Pursuant to California Public Utilities Code §§ 21670-21679.5, the Airport Land Use Commission ("Commission") is responsible for coordinating the airport planning of public agencies within San Diego County. The Commission has the legal responsibility to formulate airport land use compatibility plans ("ALUCPs") that will (a) provide for the orderly growth of each public airport and the areas surrounding the airport within the County and (b) safeguard the general welfare of the inhabitants within the vicinity of each airport and the public in general. Pursuant to §21670.3, the San Diego County Regional Airport Authority serves as the Commission.

This Agenda contains a brief general description of each item to be considered. The indication of a recommended action does not indicate what action (if any) may be taken.

Please note that Agenda items may be taken out of order. If comments are made to the Commission without prior notice or are not listed on the Agenda, no specific answers or responses should be expected at this meeting pursuant to State law.

Staff Reports and documentation relating to each item of business on the Agenda are on file in the Office of the Authority Clerk Department and are available for public inspection.

NOTE: Pursuant to Authority Code Section 2.15, all Lobbyists shall register as an Authority Lobbyist with the Authority Clerk within ten (10) days of qualifying as a lobbyist. A qualifying lobbyist is any individual who receives \$100 or more in any calendar month to lobby any Commission Member or employee of the Authority for the purpose of influencing any action of the Authority. To obtain Lobbyist Registration Statement Forms, contact the Office of the Authority Clerk Department.

PLEASE COMPLETE A SPEAKER SLIP PRIOR TO THE COMMENCEMENT OF THE MEETING AND SUBMIT IT TO THE AUTHORITY CLERK. ***PLEASE REVIEW THE POLICY FOR PUBLIC PARTICIPATION IN BOARD AND BOARD COMMISSION MEETINGS (PUBLIC COMMENT) LOCATED AT THE END OF THE AGENDA.***

ROLL CALL:

NON-AGENDA PUBLIC COMMENT:

Non-Agenda Public Comment is reserved for members of the public wishing to address the Commission on matters for which another opportunity to speak **is not provided on the Agenda**, and which is within the jurisdiction of the Commission. Please submit a completed speaker slip to the Authority Clerk. ***Each individual speaker is limited to three (3) minutes. Applicants, groups, and jurisdictions referring items to the Commission for action are limited to five (5) minutes.***

Note: Persons wishing to speak on specific items should reserve their comments until the specific item is taken up by the Commission.

CONSENT AGENDA (ITEMS 1-2):

The Consent Agenda contains items that are routine in nature and non-controversial. Some items may be referred by a standing Board Committee or approved as part of the budget process. The matters listed under 'Consent Agenda' may be approved by one motion. Any Commission Member may remove an item for separate consideration. Items so removed will be heard before the scheduled New Business Items, unless otherwise directed by the Chair.

ADJOURNMENT:

Policy for Public Participation in Board, Airport Land Use Commission (ALUC), and Committee Meetings (Public Comment)

- 1) Persons wishing to address the Board, ALUC, and Committees shall submit a speaker slip prior to the initiation of the portion of the Agenda containing the item to be addressed (e.g., Public Comment and General Items). Failure to submit a speaker slip shall not preclude testimony, if permission to address the Board is granted by the Chair.
- 2) The Public Comment Section at the beginning of the Agenda is reserved for persons wishing to address the Board, ALUC, and Committees on any matter for which another opportunity to speak is not provided on the Agenda, and on matters that are within the jurisdiction of the Board.
- 3) Persons wishing to speak on specific items listed on the Agenda will be afforded an opportunity to speak during the presentation of individual items. Persons wishing to speak on specific items should reserve their comments until the specific item is taken up by the Board, ALUC and Committees.
- 4) If many persons have indicated a desire to address the Board, ALUC and Committees on the same issue, then the Chair may suggest that these persons consolidate their respective testimonies. Testimony by members of the public on any item shall be limited to **three (3) minutes per individual speaker and five (5) minutes for applicants, groups and referring jurisdictions.**
- 5) Pursuant to Authority Policy 1.33 (8), recognized groups must register with the Authority Clerk prior to the meeting.

After a public hearing or the public comment portion of the meeting has been closed, no person shall address the Board, ALUC, and Committees without first obtaining permission to do so.

