decision on the application. The applicant must show that there is relevant new evidence which could not have reasonably been presented at the original hearing or that an error of fact or law occurred. Only the applicant and persons who participated in the original proceedings are eligible to testify. If the Board grants reconsideration, then the matter shall be scheduled for a public hearing as if it were a new application.

(h) Applicant's Rights and Responsibilities after the Authority's Consistency Determination has been Made. If the Authority determines that a proposed action is inconsistent with an applicable ALUCP, then a Local Agency may overrule the Authority's determination by taking the following mandatory steps: (i) the holding of a public hearing; (ii) the making of specific Findings that the action proposed is consistent with the purposes of The State Aeronautics Act; and (iii) the approval of the proposed action by a two-thirds vote of the agency's governing body.

If a Local Agency decides to overrule an Authority determination, then the following apply: (a) the Local Agency's approval of a plan, ordinance or project takes effect as if the Authority had approved the project or found it consistent with the ALUCP; (b) if a Local Agency adopts or amends a general plan or specific plan for the Airport area by overruling the Authority, then subsequent Authority review of individual development projects related to that overruling become voluntary consistent with P.U.C. §21676.5(b); and (c) if the Local Agency overrules the Authority's consistency determination on any project subject to mandatory review by the Commission, then the Authority shall be immune from liability for damages to property or personal injury caused by or resulting directly or indirectly from the public agency's decision to override the Authority's action or recommendation pursuant to P.U.C. §21678 and §21675.1(f).

(i) Authority's Rights and Responsibilities if the Local Agency Overrules the Authority's Consistency Determination. If a Local Agency overrules the Authority's consistency determination, then the Local Agency shall provide notification to the Authority of the proposed overruling, providing the specific Findings for their review and comment, thirty (30) days prior to the final hearing and decision on whether to overrule the Authority. The Local Agency shall include comments from the Authority in the public record of any final decision to overrule the Authority.

(4) Administrative Provisions.

(a) Public Hearings. Public hearings shall be held in accordance with the procedures identified for public hearings for the Authority.

(b) Authority Information Requests. In addition to all other authority granted to the President/CEO, the President/CEO shall have the authority to provide any information, reports, applications or other related documents, in whatever form or format that the President/CEO may determine useful in the implementation or enforcement of the provisions of this policy.

(c) Notices.

(i) Local Agency Person(s) to Receive Notices. Each Local Agency representative who makes application for consistency determination review shall receive notices regarding action taken under the authority of this policy.

(ii) Delivery of Authority Notices. Whenever the Authority provides written notice under this policy, the notice shall be sent by electronic or first class mail, or by a next-day package delivery service.

(iii) Effective Date of Notices Delivered by the Authority. Whenever the Authority gives written notice under or concerning this policy by electronic mail or next-day package delivery service, the notice shall be deemed to have been received on the day it was sent by electronic mail, or, if given only by next-day package delivery service, on the day following the day on which the notice was delivered or given to a next-day package service for delivery. If the Authority gives notice only by depositing a copy of the notice in first class mails, the notice shall be deemed to have been received three (3) days after the date on which it was deposited in the United States mail.

(iv) Effective Date of Notices or Requests. Whenever this policy requires any person to file or submit any notice or document to the Authority, that notice or document shall be deemed to have been delivered on the first working day when it is actually received by the Authority.

(d) Modification of Forms or Guidelines.

(i) Authority. The President/CEO may prepare, modify or augment any form required to be filed under this policy, may require the filing of additional forms or information not otherwise referenced in this policy, or may prepare, modify or augment any Authority consistency review guidelines or other administrative guidelines without Board action, if the President/CEO reasonably determines that the action would facilitate the implementation and enforcement of this policy, or any other Authority ordinances, rules, regulations or policies.

(ii) Notices. When the President/CEO exercises his or her authority under subsection (i) above, the President/CEO promptly shall give notice to all Local Agencies and other interested parties who are required or permitted to use those forms, information or guidelines, and the President/CEO shall specify the date upon which use of the new or modified forms, information or guidelines is required.

