

SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

CODES

ARTICLE	8	-	GENERAL OPERATIONS
PART	8.7	-	STORM WATER CONTROL
SECTION	8.70	-	GENERAL PROVISIONS

(a) General. Sections 8.70 to 8.79 of this Code shall be known as the “**San Diego County Regional Airport Authority Storm Water Management and Discharge Control**” and the “**Storm Water Code**” and may be so cited. Capitalized terms not otherwise defined in this Section are defined in Section 8.71 of the Storm Water Code.

(b) Objectives. The Storm Water Code sets forth uniform requirements and prohibitions for dischargers and places of discharge to the Storm Water Conveyance System, and the Receiving Waters, necessary to adequately enforce and administer all applicable laws, standards and orders that provide for the protection, enhancement and restoration of water quality. Through a program employing watershed-based approaches that includes environmental and economic considerations, the Authority seeks to reduce pollution entering San Diego Bay from Storm Water Discharges and to protect and promote the public health, safety and general prosperity of its tenants, the public and to protect the natural resources and environment with the attainment of the following objectives:

(1) To reduce Storm Water Runoff pollution by implementing storm water pollution prevention Best Management Practices (BMPs) to control potential pollutants, and by complying with all other applicable National Pollutant Discharge Elimination System (NPDES) Permit requirements;

(2) To eliminate or control and reduce Non-Storm Water Discharge to the Storm Water Conveyance System and Receiving Waters to the Maximum Extent Practicable;

(3) To comply with all applicable federal and state laws, standards and orders applicable to Storm Water and Urban Runoff pollution control;

(4) To prohibit any discharge which may interfere with the operation of, or cause damage to the Storm Water Conveyance System, or contribute to the impairment of the beneficial use or violation of a water quality objective of the Receiving Waters;

(5) To prohibit illegal discharges and illicit connections to the Storm Water Conveyance System and Receiving Waters; and

(6) To develop and implement effective educational outreach programs designed to educate the public, Authority employees and tenants on issues of Storm Water and Urban Runoff pollution prevention.

(c) Scope. The Storm Water Code provides for the prevention, control, treatment, diversion and regulation of Discharges to the Storm Water Conveyance System and Receiving Waters, through a program of education and enforcement of general and specific prohibitions and requirements. The Storm Water Code applies to all dischargers and places located on any property within the Authority's jurisdiction that discharge Storm Water or non-Storm Water into any Storm Water Conveyance System or Receiving Waters. Except as otherwise provided herein, the President/CEO or his or her designee shall administer, implement and enforce the provisions of the Storm Water Code.

(d) Violations. Any person violating any of the provisions or failing to comply with the mandatory requirements of the Storm Water Code, shall be subject to the enforcement provisions declared in Code 8.76.

[Amended by Resolution No. 2018-0053 dated June 7, 2018.]
[Adopted by Resolution No. 2002-02 dated September 20, 2002.]