Airport Land Use Commission Staff Report

Meeting Date: October 2, 2025

Report of Determinations of Consistency with Airport Land Use Compatibility Plans

Pursuant to Airport Authority Policy 8.30 and acting in its delegated capacity as the Airport Land Use Commission (ALUC) for San Diego County, Airport Authority staff has issued the following consistency determinations per their respective Airport Land Use Compatibility Plans (ALUCPs). Authority Policy 8.30(3)(f)(2) states that any determination made by Authority staff in its delegated capacity shall be placed on the ALUC agenda for the next available meeting and shall be considered final if no further action is taken by the ALUC.

Gillespie Field ALUCP:

Construction of 100 Attached Residential Units at 9506 Mission Gorge Road, City of Santee

Deemed Complete and Conditionally Consistent on September 2, 2025

Description of Project: The project involves the construction of 100 attached residential units.

Noise Contours: The proposed project lies partially within the 60-65 decibel Community Noise Equivalent Level (dB CNEL) noise contour. The ALUCP identifies residential uses located within the 60-65 dB CNEL noise contour as conditionally compatible with airport uses, provided that the residences are sound attenuated to 45 dB CNEL interior noise level. Therefore, as a condition of project approval, each residence within the 60-65 dB CNEL contour must be sound attenuated to 45 dB CNEL interior noise level.

Airspace Protection Surfaces: The maximum height of the proposed project structures will be approximately 374 feet above mean sea level (36 feet above ground level). The proposed project is in compliance with the ALUCP airspace protection surfaces because a determination of no hazard to air navigation has been issued by the Federal Aviation Administration (FAA).

Safety Zones: The proposed project site is located within Safety Zones 4 and 6, but all structures are located within Safety Zone 6. The ALUCP identifies residential uses located within Safety Zone 6 as compatible with airport uses.

Overflight Notification: The proposed project site is located within Safety Zones 4 and 6, but all structures are located within Safety Zone 6. The ALUCP identifies residential uses located within Safety Zone 6 as compatible with airport uses.

Interests Disclosure: The property is owned by BEMG Santee LLC, whose sole managing member is disclosed as Loren Borstein of Los Angeles. The architect is Summa Architecture of Bonsall. The civil engineer is Rick Engineering of San Diego. The landscape architect is Studio Pad of Laguna Hills.

Construction of Accessory Dwelling Unit at 8605 Ellsworth Lane, City of Santee

Deemed Complete and Conditionally Consistent on September 2, 2025

Description of Project: The project involves the construction of an accessory dwelling unit with the existing residence to remain.

Noise Contours: The proposed project lies within the 60-65 decibel Community Noise Equivalent Level (dB CNEL) noise exposure contour. The ALUCP identifies residential uses located within the 60-65 dB CNEL noise contour as conditionally compatible with airport uses, provided that the accessory dwelling unit is sound attenuated to 45 dB CNEL interior noise level. Therefore, as a condition of project approval, the accessory dwelling unit must be sound attenuated to 45 dB CNEL interior noise level.

Airspace Protection Surfaces: The maximum height of the proposed project structure will be approximately 402 feet above mean sea level (12 feet above ground level). The proposed project is in compliance with the ALUCP airspace protection surfaces because the project sponsor has certified that notice of construction is not required to the Federal Aviation Administration (FAA) because the project is located within an urbanized area, is substantially shielded by existing structures or natural terrain, and cannot reasonably have an adverse effect on air navigation.

Safety Zones: The proposed project is located within Safety Zone 4. The ALUCP identifies residential uses located within Safety Zone 4 as conditionally compatible with airport uses, provided that the project complies with a density of 20 units per acre; however, ALUCP Policy 2.11.4(b)(1) provides that, notwithstanding any other ALUCP limitations, construction of a single-family home, including a second dwelling unit as defined by state law or local ordinance, is compatible on a legal lot of record in all safety zones except Safety Zone 1 if such use is permitted by local land use regulations. The project complies with these standards such that Safety Zone 4 density limitations need not be applied.

Overflight Notification: The proposed project is located within the overflight notification area. The ALUCP requires that a means of overflight notification be provided for new residential land uses. Therefore, as a condition of project approval, a means of overflight notification must be provided for the residential unit.

Interests Disclosure: The property is owned by Ace and Theresa Dion of Santee. The designer is Emmanuel Estrada. The home installer is Scott Fears.