APPENDIX A

DEFINITIONS

“Airport” means any area of land or water that is used, or intended for use, for the landing and take-off of aircraft. Included are any appurtenant areas that are used, or intended for use, for Airport buildings or any other Airport facilities or right-of-way, and all Airport buildings and facilities located thereon. Public-Use Airports and Airstrips shall be considered Airports for purposes of this policy.

“Airport Influence Area” means a planning area designated by the Authority around each Public-Use Airport which is, or reasonably may become, affected by Airport operations including, but not limited to noise, fumes, or other influence, or which is, or reasonably may become, a site for a hazard to aerial navigation. If an ALUCP has not been adopted, then the Airport Influence Area means the land within two (2) miles of the Airport boundary. See California Public Utilities Code §21675.1(b).

“Airport Layout Plan (ALP)” means a scale drawing of existing and proposed Airport facilities, their location on an Airport, and the pertinent clearance and dimensional information required to demonstrate conformance with applicable standards.

“Airport Master Plan (AMP)” means a long-range plan for development of an Airport, including descriptions of the data and analyses on which the plan is based.

“Airport Operator” means any person or entity having the authority and responsibility for the establishment and operation of an Airport.

“California Environmental Quality Act” or **“CEQA”** means the statutes adopted by the state legislature for the purpose of maintaining a quality environment for the people of the state now and in the future. CEQA establishes a process for state agency and Local Agency review of projects, as defined in the implementing guidelines, which may adversely affect the environment. See California Public Resources Code §21000, et. seq.

“Airport Land Use Compatibility Plan” or **“ALUCP”** means the compatibility plan that presents the areas currently impacted or likely to be impacted by noise levels and flight activities associated with aircraft operations of one or more Airports. An ALUCP usually presents in narrative and graphic form the noise, safety and other criteria that will enable Local Agencies to compatibly plan and develop the land within the Airport Influence Area.

“Draft EIR” means an EIR containing the information specified in §15122 through §15131 in the CEQA Guidelines.

“Environmental Documentation” means Initial Studies, Negative Declarations, draft and final EIRs, documents prepared as substitutes for EIRs and Negative Declarations under a program certified pursuant to California Public Resources Code §21080.5, and documents prepared under the National Environmental Policy Act (“NEPA”) and used by a state agency or Local Agency in the place of Initial Study, Negative Declaration, or an EIR.

“Environmental Impact Report” or **“EIR”** means a detailed statement prepared under CEQA describing and analyzing the significant environmental effects of a project and discussing ways to mitigate or avoid the effects. The term EIR may mean either a Draft EIR or a Final EIR depending on the context.

“Environmental Impact Statement” or **“EIS”** means an impact document prepared pursuant to the NEPA. NEPA uses the term EIS in the place of the term EIR, which is used in CEQA.

“Final EIR” means an EIR containing the information contained in the draft EIR, comments either verbatim or in summary received in the review process, a list of persons commenting, and the response of the Lead Agency to the comments received.

“Findings” means the legally relevant sub-conclusions which expose a government agency’s mode of analysis of facts, regulations and policies, and which bridge the analytical gap between raw data and ultimate decision.

“Initial Study” means a preliminary analysis prepared by the Lead Agency to determine whether an EIR or a Negative Declaration must be prepared or to identify the significant environmental effects to be analyzed in an EIR.

“Lead Agency” means the public agency, which has the principal responsibility for carrying out or approving a project. The Lead Agency will decide whether an EIR or Negative Declaration will be required for the project and will cause the document to be prepared.

“Local Agency” means any public agency, including, but not limited to, cities, counties, charter cities and counties, districts, school districts, special districts, redevelopment agencies, local agency formation commissions, and any board, commission or organizational subdivision of a Local Agency when so designated by order or resolution of the governing legislative body of the Local Agency.

“Negative Declaration” means a written statement by the Lead Agency briefly describing the reasons that a proposed project, not exempt from CEQA, will not have a significant effect on the environment and, therefore, does not require the preparation of an EIR.

