

This is to acknowledge that on Jul 22, 2026, Anew Environmental, LLC retired 5,128 offset credits. The offset credits were issued by the Climate Action Reserve following a rigorous project registration process used to ensure the originating offset project contributes to real and additional emission reductions.

The issuance and ownership of these Climate Action Reserve offset credits have been tracked in the Climate Action Reserve using unique serial numbers to prevent double counting and double selling. Now that these offset credits have been retired from the Reserve **permanently**, no one else can hold or retire the offset credits. Details about the offset credits are listed below.
