Allegiant Air & JetBlue Airways to Relocate Operations to Terminal 2

SAN DIEGO – February 9, 2022 – Effective February 18, [Allegiant Air](#) will operate from Terminal 2 East at [San Diego International Airport \(SAN\)](#). Allegiant's ticket counter will be located at the west end of the American Airlines ticket counter and the airline will operate from gate 33 post-security. Effective February 24, [JetBlue Airways](#) will operate from Terminal 2 West at SAN. JetBlue Airways' ticket counter will be located at the east end of the Delta Air Lines ticket counter and the airline will operate from gate 34 post-security.

The relocation is to make space available as construction continues for the New T1 project which includes the replacement of the outdated Terminal 1, improvements to the airfield, improved transportation connectivity to the airport, and a new facility for the San Diego County Regional Airport Authority (Airport Authority) administration.

Construction on the New T1 commenced November 1, 2021. Additional passenger impacts currently include the relocation of the Cell Phone Lot to the parking lot on McCain Road and the closure of some of the parking spots available in the Terminal 1 parking lot.

The Airport Authority is committed to keeping passengers and the community informed about progress and plans for the New T1. For more information on the New T1 project including information on current and future construction impacts please visit, newt1.com. To find out in which terminal each airline is located, please visit san.org/Flights/Airlines.

ABOUT SAN DIEGO INTERNATIONAL AIRPORT (SAN)

Owned and operated by San Diego County Regional Airport Authority (Airport Authority), San Diego International Airport (SAN) is one of the busiest single-runway commercial service airports in the world and the third-busiest airport in California. SAN contributes nearly \$12 billion in economic activity for the region by connecting the world to San Diego and San Diego to the world. In November 2021, the Airport Authority began construction on the New T1 which includes the replacement of a new Terminal 1, improvements to the airfield, improved transportation connectivity to the airport, and a new administration building. The New T1 program's total project budget is \$3.4 billion and is estimated to create between 15,000 to 20,000 construction-related jobs. For more information about the New T1 please visit newt1.com. For more information about SAN please visit san.org.