“Public Agency” means any state agency, board, or commission and any local or regional agency, as defined in the CEQA Guidelines. It does not include the courts of the state. This term does not include agencies of the federal government.

“Public-Use Airport” means a publicly or privately owned Airport that offers the use of its facilities to the public without prior notice or special invitation or clearance and that has been issued a California Airport Permit by the Aeronautics Program of the California Department of Transportation.

“Responsible Agency” means a public agency, which proposes to carry out or approve a project, for which a Lead Agency is preparing or has prepared an EIR or Negative Declaration. For the purpose of CEQA, the term Responsible Agency includes all public agencies other than the Lead Agency, which have discretionary approval power over the project.

“Runway Protection Zone (RPZ)” means an area (formerly called a clear zone) off the end of a runway used to enhance the protection of people and property on the ground.

“The State Aeronautics Act” means The State Aeronautics Act, California Public Utilities Code §21670, et seq.

“Zoning” means a police power measure, enacted primarily by units of local government, in which the community is divided into districts or zones within which permitted and special uses are established, as are regulations governing lot size, building bulk, placement and other development standards. Requirements vary from district to district, but they must be uniform within districts. A zoning ordinance consists of two parts - the text and a map.

The Board recognizes the need for the Authority to be a sustainable organization and endorses the four sustainability elements of Economic Viability (E), Operational Excellence (O), Natural Resource Conservation (N), and Social Responsibility (S) (EONS) to guide and implement the Authority’s sustainable practices. These four elements have been put forth within the aviation industry as the core precepts for a holistic approach to airport sustainability. Incorporating the EONS elements into the Authority’s business practices, policies and programs will ensure sustainability is fully deployed across the Authority’s operational and business functions.

By setting forth this policy, the Board commits the Authority to these sustainable practices:

- (1) Affirm commitment to regulatory compliance, pollution prevention, continuous improvement and transparency in environmental performance.
- (2) Actively participate in local and regional sustainability partnerships and strongly encourage and promote sustainable practices both in the aviation industry and the region.
- (3) Review and evaluate all new programs and projects in terms of addressing all four Sustainability Elements (EONS), in a balanced, holistic and measurable approach.
- (4) Analyze the life cycle operating costs and impacts of our facilities, operations and services, using a Total Cost of Ownership approach to determine project feasibility and economic sustainability.

- (5) Adopt the standards set forth by the United States Green Building Council (USGBC); Leadership in Energy and Environmental Design (LEED) as guiding criteria for achieving sustainable design in the development and remodeling of airport facilities.
- (6) Apply EONS and LEED criteria as a significant factor when reviewing tenant development/redevelopment projects and provide incentives to encourage sustainable design features.
- (7) Develop language within all new leases, agreements and contracts that supports the Authority's sustainability initiatives.
- (8) Require the Authority's lessees and contractors to comply with the terms and conditions of their agreements pertaining to sustainability.
- (9) Establish a work environment that maximizes our employee assets and stimulates an atmosphere of innovation, productivity, pride, and a personal commitment to sustainability.
- (10) Take a leadership role in sustainability initiatives that strengthen the social well-being and community relationships with visitors, airport stakeholders and the public we serve.

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

POLICIES

ARTICLE 9 - **SAN DIEGO INTERNATIONAL AIRPORT**
PART 9.1 - **ADVERTISING**
SECTION 9.10 - **ADVERTISING**

PURPOSE: To establish a policy for the sale of advertising space at the San Diego International Airport (the “**Airport**”) by the San Diego County Regional Airport Authority (the “**Authority**”). The Authority’s objectives in granting an advertising concession include optimizing concession revenues to the Authority and providing users of the Airport with an aesthetically-pleasing environment that reflects state-of-the-art advertising concepts and utilizes space in a way that optimizes advertising effectiveness. It is not the intention of the Authority to create or provide a public forum for unlimited public expression. Further, the Authority intends that its facilities constitute nonpublic forums that are subject to the reasonable, uniform, and viewpoint-neutral restrictions set forth below. Therefore, in order to maximize revenues the Authority shall limit the advertising locations to the placement of advertisements from commercial entities where such advertisements do no more than propose the sale, for profit, of goods and/or services, or to community promotion organizations that seek to increase business or tourism in San Diego County. The Authority has determined that: (a) such limitations will enable the Authority to maintain a position of neutrality and avoid the appearance of favoritism on political, social, religious and other controversial issues at the Airport, thereby preventing violent acts against the Airport, its tenants, and the traveling public that the Authority is concerned might occur if advertising were not limited to commercial and other approved content, (b) such limitations will prevent a reduction in the income earned from selling advertising space because commercial entities might be dissuaded from using the same forum commonly used by those wishing to communicate political, social, religious, or other controversial messages; (c) such limitations will assist the Authority in being as self-sustaining as possible, in accordance with FAA Grant Assurance 24; and (d) such restrictions will maintain a safe and welcoming environment for the captive audience who is employed at and utilizes the Airport, including minors.

POLICY STATEMENT:

- (1) Advertising contracts shall be negotiated for the purpose of increasing airport revenues.
- (2) The subject matter for all advertising materials displayed on Authority property shall be limited to speech which proposes a commercial transaction as its primary purpose. Acceptable advertising must promote for sale, lease, or other financial benefit a product, service, event, or other property interest in primarily a commercial manner for primarily a commercial purpose.

In the event the Authority's advertising concessionaire does not have a contract in place for use of advertising space, then the advertising concessionaire may make the space available to Community Promotion Organizations if the content otherwise meets the requirements of this policy. A Community Promotion Organization means an organization which increases business or tourism in San Diego County and would benefit from the exposure provided on Airport premises, such as local chambers of commerce, economic development councils, convention and visitor organizations, local public museums or science centers, governmental or non-profit entities sponsoring nationally recognized sporting events, and the Authority.

The following types of advertising shall not be displayed or otherwise produced or published:

1. Advocacy. An advocacy advertisement is any advertisement that advocates a political, religious or controversial public position.
2. Cigarettes, Tobacco, Electronic Cigarettes, or Controlled Substances. The advertisement promotes the sale or use of cigarettes, tobacco, or electronic cigarettes, or depicts such products, or goods or services related to controlled substances as set forth in California Health and Safety Code § 11014.5.
3. Betting or Gambling. Only advertising for gambling establishments, betting services, lotteries or contests that are in compliance with applicable federal, state and local regulations are acceptable. All other gambling establishments, betting services, lotteries, contests or gambling related advertisements, including but not limited to gambling tutorial web sites, may not be accepted.
4. Weapons, Ammunition, or Fireworks.
5. 900 and 976 Phone Numbers.
6. "NC-17" Rated Movies.
7. Obscenity, Pornography, Adult Entertainment or Services, or Adult Novelty Products. Any advertisement that is obscene, as set forth in California Penal Code § 311.
8. Profanity and/or Fighting Words. Any advertisement that contains profane language and/or appearance or suggestion of profane language, or language that is of such slight social value that any benefit that may be derived from the language is clearly outweighed by the social interest in order and morality.
9. Harmful to Children. Any advertisement that contains harmful matter to children as set forth in California Penal Code § 313, or a matter that could cause "child abuse" as set forth in California Welfare & Institutions Code § 18951.

11. Unlawful Activity. Advertising that is directed to inciting or producing imminent lawless action and is likely to incite or produce such action.
12. Violence, Hatred, Bigotry or Intolerance. Advertising that depicts graphic violence or images of violence or gore (including body parts, dead or mutilated bodies or fetuses of humans or animals), or that promotes hatred, bigotry, or intolerance, or which is offensive to the moral standards of the community or contrary to prevailing standards of adults in the greater metropolitan area of the County and City of San Diego as to suitability for display to a captive audience that includes minors.
13. Result in Harm, Disruption or Interference to Airport. Advertising that contains speech or images that is so objectionable under contemporary community standards as to be reasonably foreseeable that it will result in harm to, disruption of, or interference with the Airport.
14. False, Deceptive, or Misleading. Advertising which is false, deceptive, or misleading in any way as set forth in California Business and Professions Code § 17200 or in violation of 18 U.S.C. § 35.
15. Illegal Advertising. Advertising which is illegal under applicable law, including and without limitation, false or defamatory advertising under the Lanham Act or other applicable laws, unfair competition laws, laws regulating copyrights, trademarks, and other forms of intellectual property.

17. Endorsement. Advertising that implies or declares an endorsement by the Authority, without the prior written authorization of the Authority.

POLICIES

ARTICLE 9 - SAN DIEGO INTERNATIONAL AIRPORT
PART 9.3 - AIRPORT OPERATIONS
SECTION 9.30 - AIRPORT PARKING CARD PROGRAM FOR EXTERNAL STAKEHOLDERS

PURPOSE: To establish a policy governing the airport parking card program of the San Diego County Regional Airport Authority (the “**Authority**”).

POLICY STATEMENT:

(1) Objectives. The principal objectives of the Authority’s parking card program are to:

- (a) benefit the San Diego International Airport (the “**Airport**”) by efficiently managing access to public parking lots by eligible individuals;
- (b) establish an efficient and well-managed program that expedites the travel of tenants and others who provide direct services to the Airport; and
- (c) support local government officials in recognition of their responsibility in representing the interests of the Airport, other regional transportation centers and the San Diego County region.

This policy is designed to achieve the foregoing objectives by regulating the distribution and use of parking cards and ensuring effective administration of the parking card program.

(2) Eligibility.

(a) The Authority’s President/CEO or his or her designee (the “**President/CEO**”) may issue Airport parking cards to the following eligible groups.

- (i) Foreign Consulates serving San Diego County;
- (ii) Federal and state elected officials representing the San Diego County region;
- (iii) Elected officials representing the County of San Diego;
- (iv) Elected officials representing the cities of the County of San Diego;
- (v) Employees and employees of airlines that serve the Airport;

(vi) Employees of government agencies that serve the Airport (*e.g.*, the Port District, Federal Aviation Administration, the Transportation Security Administration, the United States Customs Service);

(vii) Contractors, vendors, suppliers, and concessionaires that serve the Airport;
and

(vii) Other individuals whose use is deemed by the President/CEO to be consistent with the objectives set forth above in Paragraph 1.

Notwithstanding the foregoing, the Authority may change, limit or expand the foregoing groups at its discretion.

(b) If the eligibility status of a cardholder changes (*e.g.*, the cardholder ceases to be a consular official, federal or state official, etc.), then the cardholder no longer shall be entitled to use his or her parking card. The cardholder promptly shall notify the Authority of such change of status and the Authority shall deactivate his or her parking card.

(3) Usage Restrictions.

(a) Each parking card shall be issued only for the eligible individual's use, and each cardholder shall use his or her parking card only for official business purposes.

(b) In some cases, financial, gift or economic reporting requirements may apply to a cardholder's receipt or use of a parking card. In addition, misuse of a parking card may constitute a gift of public funds. Each cardholder shall comply with all applicable legal requirements relating to his or her receipt and use of his or her parking card.

(c) Before being issued a parking card, each potential cardholder shall sign a statement in which he or she agrees to comply with this policy.

(d) The President/CEO may impose restrictions on the parking locations at the Airport that are authorized for use by cardholders.

(4) Administration.

(a) The President/CEO shall be responsible for the overall administration and management of the parking card program.

(b) The President/CEO shall oversee periodic audits of the parking card program and report to the Board the results thereof.

(c) The Authority shall maintain a list of cardholders, which shall be reviewed at least on a semi-annual basis.

(d) Each parking card shall be valid for a period of one year. The President/CEO may renew any parking cards for additional one-year periods.

(e) The Authority promptly shall deactivate unauthorized parking cards.

(f) The President/CEO may require a cardholder to surrender his or her parking card at any time, for any reason in the President/CEO's sole discretion.
